

## AGENDA ITEM NO. 9

**STOCKWOOD, HENGROVE & WHITCHURCH  
NEIGHBOURHOOD PARTNERSHIP  
18th MARCH 2015**

**Report of:** Ariaf Hussain, Neighbourhood Partnership Coordinator

**Title:** Neighbourhood Partnership Plan

### **Recommendations:**

1. Note the process used to develop the Plan
2. For the Neighbourhood Partnership to further refine, improve and own the Plan
3. Decision to adopt the three year Neighbourhood Partnership Plan

### **1. What is a Neighbourhood Partnership Plan?**

The Neighbourhood Partnership Plan is a three year plan that will be reviewed annually. It sets out the priorities of the Neighbourhood Partnership over this time. Some of these priorities are funded and will be acted upon; others are the “wish list” of the community as reflected by the Neighbourhood Partnership and are recorded here so that they can be acted upon in the event of funding and/or resources becoming available.

### **2. Purpose**

This plan would:

- Identify the partnerships aspirations for the area and some challenging goals;
- Contain all of the partnership’s priorities and the evidence underpinning them in one document;

- Be clear about what the partnership has to do, and what the partnership can and cannot do;
- Direct the allocation of funding and resources managed by the Neighbourhood Partnership towards the achievement of partnership priorities;
- Guide the partnerships work over the next 3 years;
- Identify where city level or additional support is needed to help the partnership achieve its priorities;
- Identify where Neighbourhood Partnership alliances can be formed and resources shared to address common priorities;

### **3. Process used to develop the plan**

The Neighbourhood Partnership Plan is an amalgamation of all the plans that the Neighbourhood Partnership was working to previously. This includes the Waste Plan, the Parks Improvement Plan, the Safer Bristol Plan and Neighbourhood Working.

Evidence to guide and support the Plan has been gathered from the Quality of Life Survey 2013, the Census Data 2011, Police Crime Statistics, statistics from the Department of Work and Pensions and the public fora across the two wards. Issues raised at forums and working groups have also been used as evidence to support the priorities and activities.

The Neighbourhood Partnership Plan has been taken to Forum meetings and other engagement activities. The Neighbourhood Partnership Plan has also been introduced to residents at public meetings. Residents were invited to comment on the plan and highlight actions that they felt were important to them.

The Neighbourhood Partnership will own the plan and this meeting will be to further refine the plan to produce a quality guiding document that captures the needs of the Stockwood, Hengrove & Whitchurch Neighbourhood Partnership.

### **4. Plan Prioritisation (See Appendix A)**

The aim of this exercise is for the Partnership to agree that the action plan is broadly representative of the issues that need to be addressed in the Hengrove and Stockwood wards and the aspirations of the Neighbourhood Partnership.

1. **High Priority:** The need to deliver these actions or projects is clearly evidenced or understood, is important to the Neighbourhood Partnership, is urgent and will bring significant change to the quality of life of an identified community.
2. **Medium Priority:** The need to deliver these actions or projects is clearly evidenced or understood, is important to the local community or a key agency or agencies that will bring significant change to the quality

of life of the local community, but delivery is not urgent or may be challenging.

3. **Low Priority:** The need to deliver these actions or projects is evidenced but is not important to the local community or a key agency or agencies. Delivery may bring change to the quality of life of the local community, but is not urgent or challenging.
4. **No Priority:** The need to deliver these actions or projects is evidenced but delivery is someone else's responsibility.

## 5. What happens next?

Once actions are prioritised, the partnership will be in a position to:

- Programme short, medium and long term action;
- Shape the NP structure so that it can drive and manage delivery;
- Start work on addressing priorities where the capacity to do so exists;
- Identify where additional resources and capacity are needed so that the case can be made to acquire more resources and capacity;
- Allocate or find funding to address priority issues; and
- Report back and account for what the partnership has done against what it has agreed to do, and share good practice.

Our vision is to make the Stockwood, Hengrove & Whitchurch Neighbourhood Partnerships (NP) area **clean, green, safe, healthy and prosperous**
