

AGENDA ITEM NO 8

Greater Fishponds Neighbourhood Partnership Thursday 18th December 2014

Report of: Georgie Bryant Neighbourhood Officer

Title: Neighbourhood Working Update

Officer presenting report: Georgie Bryant

RECOMMENDATION:

That the GFP NP considers action against the 10 Neighbourhood Priorities so far and feeds back.

1. Greater Fishponds Neighbourhood Partnership were presented with a list of 33 local issues around community safety, environment and wider neighbourhood issues in their March 2013 meeting cycle. Over the following three months consultation was sought at Neighbourhood Forums, NP sub groups and other community events regarding these priorities before 10 were selected. Updates around these priorities are fed-back to the Partnership quarterly.
2. It is anticipated, across the Neighbourhood Working Programme, that there may be occasions where applications for Wellbeing Funding could be used to support some work against the priorities. Examples of this could be funding

extra youth activity during hot-spot times and dates for anti-social behaviour, (eg 'Spooky Week') or where certain projects need extra publicity, (eg Dog Fouling Posters, Parking on Pavements leaflets).

3. These priorities can be removed, added to or amended as the Partnership sees fit.
4. The table that follows summarises a brief report of recent action against these 10 priorities.

Priorities Summary Table

	Issue	Actions and work planned
1	Drug Dealing	Periodic leaflet drops publicising Crimestoppers reporting line on-going in hotspot locations The local policing team have taken intelligence lead action, Which have produced some positive outcomes. Recommend NP pass on any reports through Police 101 or Crimestoppers.
2	Littering	Work continues with the streetscene enforcement team to address littering related to fast-food outlets. Recommend NP, NFs and Env Sub group pass on any other hot-spot areas for education / enforcement campaigns
3	Cycling on Pavements	Ambiguity of signage has been highlighted as an issue in key hotspot locations, Police and neighbourhood officer are working with highways to improve signage and road/pavement marking this work is still ongoing. Recommend NP pass on any other hot spot areas to Police and Neighbourhood Officer.
4	Parking on Pavements	At the last round of Neighbourhood forums no locations have been raised but there is continued concern around parking near Mayfield park primary at school drop/pick up times. The Environment Subgroup added Colston Estate as a new hotspot, no work has been done to progress yet. Recommend NP give steer on which areas in Frome Vale and Eastville to focus on as a priority.
5	Street drinking ASB and littering	There is still no current evidence of any active Hotspots in the partnership area. Recommend NP and NFs to feed back any emerging hot-spots.

6	Vice	Currently work is being undertaken in the area to improve monitoring and partnership working to tackle the impact of on Street prostitution. A meeting was held by the PCC and
7	Graffiti	There is no Crimestoppers campaign running at the moment, but three good convictions for graffiti including YOUNG & VESAR. Any new info about prolific taggers could be added to a new campaign which would be run Bristol East wide. Recommend NP and NF pass through any emerging sites for mapping and rapid clearance. Please promote indemnity forms.
8	Burglary	The Burglary Project is still active and in the process of monitoring outcome for the community with a view to looking for additional funding to extend the scheme when the current equipment runs out, These plans are currently being progressed Recommend NP refer any addresses potentially vulnerable.
9	Domestic Noise Nuisance	Ledbury Road was previously identified as a noise nuisance hot spot so the remaining '11pm is late enough...There have been no further reports. Recommend that if NP members including Councillors are getting complaints to them that the complaints are passed onto pollution control. we could look at delivering a reporting campaign in hotspot locations identified

Removed Priorities:

Priority:	Removed:	Now:
No Left turn at Hockey's Lane	September 2013	Issue is sitting with Traffic and Transport sub-group. Councillors working with Exec Member – Mark Bradshaw to work towards definitive decision on the junction and whether to reinstate or not. Neighbourhood Working has little or no influence on this decision
Poor Quality Parks and Play Equipment	September 2013	Priority sits with the Environmental sub-group to consult and progress improvements as more ap-

		propriate platform.
Unsafe Crossing at Fishponds Rd / Manor Road	September 2014	Now with Highways. Agreed by NP to remove for the NW priorities list.

Unselected Priorities:

Priority	Vote (June AGM)	Priority	Vote (June AGM)	Priority	Vote (June AGM)
