

**BRISTOL CITY COUNCIL
JOINT HEALTH SCRUTINY COMMITTEE**

28th February 2011

Report of: Service Director: Strategy and Performance

Title: Work Programme

Ward: Citywide

Officer presenting report: Romaine de Fonseca, Scrutiny Officer

Contact telephone number: 0117 922 2770

RECOMMENDATION

That members review the Work Programme and agree any necessary changes

Summary

An initial work programme is set at the beginning of the municipal year and is reviewed and revised at each meeting.

The significant issues in the report are:

Setting the Work Programme allows members to plan their work flow and to prioritise key areas of work where required.

Policy

The Work Programme for the coming year needs to reflect the remit of the Joint Health Scrutiny Committee, as set out in the Committee's Terms of Reference.

Consultation

The Work Programme is produced in consultation with members of the Committee, and with the local and regional NHS.

Context

Health bodies are required to consult any local authority whose residents may be affected by substantial changes to health provision. Where a substantial change affects more than one local authority area, the affected local authorities are required to set up a joint scrutiny committee to respond to the proposals for change.

Equalities, Legal and Resource Implications

None for this covering report.

Access to Information

No papers.
