Title of report: Alignment of “Supporting People” Provision with Better Lives Commissioning				
Report author: Carol Watson				
Anticipated date of key decision 2/10/18				
<p>Summary of proposals: This report sets out an approach to services previously funded through “Supporting People”, and provides an update to Cabinet on work carried out since a Cabinet decision in December 2017.</p> <p>Supporting People as a funding stream no longer exists, so we propose to align and refine services, (on a coproduction basis alongside stakeholders), to become more clearly central to the delivery of the Adult Care “Better Lives” vision adopted by the Council. In order to consider these services within new commissioning approaches, and to ensure that recommissioning is therefore timely in terms of a strategic Commissioning approach we propose to extend most current contracts for up to 12 months.</p> <p>This report identifies that many of these services deliver a Tier 2 “Help when you need it” approach, or deliver supported accommodation which is an area of key focus within the Better Lives at Home project.</p>
