Mark Ashdown and Councillor Morris were in attendance and spoke to their statements. Members noted the statements submitted.

6. Community Resources Manager Update and Decision Report

The Community Resources Manager introduced the report and drew attention to the following:

- Members would receive an update by the end of August on progress on previously approved Section 106 (S106) and Community Infrastructure Levy (CIL) transport, parks and community projects;
- A decision had been taken to pause 2020 CIL and S106 decisions with the exception of S106 monies specified for tree planting and replacement so works could start in the 20/21 planting season;

Councillors then provided the following updates on the projects they were aware of within their wards:

- In relation to Hartcliffe and Withywood, Councillor Holland reported that the Creative Workspace toilets renovation and the BMX track in Wilmott Park had both been completed;
- With reference to Bishopston, Councillor Eddy reported that tree planting in Uplands had taken place. He requested an update regarding the allocation for Crox Bottom signage. ;
- In relation to Stockwood, Hengrove and Whitchurch Park, Councillor Morris reported that no money had been spent from CIL funds. He requested updates regarding projects in Cottle Road Play Park, Mowberry Road and streetscene improvements at Stockwood shops;
- With reference to Filwood ward, Councillor Jackson reported that benches had been installed in the park from the 2018/19 allocation, the Novers Park goal net covers had been installed. Children's play equipment was hoped for September;

The Community Resources Manager continued to present the report and drew attention to the following:

- There was currently a CIL fund total of £160,440.11;
- There was a total of £100,621.50 uncommitted Section 106 agreement monies of which £46,659.88 was specifically assigned to tree planting or replacement as outlined in the report to the meeting;
- Members were asked to consider the proposed tree planting and replacement scheme using the £46,659.88 available plant 60 trees across the ward of Area Committee 6 and, if approved, to further consider if the residue of £747.28 should be added to the maintenance budget or keep in the existing S106 tree planting budget;
- There were a further four planting locations proposed which were within the boundary of Area Committee 5 in Brislington West Ward;
- It was clarified that S106 would continue to be negotiated individually with each new individual development and therefore could be set for any area within the whole Area Committee boundary

which complies with the legal conditions within each S106. On the other hand, CIL generated within the Hengrove and Whitchurch Neighbourhood Development Area was restricted. Only if projects fit with their Neighbourhood Development Plan and they agreed to, could it be spent outside of their boundary.

In response to questions from Councillors, the Tree Bristol Officer clarified the following points:

- Future proposals would include a map and the common, rather than Latin, names of the trees.
- The four plots in the Area Committee 5 area had been chosen as locations when options within the relevant Area Committee 6 area had been exhausted. They were very close to the boundary and those in the development would continue to benefit from the planting;
- It was confirmed that the tree on Gillybank Close would be replaced. It was policy to replace failed trees if they failed within two years. If damage was an act of deliberate vandalism then a tree would only be replaced once;
- There had been no S106 development awards that benefitted Filwood in this year's allocation; however Filwood had benefitted in the previous year. Trees would be planted in Filwood through other projects such as the One Tree per Child project;
- The new Street Trees funding was for identified areas with low canopy cover and areas of social deprivation. All the identified sites had been new plots;
- Failed trees on Hartcliffe Way and along the new South Bristol Link Road through to Highridge had been planted by contractors and therefore BCC did not have responsibility for any works to replace them. It was for Highways Officers to go to the contractors to put pressure on them to replace them, or negotiate alteration to the contract.

In relation to future meetings, the Community Resources Manager undertook to talk to Chairs of the 6 Area Committees with a view to considering a similar timetable to the one agreed in the previous year with Councillors engaging with communities about proposals prior to a decision in the autumn. It was agreed that if any Members had a view on the timescale they should contact the Chair directly.

RESOLVED that

- (1) the proposed updating of progress on previously-approved projects in the light of Covid-19 impacts be noted;**
- (2) the decision to pause 2020 CIL and S106 decisions with the exception of S106 monies specified for tree planting and replacement be noted;**

**Area Committee 1 Meeting
21st July 2021**

Report of: Keith Houghton, Service

Title: Community Resources Manager, Neighbourhoods & Communities

Telephone Number: 0117 922 2135/07585 909029

RECOMMENDATIONS. The Committee is asked:

1. Note the proposed updating of progress on previously-approved projects. (Item 3)
2. Note the progress of 2021/22 Area Committee process and the decision-making for S106 monies specified for tree planting and replacement (Item 4)
3. Note the CIL and S106 monies available at 30th June 2021 and decide whether to 'unallocate' some or all of £25,000 of CIL which has not been drawn down from pre-2018 awards at 5c (Item 5)
4. To consider the funding for the S106 Tree Proposal submitted, including any conditions which they may wish to attach (Item 6)
5. To note the legal information concerning the Public Sector Equality duty in reaching all its decisions (Item 7)

1. Background:

a. 6 Area Committees were approved at the Full Council meeting on 20th March 2018 to hold delegated decision-making powers over non-earmarked Section 106 and local Community Infrastructure Levy (CIL) funds.

b. Area Committee 1 consists of the councillors representing the wards of Avonmouth & Lawrence Weston; Westbury-on-Trym & Henleaze; Stoke Bishop; Clifton Down; Clifton; Hotwells & Harbourside

c. Each Area Committee will meet formally once a year (with the option of a second, additional meeting if required) to make decisions on the awarding of local CIL and S106. 15% of CIL generated within each Area Committee area is available for spend. Those parts of an Area Committee which have a formally adopted Neighbourhood Development Plan receive 25% of the CIL generated within the defined border of their Plan to support their identified infrastructure priorities.

d. Information about Area Committees, CIL and S106 processes can be found on the BCC website at: <https://www.bristol.gov.uk/people-communities/local-decision-making>

2. Terms of Reference

a. The Area Committee Terms of Reference were approved at Full Council on 20th March 2018 and adopted at the 2018 Area Committee on 3rd October 2018

3. Progress update on CIL & S106-funded projects approved at 2018 & 2019 Area Committee Meetings

Covid-19 has impacted on the delivery of previously agreed projects. An update on BCC-delivered schemes was shared in March 2021. The Community Resources team is currently gathering updates on progress from both BCC and Voluntary/Community Sector organisations and will publish this in August 2021.

4. Allocation of CIL and Section 106 Funds

a. A timetable and process for developing Outline and Full Proposals for funding from CIL and S106 resources for 2021 was agreed and started in January 2021. Councillors have worked with their communities to identify and prioritised potential projects. These will be considered at the Informal meeting following this formal Area Committee meeting. The exception is decision-making on tree replacement using earmarked Section 106 funds, which can be planted in good time when the winter planting season begins and which would be unacceptable delayed if decisions were put back to the November Area Committee meeting.

These S106 Tree proposals are presented for decision by the Area Committee in this paper.

5. CIL and Section 106 Monies available to Area Committee 1 at 30st June 2021

a. CIL available:

At the end of June 2021 there was a **sum of £155,088.82** available to Area Committee 1, made up as follows:

- For General AC1 expenditure: **£68,636.58**
- For Lawrence Weston ND Plan expenditure: **£86,452.24**

b. CIL funds still to be drawn down:

The table below sets out CIL monies which were approved by councillors as part of Neighbourhood Partnerships prior to the setting up of Area Committees in 2018 and which are still not drawn down.

Some of these projects are still in the process of being delivered; some have been delivered some time ago (Parkworks) but CIL still hasn't been drawn down; some may no longer be deliverable or are subject to shifting decisions and priorities and may no longer be able to be delivered as intended.

CIL-funded Scheme	CIL funding approved	Current status
<u>Area 1 Parkworks (Jan 16)</u>	£10,000.00	ParkWork coordinator: 'this work was completed and my impression was that the funds had been drawn down.' To further investigate why funds were not drawn down. (12/07/21)
<u>Clifton Down Road (Mar 16)</u>	£15,000.00	Awaiting information from Mark Sperduty.
<u>Brunel Lock Swing Bridge (Jun 17)</u>	£25,000.00	AIBT response 12/07/21: They are going to investigate this and get back to us.
Clifton Lido Cycle Facilities (June 17)	£6,000.00	Still investigating this as a pre-2018 NP allocation
Anchor Road Landscaping (Jun 17)	£500.00	Still investigating this as a pre-2018 NP allocation

CIL-funded Scheme	CIL funding approved	Current status
Kingsweston Lane Pedestrian Crossing	£8,713.47	"On hold pending ongoing development in the area that will impact delivery of scheme."
Tree Planting (3 Allocations)	£15,055.00	John Atkinson: If this money was not drawn down then no trees were planted.
Sea Mills Recreation Ground	£2,420.00	Project still incomplete. Awaiting development site & due to liaise with community to re-allocate site. The latest Capital Forecast, we have profiled it to be spent in FY 2022/2023
Stoke Lodge Dog Bin	£3,700.00	Still investigating this as a pre-2018 NP allocation
<u>Avon Crescent Rerouting</u>	£50,000.00	The scheme has to go back to Planning Committee which it is hoped will be later this year, after which point we will be able to provide further information on a way forward, whether we can meet the conditions attached to the CIL funding when the Area Committee allocated it, and when a scheme for Avon Crescent could be delivered.

c. The Area Committee is asked to note the different statuses of these allocations and to consider whether to 'unallocate' the following and consider the unallocation of others from the list at its future meeting in November following the results of investigation of their deliverability:

Tree Planting (3 Allocations)	£15,055.00	No trees have been planted with this funding.
<u>Area 1 Parkworks (Jan 16)</u>	£10,000.00	This work was successfully delivered some time ago in the past without accessing the CIL monies allocated

Recommendation: that the Area Committee decide whether to formally unallocate some or all of the £25,000 of CIL which has not been taken up

See Appendix 1

b. Section 106 available:

- i. At the end of June 2021 there was a total of **£168,723.10** uncommitted Section 106 agreement monies available for AC1, of which **£164,611.60** is designated specifically for tree planting and tree replacement
- ii. All S106 agreements are legally bound to be spent according to the Purpose of the Contribution so can only be approved for projects which met these conditions.
- iii. The Committee is asked to note that there are no urgent time limits attached to any of the current uncommitted S106 funds available

See Appendix 2

Section 2e. Describing Success:

How can you demonstrate that your proposed project will address the demands and needs you've identified? How will you measure and demonstrate positive changes to the Area Committee and to local communities?

Propose **at least one** and **up to three** outcomes and associated measurable indicators (up to 3 per Outcome) to describe the improvements your project will make

Write no more than 25 words for each Outcome. Please use SMART Indicators and concrete proposals to evidence achievement. This will be followed up in Project Monitoring			
Outcome	Description	Indicator or Measure	Proposed evidence
Outcome 1	Increase canopy cover in AC area	Percentage of canopy cover	Tree audits using i-Tree methodology & satellite imagery
Outcome 2	Contribute to cleaner air	NO2 and SO2 measurements	Annual measurements by Environment Agency
Outcome 3	Improved satisfaction in local environment	QoL indicators	Improved Environment QoL survey scores

Section 3. Equalities, Inclusion and Public Sector Equality Duty

Both devolved Section 106 and CIL monies are the responsibility of Bristol City Council. Their use is covered by Bristol City Council's **Equality and Inclusion Policy and Strategy 2018–2023** and the **2010 Equality Act Public Sector Equality Duty** (see <https://www.bristol.gov.uk/people-communities/equalities-policy>) .

All project proposals completing this proposal **MUST** attach a completed **Public Sector Equality Duty and Equalities Impact Assessment** to demonstrate how your project supports relevant elements of these policies. Please tell us how your project has been designed to deliver positive impacts and mitigate any negative impacts on people with protected characteristics as set out in the 2010 Public Sector Equality Duty and identified Equalities communities within those protected characteristic categories.

Your Full Proposal will not be considered for funding without a completed Public Sector Equality Duty and Equalities Impact Assessment.

Section 3b. **Equalities-led organisations:**

Tell us if at least half your organisation's board (trustees or directors) are:

	Y/N
BME people	
LGBT people	
Disabled people	

Section 3c. **Disabled Access to Capital Projects:**

Please explain below how you will ensure that high quality access for Disabled people will be delivered by your project? Please note: your project will not be funded unless you can demonstrate how it will be fully accessible.

200 words maximum

All planted locations are assessed and those impacting on accessibility guidelines as laid out in the Equalities Act 2010. Those that don't meet the criteria, (eg. Street tree locations that are in adopted highways of less than 1.8m thus impeding access to wheelchairs, mobility scooters and pushchairs), are rejected and alternatives sought.

Section 3d. **Involving the community**

How have you already, and how will you, involve the wider community with your project, including Equalities communities and groups with Protected Characteristics under the 2010 Equality Act?

100 words maximum

All groups, residents and businesses in the immediate area of new planting sites are consulted with site maps and rationale for planting. Tree Bristol will encourage local people along to plant where safe to do so ie. In parks and green spaces. (planting in the highway is suitable for volunteer planting due to risk assessment highlighting health & safety risk.

Section 4. Project Delivery Details

All sites and species are thoroughly considered and consulted and all prospective locations are service checked and scanned for underground hazards. All trees are planted within the winter season November – March and guarded and caged with a two year follow-on maintenance programme to ensure establishment. Trees are guaranteed for two years and will be replaced free of charge in case of failure

7. Equalities/Public Sector Equality Duty: Legal Information

When councillors decide how CIL and Section 106 is spent they should have due regard to the Public Sector Equality Duty that applies to all public bodies. This duty is contained in the Equality Act 2010 and came in to force on 6 April 2011. It replaces previous equality duties under the Sex Discrimination, Race Relations and Disability Discrimination Acts.

The duty means that councillors are required to have due regard to the need to:

- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited under the Act
- Promote equality of opportunity between different groups
- Foster good relations between people from different groups

Page 49

The duty covers the following protected characteristics:

- Disability
- Sexual orientation
- Age
- Gender reassignment
- Religion and belief
- Sex
- Race
- Pregnancy and maternity

It also applies to marriage and civil partnership, but only in respect of the requirement to eliminate discrimination and harassment.
