Report Title: Development of New Byelaws for Parks and Green Spaces

1. Context

Byelaws are local laws which are made by a statutory body, such as a local authority, under an enabling power established by an Act of Parliament. Since byelaws create criminal offences, they cannot come into effect unless they have been confirmed by the Secretary of State.

There are byelaws already in place in Bristol covering some parks and green spaces. The byelaws give the police and some council officers the power to take enforcement action against people who carry out anti-social activities that are listed in the byelaws. The penalties for non-compliance vary, but are generally dealt with by the Courts imposing a fine following summary conviction.

The existing byelaws were put in place around the year 1900 and do not cover all types of current anti-social activities that take place

2. Purpose and Scope of New Byelaws for Parks/Green Spaces

- To prevent and enforce against anti-social behaviour in parks and green spaces
- To ensure that all citizens can access and enjoy parks and green spaces free from the effects of anti-social behaviour
- To cover parks/green spaces not covered in the existing byelaws and to fill any gaps in the type of anti-social activities covered by existing byelaws i.e. achieve consistency across the city

The aim of the council and the police is not to criminalise one-off offenders but to provide the leverage where necessary to take enforcement action against persistent or repeat offenders. The approach of the agencies involved is to request that people stop the anti-social behaviour and ensure that people

understand what the rules are for any given park or green space. If people choose to continue the behaviour we will take enforcement action. Enforcement usually involves a fine of a few hundred pounds in the first instance.

3. Public Consultation

The public consultation will run from 28 May to 9 August 2013, a period of 12 weeks.

4. Questions for Neighbourhood Partnerships and other interested parties

- 1) Do you agree with the issues we propose covering in the byelaws?
- 2) Which types of anti-social behaviour do you think we should not include and why?
- 3) What types of anti-social behaviour have we missed that you think we should include and what evidence do you have that these behaviours are a problem?(please give locations, a description of the behaviour/activity and approximate date)
- 4) Do you have any questions about the implementation of the byelaws?
