1. Welcome, Introductions and Apologies for Absence

SS welcomed everyone to the meeting.

2. Election of Chair

SS reported that Alex Marsh (Bristol University) had attended the previous meeting with a view to taking on the role of Chair of the Housing Management Board in response to the Board’s request for an independent Chair. She confirmed that AM had agreed to put his name forward as Chair and AM withdrew from the meeting while the Board considered his nomination.

It was proposed by PD, seconded by CJ and;

RESOLVED – that Alex Marsh be elected Chair of the Housing Management Board.

3. Public Forum
There was no public forum.

4. Minutes of the Previous Meeting

RESOLVED - that the Minutes of the Housing Management Board of 19 February 2019 be confirmed as a correct record.

5. Chairing Arrangements

This item was resolved under item 2 above.

6. Report back from Bristol Homes Board

PD reported back as the representative of the Housing Management Board (HMB) on the Bristol Homes Board (BHB) meeting of 21 March:

There were 3 main topics of discussion, 2 of which had also been discussed at the HMB:

1) Shelter’s Commission on a Vision for Social Housing: similar issues were raised at both the HMB and BHB;
2) Moving Forward Together: Bristol City Council’s Housing Service looking at what it does, how is it done and who it does it for;
3) Bristol Local Plan Presentation. The consultation period had ended on 24 May and the next stage in the process was the Examination in Public which would give further opportunity for comments. The Plan was available to view on the Bristol City Council website (https://www.bristol.gov.uk/planning-and-building-regulations/local-plan-review) and was ambitious in its proposals to deliver affordable/non-affordable housing in an attempt to meet the housing gap.

7. Moving Forward Together

LC gave a presentation on the Moving Forward Together project as follows:

- Overall Aim: Delivering modern housing services focused on what matters most to Bristol’s residents (who are tenants of Bristol City Council);
- THREE PHASES:
  1. Discover: A major engagement programme with residents and employees:
     - What are the main priorities for residents?
     - What should the service feel like?
     - What resources are available?
     This would include appointing a consultant to advise on the best way to engage with tenants and leaseholders.
  2. Co-design: Identify a vision for the future with priorities that will help us to:
• Build experiences around residents’ needs
• Guide dynamic and bold refocus of services
• Create opportunities to introduce new technology and ways of working

The Housing Scrutiny Panel would also be helping with this project.

3. Implement: Ensure services are aligned with residents’ priorities:
• Who delivers our housing services
• How they are delivered
• How we measure success

LC confirmed that Moving Forward Together would be publicised at Local Area Housing Forum Meetings and in Housing News which would be delivered to all tenants; and on the Bristol City Council Website: https://www.bristol.gov.uk/housing/tenant-participation-resources-for-tenants

The following comments and suggestions were raised by Board Members:
• It was important to engage with Councillors as part of this process and so they could feedback on casework;
• There was a need to manage the expectations of tenants and direct resources to the improvements that would make the most difference;
• There was a concern that Tenant Forum Meetings were not always well attended;
• It was a challenge for the service to engage with tenants well as tenants engaging with the Council and this would require human contact as many tenants felt isolated from the service;
• Residents/communal rooms could be used as a venue for engagement by Housing Officers;
• Informal events could be used to engage tenants and food be provided;
• The remit could be widened to include those on the housing list as well as tenants and leaseholders;
• Private sector tenants could also be included as there was a duty of regulation/care towards these tenants. Where private tenants were housed near Council tenants there was an impact on Council tenants;
• Tenants needed to be reassured that their feedback would be anonymised;
• There was a number of local events taking place during the summer that could be used to engage tenants;
• The project could work with the Charity “Feeding Bristol”

SS thanked the Board for their comments and suggestions, which would be considered as part of the work to shape Moving Forward Together, and undertook to report back to a future meeting.

8. Estates Security Project - Presentation

SS gave a presentation on the Estates Security Project as follows:
• Purpose: to increase safety for Bristol City Council residents living in high and low rise blocks of flats in relation to concerns raised;
- Membership: to be chaired by Councillor Jama and to include Council officers, tenants, leaseholders and police;
- Initial work: to understand what the issues are; what Bristol City Council currently does; what others are doing; what are the options and associated costs to make improvements;
- The project was at a very early stage and no terms of reference had been agreed.

SS invited the comments of the Board and welcomed any further input by Board Members in the project.

The following comments were raised:
- Security could be improved by better display of notices advising tenants in sheltered housing not to answer the door to unknown persons and the display of “no cold callers” notices;
- Did the definition of safety just include personal safety or was it a wider definition including fire risks? SS responded that the intention was to improve personal safety, but this may touch on other areas of safety;
- There was evidence to prove that safety and the perception of safety could best be improved by street lighting. It was difficult to report broken street lights as different Council departments had responsibility for different lights and so it would be easier if there was one point of contact to report these issues;
- There was a current inconsistency on how quickly reported issues such as broken lights were dealt with;
- Areas where street lights were broken or were not covered by CCTV attracted anti-social behaviour such as drug dealing;
- Drug addiction was another concern for tenants who were uncertain how to address problems in their area;
- A lot of safety issues were due to poor design of housing estates and so planning was another issue that needed to be considered.

SS thanked Board Members for their comments which she undertook to feedback to officers involved in the project. She confirmed that the issue would be reported back to a future meeting.

9. Date of Future Meetings

The Board Members noted the following proposed dates for future meeting which fed into meetings of the Local Area Tenant Forums and were asked to contact SS within the next 2 weeks if there was a problem with either of the proposed dates:

- Thursday 8 August 2019
- Thursday 21 November 2019
1C Any Other Business

1. Shelter Campaign for a Consumer Regulator
   SS reported that she had received an email from Penny Walster from Shelter asking for the support of the Board for a Shelter Campaign asking for a new independent Consumer Regulator to protect residents and to enforce common standards across social and private renting. She undertook to send the link to Board members.

2. Future Agenda Items/Work Outside Meetings
   There was a discussion about the process for including items on the agenda for future Board Meetings and whether there should be standing items.

   The following items were requested:
   - The use of Resident/Community Rooms;
   - Former Tenant Arrears – to include anonymised data on the highest former tenant rent arrears;
   - Income management as a landlord service.

   SS undertook to discuss planning for future meetings with the new Chair, AM and also to discuss how the Board could work outside of meetings.

Meeting ended at 7.30 pm

Minutes of the meeting
20 June 2019, 3.00 pm
Venue – City Hall, Bristol

Board members:
Councillor Paul Smith, Cabinet Member for Homes & Communities (Chair)
David Ingerslev, St Mungo’s
Ian Knight, Homes and Communities Agency (HCA)
Jackson Moulding, Bristol Community Led Housing Hub
Kathryn Pennington, Galliford Try
Penny Walster, ACFA: Advice Network
Laura Welti, Bristol Disability Equality Forum

Other attendees:
Tom Gilchrist, Service Manager, Private Housing Sector
Corrina Haskins, BCC Democratic Services
Deeanne Klein, Housing Policy and Projects Manager
Cathy Provenzano, Garrick Property Services
Jez Sweetland – Bristol Housing Festival

1. Welcome, Introductions and Apologies for absence

The Chair welcomed everyone to the meeting, and introduced Cathy Provenzano who was attending the meeting with a view to joining the Board as a representative of the Private Rented Sector.

Apologies for absence were received from Alistair Allender, Bristol Housing Partnership; Julian Higson, Director: Housing and Landlord Services; Pete Daw, Housing Management Board Tenant Representative; Nick Horne, Independent; Rob Kerse, Bristol University and Tom Renhard, ACORN.

2. Public Forum

There was no public forum.

3. Minutes of the last meeting

It was agreed that if there were any actions arising from discussions, these should be highlighted in **bold**.
RESOLVED – that the minutes of the 21 March 2019 were agreed as a correct record.

4. One City Thematic Board update

The Board received an update on the One City Thematic Boards from Deeanne Klein. She reported that the Mayor had met with leads from the Boards to talk about the objectives of the Thematic Boards and how they could link together and move forward in a similar way while sharing good practice. It was agreed that it would be useful for Bristol Homes Board (BHB) members to be invited to a future meeting of the “Big City Gathering”.

Members noted that some of the Boards had a clear overlap, and the BHB had links with the Environment Board in terms of housing and carbon use/climate issues and with the Health and Wellbeing Board in relation to homelessness and mental health. It was suggested that there may be occasions where it would be useful to hold joint meetings or members of one Board lead a presentation for another Board. It was noted that the Boards had different arrangements for public access and some were held public while others were private and were also at different stages of development with some being recently established while others like BHB had been running for a few years.

In response to a question about how other Boards were appointing members to ensure a cross section of representatives it was noted that there had been an open application process for the Environment Board but the selection process was unknown. It was agreed that it would be useful for BHB members to have information in relation to the membership of the other Boards.

Action:
Bristol Homes Board members to be invited to the next Big City Gathering.
Bristol Homes Board receive information about the membership of other boards and who they represent.

5. Discretionary Licensing

Tom Gilchrist gave an update on Discretionary Licensing as follows:
- Private rented accommodation accounted for 81.5% of the housing stock in Bristol;
- The Council had run three pilot discretionary licensing schemes for the private rented sector in Stapleton Road, Eastville and St George;
- The scheme would be extended to the central area from July 2019 and a consultation on the additional licensing resulted in 69% of 2746 responses agreeing/strongly agreeing that this would help resolve the issues of poor management and poor conditions in Houses of Multiple Occupation (HMOs);
- A 2nd consultation sought views on a revised fee structure (which followed a court case in London) and 47% of 257 responses strongly agreed/agreed that the revised fee structure was fair;
- In addition to the discretionary licensing, there was mandatory licensing of large HMOs with 5 or more unrelated occupants;
There were exemptions to licensing of HMOs such as student accommodation managed by the Accreditation Network UK (ANUK)/Bristol University/University of the West of England;

The scheme allowed the local authority to enforce standards relating to room sizes/occupation/heating ventilation/fire standards above the statutory requirements;

The object of the scheme was not to make money for the Council instead it was to improve standards and provide some protection for tenants in the private rented sector.

The following comments/questions were raised:

- Although raising standards in the private sector was welcomed, there was a concern that it would result in the loss of cheaper low standard housing which could impact on people being made homeless. PS responded that an increase in the provision of affordable housing was the best way to mitigate this risk;

- Why was some student accommodation exempt from the scheme? TG clarified that the only exemptions were big blocks of accommodation that were already well managed and as only 20% of private rented accommodation could be licensed it was important to focus on the worse accommodation;

- Can the Council set a standard for visual rather than audio fire alarms as there is evidence of deaf people being turned down for accommodation due to fire standards? Action: TG undertook to look into this issue and report back to LW.

- It was important to note that not all HMO schemes were bad and celebrate good schemes. TG agreed that 80-85% of landlords were good and the Council supported landlords by offering training and support. He also confirmed that the Council was trying to improve the quality of landlord provision across the city and not just focus on HMOs;

- There was a new generation of purpose built co-housing that was a positive example of HMOs. Was there a way for the community led non-profit housing sector to not require a licence for these schemes? TG responded that there were difficulties in blanket exemptions for charitable organisations as there had been cases of rogue landlords registering as charities, but a case by case approach could be considered for future schemes.

- What were the sanctions for landlords who don’t apply for a licence or don’t meet the standards? Could the Council prosecute or confiscate properties? TG confirmed that there was the “fit and proper person test” that a landlord would need to meet under the licensing legislation, but properties would not be confiscated and instead there was a financial penalty for landlords who did not comply.

6. Homelessness and Rough Sleeping Strategy

Graham Jones and Dave Clarke gave a presentation on the results of the recent consultation on the Homelessness and Rough Sleeping Strategy as follows:

- The Homelessness and Rough Sleeping Strategy consisted of 5 priorities:
  - Tackling rough sleeping;
• Prevention and Early Intervention;
• Improving Health and Wellbeing and Supporting People to Build Better Lives;
• Delivering Equality, Diversity and Inclusion in all Services;
• Working in Partnership.

• The following issues were raised as a result of stakeholder consultation and were fed into the strategy:
  • Factors leading to homelessness;
  • Hidden homelessness;
  • Impact of adverse childhood experiences;

• The public consultation resulted in 377 responses and there was strong agreement with the 5 priorities;

• The following additional comments were raised:
  • Housing first approach;
  • More affordable/social housing;
  • More work required with the private sector;
  • Conversion of empty business buildings into affordable accommodation;
  • Support for mental health services and drug/alcohol services;

• The consultation asked respondents to rank the top actions 5 and these were;
  • Move focus on accommodation;
  • Reducing temporary accommodation through preventative work;
  • Increasing the supply of affordable homes;
  • Building on existing links with health services;
  • Reviewing, and where needed, changing the range of supported accommodation options available;

• Who responded to the survey?
  • 5% of homeless people;
  • More women than men;
  • An over representation of owner occupiers/older people;

• It was hoped that the final strategy would be approved by Cabinet in September.

The following comments were raised by Board Members:
• There were other commissions on the issue of Homelessness and it would be worth cross-referencing the findings;
• The document had been co-produced with service providers/people with experience of the issues and so it was not just a Council document;
• It was essential for the different agencies to work together to deliver services in partnership and meet the challenge in reducing the figures of people in temporary accommodation or sleeping on the streets;
• It was important to consider the causes of homelessness such as the impact of traumatic childhood experiences and poor mental health and look at preventative work to build the resilience of people at risk of homelessness due to their background.

Action:
1. that a full analysis of the consultation be circulated to the Board once complete;
2. To bring the Homelessness and Rough Sleeping Strategy action plan back to the Bristol Homes Board to track progress in achieving the priorities.

7. Archbishop of Canterbury All Faiths Project

Jez Sweetland, Bristol Housing Festival, gave an presentation on the Archbishop of Canterbury All Faiths Project including a short introductory video:

- Justine Welby recognised housing as being a key challenge in society;
- Marvin Rees had been approached to be involved in the project as a result of the housing work led by Cllr Smith and the One City approach;
- Members of the project would meet for 18 months and report back on their findings;
- It was imperative for Bristol to identify sites and see how these could be brought forward to serve the local community;
- The aspiration was to identify actual sites that could be unlocked to make a real contribution to the housing shortage.

Board Members welcomed the project and the opportunity afforded by the substantial assets of the Church of England and other faith groups.

The Board was invited to feed back any ideas that could assist this project including the identification of pieces of land that could be used.

8. Autumn Away Day

The Board agreed to hold an “Away Day” in the Autumn.

Action: Away Day to be organised for Autumn.

9. Dates of Future Meetings

RESOLVED – that the dates of future meetings be noted as follows:

Thursday 10 October 2019
Thursday 16 January 2019
Thursday 19 March 2019

Meeting finished at 5.06 pm

Estate Safety Project

- **Purpose** – to increase safety for BCC residents living in high and low rise blocks of flats

- **Membership** – Chaired by Cllr Jama and will include BCC officers, tenants, leaseholders, involved tenants, police

**Initial work** – To understand:

- What the issues are
- What we currently do
- What others are doing
- What are the options and associated cost
Progress to Date

• Confirmed membership of the group
• Tour of sites/blocks across the city
• Building a current situation of issues we are facing
  – Feedback from the tour
  – Info gathering from officers re issues
  – What other organisations are doing/have done
Common Themes

• Varying levels and types of ASB in blocks
  – Drug dealing and taking – city wide
  – Rough sleeping in bin rooms/stairwells – in central area
  – Graffiti – prevalent around Dove Street
Partial Closure Orders

- Used to restrict access to premises as a means of tackling Anti-Social Behaviour
- Being piloted in Easton (Lansdowne Court and Croydon House)

Will make the blocks a safer and more pleasant place for residents and staff alike and help reduce crime and disorder

- The order will be in place for 3 months with the possibility of extending it by a further 3 months
- A new initiative for BCC and the Police
- Regular meetings will be held to monitor/iron out any teething problems before extending to other blocks
Next Steps

- Inaugural Estate Safety meeting in September
- Develop plan with working group – identify quick wins
- Monitor success of partial closure orders with a view to roll out to other blocks
- Publicise positive outcomes

**Milestone**
Briefing for Housing Management Board
Thursday 8th August 2019

‘Moving Forward Together’ Housing & Landlord Services Visioning Project

1. PROGRESS UPDATE

Over 850 Housing and Landlord Services staff has attended Moving Forward Together (MFT) employee workshops led by the H&LS management team. The outcomes will feed into the wider MFT project following the resident consultation.

Procurement documents for enlisting specialist expertise to support resident engagement have been drafted and budget approved. The Leadership Factor (TLF) has been appointed as the provider to carry out the telephone research resident’s survey. Any additional work will be re-scoped.

3. ACTIVITIES TO DATE

19th Feb 2019 – HMB
Julian Higson informed the Board that over the next few months H&LS are looking at its service with a view determining what people thought the service should be doing, what it should be like and how services should be delivered. He confirmed that there would be two strands to the consultation, internal with staff and external with residents and tenants and that a range of mechanisms would be used including surveys, meetings and roadshows.

March 2019 – Local Housing Forums
HMB update provided to Local Housing Forums regarding the MFT project

March 2019 – Housing Scrutiny Panel
Provided with project update and invite from HSLT about the panel being involved in the ‘Moving Forward Together’ project.

May 2019 – Housing Scrutiny Panel
Julian attended HSP to discuss the project and panels involvement.
28th May 2019 – HMB
Presentation given and discussion held on the Moving Forward Together project. This includes more detailed information about the three phases of the project, timeline and procurement of the consultant.

May 2019 – Housing News
Julian provided an MFT update Housing News which would be delivered to all tenants with an invitation to get involved. The latest edition of Housing News/MFT article is also on the BCC website https://www.bristol.gov.uk/housing/tenant-participation-resources-for-tenants

June 2019 – Local Housing Forums
Presentation used at HMB on the Moving Forward Together project was shared with the Forums. This includes the three phases of the project, timeline and procurement of the consultant.

July 2019 – Leaseholder Forum
To receive MFT presentation slides.

August 2019 – Housing Scrutiny Panel
Panel members have been invited to initial co-design meeting at Temple Street.
Dear CEO,

Our Consumer Regulation Review 2018-19

I am writing to draw your attention to our Consumer Regulation Review 2018-19 which is published today.

The Consumer Regulation Review provides a summary of the Regulator’s consumer regulation work for the year 2018-19. It includes case studies to demonstrate our approach to consumer regulation, as well as key lessons we wish to share with the sector and explains our current role and mandate as set by Parliament.

The report focuses on the importance of social housing providers complying with all of the consumer standards, including how they engage with their tenants, how they respond to neighbourhood issues, and how they allocate their properties.

In terms of health and safety, the report reminds social housing providers about the importance of having effective systems in place to ensure the homes where their tenants live are safe. We are also urging all social housing providers to look at how accountable they are and how they are transparent with their tenants.

Most registered providers are well-run and can demonstrate they meet the expectations set out in the regulatory standards, but on occasions, issues do arise that represent a risk to tenants and where intervention by the regulator is required. We would encourage providers to review the lessons set out in the report, and consider what they can learn from these to ensure that tenants’ homes are safe, of good quality and well-managed, and that they are accountable to tenants.

For that reason, I would ask that you bring this letter and the Consumer Regulation Review to the attention of your board or elected members.

As ever, transparency with the Regulator is essential. Based on our co-regulatory approach, we would expect providers of social housing to notify the Regulator of any potential breaches of the consumer standards in a timely manner.

If it would be helpful to discuss this letter, or the Consumer Regulation Review itself, please let me know.

Yours sincerely

Fiona MacGregor
Chief Executive
