Restructure admin and business support teams	We are streamling our admin and business support function from separate teams to create a single, multi- disciplinary team to support the whole council. This will generate staff savings and reduce duplication of tasks.	(21)	BE3
Office closures	This saving relates to eight surplus office buildings that we have either moved out of or will be moving out of by September 2017. The teams have been moved into alternative accommodation. The financial savings are associated with the rent, rates, utilities, cleaning, security and maintenance costs.	(1,649)	BE5

Reduce road naintenance budgets	We plan to change the way we maintain our roads, moving towards more preventative treatments at the right time to maximise their value and reduce the amount we need spend on repairs.	(1,200)	RS02
Reviewing on-street parking charges	Charges for on-street parking are overdue for review. We anticipate charges increasing and this income contributing towards our overall budget for transport.	(720)	IN01
Reduction of subsidies for ous routes with low numbers of passengers	Buses are run by private companies and when they cannot make a profit they sometimes choose to remove certain bus routes. The council spends around £1.8m per year subsidising some routes, paying the private operators to run them despite a low number of passengers. This proposal reduces our spending by half, meaning that companies would need to find a way to make them profitable or they may choose to stop running buses on these routes.	(450)	RS06
Remove funding for local raffic schemes currently devolved to	Currently Neighbourhood Partnerships are given £350k to provide smaller local traffic schemes, which could be removed generating (including staff costs) a £410k saving. Note that delivery of current planned schemes may be impacted.	(410)	RS10
Restructure Transport eam	The completion of a restructure of the Transport team that began in 16/17 (delivered through voluntary severance).	(233)	
Retendering Park & Ride ervices	A re-tendering of the contracts for Portway and Brislington Park & Ride bus services has resulted in savings to the operational budget.	(220)	
top funding the freight onsolidation centre which is not profitable	Having listened to consultation feedback we have decreased the savingswe plan to make in this area. We will look at alternative methods forproviding patrols for school crossings (Iollipop people) outside 80 schoolsites around Bristol. This could include volunteers or seeking alternativefunding arrangements.	(150)	RS17
ransport maintenance	We will reduce out operational maintenance budget for transport.	(110)	BE24
New way of delivering P&R service as Long Ashton	We are currently exploring more efficient ways of running the LongAshton Park & Ride site with the current operator. This won't affect theongoing Park & Ride service.	(130)	
Reorganise how school crossings are patrolled	Having listened to consultation feedback we have decreased the savingswe plan to make in this area. Reintroduce Sunday charging for parking on-	This would reintroduce charging on Sundays when people use on-street parking bays. This charge was removed in 2012.		IN07
Park & Ride efficiencies	We now have a larger team processing the transport element ofplanning applications, this will give us the opportunity to increase ourincome.		BE28
Redesign how highways information and guidance	Generate staff savings by reducing costs associated with running our current helpline, and delivering more information via the council website.		FP30
