

2 Hours on Scrutiny

- Start to define the purpose (Why have scrutiny?)
- What are the things that are slowing us down?
- What the most important area to look at now?
- What are the emerging solutions?

[illegible]

WHY

To make a positive difference for the citizens of Bristol and deliver the right outcomes, by helping Bristol City Council make better decisions

HOW

By holding the executive to account

By developing and amending policy

By influencing decision making

By representing the citizens of Bristol

By driving out value for money

WHAT

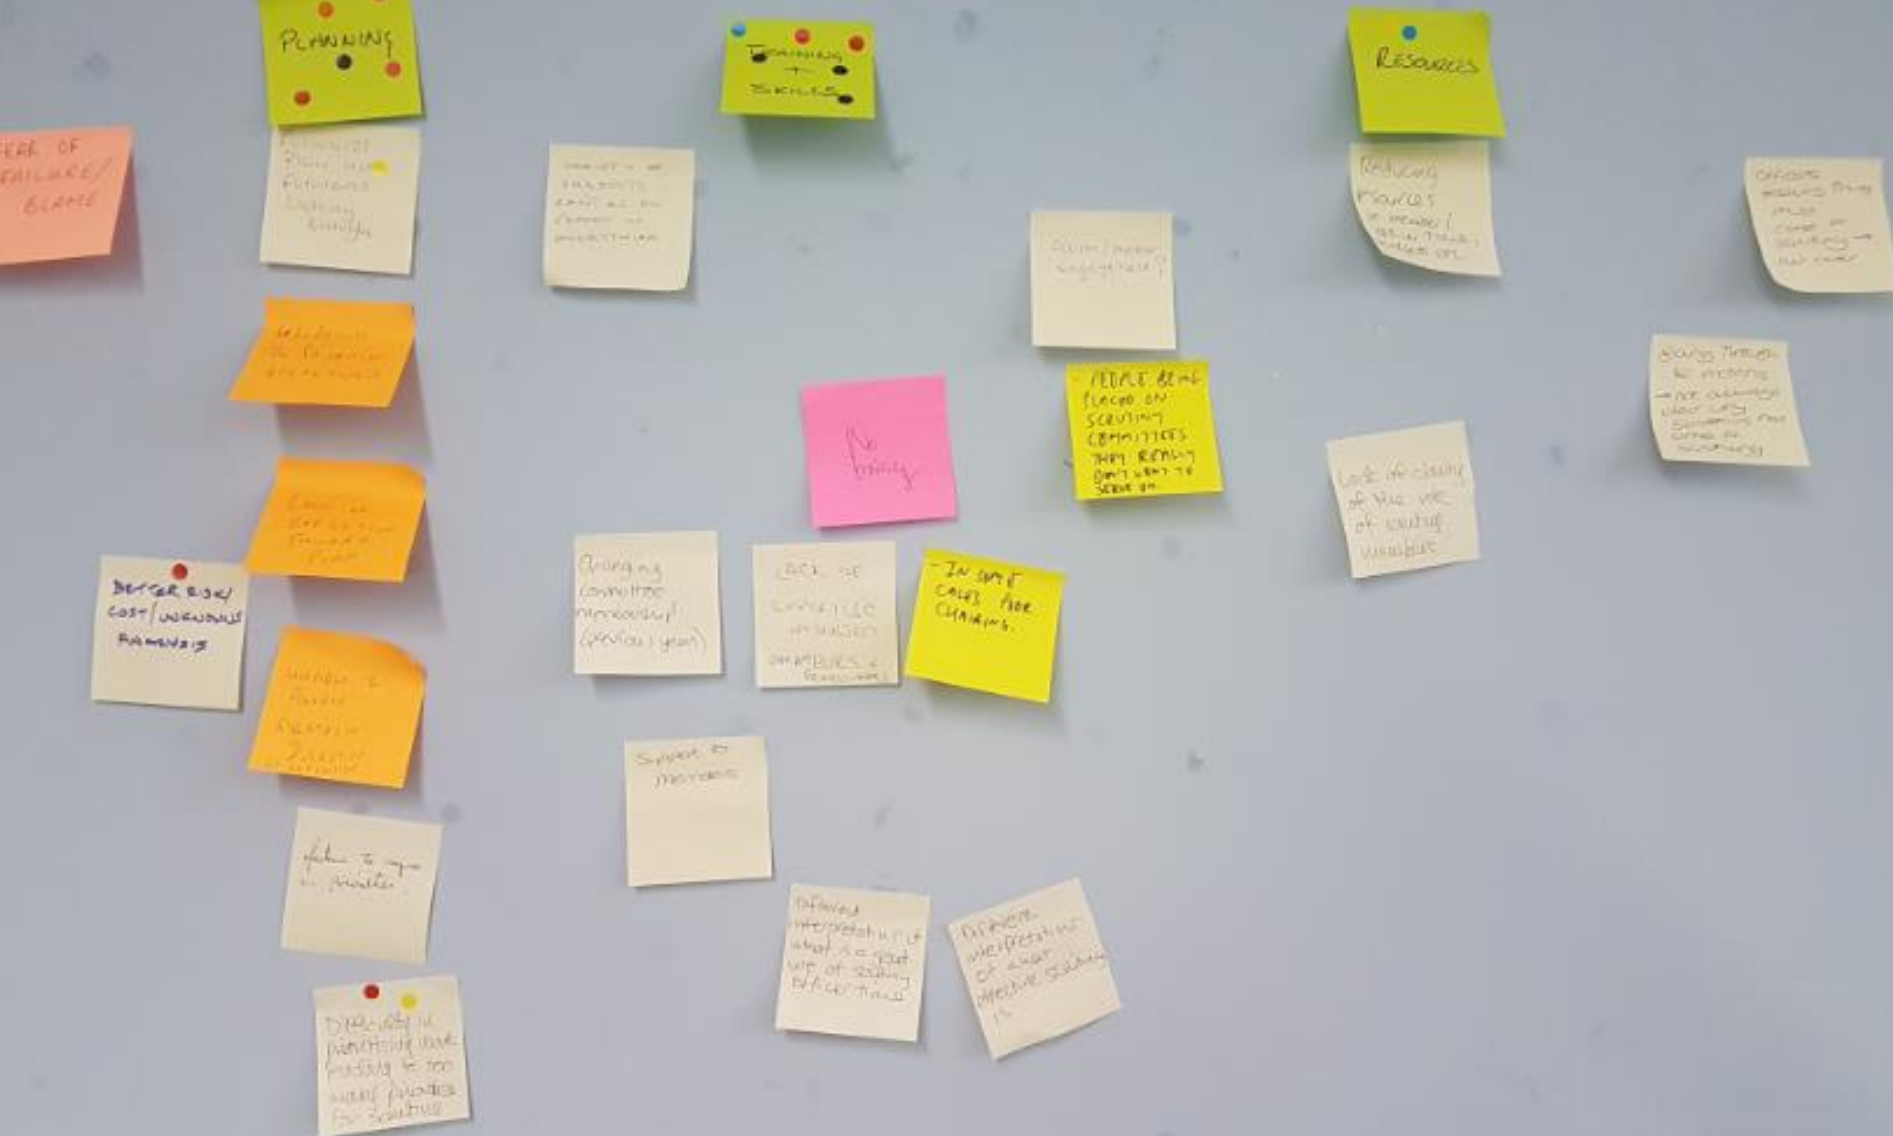

To be worked through at the next Hot House

What are the blockers?

What are the blockers?

Selected Priority - Time and Timing

Improvement Ideas

- Scrutiny be re-modelled to allow Councillors more time to ask questions and make a valuable contribution
 - Re-model scrutiny to become a “task-finish” process
 - Early involvement of Councillors and open communication at the ideas stage of the Decision Pathway
 - Self-selection so that Councillors can attend what they are passionate about
 - Clear ways in which Scrutiny involvement contributes to the outcome
- Scrutiny and Executive to prioritise and decide what is most valuable to give time to
 - What are highest priorities for scrutiny
 - Do a few things well, rather than lots of things not so well
- How to improve the idea generation mechanism in the decision making pathway
 - Virtual post-it note board of ideas backlog to make idea generation truly inclusive (inc. public ideas)
 - Clear mechanisms for good decision making and evaluation of ideas
- Capture and share the Lessons learned from the School Enquiry Day so that similar events can be modelled
 - Briefing
 - Range of perspectives
 - Early involvement
 - Clear about what value councillor scrutiny adds
