To whom it may concern

I am responding as a resident who lives close to the proposed site (see address below)

I do not object to the above license but can I strongly ask that you do NOT allow the times to begin any earlier or later. Please put in place any other provision necessary for keeping any antisocial noise to a minimum.

Also please could you make ample provision for any litter.

The reasons why I request this points is because we have huge problems with anti-social noise and other activities (peeing, having sex on our steps etc) with later night revellers who remain into the early hours of the morning.

We also have problems with food / drink litter and cigarette butts being thrown on our premises. Clearing this up every week costs us a great deal of money and we could not afford having to deal with any further litter. The situation is already demoralising enough.

Yours

Annie Bates

RE: Fresh Range, College Green

FROM: Andrew Makepeace, 81 Park Street, Bristol

I would like you to register my objection to this application due to the following reasons.

1. I live on Park Street and next door to me is 2 empty shops, opposite me is 2 empty shops. Opposite College Green on Unity Street again empty shops. I have lost count of the amount of shops empty in that area so to have a business set up on the street is ridiculous. On a sub note, people are starting to avoid the street for shopping as so many units are empty. Something pro active needs to be done to get smaller businesses that have thrived in that area before into these units and people back to the street.
2. College Green one of the areas in the centre people go to relax and look at the nice buildings, flowers, church, & fountains. Not to look at a big stall and empty shops.
3. The drawing of the stand is great, but the reality is that it's a gazebo in the street blocking the views and treading on toes of existing business for less expense.

Thank you.

Mr A.Makepeace
