BRISTOL
ONE CITY

What is the problem we are trying to solve?

- Hundreds of unaligned strategies – most of which end in five years or less
- No framework to easily bring together city leaders

How are we trying to solve this?

- A One City vision and plan to attempt to bring focus and prompt debate
- Creation of a city leadership framework

Our hope

- Harnessing the potential of our collective power to benefit the city

Launch of the One City Plan

www.bristolonecity.com

The One City Plan is...

An attempt to focus the city on a sequence of key outcomes which we all agree to concentrate on and contribute towards.

An attempt to describe “what it will be like” to be in Bristol and to be Bristolian in the years to come.

Something to grapple with; a tool to enable partners and the wider city to engage in a meaningful way with the city’s future.

A way of sequencing a range of activity as a city so that the early deliverables make longer term goals possible to achieve.

In constant review and to be formally refreshed every year through the City Office and the Thematic Boards in the city.

The One City Plan is not...

A plan to usurp all plans; we recognise organisations will continue to have their own plans and strategies and this plan should enable those.

A perfect document; it will become more sophisticated with further iterations and as we make demands of it and respond to it to the point where we develop a uniquely Bristol approach to leadership.

An instruction manual; it is up to partners to decide if, what and how they will change to achieve our shared overarching goals.

A bureaucratic barrier; the plan should not stifle innovation and other work occurring in the city.

Complete; there will be no such thing as a ‘final version’ because it will be in constant review.

To be owned and/or run by Bristol City Council.

Priorities for 2019

- Each year the City Office will prioritise facilitating our top three city-wide actions from that year's list of 18. For 2019 these are:
 1. Tackling and preventing gang violence and knife crime
 2. Develop an affordable childcare and nurseries scheme within three local neighbourhoods
 3. Ending Period Poverty in Bristol
- The other 15 actions and One City Approach projects will all still continue, but the top three are our 'first among equals' with strong collective focus.
- Next steps to agree with city / Mayor / CLB the city leads for the top three and to bring together relevant parties to set a work programme for the year
- To work with each of the boards to help facilitate the delivery of the other 15 priorities – first step to meet with relevant boards to agree ownership and agree next steps for each priority
