

## **Community Safety Delivery agreement 2012 - 2013**

Cabot, Clifton & Clifton East

Safer Bristol Community Safety Officer

- Safer Bristol will work with the Neighbourhood Partnership to develop its Action Plan around community safety priorities (crime/disorder, drugs and alcohol harm and anti social behaviour) and deliver a programme of work in 2012/2013 to address the community safety issues identified through the Action Plan.
- Safer Bristol will report back on this Agreement at a NP meeting once a year, the date to be agreed by the NP.
- The Community Safety Officer acts as a single point of contact to wider Safer Bristol services and support for the Neighbourhood Partnership. The CSO will work within the NP area to gather local priorities to help inform the production of the Neighbourhood Profile within Safer Bristol's annual Crime & Disorder Strategic Assessment.
- The CSO acts as the problem-solving advisor to the NP, using the ID PARTNERS problem-solving process. The CSO will provide briefings on the Problem Solving Process on request.
- The CSO will support the delivery of Neighbourhood Forums and the forum process, tackling crime and community safety issues raised when appropriate.
- The CSO will work with communities and partners to resolve community issues around Crime and Community Safety - as identified through NP groups, other local groups and residents.

## Community Safety Priorities for the area:

The Safer Bristol Strategic Assessment provides recommendations for crime and disorder issues that need to be tackled by the Neighbourhood Delivery Teams (NDT) across Bristol. The recommendations for the Cabot and Clifton NDT covering Cabot, Clifton and Clifton East areas are: Violent crime in Bristol City Centre, ASB and violence in the Stokes Croft area and reducing vehicle crime.

In response to local concerns we shall also focus on burglary in areas where there has been a significant increases, tackle vehicle crime, continue our commitment to tackle noise and ASB relating to houses of multiple occupation, support our colleagues in the Police and Bristol City Council to tackle parking and cycling on the pavement.

Total recorded crime in the Neighbourhood Policing Area (Cabot & Clifton) has reduced in recent years, in line with the citywide trend. The police recorded a total of 11,305 crimes in 2010/11, which represented no change on the previous year. However, in the year-to-date period from April to December 2011, there were 8378 crimes recorded, representing a decrease of 2% compared to the same period in the previous year. From these figures it is estimated there will be around 11080 crimes by the year-end.

In 2010/11 there were 4915 incidents of anti-social behaviour reported in the Neighbourhood Partnership area. There has been 4506 in the year to date representing an increase of 11.5%; this mainly results from civil disturbances in the Stokes Croft and City Centre areas.

The most common Neighbourhood Forum issues across the NP area are: Traffic and parking, student relations, planning issues, waste and cleansing and green spaces.

Cabot and Clifton Neighbourhood Partnership's Action Plan highlights a number of actions around community safety and crime prevention and features many of the perennial problems in the area for residents. Priority themes that complement the NDT action plan include burglary reduction, vehicle crime reduction and the reduction of ASB.

The CSO will support the area's NDT to act responsively to issues as they emerge by providing support around using the IDPARTNERS joint problem solving process and assisting in the development of problem solving.
