

Neighbourhoods Scrutiny

17th July 2017

Report of: Strategic Director, Neighbourhoods

Title: Your Neighbourhoods Consultation

Ward: Citywide

Officer Presenting Report: Strategic Director, Neighbourhoods: Alison Comley

Contact Telephone Number: 0117 3574357

Recommendation

That Members consider the content of the Your Neighbourhoods Consultation and identify key issues they wish to raise or put forward as Neighbourhoods Scrutiny in response to the Consultation, which ends 5th September 2017.

Summary

The Chair of Neighbourhoods Scrutiny has requested an opportunity to scrutinise the content of the Your Neighbourhoods Consultation, covering the subject areas included which fall under the Neighbourhoods Scrutiny remit. This is a formal opportunity for Neighbourhoods Scrutiny members to shape their response to the Consultation.

The significant issues arising are:

The services covered in this consultation are:
Neighbourhood Partnerships – allocation of remaining funding
Libraries
Removal of street public toilet provision

Context:

The Your Neighbourhood Consultation covers areas of the service changes and reductions which were included in the budget discussions at Full Council in February 2017. We previously consulted on which service areas would be reduced from October 2016 - January 2017. In February 2017, Full Council decided what sums of money had to be saved in each area. It was agreed that some of the proposals needed further consultation with the public to develop final proposals to be implemented. This consultation brings together a number of services which are deemed to potentially have a visible impact in neighbourhoods. Therefore the consultation was designed to be interactive and enable respondents to map the proposed changes together to inform their consultation responses.

Proposal:

N/A
