Repairs and Maintenance	32.1	29.3	30.6	(2.8)	(1.3)			
Supervision and Management	27.4	27.9	26.9	0.6	1.0			
Special Services (Rechargeable)	8.6	7.9	8.1	(0.7)	(0.2)			
Rents, Rates etc	1.9	1.6	1.9	(0.3)	(0.3)			
Capital Funded from Revenue,	50.0	50.0	50.0	0.0	0.0			
Interest and Depreciation								
(Surplus) on the HRA	0.0	(4.4)	(3.7)	(4.4)	(0.7)			

#### 4. Key Messages

Overall a surplus of £4.4m forecast at P7 an increase of £0.7m compared to P6. The key variances from Period 6 are as follows:

- Repairs and Maintenance Largest underspend due to poor performance from external contractor improvement plan agreed and being monitored.
- Supervision and Management Savings on employee costs including vacancies pending recruitment.

There is an action plan in place that has reviewed all aspects associated with the reported HRA surplus for 2017/18 to ensure that there is no repetition of the large unforeseen movements.

## c: Risks and Opportunities

Changes to rent policy and welfare benefit reform reducing income, Universal credit full service roll out from June and September 2018, to estimated 1500 tenants. The capital budget for 2018/19 has been reduced from £47m to £39.2m in order to reflect the expected level of programme delivery in 2018/19. Overall, the service will be taking a more strategic approach going forward. Savills have been commissioned to give advice on the investment programme and business plan allowances for investment to enable better budget setting. This will take place over the coming weeks and impact next year's budget setting process.

The main reasons for reprofiling projects are as follows:

Blocks - Communal Rewire budget £500k set aside for possible additional emergency lighting works as part of our contingency planning post Grenfell- this is not required for this year. Also £1m repairs to cladding set aside, and (£650k) may not be needed until next year after we know the results of the independent checks.

Major Block Refurbishment projects - some carried forward from last year due to contractors and winter causing delays resulting in overspend this year, offset by some delayed starts leading to less budget required this year (contractor delays in signing contracts and performance bond issues). Delays due to tendering difficulties, lengthy approvals process, and staff issues. We have applied our experience on this at Spencer and Norton (now started on site) to forecasts for spend on Polden and Gaywood projects now out to tender / going out to tender. We will allow for this when setting future budgets. Conflicting procurement and legal advice has lengthened the process from tender to start on site, to be addressed at a strategic meeting.

#### Planned Programmes:

- (a) Kitchen installs change in contractor who will now only be providing a lower number before contract ends and new contractor takes over (current contractor supply chain leaving), plus there may be mobilisation issues. There is a reduced need for replacement kitchens / reduced number due.
- (b) Heating installs new contract is now at a lower price than envisaged when setting the budget, fewer numbers are due, and hard to access properties are causing some delays.
- (c) External maintenance: one large external maintenance project subject to option appraisal and will now start next year (Vincent close);

New Build - unforeseen environmental issues on the Alderman Moores site.
