

Overview and Scrutiny Management Board
29 November 2022
Supplementary Information

Additional note – Public Forum questions in relation to Item 7 – Cabinet report: City Leap Energy Partnership

Please note:

This report was not available at the point when the agenda for this meeting was published. The deadline for questions to OSMB will be extended for this item (up to 2 working days after the report is published); the specific revised deadline will be advised at the point when the report is published. If possible, replies to questions will be sent to questioners ahead of the OSMB meeting but if this is not possible due to timescales, replies will be sent as soon as possible after the meeting. Please note that the report is also due to be submitted to the Cabinet on 6 December so public questions can also be submitted to that Cabinet meeting.
