

## **Full Council – 14 March 2017**

### **Update note on motions submitted to this meeting**

Up to 30 minutes are available at the meeting for the consideration of motions.

The Conservative group hold the “golden” (first priority) motion for this meeting, and, as indicated on the agenda for the meeting, the motion entitled “Neighbourhood funding” submitted by Cllr Weston will be considered first.

The Labour group hold the “silver” (second priority) motion for this meeting, to be considered subject to time. Please note that since the publication of the Full Council agenda, the Labour group have indicated that they would like to propose taking Cllr Dudd’s motion on the former ambulance station site at Castle Street (motion 7 on the published agenda) as their “silver” motion at the meeting (rather than Cllr Pearce’s motion on renewable energy).

The Lord Mayor has been consulted on this request and has given his consent.
