

Audit Committee

26 March 2019

Report of: *BDO LLP and Director of Finance BCC*

Title: *BDO 2017/18 Audit Report and Statement of Accounts Year Ended 31 March 2018*

Ward: *City Wide*

Officer Presenting Report: *BDO LLP and Denise Murray*

Contact Telephone Number:

Recommendation

The Audit Committee note, and comment as appropriate, on BDO's 2017/18 Audit Report and the action plan agreed by management

The Audit Committee approve the Statement of Accounts for the year ended 31 March 2018.

Summary

Attached as appendix 1 is BDO's Audit Report to those charged with governance, which highlights the key issues arising from the audit of the Council's financial statements for the year ended 31 March 2018.

BDO are proposing to issue an unqualified audit opinion on the Council's financial statements but a qualified "except for" VFM conclusion

Attached as appendix 2 is the Statement of Accounts which sets out the Council's financial position as at the 31 March 2018 along with a summary of its income and expenditure for the year to 31 March 2018. The financial statements are the main method of demonstrating financial accountability and stewardship.

Recommendation

The Audit Committee note, and comment as appropriate, on BDO's 2017/18 Audit Report and the action plan agreed by management.

Summary

Attached to this report is BDO's Audit Report to those charged with governance, which highlights the key issues arising from the audit of the Council's financial statements for the year ended 31 March 2018. This report enables BDO to discharge their responsibilities in accordance with International Standards of Auditing (ISA) 260. It also reports their conclusion on whether the Council has put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources.

BDO are proposing to issue an unqualified audit opinion on the Council's financial statements but a qualified "except for" VFM conclusion.

. A number of recommendations have been made to management with regards to improvements required. Management responses to these recommendations have been provided as set out in the Action Plan within the report.

Policy

None affected by this report. The Audit Commission has statutory responsibility for inspection and assessment at the Council. BDO are the Council's appointed external auditors. In carrying out their audit and inspection duties they have to comply with the relevant statutory requirements, namely the Local Audit and Accountability Act 2014.

Consultation

1. Internal

BDO have discussed and agreed the findings of the audit with the the Director of Finance and with Senior Finance Officers.

2. External

None

Background and Context

1. BDO is required to form an opinion on the Council's annual financial statements and to provide a value for money conclusion. This report sets out the outcomes of the audit of the Council's financial statements and the issues arising.
2. David Eagles, the appointed auditor responsible for the City Council's audit will be attending the Committee, and will be pleased to answer Members' questions.

WELCOME

We have pleasure in presenting our final Audit Completion Report to the Audit Committee. This report is an integral part of our communication strategy with you, a strategy which is designed to ensure effective two-way communication throughout the audit process with those charged with governance.

It summarises the results of completing the planned audit approach for the year ended 31 March 2018, specific audit findings and areas requiring further discussion and/or the attention of the Audit Committee. At the completion stage of the audit it is essential that we engage with the Audit Committee on the results of audit work on key risk areas, including significant estimates and judgements made by management, critical accounting policies, any significant deficiencies in internal controls, and the presentation and disclosure in the financial statements.

We look forward to discussing these matters with you at the Audit Committee meeting on 26 March 2019, and to receiving your input.

In the meantime if you would like to discuss any aspects in advance of the meeting we would be happy to do so.

The contents of this report relate only to those matters which came to our attention during the conduct of our normal audit procedures which are designed primarily for the purpose of expressing our opinion on the financial statements and use of resources. This report has been prepared solely for the use of the Audit Committee and those charged with governance. In preparing this report, we do not accept or assume responsibility for any other purpose or to any other person. For more information on our respective responsibilities please see the Appendices.

In communicating with those charged with governance of the Council and the Group, we consider those charged with governance of subsidiary entities to be informed about matters relevant to their entity. Please let us know if this is not appropriate.

We would also like to take this opportunity to thank the management and staff of the Council for the co-operation and assistance provided during the audit.

OVERVIEW

This summary provides an overview of the audit matters that we believe are important to the Audit Committee in reviewing the results of the audit of the financial statements of the Council and consolidated entities (together the 'Group') and use of resources of the Council for the year ended 31 March 2018.

It is also intended to promote effective communication and discussion and to ensure that the results of the audit appropriately incorporate input from those charged with governance.

| AUDIT SCOPE AND OBJECTIVES | |
|----------------------------|--|
| Audit status | We are nearing completion of our planned audit procedures, which have been undertaken in accordance with the planned scope, and our objectives have been achieved, subject to resolution of matters set out in the outstanding matters section below. |
| Audit risks update | <p>Since our initial Audit Planning Report was issued to you on 20 March 2018, the following risks have been identified:</p> <ul style="list-style-type: none"> • NNDR appeals provision (Significant Risk) - originally reported as a normal risk. We subsequently considered this to be a Significant Risk due to the magnitude of the provision; • Risk of Fraud in Expenditure Recognition (Significant Risk) - as a public sector body the presumed risk of fraud in revenue recognition is extended to cover expenditure; and • Risk of Fraud in Revenue Recognition (Significant Risk) - originally not rebutted for all fees and charges income, now considered to be specifically around the cut-off (existence) of Adult Social Care income. No change to the risk around grant income being recognised in advance of related performance conditions being met. |
| Materiality | Our final materiality is £18.1m for the Council and £19.2m for the Group. Our materiality levels have not required reassessment since our audit planning referred to above. |
| Changes to audit approach | There were no other significant changes to our planned audit approach nor were any restrictions placed on our audit. |
| Group audit | <p>Our approach as designed to ensure we obtained the required level of assurance across the components of the Group in accordance with ISA (UK) 600 (Audits of Group Financial Statements). This objective has been achieved.</p> <p>To summarise our audit coverage:</p> <ul style="list-style-type: none"> • Full scope audit has been performed on the Council's accounts • We have obtained assurances from the auditors of Bristol Holdings Limited. |

OVERVIEW

KEY AUDIT AND ACCOUNTING MATTERS

| | |
|----------------------------------|---|
| Material misstatements | <p>Our audit identified two material misstatements:</p> <ul style="list-style-type: none"> Heritage assets valued at approximately £98m that had previously been omitted from valuation but which were identified by the new insurer had been recognised during the year rather than adjusted for as a prior period adjustment (PPA), given that these assets were largely held by the Council from before the start of the financial year and, in fact, before the start of the comparison period (i.e. before 1 April 2016). Disclosure analysis of sums relating to the final payment to the former Chief Executive (because these sums are material by nature) <p>Management has amended the financial statements for these issues, which had no impact on the surplus/deficit on the provision of services for the year.</p> |
| Unadjusted audit differences | <p>We are required to bring to your attention audit differences that we have identified, but you are not proposing to adjust. These include:</p> <ul style="list-style-type: none"> £6.3m overstatement of pension liabilities as a consequence of 3 out of 4 of the mortality assumptions being outside of (higher than) our auditor expected range where the actuary was unable to provide any local statistical evidence as at 31 March 2018 supporting this position. The treatment and disclosures relating to the holding of preference shares in Bristol Energy (because the preference shares are considered to be debt whilst the ordinary shares are equity, but with a residual difference in that we consider these to be “loans and receivables” whereas the Council has classified them as “Assets Held for Sale”) Other differences are included in Appendix 1 <p>If corrected, these would decrease the deficit on the provision of services for the year by £41k.</p> |
| Control environment | <p>Our audit identified a significant deficiency in internal control relating to the valuation of investment properties.</p> <p>We identified that there was limited evidence of the peer review undertaken within the in house valuations team. This was due to the valuations being undertaken at an earlier period (1 December 2017) to accommodate faster closing.</p> |
| Other financial reporting issues | <p>There were:</p> <ul style="list-style-type: none"> no significant differences between the Council’s accounting policies and the Code requirements; no significant accounting policy changes impacting the current year; and no additional going concern disclosures required. |

KEY MATTERS FROM OUR AUDIT OF USE OF RESOURCES

| | |
|--------------------------|--|
| Sustainable finances | <p>In addressing this risk in 2017/18, we considered the assumptions underlying the current MTFP; the Council's financial monitoring process for 2017/18; and the process for initiating, approving, implementing and monitoring savings plan proposals. We acknowledge improvements made in arrangements compared to the previous period and have concluded that we do not need to modify our opinion in respect of this component of the overall criterion. We will issue an unmodified opinion on this area.</p> |
| Informed decision-making | <p>To assess the arrangements in 2017/18, we looked at the Council's financial monitoring process and governance arrangements; looked at arrangements in place for monitoring and reporting the savings achieved against those forecast in the savings plan; reviewed the Council's progress in implementing the recommendations of the Bundred Report; and refreshed and updated our understanding of the governance arrangements in place in respect of the Council's material subsidiaries.</p> <p>We have no issues to report relating to these aspects of informed decision-making other than to note improvements made since last year.</p> <p>However, as a consequence of issues identified during the financial statements audit relating to the final payment made to the ex-Chief Executive, we have reviewed arrangements including recruitment and remuneration.</p> <p><i>This review identified that it was inappropriate to conclude that all of the payment made was contractual and that arrangements supporting the decision-making process were inadequate in a number of areas, with those arrangements continuing into the 2018/19 financial year. As noted below, we issued a report containing three statutory recommendations made under Schedule 7 of the Local Audit and Accountability Act 2014 which are seeking the Council to make changes to arrangements such that further recurrences are prevented.</i></p> <p><i>Given the significance of the role involved and previous concerns relating to the processes involved in severance for a senior officer, we will be issuing a modified "except for" conclusion in respect of this specific matter.</i></p> <p><i>A separate report, focusing on the area of the review giving rise to the statutory recommendations was issued on 11 March 2019 for presentation to the Full Council on 19 March 2019. The report was copied to the secretary of State for Housing, Communities and Local Government in compliance with the requirements of the Act.</i></p> |

CONSIDERATIONS RELATING TO THE USE OF SPECIAL AUDITOR POWERS

| | |
|-----------------------|---|
| Use of auditor powers | <p>During the year we completed our work in respect of an elector objection relating to the Council's investment in Lender Option Borrower Option (LOBO) loans. We concluded that the loans were not illegal and so did not uphold the objection.</p> <p><i>As noted above, we issued a report containing three statutory recommendations made under Schedule 7 of the Local Audit and Accountability Act 2014 which are seeking the Council to make changes to arrangements such that further recurrences of issues relating to final and severance payments, including compliance, transparency and decision-making, are prevented.</i></p> |
|-----------------------|---|

OVERVIEW

| AUDIT OPINION | |
|--|---|
| Financial statements | Subject to the successful resolution of outstanding matters set out on page 7, we anticipate issuing an unmodified opinion on the consolidated Group financial statements and the Council financial statements for the year ended 31 March 2018. |
| Other information | We propose issuing an unmodified opinion on the consistency of the other information in the Statement of Accounts with the financial statements and our knowledge. |
| Annual Governance Statement | We have no exceptions to report in relation to the consistency of the Annual Governance Statement with the financial statements or our knowledge. |
| Use of resources | Subject to the completion of the Use of Resources audit, we anticipate issuing an “except for” modified opinion relating to informed decision-making on the arrangements in place to secure economy, efficiency and effectiveness in the use of resources for the year ended 31 March 2018. |
| OTHER MATTERS FOR THE ATTENTION OF THE AUDIT COMMITTEE | |
| Whole of Government Accounts (WGA) | We will complete our review of the WGA Data Collection Tool (DCT), after we have completed our audit of the financial statements. |
| Audit independence | Our observations on our audit independence and objectivity and related matters are set out in Appendix IV. |
| Management letter of representation | The draft Letter of Representation, to be approved and signed, is set out in Appendix VI. |
| Audit certificate | We are unable to issue our certificate until we have completed our work relating to Whole of Government Accounts of 2017/18. |

OUTSTANDING MATTERS

We have substantially completed our audit work for the year ended 31 March 2018, and anticipate issuing an unmodified opinion on the consolidated Group financial statements and the Council financial statements.

The following matters are outstanding at the date of this report. We will update you on their current status at the Audit Committee meeting at which this report is considered:

- 1 Final review and approval by you of the Statement of Accounts

- 2 Completion and clearance of Quality Review process

- 3 Subsequent events review

- 4 Management letter of representation, as attached in Appendix VI to be approved and signed

KEY AUDIT AND ACCOUNTING MATTERS

AUDIT RISKS OVERVIEW

We assessed the following matters as significant audit risks, as identified in our earlier Audit Planning Report dated 20 March 2018.

Key: ■ Significant risk ■ Normal risk

| AUDIT RISK AREA | SIGNIFICANT MANAGEMENT JUDGEMENT | USE OF EXPERTS REQUIRED | ERRORS IDENTIFIED | CONTROL FINDINGS | LETTER OF REPRESENTATION POINT | DISCUSSION POINTS FOR AUDIT COMMITTEE |
|--|----------------------------------|-------------------------|-------------------|------------------|--------------------------------|---|
| Management override of controls | No | No | No | No | No | None |
| Risk of Fraud in Revenue Recognition | No | No | Yes | No | No | None |
| Valuation of Property, Plant and Equipment and Investment Properties | Yes | Yes | Yes | Yes | Yes | Non-significant adjustments included in Appendix 1. |
| Pension Fund Liability | Yes | Yes | Yes | No | Yes | No evidence for mortality assumptions being outside the auditor expected range. Unadjusted estimated error of £6.3m |
| Risk of Fraud in Expenditure Recognition | No | No | No | No | No | None |
| Non-domestic Rates Appeals Provision | Yes | No | Yes | No | No | None |

| AUDIT RISK AREA | SIGNIFICANT MANAGEMENT JUDGEMENT | USE OF EXPERTS REQUIRED | ERRORS IDENTIFIED | CONTROL FINDINGS | LETTER OF REPRESENTATION POINT | DISCUSSION POINTS FOR AUDIT COMMITTEE |
|---|----------------------------------|-------------------------|-------------------|------------------|--------------------------------|--|
| Group Accounts | No | No | No | No | No | Work is still ongoing in this area focusing on disclosure notes and consistency of group figures with adjustments put through single entity accounts |
| Consideration of related party transactions | No | No | No | No | Yes | None |

KEY AUDIT AND ACCOUNTING MATTERS

AUDIT RISKS

Below we set out how these risks have been addressed and the outcomes of our procedures.

Key: ■ Significant risk ■ Normal risk

| AUDIT AREA | RISK DESCRIPTION | HOW RISK WAS ADDRESSED BY OUR AUDIT | AUDIT FINDINGS AND CONCLUSION |
|--|--|---|---|
| 1 ■ Management override of controls | <p>Auditing standards presume that a risk of management override of controls is present in all entities and require us to respond to this risk by testing the appropriateness of accounting journals and other adjustments to the financial statements, reviewing accounting estimates for possible bias and obtaining an understanding of the business rationale of significant transactions that appear to be unusual.</p> <p>By its nature, there are no controls in place to mitigate the risk of management override.</p> | <p>We have:</p> <ul style="list-style-type: none"> Tested the appropriateness of journal entries recorded in the general ledger and other adjustments made in the preparation of the financial statements Reviewed accounting estimates for biases and evaluated whether the circumstances producing the bias, if any, represent a risk of material misstatement due to fraud Obtained an understanding of the business rationale for significant transactions that are outside the normal course of business for the entity or that otherwise appear to be unusual. | <p>Our audit work in relation to journals has not identified any significant issues.</p> <p>We have not found any indication of management bias in accounting estimates.</p> <p>No unusual or transactions outside the normal course of business were identified.</p> <p>No evidence of fraud in accounting estimates was noted from our testing.</p> <p>No significant accounting transactions outside the normal course of business were noted from our work.</p> |

KEY AUDIT AND ACCOUNTING MATTERS

| AUDIT AREA | RISK DESCRIPTION | HOW RISK WAS ADDRESSED BY OUR AUDIT | AUDIT FINDINGS AND CONCLUSION |
|---|---|--|---|
| <p>2</p> <p>Risk of Fraud in Revenue Recognition</p> | <p>Under auditing Standards there is a presumption that income recognition presents a fraud risk.</p> <p>In particular, we consider there to be a significant risk in respect of the existence (recognition) of revenue and capital grants that are subject to performance and / or conditions before these may be recognised as revenue in the comprehensive income and expenditure statement (CIES).</p> <p>We also consider there to be a significant risk in relation to the existence of fees and charges income from adult social care, recorded in the CIES with a particular focus on year-end cut off.</p> | <p>We tested a sample of grants subject to performance and / or conditions to confirm that conditions of the grant have been met before the income is recognised in the CIES.</p> <p>We tested a sample of fees and charges to ensure income has been recorded in the correct period and that all income that has been recorded should have been recorded.</p> | <p>Our testing did not identify any issues with the recognition of revenue.</p> |

KEY AUDIT AND ACCOUNTING MATTERS

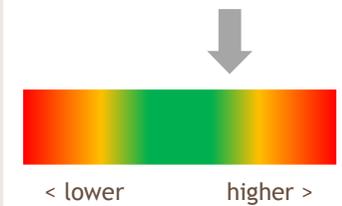

| AUDIT AREA | RISK DESCRIPTION | HOW RISK WAS ADDRESSED BY OUR AUDIT | AUDIT FINDINGS AND CONCLUSION |
|------------|--|---|--|
| 3 | <p>Valuation of Property, Plant and Equipment and Investment Properties</p> | <p>Management uses external valuation data to assess whether there has been a material change in the value of classes of assets. Investment properties are revalued annually according to market conditions at year-end. Higher value operational properties (other land and buildings and dwellings) are revalued annually to provide assurance that carrying values are materially stated, with the remainder of non-material value assets revalued periodically (minimum of every five years). Operational asset valuations are undertaken by both external and internal valuers.</p> <p>We consider there to be a risk over the valuation of land buildings, dwellings and investment properties where valuations are based on market assumptions or where updated valuations have not be provided for a class of assets at the year-end.</p> | <p>We reviewed the instructions provided to the valuer and review the valuer's skills and expertise in order to determine if we can rely on the management expert.</p> <p>We confirm that the basis of valuation for assets valued in year is appropriate based on their usage. We confirm that an instant build modern equivalent asset basis has been used for assets valued at depreciated replacement cost.</p> <p>We reviewed the movements in valuations with other relevant market indices to assess the reasonableness of the valuations.</p> <p>From our review of the instructions provided to the valuer and assessment of the expertise of the valuer, we are satisfied that we can rely on this work.</p> <p>For the sample of PPE assets and investment properties reviewed we are satisfied that the basis of the valuation for each asset is appropriate and that the revaluation movements have been correctly accounted for.</p> <p>Our review of the reasonableness of valuation assumptions has concluded that these are reasonable. Although we have identified two areas of difference in respect of investment properties.</p> <p>Investment properties have been valued as at 1 December 2018 and the valuer has undertaken a review at the year-end to determine that there have been no material movements. We have applied an appropriate index to the value of investment properties and have concluded that the value could be increased by £3.1m. This is not material and only an estimate and therefore we have included this in the unadjusted misstatements.</p> <p>From our sample testing of individual investment property assets we identified several properties where an incorrect yield was used. We have extrapolated this difference and estimate that the property values could be increased by £2.4m. This has been included in Appendix 1.</p> <p>We identified that the valuation undertaken by the in house valuations team were not subject to peer review as in the previous year. This was due to the valuations being undertaken at an earlier period (1 December 2017) to accommodate faster closing.</p> |

KEY AUDIT AND ACCOUNTING MATTERS

| AUDIT AREA | RISK DESCRIPTION | HOW RISK WAS ADDRESSED BY OUR AUDIT | AUDIT FINDINGS AND CONCLUSION |
|------------|---|---|---|
| 4 | <p>Pension liability assumptions</p> | <p>The pension liability comprises the Council's share of the market value of assets held in the Avon Pension Fund and the estimated future liability to pay pensions.</p> <p>An actuarial estimate of the pension fund liability is calculated by an independent firm of actuaries with specialist knowledge and experience. The estimate has regard to local factors such as mortality rates and expected pay rises along with other assumptions around inflation. Management has agreed the assumptions made by the actuary to support the estimate and these are disclosed in the financial statements.</p> <p>There is a risk the valuation is not based on accurate membership data or uses inappropriate assumptions to value the liability.</p> | <p>We agreed the disclosures to the information provided by the pension fund actuary.</p> <p>We requested assurance from the auditor of the pension fund over the controls for providing accurate membership data to the actuary.</p> <p>We checked whether any significant changes in membership data were communicated to the actuary.</p> <p>We reviewed the reasonableness of the assumptions used in the calculation against other local government actuaries and other observable data.</p> <p>We did not identify any issues regarding the accuracy of the disclosures in the financial statements.</p> <p>Our review of the reasonableness of assumptions used to calculate the present value of future pension obligations is noted in the following page. The actuary has used mortality rates outside the auditor expected range as assessed nationally by PwC and therefore resulted in a the pension liability being overstated.</p> <p>We have concluded that assumptions are reasonable with the exception of the mortality assumptions which are outside the range. The actuary has not provided any evidence to support using assumptions as at 31 March 2018 outside of the nationally assessed range and therefore we have calculated and agreed with officers an estimated overstatement of £6.3m on the value of the pension liability.</p> <p>We have included a point in the draft Letter of Representation included at Appendix VI.</p> |

KEY AUDIT AND ACCOUNTING MATTERS

| SIGNIFICANT ACCOUNTING ESTIMATES | | | | |
|---|--|--------------------|---------------------------------------|---|
| Pension liability assumptions | | | | |
| ESTIMATE | HOW RISK WAS ADDRESSED BY OUR AUDIT | | | IMPACT |
| The key assumptions include estimating future expected cash flows to pay pensions including inflation, salary increases and mortality of members; and the discount rate to calculate the present value of these cash outflows | The actuary has used the following assumptions to value to future pension liability: | | | |
| | | Actual used | Actuary range | PwC assessment of actuary range to market expectations |
| | CPI increase | 2.1% | 2.1% | Reasonable |
| | Salary increase | 3.6% | 3.6% | Reasonable |
| | Pension increase | 2.2% | 2.2% | Reasonable |
| | Discount rate | 2.6% | 2.6-2.7% | Reasonable |
| | Mortality - LGPS: | | | |
| | - Male current | 26.2 years | 24.6 - 26.0 | Outside the auditor expected range |
| | - Female current | 28.8 years | 27.7 - 28.7 | Outside the auditor expected range |
| | - Male retired | 23.6 years | 21.9 - 23.5 | Outside the auditor expected range |
| - Female retired | 26.1 years | 24.3 - 26.2 | On the high end of the expected range | |

KEY AUDIT AND ACCOUNTING MATTERS

| AUDIT AREA | RISK DESCRIPTION | HOW RISK WAS ADDRESSED BY OUR AUDIT | AUDIT FINDINGS AND CONCLUSION |
|------------|---|--|---|
| 5 | Risk of Fraud in Expenditure Recognition | <p>As a public sector body, the presumed risk of fraud in revenue recognition is extended to include the risk of fraud in revenue recognition.</p> <p>There is a risk that management defer expenditure into the following year in order to present a more favourable outturn and to balance the budget.</p> | <p>We have performed enhanced testing of expenditure recognised either side of the year-end, to ensure this has been correctly recorded in the accounting period.</p> <p>No issues to report.</p> |
| 6 | Non-domestic Rates Appeals Provision | <p>Billing authorities are required to estimate the value of potential refund of business rates arising from rate appeals, including backdated appeals. The Valuation Office Agency (VOA) provides information regarding the appeals currently being assessed and settled. Management use this information to calculate a success rate for specific business types for settled appeals, and applies an appropriate rate to each type of business appeal still outstanding at year end.</p> <p>We consider there to be a risk for all authorities in relation to the estimation of the provision due to potential incomplete data and assumptions used in calculating the likely success rate of appeals.</p> | <p>We have reviewed the accuracy of the appeals data to confirm that it is complete based on the VOA list, and that settled appeals are removed.</p> <p>We have reviewed and tested the assumptions used in the preparation of the provision estimate.</p> <p>We identified a small number of cases that were settled prior to the year end and therefore should have been reclassified to creditors. An unadjusted error of £1m has been included in Appendix I.</p> |

| 7 | AUDIT AREA | RISK DESCRIPTION | HOW RISK WAS ADDRESSED BY OUR AUDIT | AUDIT FINDINGS AND CONCLUSION |
|---|---|---|--|---|
| | Group Accounts | <p>The Council has a range of interests in various entities including its wholly owned subsidiaries, Bristol Holdings, Bristol Waste and Bristol Energy.</p> <p>The increase in the scale of these entities led to the aggregate of these entities becoming material in 2016/17 and the requirement to prepare group accounts.</p> <p>Bristol Energy is currently loss making and, as in 2016/17, we will need to consider whether the Council's investment in the subsidiary is held at the correct value.</p> | <p>The Council concluded that group accounts were required for 2017/18 and has communicated with the subsidiaries to ensure that the necessary information was available and in good time.</p> <p>We communicated with the auditors of the subsidiaries and as auditor of the Bristol City Council Group, issued instructions to PwC, the auditor for each of the subsidiaries.</p> <p>We reviewed the Council's investment in Bristol energy, using our valuation specialists to challenge the value in the financial statements.</p> | <p>Delays were encountered in receiving returns from the component auditors to confirm whether any significant issues were noted during the year. When these were received we were able to conclude that there had been no such issues.</p> <p>During the year, the valuation of Bristol Holdings has been impaired by £12.1m. Initially this was split out between a prior year impairment of £7m and a current year impairment of £5.1m. However, as the amount relating to the prior year is immaterial we consider that it would be correctly accounted for in the current year rather than via a prior year adjustment. This has been corrected</p> <p>We have also concluded that as the remaining investment is in the form of debt (7% preference shares) this should be classified as loans and receivables on the balance sheet rather than available for sale assets. We have included this in the unadjusted errors schedule at Appendix 1.</p> <p><i>Other issues relating to the preparation of the Group Accounts and our audit of them are set out in the "Other issues" section below.</i></p> |
| 8 | Consideration of related party transactions | <p>We need to consider if the disclosures in the financial statements concerning related party transactions are complete and adequate and in line with the requirements of the accounting standards.</p> | <p>We have reviewed the related party transactions identification procedures in place and reviewed relevant information concerning any such identified transactions.</p> <p>We have discussed with management declarations to ensure that there are no potential related party transactions that are not disclosed.</p> <p>We have also asked you to include a representation to this effect in your management letter</p> | <p>No significant issues</p> |

KEY AUDIT AND ACCOUNTING MATTERS

OTHER ISSUES

We comment below on other issues identified in the course of our audit, of which we believe you should be aware:

| | AUDIT AREA | AUDIT FINDINGS |
|---|---|---|
| 1 | Heritage assets | <p>During the year, the Council's new insurer carried out a full valuation of heritage assets. This included a notable volume of assets that had not been included by the previous insurer and resulted in an overall value of approximately £200 million for the assets that the Council holds. This represented an increase of approximately £100 million on the previous year, with the draft financial statements reflecting this as an in-year movement.</p> <p>Our preliminary analytical review challenged the reason for the movement and, following review by officers, we were able to conclude that the valuation movement was not due to new assets being acquired or any notable movements in asset values, but because there had been omissions in previous years.</p> <p>The sums involved are material. Therefore, adjustments have been made to the accounts to reflect a prior period adjustment, with this impacting on periods before the start of the comparison period for the accounts (i.e. before 1 April 2016), so requiring a "third balance sheet" (as at 1 April 2016) for both the single entity and group accounts.</p> <p><i>During the course of our review of the reconciliation between the total insurance cover (£344m) and the value relating to heritage assets (£193m), we queried two reconciling elements - an amount relating to environmental records (£54m) and a an amount due to duplications (£75m). The £54m relating to environmental records is discussed below.</i></p> <p><i>The duplications were identified by the Council by undertaking a review of the insured items compared to the itinerary listing. £75m of assets have been therefore been insured twice, suggesting a lost premium of approximately £40k. Whilst this reconciliation exercise avoided material misstatement of the accounts value, the exercise should have been undertaken at the insurance stage to prevent overpayment of insurance premium.</i></p> |
| 2 | Bristol Regional Environmental Records Centre (BRERC) | <p><i>As part of the Council's insurance review, cover was provided for approximately £54m in respect of environmental surveys hosted by BRERC. BRERC provides a service on behalf of Bristol City Council, Bath & North East Somerset, South Gloucestershire, the Environment Agency and the Avon Wildlife Trust. BRERC operates via a joint agreement between these parties. With the exception of the Avon Wildlife Fund the other organisations all make a contribution to costs. As set out in the joint agreement, Bristol City Council has been appointed to provide services for BRERC.</i></p> <p><i>We questioned whether the records represented an intangible asset that the Council had an interest in and that might need recognition through the Group Accounts. Whilst there is a reasonable basis of valuation, the Council concluded there was no control over the records and so there is no intangible asset. In this circumstance there is also no disclosure requirement to be included in the Accounts.</i></p> |
| 3 | Valuation of investment in subsidiaries | <p>The Council has continued to invest in its subsidiaries (Bristol Waste and Bristol Energy) through their holding company, Bristol Holding Limited. Total investment up to 31 March 2018 has been £22.9 million.</p> <p>We have referred the valuation approach and calculations to our specialist valuations team and we are content with the £10.8m valuation. This valuation has resulted in an impairment to the carrying value of this investment of £12.9 million.</p> <p>The remaining investment in the subsidiaries is in the form of 7% preference shares. We are of the view that these are akin to debt rather than equity and should therefore be classified as loans and receivables on the balance sheet. They are currently held as Available for Sale assets. We have included this as an unadjusted error in Appendix 1.</p> |

| AUDIT AREA | | AUDIT FINDINGS |
|------------|--------------------------------|---|
| 4 | Remuneration report disclosure | <p>A number of presentational changes were required to the remuneration report to ensure that the requirements of the Code have been met. All presentational changes have been updated. This included naming officers whose annualised salary was over the £150k threshold.</p> <p>We have reviewed documentation relating to the final payment made to the former Chief Executive including legal advice relating to the interpretation of certain contractual documents. On the basis of that documentation we concluded that it was inappropriate to determine that all of the payment made, which included both salary-related and pensions-related elements, were contractual. We have discussed proposed amendments necessary to the remuneration disclosures in the accounts, which had initially reported the whole payment within salary and pensions categories rather than within the category relating to compensation for loss of office.</p> |
| 5 | Members' allowances | <p><i>Our testing of Members' Allowances identified a number of discrepancies between the draft Accounts and the Council's payroll information. The payroll information agreed to Members' entitlements, but the working papers supporting the accounts were wrong. The total variance was approximately £6,700 (understated), increasing total remuneration to £1,241k.</i></p> |
| 6 | Group Accounts audit issues | <p><i>We have encountered a number of issues during the course of our audit of Group accounts that have required additional, unplanned work to resolve. These included:</i></p> <ul style="list-style-type: none"> <i>• Underlying consolidation working papers were not constructed so as to systematically aggregate component elements and then eliminate intra-group transactions with a clear transaction-by-transaction audit trail, but included a part aggregation compared to an end point, then seeking to explain variances. The Council provided reworked working papers during the course of the audit, but whilst providing a more transparent consolidation adjustments trail for part of the consolidation did not fully address the issues raised. A full implementation before preparing the 2018/19 accounts, in discussion with the new external auditors, would be sensible.</i> <i>• Material inconsistencies between three of the primary statements were identified. The surplus/deficit on provision of services figure in the CIES was different to that stated in the Movement in Reserves Statement (MiRS) and different again to the one in the Cash Flow note, with these differences being above materiality so, not some trivial rounding.</i> <i>• Draft Group Accounts did not include all relevant notes, specifically only including notes to the Cashflow Statement and omitting Income, Debtors, Creditors and a Group Financial Instruments note.</i> <i>• Some notes did not agree to the primary statements. Whilst we were offered reconciliations to explain the variances, this failed to address the fundamental issue that the notes should have agreed (and therefore provided further analysis of) the primary statements figures. These variances should not have arisen if a more systematic consolidation process had been undertaken.</i> <i>• Treatment of subsidiaries in the Group MiRS. This was a complicated area to resolve and involved a number of iterations of the Statement to address all of the issues identified and discussions between officers and the audit team to work through the various points. Some aspects would have been helped by a more systematic consolidation working paper to use as a basis.</i> <p><i>The above issues suggest insufficient quality review of draft accounts and supporting working papers. We have made recommendations in Appendix II relating to the approach to consolidation and also pre-audit quality review.</i></p> |

| AUDIT AREA | AUDIT FINDINGS |
|------------|---|
| 7 | <p data-bbox="456 268 2024 325"><i>In the draft Statement of Accounts, the Council have disclosed a contingent liability in respect of financial guarantees provided to the Councils' 100% owned subsidiary, Bristol Energy.</i></p> <p data-bbox="456 331 1980 357"><i>We reviewed the documents provided by the Council and agreed the relevant points of the contract. We noted the following considerations.</i></p> <ul data-bbox="456 363 2060 453" style="list-style-type: none"> <li data-bbox="456 363 1832 389">• <i>The Council has considered whether the issued guarantee meets the definition of a financial guarantee contract in IAS 39.</i> <li data-bbox="456 395 2060 453">• <i>The Council has concluded that the guarantee does not meet the definition of a financial guarantee as the guarantee relates to credit line and not a debt instrument.</i> <p data-bbox="456 459 1980 485"><i>The Council are correct to first start with the definition of a financial guarantee contract, per the Code (and consistent with IAS 39) this is:</i></p> <p data-bbox="456 491 1980 549"><i><u>A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument.</u></i></p> <p data-bbox="456 555 2060 612"><i>The Council has concluded that there is no debt instrument in the contract and this is consistent with our understanding. They have also concluded that there is no financial liability to recognise under IAS39.</i></p> <p data-bbox="456 619 2038 724"><i>Given that the contract would only come into force if Bristol Energy failed to meet its obligations, we considered that it is reasonable to reach this conclusion. The Council have therefore applied the principles of IAS37 to determine whether the obligation meets the definition of a provision or contingent liability, with the key issue being that there were no indications at the balance sheet date that there would be a probable outflow of economic benefit - Bristol Energy is still trading.</i></p> |
| 8 | <p data-bbox="456 756 2060 868">Whilst the directors have ultimate responsibility for prevention and detection of fraud, we are required to obtain reasonable assurance that the financial statements are free from material misstatement, including those arising as a result of fraud. Our audit procedures did not identify any fraud. We will seek confirmation from those charged with governance on whether you are aware of any known, suspected or alleged frauds since we last enquired when presenting the Audit Planning Report on 20 March 2018.</p> |

OTHER REPORTING MATTERS

We comment below on other reporting required to be considered in arriving at the final content of our audit report:

| MATTER | COMMENT |
|--------|--|
| 1 | <p>We are required to report on whether the financial and non-financial information in the Narrative Report within the Statement of Accounts is consistent with the financial statements and the knowledge acquired by us in the course of our audit.</p> <p>Our audit did not identify any inconsistencies between the other information in the Statement of Accounts and the financial statements.</p> |
| 2 | <p>We are required to report by exception if the Annual Governance Statement does not meet the disclosure requirements set out in the guidance 'Delivering Good Governance in Local Government Framework' (2016 Edition) published by CIPFA/SOLACE or is misleading or inconsistent with other information that is forthcoming from the audit.</p> <p>We have no matters to report in relation to the Annual Governance Statement's compliance with relevant guidance.</p> |

CONTROL ENVIRONMENT

We are required to report to you, in writing, significant deficiencies in internal control that we have identified during the audit. These matters are limited to those which we have concluded are of sufficient importance to merit being reported to the Audit Committee.

As the purpose of the audit is for us to express an opinion on the Council's financial statements and use of resources, you will appreciate that our audit cannot necessarily be expected to disclose all matters that may be of interest to you and, as a result, the matters reported may not be the only ones which exist. As part of our work, we considered internal control relevant to the preparation of the financial statements such that we were able to design appropriate audit procedures. This work was not for the purpose of expressing an opinion on the effectiveness of internal control.

We note that the Council's internal audit function has issued a number of observations and recommendations on the Council's control environment during 2017/18. We have not repeated these recommendations in this report unless we consider them to highlight significant deficiencies in control which we are required to report to you.

Our audit has identified the following significant deficiency, which is included in the action plan at Appendix II:

- The Council uses an in-house valuations team to provide valuations of its property, plant and equipment and investment properties. We identified that during the year, the Council's valuation team did not perform their usual peer review of the valuations undertaken in year. As a result, there is a risk that material errors may go undetected by the Council. We recommend that this review is reinstated and fully documented in order to provide a robust control to ensure the valuations are appropriate.

WHOLE OF GOVERNMENT ACCOUNTS

We comment below on other reporting required:

| | MATTER | COMMENT |
|---|--|---|
| 1 | <p>For Whole of Government Accounts (WGA) component bodies that are over the prescribed threshold of £500 million in any of: assets (excluding property, plant and equipment); liabilities (excluding pension liabilities); income or expenditure we are required to perform tests with regard to the Data Collection Tool (DCT) return prepared by the Authority for use by the Department of Communities and Local Government for the consolidation of the local government accounts, and by HM Treasury at Whole of Government Accounts level. This work requires checking the consistency of the DCT return with the audited financial statements, and reviewing the consistency of income and expenditure transactions and receivables and payable balances with other government bodies.</p> | <p>Local authorities were required to submit the unaudited DCT to HM Treasury and auditors by 14 June 2018. The Council met this deadline.</p> <p>We will complete our review of the WGA Data Collection Tool (DCT), after we have completed our audit of the Council's financial statements.</p> |

USE OF RESOURCES

We are required to be satisfied that proper arrangements have been made to secure economy, efficiency and effectiveness in the use of resources (value for money) and report to you on an 'except for' basis. This is based on the following reporting criterion:

In all significant respects, the audited body had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people.

There are three sub criteria that we consider as part of our overall risk assessment:

- Informed decision making
- Sustainable resource deployment
- Working with partners and other third parties.

We reported our risk assessment, which included use of resources significant risks, in the 2017/18 Audit Planning Report issued on 20 March 2018. We have since undertaken a more detailed assessment of risk following our completion of the interim review of financial controls and review of the draft financial statements and we have not included any additional significant risks.

We report below our findings of the work designed to address these significant risks and any other relevant use of resources work undertaken.

Key: ■ Significant risk ■ Normal risk ■ Other issue

USE OF RESOURCES

| RISK AREA | RISK DESCRIPTION AND WORK PERFORMED | AUDIT FINDINGS AND CONCLUSION |
|------------------------------------|---|--|
| <p>1 Sustainable finances (SR)</p> | <p>In our audit plan, we identified sustainable finances as significant risk area.</p> <p>In 2017, the Council agreed to implement savings proposals designed to reduce net expenditure by more than £30 million in 2017/18. At 31 December 2017 (month 9) the Council was forecasting an adverse variance against the savings plan of approximately £3.1 million which were classified as being “at risk”.</p> <p>The implementation of the savings proposals is part of a longer-term plan to deliver financial sustainability of the Council and further savings proposals are planned for the period to 31 March 2022.</p> <p>The savings plan was agreed by the Council in February 2017 when it was evident that the Council was likely to incur a 2016/17 budget deficit. This 2016/17 deficit amounted to approximately £10 million and was one factor in the decision to modify our 2016/17 conclusion on the use of resources.</p> <p>The Council’s financial monitoring arrangements have been subject to significant strengthening over the past eighteen months. Despite elements of the savings plan being at risk, at month 9, the Council is forecasting a small underspend against its 2017/18 budget.</p> <p>In August 2017, the Council agreed a new medium term financial plan (MTFP) which set out the cost pressures faced by the Council and also identified areas where the Council could develop funding. For example, the Council plans to support the construction of 2,000 homes per year, which will impact upon the Council’s income in the form of the New Homes Bonus and also increase the yield from Council tax in the City. The plan sets out how the Council will achieve a balanced budget over the next four years.</p> <p>Given a background of reduced levels of grant income combined with increased service demands, sustainable finances remains as a significant risk for our audit.</p> <p>In addressing this risk in 2017/18, we looked at the assumptions underlying the current MTFP; looked at the Council’s financial monitoring process for 2017/18; and looked at the process for initiating, approving, implementing and monitoring savings plan proposals.</p> | <p>The current MTFP, published in July 2017, covers the period from 1 April 2017 to 31 March 2022 and is currently showing a funding gap for 2017/18 to 2021/22 of £42m, which is over and above the £62m of proposed savings identified as being required to balance the budget in the medium term in the 2017/18 budget.</p> <p>The next round of medium term financial planning is well under way, with this starting with the 2018/19 budget exercise which included producing an updated savings plan.</p> <p>In the plan, the savings undelivered in 2017/18 (£8m) have been rolled forward, plus additional savings of £42m have been identified. Therefore, over the period of the next MTFP (i.e. up to 2022/23), the forecast budget is balanced.</p> <p>The 2017/18 budget was balanced, even though £8m of forecast savings were not delivered. This was achieved by achieving offsetting savings elsewhere and through the use of non-recurring income and contingencies that were built into the budget.</p> <p>Although, the Council has an ambitious savings plan, it was able to balance its budget in 2017/18 and it has a balanced budget over the course of the next MTFP term to 2022/23. In addition, a robust scrutiny process is now in place through the Delivery Working Group and the Delivery Executive.</p> <p>Therefore, we anticipate issuing an unmodified opinion in this area.</p> |

| RISK AREA | RISK DESCRIPTION AND WORK PERFORMED | AUDIT FINDINGS AND CONCLUSION |
|---|--|---|
| <p>2 Informed decision-making (SR)</p> | <p>In our audit plan, we identified informed-decision-making as a significant risk area.</p> <p>Following concerns around the forecast budget deficit in 2016/17, the Council commissioned an independent review of its arrangements. The Bundred Report (issued in February 2017) identified a range of areas for the Council to address.</p> <p>In our 2016/17 audit we were able to confirm that significant steps had been taken to improve the arrangements but that for parts of 2016/17 the arrangements were inadequate. Accordingly we issued an adverse conclusion on the Council's use of resources. In addition, we also had concerns about the transparency of the operations within the Council's subsidiaries and whether members received the financial information that they needed to ensure effective oversight.</p> <p>In response to the findings within the Bundred Report, the Council has responded and has taken many steps to address weaknesses.</p> <p>While it is evident that significant progress has been made, the arrangements to ensure informed decision making arrangements are in place remains a significant risk for our audit.</p> <p>To assess the arrangements in 2017/18, we looked at the council's financial monitoring process and governance arrangements; looked at arrangements in place for monitoring and reporting the savings achieved against those forecast in the savings plan; reviewed the Council's progress in implementing the recommendations of the Bundred Report; and refreshed and updated our understanding of the governance arrangements in place in respect of the Council's material subsidiaries.</p> | <p>The Council's governance arrangements have evolved since the prior year. Reports on financial performance are reviewed and challenged by the Mayor before going to Cabinet. Additionally, the Oversight & Scrutiny Management Board also receive the monthly financial monitoring reports and their role is to keep "an overview of Council business including scrutinising areas of particular interest or concern, holding the Executive to account for the decisions that are made, and assisting in the development and review of Council policy."</p> <p>In respect of the savings plan, £8m of the forecast savings of £32m were not delivered during 2017/18, but the budget was balanced. This was achieved from offsetting savings in other areas and through the use of non-recurring income and contingencies that were built into the budget.</p> <p>In respect of the Bundred Report, 73 of the 85 recommendations (86%) had been implemented by 30 June and the Council are on course to implement all the recommendations by the end of the financial year 2018/19.</p> <p>In respect of the Council's material subsidiaries, 2017/18 was the first full year of operation of the shareholder oversight group. This group's aim is not only to improve oversight over these subsidiaries, but also to foster closer links with their respective Boards.</p> <p>The group has carried out a governance review and this has highlighted some areas of improvement, which are being followed up by using a detailed action plan.</p> <p>However, as a consequence of the issues identified during the financial statements audit relating to the final payment made to the ex-Chief Executive, we have also reviewed the arrangements in place in respect of this payment.</p> |

| RISK AREA | RISK DESCRIPTION AND WORK PERFORMED | AUDIT FINDINGS AND CONCLUSION |
|-----------|-------------------------------------|---|
| | | <p>This included reviewing documentation relating to the payment including legal advice relating to the interpretation of certain contractual documents. This concluded that it was inappropriate to conclude that all of the payment made, which included both salary-related and pensions-related elements, was contractual.</p> <p><i>The decision-making processes were inadequate in a number of areas, with those arrangements continuing into the 2018/19 financial year. We issued a separate report containing three statutory recommendations made under Schedule 7 of the Local Audit and Accountability Act 2014 which are seeking the Council to make changes to arrangements such that further recurrences are prevented.</i></p> <p><i>Given the significance of the role involved and previous concerns relating to the processes involved in severance for a senior officer, we will be issuing a modified “except for” conclusion in respect of this specific matter.</i></p> <p><i>As noted above, a separate report, focusing on the area of the review giving rise to the statutory recommendations was issued on 11 March 2019 for presentation to the Full Council on 19 March 2019. The report was copied to the secretary of State for Housing, Communities and Local Government in compliance with the requirements of the Act.</i></p> |

APPENDICES

APPENDIX I: AUDIT DIFFERENCES

We are required to bring to your attention audit differences identified during the audit, except for those that are clearly trivial, that the Audit Committee is required to consider. This includes: audit differences that have been corrected by management; and those that remain uncorrected along with the effect that they have individually, and in aggregate, on the financial statements.

ADJUSTED AUDIT DIFFERENCES

Our audit has identified one material misstatement in respect of Heritage Assets. In addition there were two other errors adjusted by the Council:

- Heritage assets valued at approximately £98m that had previously been omitted from valuation but which were identified by the new insurer had been recognised during the year rather than adjusted for as a prior period adjustment (PPA), given that these assets were largely held by the Council from before the start of the financial year and, in fact, before the start of the comparison period (i.e. before 1 April 2016).
- Provisions made by the Council in respect of School' converting to academy status of £3m has been removed as it does not meet the definition of a provision.
- Provisions made in respect of Long Ashton Park and Ride Scheme of £1.6 million have been reclassified to trade creditors as title deed passed during the year.

This had no impact on the provision of service.

UNADJUSTED AUDIT DIFFERENCES

There are six unadjusted audit differences identified by our audit work which would reduce the deficit on provision of services by £41,000 if corrected. You consider these identified misstatements to be immaterial in the context of the financial statements taken as a whole. We concur with this judgement however we also request that you correct them even though not material.

APPENDIX I: AUDIT DIFFERENCES

| | INCOME AND EXPENDITURE / FUND ACCOUNT | | STATEMENT OF FINANCIAL POSITION / NET ASSETS | |

| IMPACTING PROVISION OF SERVICE | (41) | | | | |
| Deficit on provision of services if adjustments accounted for | 13,229 | | | | |

APPENDIX I: AUDIT DIFFERENCES

| IMPACT ON GENERAL FUND AND HRA BALANCES | GENERAL FUND BALANCE £000s | HRA BALANCE £000s |
|---|----------------------------|-------------------|
| Balances before adjustments | 20,000 | 71,269 |
| Adjustments to CIES above | 41 | - |
| BALANCES AFTER ADJUSTMENTS | 20,041 | 71,269 |

UNADJUSTED DISCLOSURE MATTERS

The following unadjusted disclosure matters were noted:

-
- Actual capital receipts are £16.7m although prior disclosure rolled forward as 19.7m as such should be adjusted.
- Classification of investment in subsidiaries has been incorrectly disclosed as Available for Sale assets - £10.8m
- Provisions in respect of NNDR appeals settled prior to the year-end should be classified as payables - £1m

APPENDIX II: RECOMMENDATIONS AND ACTION PLAN

Key: ■ Significant deficiency in internal control ■ Other deficiency in internal control ■ Other observations

| AREA | OBSERVATION AND IMPLICATION | RECOMMENDATION | MANAGEMENT RESPONSE | RESPONSIBLE OFFICER | TIMING |
|--|--|--|---|---------------------|------------|
| STATEMENT OF ACCOUNTS AND FINANCIAL STATEMENTS | | | | | |
| Peer review of investment property valuations | There was limited evidence that the valuation undertaken by the in house valuations team were subject to peer review as in the previous year. This was due to the valuations being undertaken at an earlier period (1 December 2017) to accommodate faster closing. | Undertake and retain audit trail for a peer review of investment property valuations for the 2018/19 accounts closedown. | Although a review was carried out we accept that this was not properly recorded. We will ensure this is appropriately evidenced through a formal process. | Richard Fear | May 2019 |
| Starters, leavers and movers (Controcc, LiquidLogic Adult System, LiquidLogic Children System and ABW) | <p>Leavers</p> <p>The leavers process is not regularly followed. There is an increased likelihood of the risk that users may accumulate permissions and leaver's accounts may not be suspended in a timely manner.</p> <p>Crystallisation of this risk may have resulted in a material misstatement or fraud because user accounts may have been used to:</p> <ol style="list-style-type: none"> 1) process unauthorised, fraudulent or inaccurate transactions, and 2) bypass controls designed or required to segregate duties. | <p>Leavers</p> <p>Management should ensure that a formal leavers process is in place. To accomplish this, a formal leavers form/ticket should be issued which must:</p> <ul style="list-style-type: none"> - be submitted by authorised members of staff only (e.g. Line Managers, HR) to the relevant system administrator - outline the systems that the user currently has access and should be removed from - be formally signed off by the systems administrator once the user has been successfully removed - remain archived for at least one full year <p>It is also advised for HR to send a list of all leavers over the past fortnight/month which should be distributed to system administrators for them to confirm that the user has indeed been removed from all relevant systems.</p> | <p>The current HR and payroll system will be decommissioned To Read Only on 1 April 2019</p> <p>The implementation of a new integrated HR and payroll system Midland ITrent will include an automated process to alert, via email, ICT of any leavers that have been processed for them to remove all ICT access.</p> <p>HR to provide monthly reports of leavers to ABW administrators to ensure leavers are removed from the system</p> <p>Leavers will only be processed upon instruction from a line manager.</p> | John Walsh | April 2019 |

| AREA | OBSERVATION AND IMPLICATION | RECOMMENDATION | MANAGEMENT RESPONSE | RESPONSIBLE OFFICER | TIMING |
|--|---|---|---|---------------------|------------|
| STATEMENT OF ACCOUNTS AND FINANCIAL STATEMENTS | | | | | |
| <p>Starters, leavers and movers (Controcc, LiquidLogic Adult System, LiquidLogic Children System and ABW)</p> <p>[continued]</p> | <p>Access Reviews</p> <p>There is no periodic review of user accounts that exist on the system, or the roles/permissions/privileges that are allocated. Due to the absence of adequately designed and implemented preventative controls, there is an increased likelihood of the risks that users do not have permissions in accordance with their role, users may have accumulated permissions through promotion or changes in role and that leaver's accounts have not been suspended in a timely manner will go unresolved.</p> <p>Due to the high, 30, number of users with a high level of access these should be monitored regularly to ensure that they are appropriate.</p> <p>Crystallisation of this risk may have resulted in a material misstatement or fraud because user accounts may have been used to:</p> <ol style="list-style-type: none"> 1) process unauthorised, fraudulent or inaccurate transactions, and 2) bypass controls designed or required to segregate duties. | <p>Access Reviews</p> <p>The user access review process should be performed by an individual who is independent of the user access set up and deletion process. The process should include obtaining a system generated user list for the respective application which specifically details the access permissions that each user has been allocated.</p> <p>This should be signed by management to verify that this allocation is appropriate.</p> <p>If any changes are required as a result of this review, this should be requested via the formal request for user modification process.</p> <p>This review should take place on a bi-annual basis.</p> | <p>The introduction of a new HR and payroll system with effect from 1 April 2019 will include a review of access profiles and will follow a strict protocol of requesting and granting access levels within the restrictions of a post role.</p> <p>Any amendments to access/roles will require documented authorisation from direct line manager and will only be granted within the restrictions of the role.</p> <p>The reporting facility within the new system will enable the production of reports on accessibility and usage.</p> | John Walsh | April 2019 |

|--|--|---|--|---------------------|------------|
| STATEMENT OF ACCOUNTS AND FINANCIAL STATEMENTS | | | | | |
| Preparation and review of Group Accounts, including consolidation working papers | We identified a number of issues with the draft Group Accounts and shortcomings in the supporting consolidation working papers. | <p>A base consolidation working paper systematically aggregating components and then reflecting separable consolidation/elimination adjustments should be prepared in support of the Group Accounts. This should include all primary statements and supporting notes.</p> <p>The draft Group Accounts should be reviewed for completeness of content against the requirements of the CIPFA Code.</p> <p>The draft Group Accounts and supporting working papers should be subject to thorough quality review by a more senior officer before issue to Audit Committee and to the auditors.</p> | Finance Officers are currently working with our current auditors to ensure primary statements, notes and working papers meet their requirements. | Chris Holme | March 2019 |
| Change Management and passwords(Selima) | <p>Change management: Sign-off and approvals before going live are done face to face and not documented. These should be documented formally.</p> <p>Password setting: The configurable password parameters in place for Selima are not in line with good practice and could be strengthened to increase security.</p> | <p>Change management: Sign off and approvals should be given formally, either over email or signed in a testing document.</p> <p>Password settings: We recommend improving password strength.</p> | <p>The introduction of the new HR and Payroll system with effect from 1 April 2019 will result in the introduction of a change management protocol and will not be the decision of one person. All decisions will be documentation and approved via a Change Board</p> <p>The password configuration in Midland ITrent will reflect the current Corporate standard</p> | Lorraine Howells | April 2019 |

| AREA | OBSERVATION AND IMPLICATION | RECOMMENDATION | MANAGEMENT RESPONSE | RESPONSIBLE OFFICER | TIMING |
|---|---|--|---|---------------------|------------|
| STATEMENT OF ACCOUNTS AND FINANCIAL STATEMENTS | | | | | |
| Starters, Movers and Leavers (Uniform) | There is no formal process for adding or removing users from the application and is mostly done over phone or face-to-face request. Leavers are often not brought to the attention of administrators and will remain on the application until a review is carried out. Access reviews are not formally documented and are ad hoc, often performed when an update goes live. | <p>New user requests should be formally documented through a new user form filled out by the users manager outlining what access is required. The form should be kept for records.</p> <p>There should also be a leaver form or notification from HR when a user leaves to ensure that they are removed from the application in a timely manner.</p> <p>Regular access reviews should be performed regularly and be formally documented and signed off. Any changes as a result of these reviews should go through the standard processes.</p> | Please see comments above. | John Walsh | April 2019 |
| Change management - Liquidlogic Children System | No documentation of the change process could be provided by Bristol City Council. | When a change to the system is implemented it should be logged in the ticketing system and progress and steps should also be recorded. Therefore there is a list of all changes and it can be easily checked. | Agreed, we will review and implement an improved change process | Carol Watson | June 2019 |

APPENDIX III: MATERIALITY

MATERIALITY - COUNCIL

| | FINAL | PLANNING |
|---------------------------|--------------|--------------|
| Materiality | 18.1 million | 18.0 million |
| Clearly trivial threshold | £362,000 | £360,000 |

Materiality for the Council has been based on 1.65% of actual gross expenditure in 2017/18 of £1,096 million.

The clearly trivial amount is based on 2% of the materiality level.

Materiality has been revised to reflect the final outturn

MATERIALITY - GROUP

| | FINAL | PLANNING |
|---------------------------|---------------|---------------|
| Materiality | £19.2 million | £18.8 million |
| Clearly trivial threshold | £384,000 | £376,000 |

Planning materiality of £18.8 million was based on 1.65 of gross expenditure, using prior year outturn.

Materiality has been revised to reflect final outturn.

APPENDIX IV: INDEPENDENCE

Under ISAs (UK) and the FRC's Ethical Standard, we are required as auditors to confirm our independence.

We have embedded the requirements of the Standards in our methodologies, tools and internal training programmes. Our internal procedures require that audit engagement leads are made aware of any matters which may reasonably be thought to bear on the integrity, objectivity or independence of the firm, the members of the engagement team or others who are in a position to influence the outcome of the engagement. This document considers such matters in the context of our audit for the year ended 31 March 2018.

Details of services, other than audit, provided by us to the Council and the Group during the period and up to the date of this report were provided in our Audit Planning Report. We understand that the provision of these services was approved by the Audit Committee in advance in accordance with the Council's policy on this matter.

Details of rotation arrangements for key members of the audit team and others involved in the engagement were provided in our Audit Planning Report.

We have not identified any other relationships or threats that may reasonably be thought to bear on our objectivity and independence.

We confirm that the firm, the engagement team and other partners, directors, senior managers and managers conducting the audit comply with relevant ethical requirements including the FRC's Ethical Standard and are independent of the Council and the Group.

Should you have any comments or queries regarding any independence matters we would welcome their discussion in more detail.

APPENDIX V: FEES SCHEDULE

| | 2017/18 FINAL PROPOSED £ | 2017/18 PLANNED £ | 2016//17 FINAL £ | EXPLANATION FOR VARIANCES |
|---|-----------------------------------|-------------------------|------------------------|---|
| Code audit fee | 208,687 | 208,687 | 203,687 | |
| Review of final payment to ex Chief Executive | 21,000 | - | - | |
| Fee for reporting on the housing benefits subsidy claim | TBC | 20,427 | 20,427 | <i>Planned fee based on one 40+ additional sample, but actual work required six 40+ samples to be undertaken.</i> |
| TOTAL AUDIT AND CERTIFICATION FEES | TBC | 229,114 | 224,114 | |
| • Teachers Pension Scheme certification fee | 7,950 | 7,950 | | |
| • DfT major transport scheme | 5,200 | 5,200 | | <i>Not required</i> |
| NON-AUDIT ASSURANCE SERVICES | 7,950 | 7,950 | Nil | |
| TOTAL ASSURANCE SERVICES | TBC | 237,064 | 224,114 | |

APPENDIX VI: DRAFT LETTER OF REPRESENTATION

TO BE TYPED ON CLIENT HEADED NOTEPAPER

BDO LLP
16 The Havens
Ransomes Europark
Ipswich
Suffolk
IP3 9SJ

XX March 2019

Dear Sirs

Financial statements of Bristol City Council and the Group for the year ended 31 March 2018

We confirm that the following representations given to you in connection with your audit of the Council's financial statements and the Group financial statements for the year ended 31 March 2018 are made to the best of our knowledge and belief, and after having made appropriate enquiries of other officers and members of the Council.

The Director of Finance has fulfilled her responsibilities for the preparation and presentation of the financial statements as set out in the Accounts and Audit Regulations 2015 and Statement of Responsibilities of Auditors and Audited Bodies within Chapter 2 of the Code of Audit Practice published by the National Audit Office in April 2015, and in particular that the financial statements give a true and fair view of the financial position of the Council as of 31 March 2016 and of its income and expenditure and cash flows for the year then ended in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

We have fulfilled our responsibilities on behalf of the Council, as set out in the Accounts and Audit Regulations 2015, to make arrangements for the proper administration of the Council's financial affairs, to conduct a review at least once in a year of the effectiveness of the system of internal control and approve the Annual Governance Statement, to approve the Statement of Accounts (which include the financial statements), and for making accurate representations to you.

We have provided you with unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence. In addition, all the accounting records have been made available to you for the purpose of your audit and all the transactions undertaken by the Council have been properly reflected and recorded in the accounting records. All other records and related information, including minutes of all management and other meetings have been made available to you.

In relation to those laws and regulations which provide the legal framework within which the Council's business is conducted and which are central to our ability to conduct our business, we have disclosed to you all instances of possible non-compliance of which we are aware and all actual or contingent consequences arising from such instances of non-compliance.

There have been no events since the balance sheet date which either require changes to be made to the figures included in the financial statements or to be disclosed by way of a note. Should any material events of this type occur, we will advise you accordingly.

APPENDIX VI: DRAFT LETTER OF REPRESENTATION

We are responsible for adopting sound accounting policies, designing, implementing and maintaining internal control, to, among other things, help assure the preparation of the financial statements in conformity with generally accepted accounting principles and preventing and detecting fraud and error.

We have considered the risk that the financial statements may be materially misstated due to fraud and have identified no significant risks.

To the best of our knowledge we are not aware of any fraud or suspected fraud involving management or employees. Additionally, we are not aware of any fraud or suspected fraud involving any other party that could materially affect the financial statements.

To the best of our knowledge we are not aware of any allegations of fraud or suspected fraud affecting the financial statements that have been communicated by employees, former employees, analysts, regulators or any other party.

We attach a schedule showing accounting adjustments that you have proposed, which we acknowledge that you request we correct, together with the reasons why we have not recorded these proposed adjustments in the financial statements. In our opinion, the effects of not recording such identified financial statement misstatements are, both individually and in the aggregate, immaterial to the financial statements.

We have disclosed to you the identity of all related parties and all the related party relationships and transactions of which we are aware. We have appropriately accounted for and disclosed such relationships and transactions in accordance with the applicable financial reporting framework.

We have no plans or intentions that may materially affect the carrying value and where relevant, the fair value measurement, or classification of assets or liabilities reflected in the financial statements.

We have disclosed all known actual or possible litigation and claims whose effects should be considered when preparing the financial statements and these have been disclosed in accordance with the requirements of accounting standards.

We confirm that the significant assumptions used in making accounting estimates, including those measured at fair value, are reasonable:

(a) Pension Fund

We confirm that the actuarial assumptions underlying the valuation of the Local Government Pension Scheme (LGPS) scheme liabilities, as applied by the scheme actuary, are reasonable and consistent with our knowledge of the business. These assumptions include:

- CPI increase: 2.1%
- Salary increase: 3.6%
- Pension increase: 2.2%
- Discount rate: 2.6%
- Mortality: male current 26.2 years, female current 28.8 years, male retired 23.6 years and female retired 26.1 years

We consider these assumptions to be appropriate for the purposes of estimating the pension liability in accordance with the Code and IAS 19.

(b) Valuation of other land and buildings and investment properties

We are satisfied that the useful economic lives of the other land and buildings, and their constituent components, used in the valuation of the other land and buildings, and the calculation of the depreciation charge for the year, are reasonable. We confirm that the valuations, including desktop valuations, applied in the year, as provided by the valuer and accounted for in the financial statements, are reasonable and consistent with our knowledge of the business and are not materially misstated at year end. In particular, we are satisfied that:

- Specialised operational land and buildings where there is no market based evidence of current value are based on rebuild index prices
- Non-specialised operational land and buildings are based on existing use prices.

We are satisfied that investment properties have been appropriately valued at fair value, based on highest and best use

(c) Allowance for non-collection of receivables

We are satisfied that the impairment allowances for council tax receivables, business rates receivables and housing benefit overpayments are reasonable, based on write-off rates or collection rate data.

(d) NDR Provision

We are satisfied that the provision for NDR is reasonable.

We confirm that the above representations are made on the basis of enquiries of management and staff with relevant knowledge and experience (and, where appropriate, of inspection of supporting documentation) sufficient to satisfy ourselves that we can properly make each of the above representations to you.

We confirm that the financial statements are free of material misstatements, including omissions.

We acknowledge our legal responsibilities regarding disclosure of information to you as auditors and confirm that, so far as we are aware, there is no relevant audit information needed by you in connection with preparing your audit report of which you are unaware. Each director and member has taken all the steps that they ought to have taken as a director or member to make themselves aware of any relevant audit information and to establish that you are aware of that information.

Yours faithfully

Denise Murray

Director of Finance (s.151 Officer)

APPENDIX VII: DRAFT AUDIT REPORT

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE BRISTOL CITY COUNCIL

Opinion on the financial statements

We have audited the financial statements of Bristol City Council (“the Council”) and its subsidiaries (“the Group”) for the year ended 31 March 2018 which comprise the Council and Group Comprehensive Income and Expenditure Statements, the Council and Group Movement in Reserves Statements, the Council and group Balance Sheets, the Council and Group Cash Flow Statements, the Housing Revenue Account Income and Expenditure Statement, the Movement on the Housing Revenue Account Statement, the Collection Fund Statement and notes to the financial statements including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2017/18.

In our opinion the financial statements:

- give a true and fair view of the financial position of the Council as at 31 March 2018 and of its expenditure and income for the year then ended;
- give a true and fair view of the financial position of the Group as at 31 March 2018 and of its expenditure and income for the year then ended; and
- have been prepared properly in accordance with applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2017/18.

Basis for the pinion on the financial statements

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)), the Code of Audit Practice issued by the National Audit Office in April 2015 (“Code of Audit Practice”) and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditor’s responsibilities for the audit of the financial statements section of our report. We are independent of the Council and group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC’s Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Director of Finance’s use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
 - the Director of Finance has not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Council’s ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.
-

Other information

The Director of Finance is responsible for the other information. The other information comprises the Narrative report together with all other information included in the Statement of Accounts, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Qualified Conclusion on the Council's arrangements for securing economy, efficiency and effectiveness in its use of resources

On the basis of our work, having regard to the guidance on the specified criterion published by the National Audit Office in November 2017, with the exception of the matter reported in the Basis for qualified conclusion on use of resources section of our report we are satisfied that, in all significant respects, the Council put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2018.

Basis for qualified conclusion on the Council's arrangements for securing economy, efficiency and effectiveness in its use of resources

Our work in respect of considering the Council's arrangements for informed decision-making included consideration of matters referred to us in connection with the final payment made to the ex-Chief Executive during the financial year.

We identified that:

- Recommendations previously made in connection with the final payment made to the ex-City Director had not been implemented and contributed towards the issues identified with the final payment to the ex-Chief Executive. These weaknesses persist.
- The arrangements in place did not support transparency in the Member approval of final payments.
- For the payment in question:
 - Whilst external legal advice was sought relating to the interpretation of the contract in the context of contractual entitlement, this element was obtained without the involvement of the Council's Legal Services, there was confusion about what information was provided to support the advice and we consider that the conclusion reached was surprising given the clarity of the relevant terms set out in the contract.
 - The decision to not require approval from the Human Resources (HR) Committee was supported by external legal advice, but there is no definitive evidence to explain why this was concluded. This route was not consistently applied to other cases.

These matters are evidence of significant weaknesses in arrangements to ensure informed decision-making by the Council. As set out below, statutory recommendations were issued in connection with these weaknesses under section 24 of the Local Audit and Accountability Act 2014.

We have undertaken our review of the Council's arrangements for securing economy, efficiency and effectiveness in its use of resources in accordance with the Code of Audit Practice, having regard to the guidance on the specified criterion, published by the National Audit Office in November 2017, as to whether in all significant respects, the Council had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people.

The National Audit Office has determined this criterion as that necessary for us to consider under the Code of Audit Practice in satisfying ourselves whether the Council put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2018.

Based on our risk assessment, we undertook such work as we considered necessary. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our qualified conclusion.

Matters on which we are required to report by exception

Statutory recommendations

On 11 March 2019 we issued a report in connection with our review of the final payment made to the ex-Chief Executive of the Council which contained recommendations made designated as statutory under section 24 of the Local Audit and Accountability Act 2014. This report was copied to the Secretary of State for Housing, Communities and Local Government. The report and the recommendations were considered and accepted at a meeting of the Full Council held on 19 March 2019.

The statutory recommendations made focused on:

- Drafting an appropriate policy and guidance to cover severance packages for senior staff
- Improving the transparency of information provided and ensuring positive approval of discretionary elements
- Clarifying the route and responsibilities for approval of severance packages

Other matters

We have nothing to report in respect of the following other matters which the Code of Audit Practice (April 2015) requires us to report to you if:

- we have been unable to satisfy ourselves that the Annual Governance Statement is misleading or inconsistent with other information that is forthcoming from the audit;
- we issue a report in the public interest under section 24 of the Act in the course of, or at the conclusion of the audit;
- we make an application to the court for a declaration that an item of account is contrary to law under Section 28 of the Local Audit and Accountability Act 2014;
- we issue an advisory notice under Section 29 of the Local Audit and Accountability Act 2014; or
- we make an application for judicial review under Section 31 of the Local Audit and Accountability Act 2014.

Responsibilities of the Director of Finance and the Council

As explained more fully in the Statement of Responsibilities, the Director of Finance is responsible for the preparation of the Statement of Accounts, which comprises the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom, and for being satisfied that the financial statements give a true and fair view.

In preparing the financial statements, the Director of Finance is responsible for assessing the Council's and group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Council intends to cease operations of the Council or group or has no realistic alternative but to do so.

The Council is responsible for putting in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

Auditor's responsibilities for the audit of the financial statements

In respect of our audit of the financial statements our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located at the Financial Reporting Council's website at: <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Auditor's responsibilities in respect of the Council's use of resources

We are required under Section 20 of the Local Audit and Accountability Act 2014 to satisfy ourselves that the Council has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. The Code of Audit Practice issued by the National Audit Office requires us to report to you our conclusion relating to proper arrangements, having regard to relevant criterion specified by the National Audit Office.

We report if significant matters have come to our attention which prevent us from concluding that the Council has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Council's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

Delay in certification of completion of the audit

We cannot formally conclude the audit and issue an audit certificate until we have completed the work necessary to issue our assurance statement in respect of the Council's Whole of Government Accounts consolidation pack. We are satisfied that this work does not have a material effect on the financial statements or on our use of resources conclusion.

Use of our report

This report is made solely to the members of Bristol City Council, as a body, in accordance with part 5 of the Local Audit and Accountability Act 2014 and as set out in the Responsibilities of the Audited Body and Responsibility of the Auditor within Chapter 2 of the Code of Audit Practice published by the National Audit Office in April 2015. Our audit work has been undertaken so that we might state to the members of the Council those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Council and the Council's members, as a body, for our audit work, for this report, or for the opinions we have formed.

BDO LLP is a limited liability partnership registered in England and Wales (with registered number OC305127).

APPENDIX VIII: AUDIT QUALITY

BDO is totally committed to audit quality

It is a standing item on the agenda of BDO's Leadership Team who, in conjunction with the Audit Stream Executive (which works to implement strategy and deliver on the audit stream's objectives), monitor the actions required to maintain a high level of audit quality within the audit stream and address findings from external and internal inspections.

BDO welcomes feedback from external bodies and is committed to implementing all necessary actions to address their findings.

We recognise the importance of continually seeking to improve audit quality and enhancing certain areas. Alongside reviews from a number of external reviewers, the AQR (the Financial Reporting Council's Audit Quality Review team), QAD (the ICAEW Quality Assurance Department) and the PCAOB (Public Company Accounting Oversight Board who oversee the audits of US companies), the firm undertakes a thorough annual internal Audit Quality Assurance Review and as a member firm of the BDO International network we are also subject to a quality review visit every three years.

We have also implemented additional quality control review processes for all listed and public interest audits.

More details can be found in our Transparency Report at www.bdo.co.uk

Audit Committee

26 March 2019

Report of: Director of Finance

Title: Statement of Accounts Year Ended 31 March 2018

Ward: City Wide

Officer Presenting Report: Denise Murray

Contact Telephone Number: 0117 3576255

Recommendation

The Audit Committee approve the Statement of Accounts for the year ended 31 March 2018

Summary

This report should be considered alongside the final ISA260 report being presented by the Council's external auditor.

The Statement of Accounts sets out the Council's financial position as at the 31 March 2018 along with a summary of its income and expenditure for the year to 31 March 2018. The financial statements are the main method of demonstrating financial accountability and stewardship.

The audit identified the requirement for further disclosure notes to the group accounts. These have been agreed and incorporated into the revised Statement of Accounts

Policy

None affected by this report.

Consultation

1. **Internal**
Executive Members and senior management
2. **External**
The draft accounts were available for public inspection.

Background and Context

1. Audit Committee last considered the draft accounts at its meeting of 16 October 2018, but at that time the external auditors were not in a position to issue the final ISA260 report.
2. The Council's Statement of Accounts has been prepared in accordance with The Code of Practice on Local Authority Accounting in the United Kingdom 2017/18 (the Code) which is based on International Reporting Standards (IFRS). This is necessary to ensure that accounts of all Government funded bodies provide comparable and consistent information.
3. Consequently the accounts are a complex and technical document. The Narrative Report at pages 2 to 16 of the Statement aims to provide a general guide to the items of interest and highlight some of the more significant matters that have determined the position for the financial year ending 31 March 2018.
4. The External Auditors, BDO, are proposing to issue an unqualified audit opinion on the Council's financial statements and have confirmed that they are free from material error. Prior to approving the accounts the Auditor requires that the Audit Committee considers the matters raised in the Annual Governance Statement for 2016/17.
5. The Audit has not identified any further significant changes to the draft accounts previously circulated apart from the addition of a number of disclosure notes associated with the group accounts, beginning on page 144. These have been agreed with the Auditor and these have been incorporated into the revised Statement of Accounts attached at Appendix A.

6. Attached at Appendix B is the Letter of Representation. This is provided by the Council in connection with the audit of the financial statements for the purpose of expressing an opinion as to whether the financial statements give a true and fair view in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2017/18 and applicable law.

Other Options Considered

Not applicable

Risk Assessment

The Statutory Accounts need to be formally published as soon as practicable. This report, together with the Annual Governance Statement, forms part of the assurance process.

Public Sector Equality Duties

None necessary for this report

Legal and Resource Implications

Legal

None arising from this report

Financial

None arising from this report.

Councillor Preface

An introduction to the 2017/18 Statement of Accounts by the Deputy Mayor and Portfolio Holder for Finance, Governance and Performance, Councillor Craig Cheney.

I am pleased to introduce this year's statement of accounts for Bristol City Council, which sets out the council's financial performance for the last year. It summarises what we spent, how we spent it and what we have achieved. The statements include the wider consolidated accounts both for the council and its subsidiaries.

2017/18 has been another challenging year as we have continued to get a grip of the financial problems we faced in 2016, bringing down the budget deficit and stabilising the council's finances. I believe, as these accounts demonstrate, we have gone long way towards achieving that goal and we are in a financially more resilient position than last year. However there is still much to do in improving our financial management. We now need to focus on some specific areas to ensure resources are properly aligned to those priorities set out in our Corporate Strategy, and that programmes have the capacity to deliver better outcomes within budget and timescales.

In February 2017 the council agreed a package of some £62m of efficiencies and savings of which £33m were planned to be delivered during the 2017/18 financial year. Of those £25m were delivered during the year and £8m was offset by other one-off savings. Some very difficult decisions had to be taken, but we have still had to grapple with a further £100m of pressures over the next five years. This is because Government support continues to reduce whilst our population and demand for our essential services continues to grow. As part of this year's budget we agreed a further schedule of savings, to be delivered over the next five years, to meet that challenge. They were agreed on the back of a new Medium Term Financial Strategy. At the same time we have developed a new Corporate Strategy which provides strategic direction and helps inform our financial planning processes over the next five years.

Along with our key partners we are now creating a One City Plan which will look at what priorities we can achieve together over the medium and long term, and how key public agencies, including the council will respond to the challenges facing Bristol. This will help make sure we harness opportunities so that everybody benefits from success.

We continue to face a challenging and uncertain economic environment as budgets across the public sector continue to be reduced and as we rapidly approach the uncertainty of Brexit - which could have implications on our local economy and how we generate the income that pays for essential services. We must make sure every pound we spend is spent wisely and that we continue to focus on financial resilience, so that we remain in a better place to tackle any challenges. However we will continue to be resolute in our determination to provide the best possible and most cost-effective services for our residents in the face of ongoing austerity.

Given the above, it is vitally important that we continue to improve our financial governance arrangements, systems and processes. Many of the required improvements are set out in the Annual Governance Statement, which is published alongside the accounts.

This year we have had to prepare and publish our accounts earlier than before, and I am grateful to all involved that we have been able to meet that challenge. Early publication facilitates improved transparency so that you can have greater assurance that taxpayers' money is spent appropriately. I should like to thank all colleagues involved in the process for making this happen.

Councillor Craig Cheney
Deputy Mayor – Finance, Governance and Performance

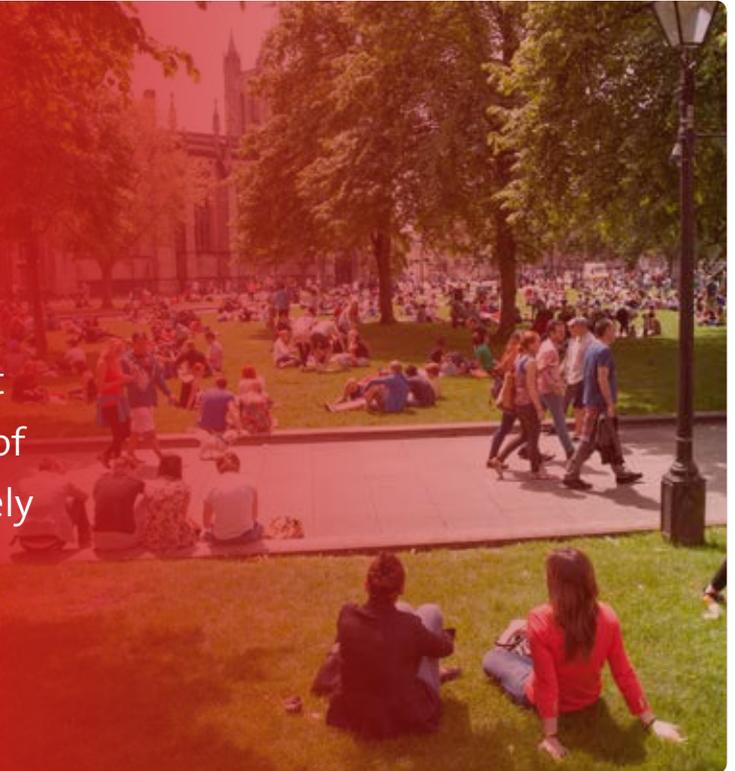

Narrative Report

Background

Bristol is a city in the south west of England, covering an area of 110 square kilometres. It is the 8th largest city in England and has a population of around 456,000 living in approximately 195,000 dwellings.

Bristol is part of the West of England Combined Authority and is well connected by road, rail, sea and air. From Brunel to Banksy, the city has a history of achieving great things.

This is affirmed by recent accolades such as becoming England's first UNESCO Learning City, European City of Sport in 2017, European Green Capital 2015 and the UK's smartest city.

However, like all cities Bristol has its challenges and long-standing health, social and economic inequalities exist within the city. Economic success has also brought challenges such as congestion, environmental pollution and high house prices. The city also has a rapidly growing population, especially child population.

The council and its partners across the city are working hard to address these issues and are creating the One City Plan,

which will look at what needs to change in the short, medium and long term. The Corporate Strategy 2018-2023 starts to explain how Bristol City Council will contribute to this, and how services are being re-shaped to meet the challenge of having to save over £100m whilst the city's population grows and the need for life-and-limb care services increases. The council will no longer just be a provider of services, but more of an enabling and empowering organisation.

This is all driven by the ambition to make sure everyone is included in this city's success and will have a home where they can achieve their aspirations, regardless of their background or where they grew up. Despite its challenges, Bristol is a city of hope.

Our Corporate Strategy – at a glance

our Vision

We play a leading role in driving a city of hope and aspiration where everyone can share in its success.

our Themes

In achieving this vision we have based our activities around four themes:

Empowering and Caring:

Work with partners to empower communities and individuals, increase independence and support those who need it. Give children the best possible start in life.

Fair and Inclusive:

Improve economic and social equality, pursuing economic growth which includes everyone and making sure people have access to good quality learning, decent jobs and homes they can afford.

Well Connected:

Take bold and innovative steps to make Bristol a joined up city, linking up people with jobs and with each other.

Wellbeing:

Create healthier and more resilient communities where life expectancy is not determined by wealth or background.

our Principles

We develop people and places to improve outcomes, empower communities and reduce the need for council services.

Maximise opportunities to work with partners and other stakeholders locally, nationally and globally.

Focus on planned long-term outcomes not short-term fixes, prioritising early intervention and prevention.

Build city resilience, improving our ability to cope with environmental, economic or social 'shocks and stresses'.

Plan inclusively with everyone in mind, but with a particular focus on our children and their future.

Contribute to safer communities, including zero-tolerance to abuse or crime based on gender, disability, race, age, religion or sexuality.

Use our assets wisely, generating a social and/or financial return. Raise money in a fair but business-like way.

our Values and Behaviours

We are Dedicated

We strive to make a difference

We are Curious

We ask questions and explore possibilities

We show Respect

We treat each other fairly

We take Ownership

We accept personal accountability

We are Collaborative

We come together to reach shared goals

Our key commitments

Empowering and Caring:

- Give our children the best start in life by protecting and developing children's centre services, being great corporate parents and protecting children from exploitation or harm.
- Reduce the overall level of homelessness and rough sleeping, with no-one needing to spend a 'second night out'.
- Provide 'help to help yourself' and 'help when you need it' through a sustainable, safe and diverse system of social care and safeguarding provision, with a focus on early help and intervention.
- Prioritise community development and enable people to support their community.

Fair and Inclusive:

- Make sure that 2,000 new homes – 800 affordable – are built in Bristol each year by 2020.
- Improve educational outcomes and reduce educational inequality, whilst ensuring there are enough school places to meet demand and a transparent admissions process.
- Develop a diverse economy that offers opportunity to all and makes quality work experience and apprenticeships available to every young person.
- Help develop balanced communities which are inclusive and avoid negative impacts from gentrification.

Well Connected:

- Improve physical and geographical connectivity; tackling congestion and progressing towards a mass transit system.
- Make progress towards being the UK's best digitally connected city.
- Reduce social and economic isolation and help connect people to people, people to jobs and people to opportunity.
- Work with cultural partners to involve citizens in the 'Bristol' story, giving everyone in the city a stake in our long-term strategies and sense of connection.

Wellbeing:

- Embed health in all our policies to improve physical & mental health and wellbeing, reducing inequalities and the demand for acute services.
- Keep Bristol on course to be run entirely on clean energy by 2050 whilst improving our environment to ensure people enjoy cleaner air, cleaner streets and access to parks and green spaces.
- Tackle food and fuel poverty.
- Keep Bristol a leading cultural city, helping make culture, sport and play accessible to all.

Our Obligations

These Key Commitments are not an exhaustive list of everything we will do. Indeed, much of our work is 'business as usual' meeting statutory and regulatory obligations which are set out in legislation.

Some of these are covered within our Key Commitments, but it can be taken as read that we'll make sure that we meet all of our legal obligations. Others include, but aren't limited to:

Highway Maintenance; Road Network Management; Public Health Strategy; Public Sector Equality Duty; Planning; Licensing; Care Act 2014; Waste Collection; Environmental Health And Enforcement; Elections; Registrar Services; Coroner Services; Special Educational Needs; Harbour; Information and Advice; Emergency Planning; Homelessness; Trading Standards; Libraries (Core Service); Tax Collection; Land Charges; Community Safety; Landlord Services; Property Services; General Data Protection Regulation

Helping us achieve our priorities

One City Plan: The long-term city-wide plan for Bristol, created and owned by partners across the city. It guides our thinking around all key issues.

Regional Devolution: Working as a key member of the West of England Combined Authority to help shape how £900m of investment is spent to improve transport, provide jobs and strengthen adult education.

Medium Term Financial Plan: Providing us with a five-year forward look at the financial environment and the principles by which we can make good financial decisions.

Health and Social Care integration: Working with our NHS partners to bring health and social care closer together and make the most of joint commissioning opportunities, with a bigger focus on prevention.

Business Infrastructure: Working with back office services to identify what needs to change to be a more effective and efficient council.

Workforce Plan: Sets out how the council will support our colleagues to be able to deliver for our citizens by developing their skills and careers as a model employer.

Our Services

The following core services are provided by the Council:

Core Services:

- **Adults, Children and Education**
 - Education, Learning and Skills Improvement
 - Safeguarding vulnerable adults and children
 - Social care and support for adults including the elderly
 - Support for carers
 - Commissioning services
- **Communities**
 - Coordinates Bristol's response to crime, community safety and antisocial behaviour
 - Community Services
 - Parks and open spaces
 - Public Health
 - Library services
 - Licencing
 - Housing and Landlord Services
- **Growth & Regeneration**
 - Culture including major projects such as the Arena Planning
 - Property including the management of the Council buildings and the City Docks
 - Transport including the introduction of the Metrobus
 - Economic development
- **Resources**
 - Provides internal support services including; ICT, Finance, Workforce and Change
 - Policy Strategy and Communications
 - Legal and Democratic Services

Ring-fenced Accounts:

- **Housing Revenue Account**
 - Accounts for the management and maintenance of around 27,000 Council homes in Bristol.
- **Dedicated Schools Grant**
 - Grant funding the majority of the Council's expenditure on schools. The grant can only be used to meet expenditure properly included in the schools budget.
- **Public Health**
 - An annual ring fenced grant from the Department of Health. Funds the Council's statutory duties to improve public health.

We work with local partners (including charities, businesses and other public services providers like the police and the NHS) and residents to determine and deliver local priorities. Typically councils like us provide over 700 services, either directly ourselves or by commissioning services from outside organisations.

In future we will still provide hundreds of day to day services, from being a landlord to cleaning the streets to huge projects worth hundreds of millions of pounds.

Our services

Financially the Council has significant challenges in the coming years including:

- Continuing budget pressures, in the past seven years the Council has had to save over £200m with a further £100m to save by 2023.
- The move away from Central Government grant funding towards a greater reliance on locally sourced taxation such as council tax and business rates.
- Demographic growth, and an increasingly aging population will continue to put pressure on the Council's budget.
- The financial impact of Brexit is as yet uncertain, but it is likely to affect interest and inflation rates, labour costs and property and rental values.

This means we will have an increasing role as an enabler and facilitator of others, as well as our traditional role as the steward of the social, economic and environmental wellbeing of the city and a direct provider or commissioner of services.

Our Leadership and Workforce

Our 70 elected Councillors represent the people of Bristol and set the overall policy of the Council.

Mayor, Marvin Rees, elected Mayor for Bristol, with City Council responsibilities that include ultimate responsibility for all major policy decisions, setting the vision and direction of the Council; and making 'executive' decisions within the budget and policy framework set by Full Council.

Cabinet Members, appointed by our Mayor, with responsibilities for particular portfolios. The Cabinet is made up of the Mayor and Cabinet members and the role of the Cabinet is to:

- provide leadership
- propose the budget and policy framework
- implement policy through executive directors
- make executive decisions as delegated by the Mayor

Scrutiny Commissions provide local accountability, openness and involvement in decision-making, aiming to improve results for people in Bristol.

Regulatory Committees that we have to have by law and other committees such as the Audit Committee which is responsible for:

- oversight of the council's accounts and governance arrangements
- codes of conduct and protocols

Senior officers – Which include 4 Executive Directors and Statutory Officers responsible for:

- Advising councillors on policy;
- Implementing councillors' decisions; and
- Service performance; and
- Ensuring that we are legally compliant and operating within our budget

Our workforce - Overall, our workforce comprises 7,566 'full time equivalent' employees. Of this total, 2,471 are employed within our locally maintained schools

Our Performance

Communities and living

- The Bristol Quality of Life survey 2017-18 highlighted 76% of residents were “satisfied with their local area as a place to live” and 2 out of 3 people did voluntary work or helped out in the community regularly (at least 3 times a year).
- Bristol was a “European City of Sport 2017” Over 1,500 people attended free sports taster events during the year. This legacy is continuing through Bristol Active City – see www.bristolactivecity.org.uk for more details.

Housing

- During 2016-17, 1,994 new homes were built in Bristol, including 700 units of student accommodation (2017-18 comparative information available September 2018).
- During 2017-18, 188 new affordable homes were built, and we helped to return 381 private sector empty properties back into occupation.
- Addressing homelessness is a priority issue, and our outreach teams continue to actively work with rough sleepers. Numbers continue to rise, and Bristol reported one of the highest numbers of rough sleepers in the national Rough Sleeper count (86 people in Nov 2017).

Economy and employment

- The Employment rate of 78.2% (Dec 2017) remains significantly higher than the national average for Britain (74.9%) and is the joint highest of the British Core Cities.
- Bristol contributed £14.31bn to the UK economy (Gross Value Added, GVA) in 2016 - up from £13.67bn in 2015.

Culture and creativity

- In 2017 Bristol was also named by UNESCO as a Creative City of Film.
- Bristol continues to be a major destination for tourists and entertainment, and had 11.6 million day visitors in 2016, and over 3.9 million visitors to the city for visitor attractions and performance venues in 2017-18.
- We run and maintain 8 Leisure Centres and swimming pools, where over 2.6 million individual visits occurred during 2017/18.

Sustainability

- Citywide CO2 emissions have decreased by a third (32% fall, 2005-2015), and the renewable energy capacity in Bristol has doubled (from 2013 to 2017).
- However, the increased numbers of people using public transport, and continued levels of vehicle use mean that reported air pollution levels of nitrogen dioxide still remain high.
- In 2017 the council had reduced carbon emissions from its own operations by 50% since 2011 (3 years ahead of the 2020 target)
- 44.7% of household waste was sent for reuse, recycling, composting or anaerobic digestion as at December 2017.

Our performance

Education

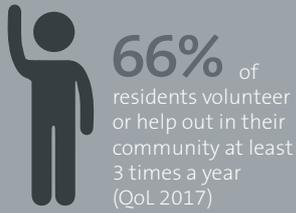

- Bristol was the first city in England to become part of the UNESCO Global Network of Learning Cities – see www.bristollearningcity.com for more details.
- The percentage of children with a good level of development at Early Years is solid at 67.7%.
- For Key Stage 2 pupils (at 11 years of age) new 2017 data shows 61% achieved the expected standard in Reading, Writing and Maths combined. This is much improved from 54% in 2016, and the same as the England average (61%).
- For Key Stage 4 (at age 16), 2017 data shows the average Attainment 8 score per pupil is 44 points, down from 47.7 points in 2016. Nationally this is 44.6, down from 48.5 points in 2016. [Attainment 8 is a student's average achievement across 8 subjects, with extra weighting given to maths and English].
- The percentage of Bristol Schools rated 'Good or Better' by Ofsted dips slightly on previous year, for Primary and Secondary schools:
 - Nurseries @ 100%
 - Primaries @ 86%
 - Secondary's @ 86%.

Adult social care

- At the end of 2017/18, around 6,100 adults were being supported by adult social care. Of these, 66.3% of service users (4,040 people) are supported to live independently in the community, with around 2,060 people in care homes.
- 68.3% of eligible adult social care service users (around 2,300 people at end 2017/18) receive "self-directed support" to meet their needs - giving people more choice and control to live their life independently; doing the things they want to do when they want to.
- In addition, around 1,400 carers had received support from adult social care during 2017/18.

Financial Performance

Along with the rest of local government the Council has faced a year on year decline in Government funding. The 2017/18 budget was set against this backdrop of financial uncertainty and increasing demand for our services. During the year the Council developed a Medium Term Financial Plan (MTFP), based on a rolling five year time frame from 2017/18 to 2021/22, ensuring that resources are aligned to outcomes in the Corporate Strategy.

The Council is a large and diverse organisation and our accounts are by their nature technical and complex. This section of the report provides an explanatory narrative to the key elements of the statements and sections in the accounts and also provides a summary of our financial performance of 2017/18.

- The Council collects £219.1m of business rates of which £152.5m is retained in year by the Council. This is net of the tariff of £53.5m which the Council returns to central government. We also collect business rates on behalf of the West of England Combined Authority and Avon Fire Authority.
- The Council also collects £227.2m of council tax (on behalf of Avon and Somerset Police and Crime Commissioner, Avon Fire Authority and itself), of which £193.6m is retained in year by the Council.
- Council tax in year collection for 2017/18 reached its highest level ever at 96.79%. This percentage was joint top across our comparable group of Cities. Overall collection including arrears also reached an all-time high equivalent to 98.73%. Business Rate in year collection fell slightly to 97.93% but was a great achievement when set against a backdrop of a Business Rate revaluation, administering numerous new reliefs and billing for a new City Centre Business Improvement District.

During this year we have also seen a reduction in cases of non-payment being referred to our enforcement agents.

- The Council holds £3.157b of fixed assets comprising £2.631b of operational assets for delivering services and £255m of investment property.
- The Council is responsible for managing cashflows with an annual churn exceeding £1.3b.
- The Council accounts for £838m of fees, charges and grants receivable used to deliver services and keep council tax down.

West of England Combined Authority (WECA)

As part of the governments West of England devolution deal Bristol, Bath and North East Somerset and South Gloucestershire Councils agreed to the establishment of the West of England Combined Authority (WECA) to support economic growth and development across the region.

The creation of WECA enables the participating authorities to deliver joint aspirations for the region and take more local control over funding and decision making. This includes how £900m of investment is spent to improve transport, provide jobs and strengthen adult education as part of the regions devolution deal.

A further benefit includes the opportunity to take part in a 100% business rates retention pilot. This enables the three Council's to retain the majority of their business rates, in return for significantly reduced core funding from Central Government.

Financial performance

Revenue Financial Summary 2017/18

Revenue expenditure covers the cost of the Council's day to day operations and contributions to and from reserves.

Net revenue expenditure across General Fund Services, as reported to Cabinet in May 2018 and excluding accounting adjustments, was £363.8m, against a budget of £364.1m. The £300k underspend has been achieved primarily through delivery of savings across all services and also, in a number of areas taking mitigating action following early identification of potential budget risks and overspends so there was sufficient time for remedial actions to be taken. The Council also received more than anticipated S31 Grant relating to small business rate relief following a late change in calculation of the threshold by the Government.

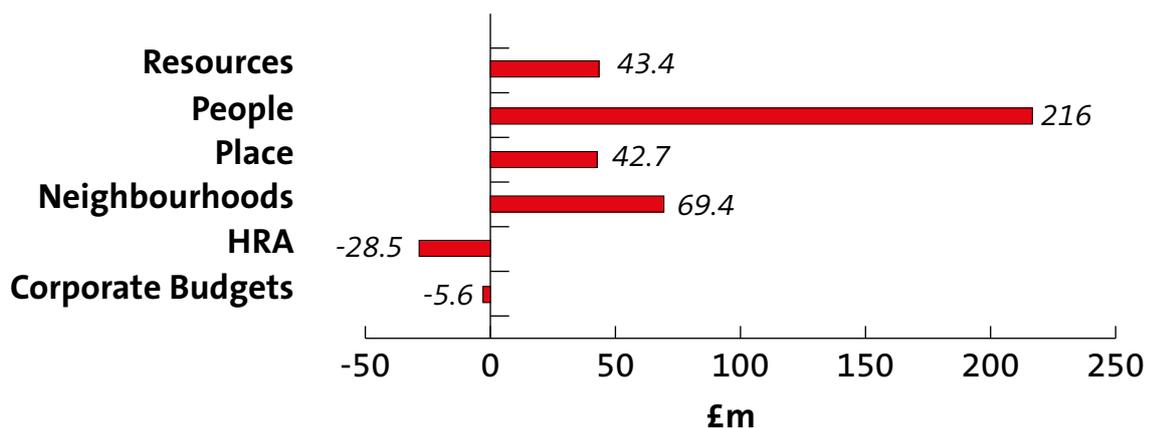

To meet funding challenges in 2017/18 the Council identified reductions in its net revenue budget of £33.1m. These reductions have been achieved through a combination of on-going deliverable savings, one off tactical savings or additional non-recurring income.

The gross cost of services during the year was £1.094b (1.027b in 2016/17). This includes both General Fund services and the Housing Revenue Account (HRA). After accounting for specific grants and income from fees and charges, the net cost of services was £337.4m (£277.2m in 2016/17). The breakdown of net expenditure between the different service areas is shown in the following chart.

Council Spending in £'s per Household

Directorate Net Expenditure (£m)

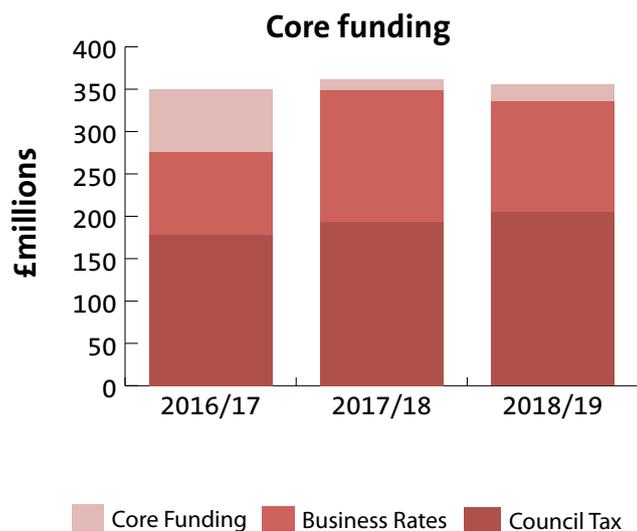

Financial performance

Sources of Funding

During 2017/18 the Council has been piloting 100% business rates retention. Pilot authorities retain 100% of locally raised business rates. In return they forgo Revenue Support Grant (RSG) and a number of other funding streams. Each pilot authority's tariffs and top-ups calculated by central government are adjusted to ensure the change is cost neutral for central government.

In tandem with this, during the last eight years, there has been a move away from central government core funding towards a greater reliance on locally sourced taxation such as business rates and council tax. The chart below shows where the Council gets its core funding.

From 2016/17 the government allowed councils to apply an additional levy on council tax to fund adult social care pressures. In 2017/18 this levy was 3% and raised an additional £9m towards social care services.

The budget for 2018/19

Despite an on-going backdrop of increased service costs and reduced central government funding the Council is required to set a balanced budget. To meet these pressures the Council has had to identify a total savings requirement of over £100m for the next five years with £34.5m proposed for 2018/19.

In 2018/19 the Council will spend over £1.2b on both capital investments and running day to day services including schools and welfare benefits. Spending by schools and on benefits is largely funded by the Government. This specific funding, together with the income the council receives from people who use its services, amount to £686.2m in 2018/19 leaving a spending total of £357.4m.

The money available to spend on day to day services is made up of council tax, business rates and some government grants and amounts to £355.8m. To meet our spending plans we also intend to use £1.6m of our reserves bringing the total net expenditure budget to £357.4m. This includes £12.8m earmarked for priority service areas such as adult social care, improved waste services.

Further details of the Council's budget are included in the Budget Report 2018/19 which is available on the Council's website.

Financial performance

Capital Investment

Capital expenditure forms a large part of our spending. The Council has an ambitious capital programme to deliver projects that are fundamental to the Council achieving its aspiration to re-shape how we deliver our services as well as helping to unlock revenue savings and efficiencies to secure our on-going financial stability.

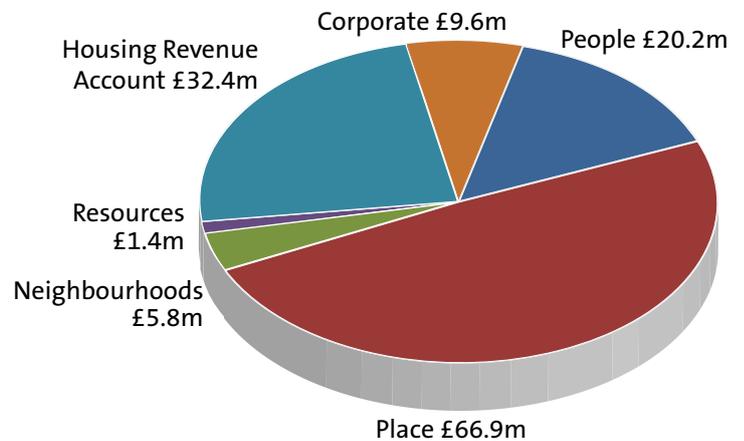

Overall the Capital Programme for 2017/18 was originally set at £213.5m. Capital spending (including revenue expenditure allowed to be funded by capital) during the year totalled £136.3m. An analysis of capital investment by directorate and sources of capital funding are shown in the charts below.

The Capital Programme was financed from a combination of borrowing (£44.3m) and from grants, contributions and reserves (£92m).

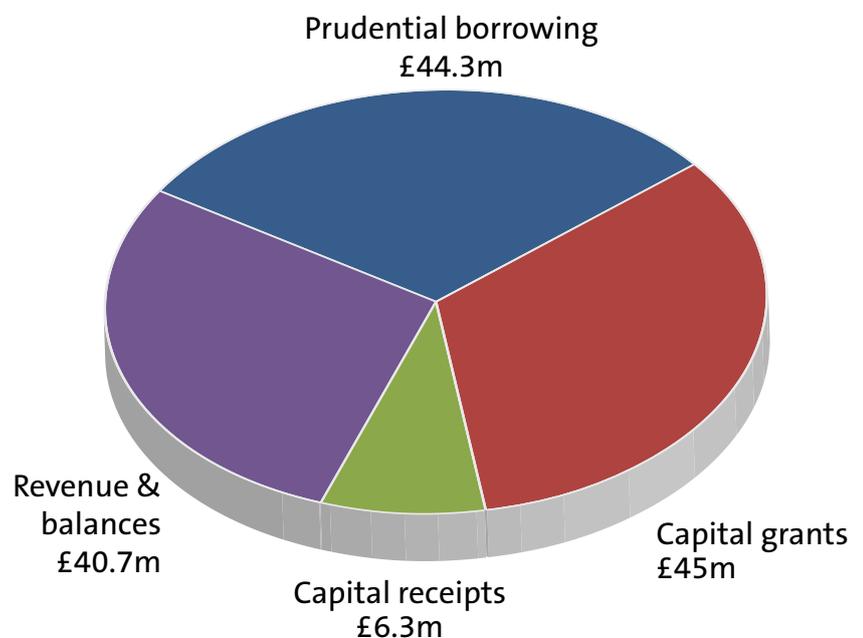

The major areas of investment have included:

- £42m invested in transport schemes including the Metrobus programme, cycling network improvements, traffic infrastructure and maintenance
- £32m invested in the Council's housing stock
- £18m invested in schools buildings to provide additional pupil capacity to meet increased demand
- £9m invested in housing enabling works to accelerate the affordable provision including Hengrove and Lockleaze regeneration programmes and homelessness solutions
- £5m invested in preparatory work and infrastructure development for major projects including the Arena
- £4m invested in ICT development improvements including Bristol Operations Centre and the Integrated Education Management System
- £3m in core building improvements including Temple Street

Capital Investment

Capital Financing

Financial performance

Housing Revenue Account (HRA)

The HRA Income and Expenditure Statement sets out the financial position for the year, before taking account of the statutory adjustments required to be made to the accounts. The Statement of Movement on the HRA Balance reflects these statutory adjustments and shows how the financial performance for the year has impacted on HRA reserves.

- The HRA Income and Expenditure Statement shows a net surplus for the year of £17m
- The Council's housing stock is a ring fenced landlord account
- The Council manages 27,038 homes
- The Council collected £112m in dwelling rent in 2017/18 (£113m in 2016/17)
- The Council spent £32.4m in 2017/18 (£48.8m in 2016/17) on new builds and improvements to existing housing stock.

Treasury Management

The 2017-2022 Treasury Management Strategy identified a medium term borrowing requirement of £450m to support the existing and future Capital Programme. The Council's Strategy is to defer borrowing while it has significant levels of cash balances. Deferring borrowing will reduce the "net" revenue interest cost of the Authority as well as reducing the Councils exposure to counter party risk for its investments. The Council recognises that utilising investments in lieu of borrowing has a finite duration and that future borrowing will be required to support capital expenditure.

Net Treasury debt (borrowing less investment) was £367m at the end of the year. The average level of funds available for investment purposes during the year was £94m. The return for the period was 0.44% compared to the recognised benchmark of 0.22% (7 day London Interbank Bid Rate (Libid) average for period).

The Council has complied with all treasury management legislative and regulatory requirements during the period and all transactions were in accordance with the approved Treasury Management Strategy.

Pensions

The City Council is a member of the Avon Pension Fund. The pension liability as at 31 March 2018 is £832m. This represents the value of what the Council owes across future years offset by the value of assets invested in the pension fund. The pension fund is revalued every three years. The 2016 valuation set contribution rates for three years commencing on 1 April 2017.

The current funding level is an estimated 86%. Employers are paying additional contributions over a period of 17 years in order to meet the shortfall.

Contingencies

The Council has set aside a provision of £24m within the collection fund for any business rates appeals against rateable values in future years. The increase from £11m in 2016/17 reflects the fact that the Council, as a business rates retention pilot, has a significantly greater exposure to the risk of business rates appeals. The annual contribution is in line with government recommendations. There were approximately 1,000 appeals outstanding at the 31 March 2018.

Financial performance

The Statement of Accounts

The Statement of Accounts is set out in the accompanying document; they consist of the following statements that are required to be prepared under the Code of Practice.

The Core Statements are:

- **The Comprehensive Income and Expenditure Statement** – this records all the Council’s income and expenditure for the year. The top half of the statement provides an analysis by service area. The bottom half of the statement deals with corporate transactions and funding. Expenditure represents a combination of:
 - Service and activities that the Council is required to carry out by law (statutory duties) such as street cleaning, planning and registration; and
 - Discretionary expenditure focussed on local priorities and needs
- **The Movement in Reserves Statement** is a summary of the changes to our reserves over the course of the year. Reserves are divided into “useable”, which can be invested in capital projects or service improvements, and “unusable” which must be set aside for specific purposes. We continually review the money we have in reserves for specific purposes to make sure they are at the right levels, and that our reserves continue to meet our needs.
- **The Balance Sheet** is a “snap shot” of the Council’s assets, liabilities, cash balances and reserves at the year-end date
- **The Cash Flow Statement** shows the reasons for changes in the Council’s cash balances during the year, and whether that change is due to operating activities, new investment, or financing activities (such as repayment of borrowing and other long term liabilities).

The Supplementary Financial Statements are:

- **The Housing Revenue Account** – this separately identifies the Council’s statutory landlord function as a provider of social housing under the Local Government and Housing Act 1989.
- **The Collection Fund** summarises the collection of Council tax and business rates, and the redistribution of some of that money to Avon Fire Authority, the Avon and Somerset Police and Crime Commissioner and central government.
- **Group accounts.** The Council is required to produce Group Accounts alongside its own financial statements where it has material interests in subsidiaries, associates and/or joint ventures. The Group Accounts included as part of the Statement of Accounts fully incorporate the results of Bristol Holding Limited, Bristol Waste Company Limited and Bristol Energy Limited. Full details of the relationship can be found in the Group Accounts section of the Statement.
Other entities which fall within the group boundary, but which are not consolidated into the Group Accounts as they are not considered to be material, are detailed within the Related Parties note within the Statement of Accounts.

The Notes to these financial statements provide more detail about the Council’s accounting policies and individual transactions. Our Annual Governance Statement sets out the governance structure of the Council. It summarises the outcome of our review of the Governance Framework that has been in place during 2017/18 and our system of internal control, which is a critical component of our overall governance arrangements.

Denise Murray
Director of Finance
(Section 151 Officer)

Statement of Responsibilities

The Authority's Responsibilities

The Council is required to:

- Make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this Council that officer is the Director of Finance;
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets;
- Approve the Statement of Accounts by the 31st July 2018.

The Director of Finance Responsibilities

The Director of Finance is responsible for the preparation of the Council's Statement of Accounts in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

In preparing this Statement of Accounts, the Director of Finance has:

- selected suitable accounting policies and then applied them consistently;
- made judgements and estimates that were reasonable and prudent;
- complied with the Code.

The Director of Finance has also:

- kept proper accounting records which were up to date;
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

Certificate of the Director of Finance

I hereby certify that this Statement of Accounts, provides a true and fair view of the financial position, financial performance and cash flows of Bristol City Council for the period ending 31 March 2018.

26th March 2019

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE BRISTOL CITY COUNCIL

Opinion on the financial statements

We have audited the financial statements of Bristol City Council ("the Council") and its subsidiaries ("the Group") for the year ended 31 March 2018 which comprise the Council and Group Comprehensive Income and Expenditure Statements, the Council and Group Movement in Reserves Statements, the Council and group Balance Sheets, the Council and Group Cash Flow Statements, the Housing Revenue Account Income and Expenditure Statement, the Movement on the Housing Revenue Account Statement, the Collection Fund Statement and notes to the financial statements including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2017/18.

In our opinion the financial statements:

- give a true and fair view of the financial position of the Council as at 31 March 2018 and of its expenditure and income for the year then ended;
- give a true and fair view of the financial position of the Group as at 31 March 2018 and of its expenditure and income for the year then ended; and
- have been prepared properly in accordance with applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2017/18.

Basis for opinion on the financial statements

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)), the Code of Audit Practice issued by the National Audit Office in April 2015 ("Code of Audit Practice") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Council and group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Director of Finance's use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Director of Finance has not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Council's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The Director of Finance is responsible for the other information. The other information comprises the Narrative report together with all other information included in the Statement of Accounts, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be

materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Qualified Conclusion on the Council's arrangements for securing economy, efficiency and effectiveness in its use of resources

On the basis of our work, having regard to the guidance on the specified criterion published by the National Audit Office in November 2017, with the exception of the matter reported in the Basis for qualified conclusion on use of resources section of our report we are satisfied that, in all significant respects, the Council put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2018.

Basis for qualified conclusion on the Council's arrangements for securing economy, efficiency and effectiveness in its use of resources

Our work in respect of considering the Council's arrangements for informed decision-making included consideration of matters referred to us in connection with the final payment made to the ex-Chief Executive during the financial year.

We identified that:

- Recommendations previously made in connection with the final payment made to the ex-City Director had not been implemented and contributed towards the issues identified with the final payment to the ex-Chief Executive. These weaknesses persist.
- The arrangements in place did not support transparency in the Member approval of final payments.
- For the payment in question:
 - Whilst external legal advice was sought relating to the interpretation of the contract in the context of contractual entitlement, this element was obtained without the involvement of the Council's Legal Services, there was confusion about what information was provided to support the advice and we consider that the conclusion reached was surprising given the clarity of the relevant terms set out in the contract.
 - The decision to not require approval from the Human Resources (HR) Committee was supported by external legal advice, but there is no definitive evidence to explain why this was concluded. This route was not consistently applied to other cases.

These matters are evidence of significant weaknesses in arrangements to ensure informed decision-making by the Council. As set out below, statutory recommendations were issued in connection with these weaknesses under section 24 of the Local Audit and Accountability Act 2014.

We have undertaken our review of **the Council's arrangements for securing economy, efficiency and effectiveness in its use of resources** in accordance with the Code of Audit Practice, having regard to the guidance on the specified criterion, published by the National Audit Office in November 2017, as to whether in all significant respects, the Council had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people.

The National Audit Office has determined this criterion as that necessary for us to consider under the Code of Audit Practice in satisfying ourselves whether the Council put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2018.

Based on our risk assessment, we undertook such work as we considered necessary. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our qualified conclusion.

Matters on which we are required to report by exception

Statutory recommendations

On 11 March 2019 we issued a report in connection with our review of the final payment made to the ex-Chief Executive of the Council which contained recommendations made designated as statutory under section 24 of the Local Audit and Accountability Act 2014. This report was copied to the Secretary of State for Housing, Communities and Local Government. The report and the recommendations were considered and accepted at a meeting of the Full Council held on 19 March 2019.

The statutory recommendations made focused on:

- Drafting an appropriate policy and guidance to cover severance packages for senior staff
- Improving the transparency of information provided and ensuring positive approval of discretionary elements
- Clarifying the route and responsibilities for approval of severance packages

Other matters

We have nothing to report in respect of the following other matters which the Code of Audit Practice (April 2015) requires us to report to you if:

- we have been unable to satisfy ourselves that the Annual Governance Statement is misleading or inconsistent with other information that is forthcoming from the audit;
- we issue a report in the public interest under section 24 of the Act in the course of, or at the conclusion of the audit;
- we make an application to the court for a declaration that an item of account is contrary to law under Section 28 of the Local Audit and Accountability Act 2014;
- we issue an advisory notice under Section 29 of the Local Audit and Accountability Act 2014; or
- we make an application for judicial review under Section 31 of the Local Audit and Accountability Act 2014.

Responsibilities of the Director of Finance and the Council

As explained more fully in the Statement of Responsibilities, the Director of Finance is responsible for the preparation of the Statement of Accounts, which comprises the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom, and for being satisfied that the financial statements give a true and fair view.

In preparing the financial statements, the Director of Finance is responsible for assessing the Council's and group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Council intends to cease operations of the Council or group or has no realistic alternative but to do so.

The Council is responsible for putting in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

Auditor's responsibilities for the audit of the financial statements

In respect of our audit of the financial statements our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they

could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located at the Financial Reporting Council's website at: <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Auditor's responsibilities in respect of the Council's use of resources

We are required under Section 20 of the Local Audit and Accountability Act 2014 to satisfy ourselves that the Council has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. The Code of Audit Practice issued by the National Audit Office requires us to report to you our conclusion relating to proper arrangements, having regard to relevant criterion specified by the National Audit Office.

We report if significant matters have come to our attention which prevent us from concluding that the Council has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Council's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

Delay in certification of completion of the audit

We cannot formally conclude the audit and issue an audit certificate until we have completed the work necessary to issue our assurance statement in respect of the Council's Whole of Government Accounts consolidation pack. We are satisfied that this work does not have a material effect on the financial statements or on our use of resources conclusion.

Use of our report

This report is made solely to the members of Bristol City Council, as a body, in accordance with part 5 of the Local Audit and Accountability Act 2014 and as set out in the Responsibilities of the Audited Body and Responsibility of the Auditor within Chapter 2 of the Code of Audit Practice published by the National Audit Office in April 2015. Our audit work has been undertaken so that we might state to the members of the Council those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Council and the Council's members, as a body, for our audit work, for this report, or for the opinions we have formed.

David Eagles

For and on behalf of BDO LLP, Appointed Auditor

Ipswich, UK

BDO LLP is a limited liability partnership registered in England and Wales (with registered number OC305127).

Annual Governance Statement 2017/18

Purpose of Statement

The purpose of this Annual Governance Statement (AGS) is to provide an overview of how the Council's governance arrangements operated, during the period 2017-18 and the subsequent period, up to the sign off of the 2017/18 financial statements and how the Council has reviewed the effectiveness of these arrangements. This statement includes an appraisal of the key controls in place to manage the principal governance risks. Where significant governance issues are identified, an explanation of what actions have been taken to bring about required improvement and the work still to be undertaken are recorded in an action plan.

It also meets the requirements of the Accounts and Audit Regulations 2015, which require the Council to publish an AGS in accordance with proper practice in relation to internal control.

The draft statement was presented to Directors and to the Audit Committee in May 2018, following which this statement has been finalised and formally approved.

Scope of Responsibility

We are responsible for ensuring that our business is conducted in accordance with the law and proper standards, and for ensuring that public money is safeguarded, properly accounted for and used economically, efficiently and effectively. We also have a duty under the Local Government Act 1999 to continually review and improve the way we work, while at the same time offering value for money and an efficient and effective service.

What is Corporate Governance?

"Governance comprises the arrangements put in place to ensure that the intended outcomes for stakeholders are defined and achieved."

The Code of Corporate Governance

The Council has approved and adopted a Code of Corporate Governance (the Code). The code is consistent with the principles of the Chartered Institute of Public Finance and Accountancy / Society of Local Authority Chief Executives (CIPFA/SOLACE) Framework - *Delivering Good Governance in Local Government*.

A copy of the Code is available on the Council's website. This statement explains how the Council has complied with the Code.

The Code was refreshed and approved by the Audit Committee in January 2018 and will be reviewed on an annual basis.

The Governance Framework

The governance framework comprises the systems and processes, culture and values, by which the authority is directed and controlled and its activities through which it accounts to, engages with and leads the community.

The approach to governance, takes account of the environment in which the Council now operates; its aim is to ensure that resources are directed in accordance with agreed policy and according to priorities, that there is sound and inclusive decision making and that there is clear accountability for the use of those resources in order to achieve desired outcomes for service users and communities.

- All Members have an important role to play in representing their constituents, as well as acting together as the Council.
- Officers serve the Council as a corporate body rather than any political group, combination of groups or individual member.

Members and Officers should work in an atmosphere of mutual trust and respect. Members determine the Council's policies and Officers are responsible for implementing decisions taken by the Council, Mayor, Cabinet and/or the appropriate committee as well as taking decisions delegated to them under the Scheme of Delegation. Committees review and scrutinise decisions, they cannot start or stop executive action but can challenge reasonably holding members and officers to account.

In discharging these duties all parties should act in an open, honest and transparent manner. The Council must seek to ensure that the highest standards are met and that governance arrangements are not only sound but are seen to be sound.

Legislation requires that certain functions be exercised by a 'proper officer'. The functions of the Mayor, Executive, Head of Paid Service, Chief Finance Officer (S151), Monitoring Officer and Statutory Scrutiny Officer are outlined in the Council's Constitution.

Committees & Boards

Scrutiny Commissions:

- Overview and Scrutiny Management Board (and call in Sub committee)
- Resources*
- Neighbourhoods* (Communities)
- People* (Adults, Children & Education)
- Place* (Growth & Regeneration)

*Constituted but did not meet in 2017/18 (see Decision Making , p.7)

Regulatory Committees:

- Development Control
- Licensing
- Public Rights of Way & Green
- Public Safety & Protection

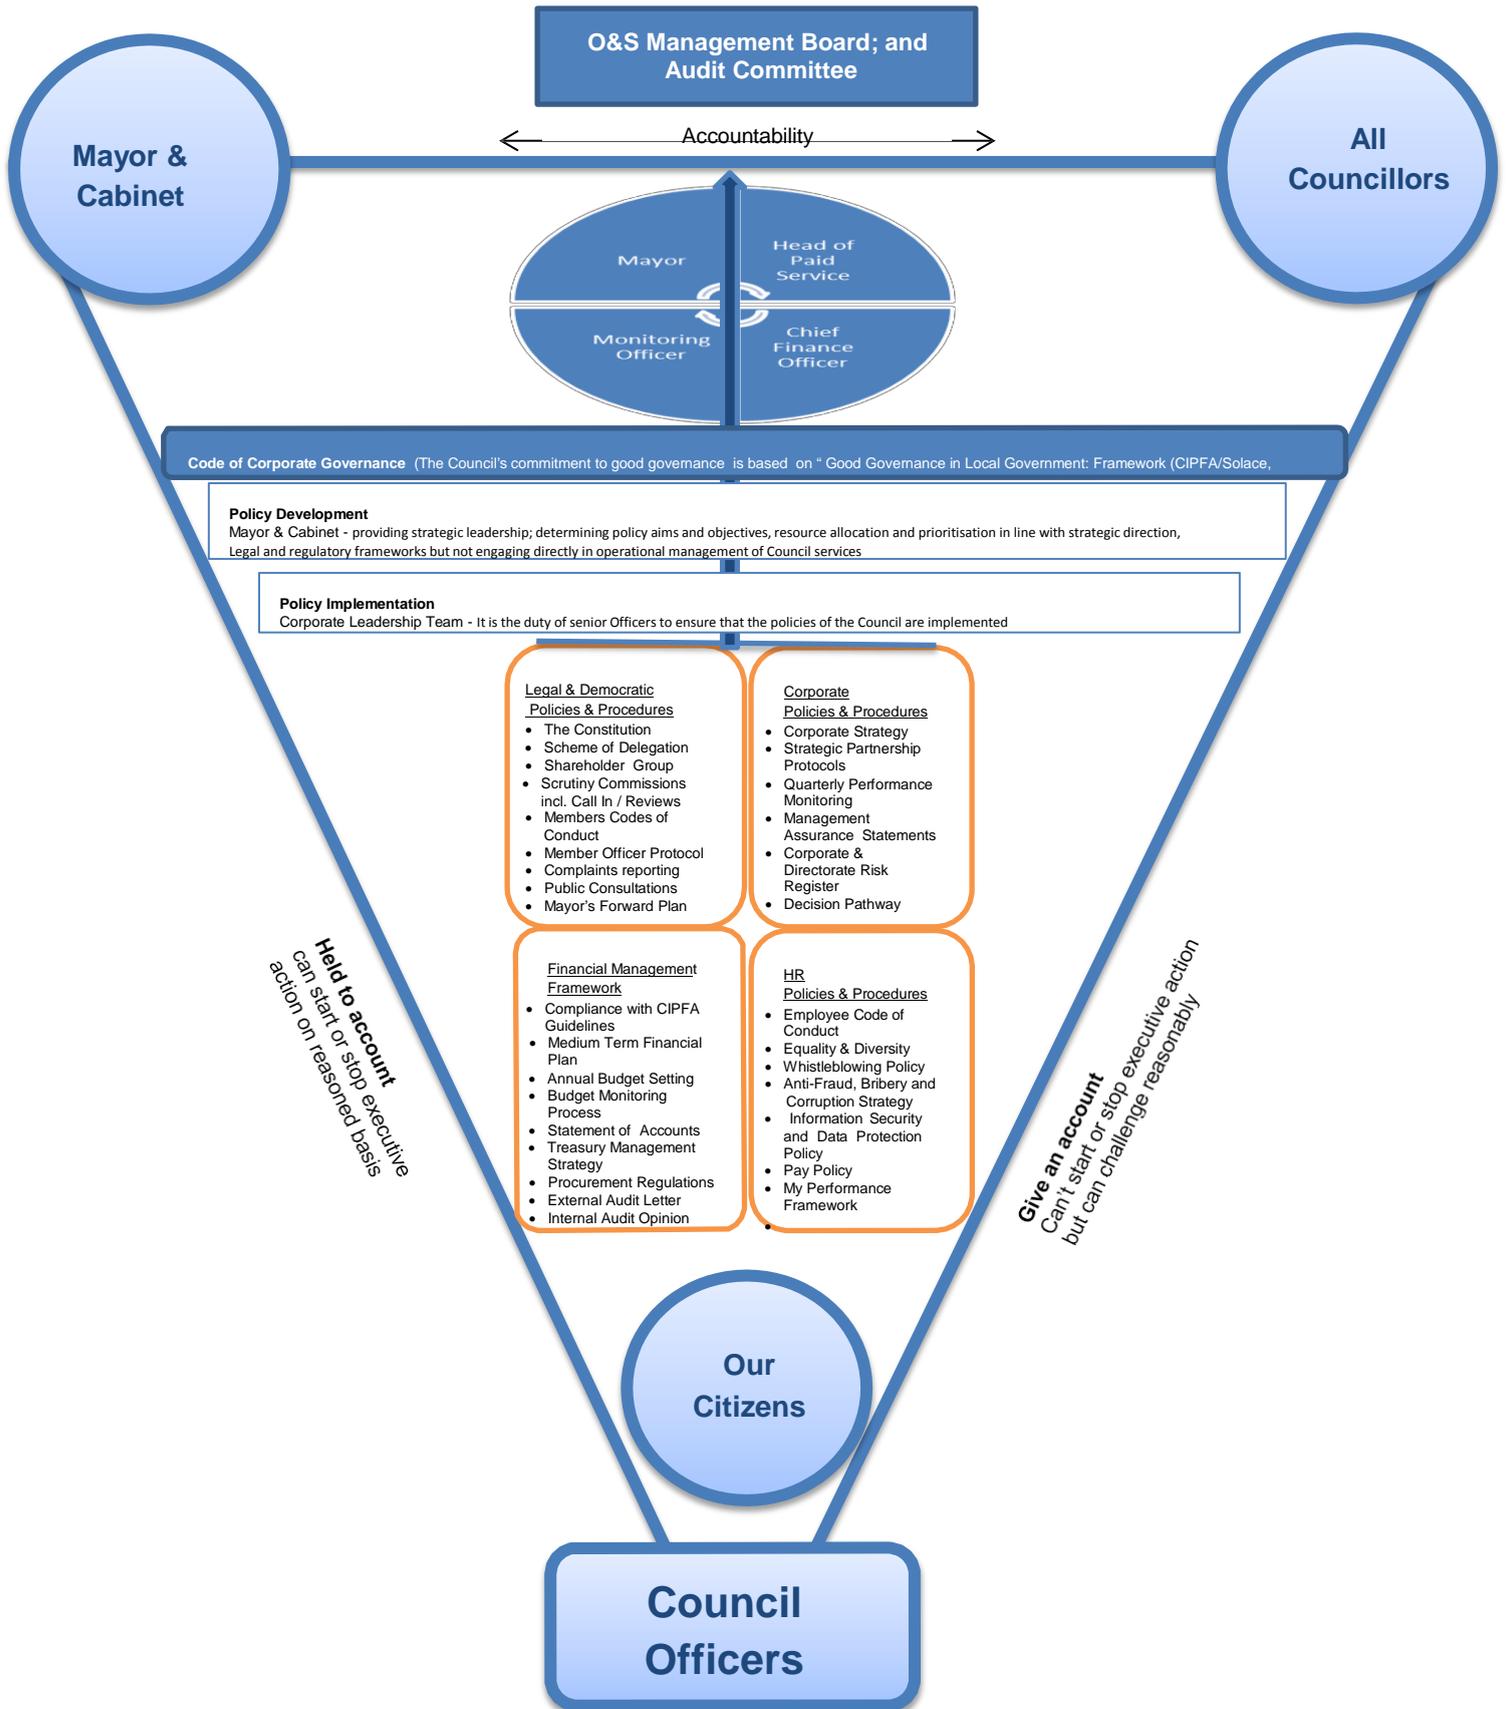

Other Committees:

- Audit
- HR
- Selection Committee
- Appeals Committee
- Women's Commission

Partnership Boards:

- Bristol Homes
- Health & Wellbeing
- Learning City
- Children's and Adult's Safeguarding
- WECA Committee
- WOE Joint Committee

Accountability within the Governance Framework

NB: Please note that this is not an exhaustive list of policies or accountabilities for the Council e.g. Safeguarding and other statutory and regulatory responsibilities are not covered by this framework

Statement

How did we do?

The Council operates in a complex, uncertain and constantly evolving financial, policy and legislative environment and the role, responsibilities and funding models of local government are in a period of rapid flux.

There was recognition early in the year of the need for change in how the Council must work to manage increasing demands for our services in the context of shrinking budgets. In addition we must also consider the structures required to ensure the right support is available and the required changes to support new ways of working are in place. The Council must continue to engage in a broad programme of innovation and reform work. This is to ensure that services for residents are efficient, effective and value for money, and can be maintained within available resources.

The Council's vision for Bristol and priorities in terms of the contribution to strategic outcomes has been clearly set out in the refreshed Corporate Strategy 2018-2023. It makes new commitments and focuses more on partnership working, inclusivity and a strategic direction as a 'development organisation', with less emphasis on the traditional 'service delivery' model. One element of the Council's vision is to 'play a leading role in driving a city of hope and aspiration where everyone can share in its success.'

The underpinning annual business plan identifies four strategic themes:

- Empowering and caring
- Fair and inclusive
- Well connected
- Wellbeing

It is explained within these themes the actions we're taking, the related commitments that will help us achieve this vision and the key measures of success. The business plans are supported by more detailed service plans which will be regularly monitored and reviewed during the course of 2018.

A clear set of council values and behaviours has been agreed and communicated via a range of mechanism and forums which have included staff training workshops and are being embedded in our 'My Performance' framework.

The Council has continued to review its governance arrangements, the Constitution and underpinning strategic documents such as the Financial Regulations, Contract Procedure Rules, and scheme of delegations. All have been refreshed and were approved by full Council in May 2018.

Following the departure of the Chief Executive in 2017, the statutory role of head of paid service has been discharged by the Executive directors on a rotational basis. A new senior management structure at strategic and service director level has been designed, creating a smaller team who will work with partners in co-designing initiatives and delivering our priority outcomes. The structure was launched by the Mayor in December 2017 (details of the structure are available on the Council's website). A transitional approach has been taken to its implementation. A phase of permanent recruitment is ongoing and progress is being made in relation to the delivery of agreed savings in senior management posts. The changes taking place present both opportunities and challenges. Major change can affect organisations across all levels. In implementing new strategies, processes and structures we have sought where possible to minimise negative outcomes. The scale and timing of the staffing changes has presented challenges in terms of capacity, continuity, contact points for external customers, transition planning and handover of delivery plans. Interim resources have been secured to provide backfill capacity, independent assurance and address skills gaps. This has enabled stocktakes and in-depth reviews to be undertaken with a fresh pair of eyes and the right expertise. Further issues and risks have been unearthed and improvement plans developed in a number of key areas.

How did we do?

The strategic financial framework, financial management and quality of the financial reporting have improved during the course of the year. There has been a particular focus on stabilising the Council's finances and within the challenging financial climate building resilience for the medium term. We have demonstrated that we are implementing achievable actions to deliver the cumulative savings programme as agreed by Council. We have ensured that there is a Council-wide commitment to identify alternative savings plans, where savings are at risk and hold funds in abeyance to mitigate the impact of the combined savings and budget pressures. A balanced position has been achieved for 2017/18 and with the exception of the Dedicated Schools Grant (DSG), ring fenced accounts have ended the year with under spends.

There is still however much to do in improving our financial management. Significant focus has been on the general fund and we now need to review and ensure ring fenced accounts, capital programme management, governance of our partnerships and our companies are also exposed to similar levels of rigour.

The Council welcomes peer challenges, internal and external review and audit, and inspections from regulatory bodies and gives thorough consideration to arising recommendations. Management responses are provided and agreed actions are being implemented and appropriately embedded.

Further Progress Required

A number of key challenges that were identified in 2017 remain at the early stage of development and continue to be high priority areas of work, particularly around workforce, skills systems and processes, which is scheduled to continue throughout 2018 as part of our transformation. The size, complexity and scale of the improvement work required and the level of resources available has meant a more pragmatic approach being adopted. This has ensured strong governance and co-design over changes being developed and implemented and has been critical in our ability to sustain both the improvement work and ongoing successful service delivery.

In relation to health and social care, it is acknowledged by all relevant partners that targets have not been met in the transfers from acute and non-acute care (delayed transfer of care). Arrangements for effective discharge planning and joint working between services need to be improved and funding is being earmarked for this purpose. The Better Lives Adult Transformation Program is seeking to address a number these issues and the progress will be closely monitored and reported throughout the year.

Within the context of changing national policy in relation to schools, including changes to the school funding formula, number of schools in deficit, high needs pressures and the reducing role of local authorities, a detailed review is required with a plan developed which supports schools to deliver a good or better level of continued improvement of education within a reduced funding envelope.

There is a shared view amongst service managers that navigating and negotiating corporate governance structures has been particularly challenging in 2017. Decision making processes were considered to be cumbersome and not sufficiently supporting service delivery. Consequently these have been subject to further review with the aim of ensuring the interventions add value whilst not reversing any positive trajectories achieved. The effectiveness of the changes in processes will continue to be monitored.

The review of governance arrangements has identified 12 main areas where the Council will need to focus its efforts during 2018/19, to address changing circumstances and challenges identified. These are set out in the action plan. Completion or substantial progress against these objectives is due by the end of the financial year, in March 2019.

The **Constitution** establishes how the Council operates, outlining the roles and responsibilities of the executive, non-executive, scrutiny functions and sets out the terms of reference for each of the Committees and includes a schedule of matters reserved for decision by Full Council, delegation arrangements to Members and Officers. Supporting procedures underpin the Constitution for example Financial Regulations, Contract Procurement Rules, Member/Officer Protocols and other procedures of how decisions are taken and the processes and controls required to manage this.

All Council and Committee meetings are held in public other than in limited circumstances where consideration of confidential or exempt information means the public are excluded.

The **Cabinet** is responsible for the key decisions of the Council. The Cabinet met frequently and made decisions in line with the Council's overall policies and budget.

The **Mayor** holds executive decision making powers in relation to all policy decisions not reserved for the Council. Requests have been made by Councillors for greater visibility of future decisions and at present the Forward Plan is kept under review and published monthly. The Mayor will take (or delegate to Cabinet members) key decisions in public.

Delegation of decision making to officers is detailed in the Scheme of Delegations so that they can deal with the day-to-day running of the service.

A '**Decision Pathway**' was introduced in the early part of the year to support the decision making process aiming to ensure that decisions were lawful, properly consulted and made based on full and accurate information. Practical application of the decision pathway however identified it as being complex and over-technical by managers across the Council and a perception that it resulted in delays in making timely decisions and in some cases missed opportunity.

The decision pathway has more recently been reviewed again to address these concerns and its effectiveness is subject to ongoing review.

Records - Decisions made by Committees, Council and Cabinet, (under their delegated powers) are recorded and published online for transparency. Senior Officers decisions (with a value of £100K to £499K) are recorded in meeting minutes, including meetings with the Executive Member and the relevant management team. A review of the publishing of Officer Executive decisions is under way and reminders have been issued at Directorate Management level.

Consulting members in decision making is a core part of the democratic process. Members are engaged through a variety of methods including weekly Cabinet Member/Portfolio holder briefings for which minutes are taken. Additionally, officers work alongside Scrutiny members in task and finish groups targeting particular areas.

The Council publishes a calendar of meetings and deadlines for the submission of agenda items. Agendas and reports are produced promptly and provided to the relevant Members 28 days in advance of decisions unless the need has arisen to use the special urgency provisions.

The decisions of the Cabinet are subject to scrutiny through the Overview and Scrutiny Management Board and can be called in for scrutiny to ensure that they are soundly based and consistent with Council policy.

Scrutiny Members decided to trial a different approach to scrutiny during 2017/18 which, in addition to the Overview and Scrutiny Management Board, established task and finish groups in place of directorate scrutiny committees. These were not public meetings; the groups included wide Member involvement aimed to undertake 'deep dives' of identified areas with a view to service or policy improvement.

The 2017/18 **Scrutiny Task and Finish Groups** were:

- Air Quality and Pollution
- Children's Centres
- Cribbs Patchway New Neighbourhood
- Council Assets
- Council Commissioning and Contracts
- Demand on Social Services (Adults)
- Fire Safety in Council Owned High Rise Buildings
- Libraries
- Medium Term Financial Plan
- Parks

The effectiveness of the Task and Finish Group arrangement has been reviewed with Members in February 2018 and 2018/19 will see Public Directorate scrutiny commissions meeting 3 times each year with a reduced number of Task and Finish groups. The Overview and Scrutiny Board, which met 14 times during 2017/18, will continue to meet going forward and will overview the work of the other scrutiny commissions.

The role of the **Human Resources Committee** includes the employment and remuneration of Executive Directors and Directors. Full Council has delegated to the Committee the power to determine the terms and conditions on which employees hold office including procedures for their dismissal and functions relating to local government pensions.

The **Audit Committee** meets independently of the Executive and Scrutiny functions. Whilst it has no routine decision making authority (outside of approving the annual statement of accounts), it provides assurance to Full Council that decision making processes are sound. A key purpose of the Audit Committee is to hold officers and the Executive to account where decision making and risk management processes have not been robust.

The **West of England Combined Authority (WECA)** is a separate legal entity, made up of three of the local authorities, working in partnership to deliver economic growth in the region. The West of England Mayor, who was elected in May 2017, has been given powers over spending, previously held by central government, on the region's transport, housing, adult education and skills. WECA also provides support to the West of England LEP Board and to the West of England Joint Committee, which includes North Somerset Council.

Scrutiny and Audit Committees have been established to scrutinise and hold to account the new Combined Authority and West of England Mayor. Decision making timetables between WECA/Joint Committee and the Council need to be aligned in order that those aspects of business which require Council approval are given sufficient time, scrutiny and governance.

Review of Effectiveness – Integrity, Ethics and Openness

The Council has responsibility to review the effectiveness of its governance. This review has been coordinated by the Internal Audit Team and included managers from each Directorate collating, reviewing and evidencing compliance and identifying any governance improvements required within their areas. Issues identified by External Reviews, Internal and External Audit were also considered for inclusion in this statement. Where the issues identified are considered significant, these will be outlined in the 2018/19 Annual Governance Statement action plan.

The Council's **Monitoring Officer** has legal responsibility to look into matters of potential unlawfulness and has confirmed that there has not been the need to make a report concerning any proposal, decision or omission that would give rise to unlawfulness or maladministration. Decisions have been made in accordance with the relevant policy framework.

Entries made in the Register of Members Interests were reviewed by the Monitoring Officer.

The Council's **Code of Conduct**; all new employees are required to declare any potential conflicts of interest and to sign the Code of Conduct upon commencement of employment. The adherence to timeliness for recurrent declaration of interests has improved within 2017/18 and will continue to be monitored on an ongoing basis.

The Council also has a Code of Conduct for elected and co-opted Members. The Audit Committee monitors standards of conduct of Members and when it appears that a breach may have occurred these are referred to the Audit Committee by the Monitoring Officer for a hearing.

If it appears that the Code of Conduct may have been broken by a member of staff that would warrant disciplinary action, this would be referred to the relevant service (HR or Audit) for investigation.

Employees are made aware of **core policies** such as the Anti-Fraud and Corruption Policy, the Whistleblowing Policy and the IT Security Policy upon induction and updates are shared through "The Source" (Council intranet) or cascaded through leadership and team meetings.

The Council informs, consults and involves residents in significant decisions including service and budget changes. Their views are submitted to those making decisions for consideration. Consultations and surveys this year have included a survey on council tax increase and a consultation on new ways of running parks and open spaces.

The Audit Committee is responsible for ensuring that arrangements are in place for the proportionate and independent investigation and follow up of **Whistleblowing** allegations, in line with recommended best practice.

The annual review of Whistleblowing arrangements occurred in 2017/18 and some areas where improvements could be made regarding awareness and confidence in Whistleblowing arrangements were identified and reported to the Audit committee during the course of the year.

Review of Effectiveness –Service Planning and Delivery

An extensive consultation exercise in 2017 led to a new **Corporate Strategy** for the period 2018-23, adopted by Full Council meeting in February 2018 as part of the Council's Policy Framework. The Corporate Strategy provides the Council's overarching medium term strategic direction and priorities for the next five years. In addition the strategy now takes account of the emerging One City Plan and updates information on the challenges facing the Council.

This is the basis on which the annual business plans have been prepared and the Council's performance framework (included individual officer performance) is grounded.

To keep the plan relatively short and simple, only the top level actions and most important measures of our success have been included in the Business Plan. Some actions may relate to more than one commitment, but are listed next to the most relevant one. To ensure the plans and the milestones and high level performance indicators remain relevant, they will be periodically refined in response to internal and external changes.

The Corporate Strategy includes our **values & behaviours** which defines how we work and what we stand for. These will be rolled out and embedded within the whole organisation.

Performance is monitored in line with business plan themes, directorate and key service plan drivers. In some areas such as Children's services, performance is measured and monitored via national professional standards.

The Council's approach to managing staff performance ("**My Performance**") requires regular, quality conversations and periodic online assessment. Online completion is monitored but inconsistent application has been identified. The Head of Human Resources has advised that only 42% of staff having registered completion of review compared to 68% in 2016/17. This decline in completion has resulted from a lack of clarity regarding the timing, development and roll out of the new performance monitoring framework that appropriately reflects the Council's vision and values.

The average working days lost to **sickness** as at December 2017 was 9.22 days, compared to 8.4 at the comparative period in 2016. This exceeded the target of 7.5 days and absence due to stress and limb disorder has significantly increased in 2017.

A number of planned additional actions have been developed to improve the number of working days lost due to absence; including regular case management, proactive targeted support for managers and systematic performance reviews.

Work is now well progressed on a **Strategic Workforce Plan** which now needs final approval and implementation. The plan will include work streams on: organisational culture; structure pay and reward; performance and talent management; diversity and inclusion; employer brand, recruitment and health and wellbeing. The Health and Wellbeing work stream includes: mental health training for staff; assisting colleagues through change; and launching a wellbeing website with support tools for managers and staff.

Partnership working is fundamental to the work of the Council and delivery of the Corporate Strategy. There are many forms of collaboration with other organisations and these are governed in many ways – constitutional governance groups, contractual arrangements, partnership/service level agreements and information sharing arrangements. Some work-streams, however, would benefit from a more formalised approach than is currently taken. Work to refresh the Partnership policy is underway and will be based on a full awareness of all partnership arrangements.

In planning its services, the Council aims to consider the social, economic and environmental impact of its approaches. These aims are at the heart of public service and there are many examples of how Council services deliver '**social value**' of this kind.

More specifically the Council considers Social Value at pre-tender and tender stage to ensure that appropriate desirable outcomes can be offered by suppliers in their tender submission Further work is required to ensure that social value outcomes are agreed, clearly understood and effectively monitored going forward and to this effect the Social Value element of the Contract Procedure rules have been strengthened.

The Council has a procedure for tracking, handling and reporting formal complaints. These are reviewed and reported through the performance reporting framework.

During 2017/18, the Council responded to 76% (target of 90%) of complaints within the required timescales. Whilst this demonstrates progress when compared to 2016/17 (58%), we recognise that improvements are required to achieve higher levels of compliance.

Additionally, to further enhance performance the Council must also ensure that they learn from complaints received.

In 2016/17, a need to enhance Member development arrangements was identified. Ensuring Members have the correct skills to support community leadership and decision making is an important aspect of delivering the Council's aims and objectives. Additional resources have been allocated to develop a robust Member development programme going forward.

A new approach to Member briefings, various programmes of training have been delivered (e.g. to the Audit Committee) and a member online library containing items such as technical briefing has more recently been developed to ensure there is coordination and ease of access to information. A Member development steering group has been established and they have undertaken a gap analysis against the LGA Chartermark. This is forming the basis for a programme of work that is in part supported by the LGA but also strengthens links with other services.

Review of Effectiveness –Service Planning and Delivery

A **Multi-Agency Learning Review**, completed by the community safety partnership, Safer Bristol was published in December 2017 following the death of Mr Bijan Ebrahimi.

This report concluded that both the Council and the police collectively failed to provide an appropriate and professional service to Mr Ebrahimi. The review identified 14 recommendations for organisations, 4 specifically for the Council which included the process and evidence for Anti-Social Behaviour injunctions, a review of current vulnerable tenants, reviewing diversity training and awareness raising activities and change in our vulnerable tenant's policy. Actions outlined in the agreed action plan are being progressed and delivery is monitored through the Safer Bristol Executive.

The Local Government and Social Care Ombudsman made findings of fault in respect of the way the Council dealt with a family's housing and homelessness applications and storage of their belongings. The family had to share a single hotel room for more than three years.

The report referred to a number of Council departments being aware of the family's problems in the period 2014-2017 but that "nothing was done about their housing situation until the Ombudsman got involved." The report noted the actions taken by the Council to provide part remedy, for example action during the investigation to register a homelessness and housing application. Recommendations were made and actions required in terms of financial remedy, publication of the report, reporting the matter to the Council and informing the Ombudsman of compliance with the actions specified.

The Council has an information security policy which is currently being refreshed to include strengthened requirements brought by the General Data Protection Regulations (GDPR). The holder of Senior Information Risk Owner (SIRO) role has changed during the year with a new SIRO appointed in February 2018. Turnover in asset owners and lead custodians has also brought a loss of organisational knowledge however this has provided the opportunity to review practice and procedures.

98% of staff have been trained in information security and GDPR training is currently being rolled out to all employees with 95% completion currently achieved. Further work, however, is still required to train colleagues in data retention.

A future state assessment of Information and Communications Technology (ICT) has taken place resulting in identification of a 'desired' future state that is modern, flexible and stable. If implemented effectively, the future state will help to ensure that the Council's ICT works to support departments in delivery of Council services going forward and enables the Council's digital ambitions, as these become clearer, to be realised. An achievable but challenging transition plan has been developed and costed with the intent of moving the Council to the desired state by 2023.

The future state offers a vision of ICT provision that is both lean and well positioned to leverage the benefit of current technology to help deliver the Council's digital ambitions for great end to end digitisation of services. The Council is, however, currently operating without a business led Digital Strategy to co-ordinate and drive digital development across the Council.

The priority given to preparing for the new GDPR regulations was escalated in the latter part of the year and additional resources sourced to address key priorities for compliance by 25 May 2018. A risk based approach is now being taken which will see the key building blocks in place by the 25 May, including:

- Training completed Council-wide
- Processes for handling subject access requests
- Record of processing activity
- New contracts will be GDPR compliant
- Updated privacy notices
- Privacy Impact Assessment (PIA's) completed
- Consent forms updated
- Old data reviewed and in the process of being deleted

Plans are in place to ensure the Council is fully compliant going forward and progress is being monitored by the SIRO. At the same time, information governance overall is being reviewed to incorporate stronger oversight of arrangements concerning information management and security including reviewing the role and terms of reference of the information assurance group.

Procedures were in place during 2017/18 to report information security breaches internally. Some 280 such reports were made during the year, of which 2 were reported to the Information Commissioner's Office with no further action being required in either case although in one case the Council were deemed to be in breach. Senior managers have provided assurance that action has been taken by them, in consultation with experts in the Council, to respond to those breaches appropriately. However, there have been some failings to report breaches to the information commissioner in a timely way. Similarly, a number of subject access requests had not been dealt with in a timely manner. Processes are now being reviewed as part of GDPR preparations to ensure these processes are rectified now and going forward.

The Council's **Risk Management Policy** was reviewed, endorsed by the Audit Committee (September) and approved by Cabinet (December 2017). The Corporate Risk Register is part of this framework and is an articulation of the key risks impacting the Council. It is intended to be used to inform decision making, provide assurance over actions being taken to manage key risks and to inform directorate level risk management planning and mitigation activities.

For the key strategic risks, named risk managers are identified in the Register. Risk management should be an integral component of the business planning, project management and other corporate processes, such as the budget, linking risk to the achievement, monitoring and resourcing of objectives at directorate level.

Risk management needs to continue to be embedded within the Council and risk training options are currently being reviewed and refreshed including consideration of online tools.

The Corporate Risk Register was refreshed using new methodologies as outlined in the policy and received by the Audit Committee November 2017 and Cabinet January 2018. It is proposed that the Corporate Risk Register will be reported at least twice a year.

However, during 2017/18, the following practices were not consistently applied to assist with embedding Risk Management at all levels and across the Council:

- **Quarterly review of Corporate and Directorate Risk Registers.** This lapsed during the year. Whilst development work was completed in respect of the Corporate Risk Register, Directorate Risk Registers were not consistently maintained in line with the new format and or policy.
- Whilst the Risk Management Policy was approved, **training and awareness** needs to be addressed to ensure consistent application.

I.T contracts which support the delivery of corporately **critical systems have been systematically risk assessed** and monitoring and mitigation have been developed to minimise Council risk exposure across the 280 contracts.

The Council responded seriously to the financial challenge and had set about reassessing its financial bases to more realistic levels to address the financial gap. A number of areas of the financial plans were ambitious and some areas of risk were identified and have been managed.

Resourcing Risk Management: A dedicated and specialist risk manager was not in place to drive forward improvements and assist managers and advise Members on the management of risks and issues. An interim resource has been sourced early in 2018/19 to support the Council with embedding the principles and to consider how this area should be resourced in the future.

Whilst risk management has been inconsistent at strategic level, assurance statements from managers across the Council indicate ongoing consideration of risk at service delivery level. This can range from management of service risks in line with that governed by national frameworks and professional standards to risk consideration in project delivery or new business case approvals.

Review of Effectiveness – Financial Arrangements

The **Director of Finance** has confirmed that the principles outlined in the CIPFA *Statement on the Role of the Chief Financial Officer (S151 Officer) in Local Government* have been complied with in performing her duties.

The S151 Officer is a member of the Councils Corporate Leadership Team and as such is ideally placed to develop and implement strategic objectives within the Council, influence material business decisions and oversee corporate governance arrangements, the audit and risk management framework and the annual budget strategy and planning processes.

The Council's approach to Financial Management ensures that public money is safeguarded and used to best effect in supporting both long term achievement of objectives and shorter term financial and operational performance when ensuring value for money is achieved.

Changes to the local government finance system, and delivery of continued significant savings continues to present significant risks to the Council's priorities and ambitions. Through effective leadership the key focus for 2017/18 has been:

- Delivering our core strategic framework (of which financial framework is integral), improved financial management and quality of the reporting
- Stabilising of Council finances within the challenging financial climate.
- Implementation of a strengthened regime of governance and assurance.
- Ensuring sufficiency of resources with appropriate skills and capabilities.

Good progress has been made in the following areas:

Core strategic framework

- Review Policy and Budget framework within the Constitutional review.
- Refresh financial regulations / scheme of delegations.
- Developed a 5 year rolling MTFP.
- Contract procedure regulations.

Stabilising of Council finances

- Annual budget, including 5 year capital programme and Treasury Management Strategy.
- LGA Budget Peer review undertaken to support this process and improve budget setting.
- Budgets have been managed within delegated limits – balanced position achieved for 2017/18.

Strengthened governance and assurance

- Improved governance of savings programme via the Delivery Working Group and Delivery Executive and budget management Budget Scrutiny and Budget Executive – Member involvement.
- Increase capacity and profile of Internal Audit, with improved inspection and assurance regime.
- The MTFP and budget process involved the engagement of members via the Scrutiny Task and Finish Group.

Sufficiency of resources with appropriate skills and capabilities

- Resources realigned to provide greater agility and risk based target of resource.
- Additional skills and capacity secured via interim resources.

Further work is required in the following areas:

- Develop a Capital Strategy and improved governance of the capital programme.
- Deep dive review of ring fenced accounts (HRA / DSG/ PH), partnerships and our companies.
- Implementation of outstanding audit recommendations and finance systems and process improvements.

The 5 year **Capital Programme** contains high level programme areas and schemes at varying levels of readiness and as outlined in the draft finance outturn report for 2017/18 many projects have been subject to delays as a result of internal and external factors which have resulted in significant slippage and incremental re-profiling of budgeted / planned expenditure. This is a trend which we have seen reflected in prior years (identified in the 2016/17 AGS review) and urgent improvement is required to strengthen project management and capital governance.

The updated 2017 Prudential Code for Capital Finance in Local Authorities and its associated guidance highlight the need for the further strengthening of capital governance arrangements in local authorities. A Capital Strategy forms a critical part of strategic and financial planning, to ensure capital investment, proposals are fully justified in accordance with the strategic vision and fosters an integrated approach to the deployment of capital spend against a clear set of priorities including readiness assurance.

The Council will develop a capital strategy and ensure that robust governance arrangements are in place in 2018/19 for delivery of its rolling five year Capital Programme (including major infrastructure projects delivered in conjunction with regional Partners) to ensure initiatives that involve the direct delivery of significant infrastructure and capital investment are transparent within the Capital Programme from their inception and delivery ultimately overseen by a strategic governance board.

Procurement procedures were revised during 2017/18 to achieve transparency regarding third party activity across the Council, standardisation and efficiencies where appropriate and increase rigor in our procurement practices.

As a result of the gateways and processes introduced a number of weaknesses have surfaced in terms of procurement forward planning, contract management and understanding of procurement regulations. This area was also identified for review in the Audit plan for 2017/18.

Audit findings and responses contained in the Assurance Statements in respect of **Procurement and Contract Management** highlighted the following concerns regarding robustness of process:

- The use of waivers in the procurement of goods and services continued to be high and the waivers process was not applied consistently. It was identified that many waivers could have been avoided with effective contract planning.
- Services being procured outside of agreed framework agreements.
- Standards of contract management were found to be inconsistent across the Council.

Management actions were outlined in response to the Audit findings which aims to strengthen the Council's approach to commissioning, procurement and contract management. This included the introduction of a category management approach to procurement, a revision to the Contract Procurement regulations which includes category forward plans and whole life contract management. Implementation of this approach and its effectiveness will need to be monitored in 2018/19.

Bristol is Open (BIO) Ltd is a Joint Venture company in which both the Council and the University of Bristol own a 50% stake. BIO was established to be the vehicle for an experimental broadband, wireless and high performance computing infrastructure that will stimulate and study the convergence in cities of different telecommunication, software, hardware, data and sensing technologies. BIO is expected to oversee the research infrastructure and form commercial partnerships with large technology companies, SME's and research organisations.

An Internal Audit review of the Council's own governance arrangements in relation to BIO was undertaken early in the financial year and identified areas for development and improvement in respect of how the Council monitors the achievement of the objectives set out in the original business case and assesses value for money in this high tech sector and the need for improved risk management arrangements.

The Council's performance oversight is provided by the Shareholder group and company governance has been further strengthened in more recent months with the reinstatement of shareholder meetings. A new Managing Director was appointed during the course of the year and a revised business plan is in development which will align to the strategic ambitions of both shareholders and will need to be underpinned by a financially sustainable operational plan. Work will continue in conjunction with the Shareholders to finalise any outstanding or associated commercial, legal and governance arrangements.

The turnover of BIO does not meet the materiality threshold and as such the company accounts are not consolidated within the Council's accounts.

The companies **Bristol Energy** and **Bristol Waste** are wholly owned by the Council through a company, Bristol Holding Limited.

- **Bristol Energy** is 'social' supplier of gas and electricity to domestic and business customers
- **Bristol Waste** provides recycling, waste collection, disposal and street cleansing services on behalf of the Council and because of the nature of the business the company is permitted an exemption (Teckal Company) from public procurement.

The companies produce their own accounts which are subject to independent external audit and consolidated into the Council's accounts.

An independent review was undertaken of Company Governance with recommendations agreed that will assist the Council in improving the level and effectiveness of Council oversight of the activities of those companies that it either wholly owns, or in which it has an interest. The implementation and the impact of actions taken in respect of the governance improvements identified by the review will be monitored throughout 2018/19.

The Council retained a thin client function; however it has been necessary during the course of the year to increase the capacity to oversee the contractual relationship with the companies. The appropriate size and scope of the client function going forward is under consideration.

In 2018/19 an assurance report will be provided from the companies Audit Committee for the Council's Audit Committee. The report will outline any significant risk/issues reported and the effectiveness of the internal controls. The timing and format of the report is still to be agreed.

Review of Effectiveness – Council Owned Companies

Assurance statements based on the model used by Council managers have been completed on behalf of each company to provide reassurance that governance arrangements are sound.

Each company has put in place their own governance arrangements which reflect the commercial environment within which they operate. The companies operate in accordance with agreed business plans and progress against them is monitored internally and reported to the Council's Shareholder group.

The energy market is both huge and complex and will always be punctuated by periods of shorter-term price volatility. Due to the cyclical nature of the market and the costs to serve, the investment horizon in the energy market is generally long term and **Bristol Energy** remains committed to their plan for meeting long-term growth and social value.

In 2017/18 the financial and trading environment remained challenging. Whilst Bristol Energy exceeded their target level of customer numbers, attracting more customers than predicted, the margins were lower than originally forecast. These factors in conjunction with the continued investment in business growth, innovation (such as smart metering) and our customer service which aimed to bring benefits to all customers, resulted in an increase in the net operating losses over the planning period.

The Governance arrangements have been strengthened, monthly performance reports which include operational and financial key performance indicators in addition to budget reports are presented to the Board and Shareholder group. An Audit and Risk Committee has been established and a mechanism is being considered which will ensure Audit Committee members and senior management are provided with independent, objective views on the risk and internal controls within the company. Plans are in place for the establishment of a Remuneration Committee in 2018/19.

A Risk Management framework is in place with regular review of key risks of the business reported to the Board and the Audit and Risk Committee. A Business Continuity Plan for the company is in place and was tested during the extreme weather conditions in 2017/18.

The arrangements above will support robust decision making and achieving the aim to provide a wide range of benefits to residents and local businesses, deliver positive social impacts through job creation and tackling fuel poverty.

Bristol Waste, exceeded its expected performance in the attainment of household and municipal waste recycling percentages assisting the City in achieving its statutory targets in 2020 and through improved contracts, has dramatically reduced the quantity and % of Bristol's waste being disposed of at landfill (15% for 2017/18 represents a 10% reduction on the previous year) and achieved a net surplus for 2017/18.

It has been recognised that there has been an insufficient level of Non-Executive Directors on the Board at Bristol Waste, which has impacted upon the ability to maintain effective governance arrangements in respect of Audit Committee and Remuneration Committee arrangements. There has been a significant turnover in the senior management team in a relatively short period of time but this has been mitigated by interim arrangements to ensure that operational delivery was not adversely impacted and where appropriate permanent recruitment is underway.

Bristol Waste maintains a risk matrix which is regularly reported at Board and through to the Shareholder Group this needs to be further developed to reflect a more rigorous approach to reporting of risk and realisation of opportunities. In addition to the above the evolving Business Continuity Plan is being further developed and due to be finalised in the first quarter of 2018/19.

The preparation of the **Annual Governance Statement** has continued to be based on a robust approach whereby Managers and relevant budget holders from across the Council complete assurance statements for each of their areas acknowledging responsibility for internal control and risk management. Each of these employees have certified or otherwise their satisfaction with the arrangements in place during 2017/18. Several areas for improvement have been identified.

An external peer review of the Internal Audit service was completed in 2017/18, which concluded that the team was generally compliant with professional standards (97% fully or partially compliant). An action plan for improvement has been agreed and implementation will be monitored via the Audit Committee. Additionally, an internal review has highlighted various areas for development in order to enhance the Internal Audit service.

The **Audit Committee** provides independent assurance on the adequacy of the governance arrangements in the Council and has cross party representation.

The Internal Audit Team has undertaken a programme of reviews around governance arrangements, internal control and risk management arrangements at the Council.

The Committee met on six occasions during 2017/18, considering reports from the Chief Internal Auditor including the Annual Internal Audit Report, the S151 Officer, the Monitoring Officer and the External Auditor.

Overall, their opinion is that only **limited assurance** could be provided in respect of 2017/18 as detailed in the Annual Internal Audit Report.

The Annual assessments of the effectiveness of the Committee was undertaken (following CIPFA good practice guidance) to identify any areas where improvements are necessary to increase its effectiveness. Independent members were appointed during 2017/18 to strengthen the Committee.

The Audit Committee received regular reports on **counter fraud and fraud investigations** throughout 2017/18.

A review of the Council's position related to the CIPFA Code of Practice on Managing the Risk of Fraud and Corruption was reported to the Audit Committee in 2017/18. Fraud work continues to identify potential recoverable savings.

BDO is currently the Council's appointed **External Auditor**. As well as the examination of the Council's financial statements, the work of the Council's External Auditor includes an assessment of the degree to which the Council delivers value for money in the use of its resources.

In its Annual Report for 2016/17, BDO issued an unmodified true and fair opinion on the financial statements. It also made an adverse conclusion on the Council's arrangements in place for securing economy, effectiveness and efficiency in its use of resources.

The profile of the Internal Audit section has been improved via increased attendance at management team meetings and regular meetings with management. This has contributed towards an improvement in the rate of implementation of audit recommendations.

During 2017/18, the Council has made progress in enhancing its' governance arrangements via the following:

- ✓ The Corporate Strategy has been refreshed with developments in its alignment to business and service planning.
- ✓ A clear set of Council values and behaviours has been agreed, incorporated into the Corporate Strategy and communicated via training workshops.
- ✓ During the course of the year, there have been a number of internal and external reviews. All reports have been discussed in a range of forums, duly considered, management responses provided and agreed actions are being implemented and embed appropriately. Such independent external reviews of Council services, systems and processes include:
 - Registration and Elections Service;
 - Local Government Association reviews of Children's Services finances, Early Help Services, Intervention Targeted Services;
 - LGA review of Special Education Need and Disability;
 - Joint Targeted Area Inspection of the multi-agency response to Abuse and Neglect by the Council;
 - Peer Challenge on the theme of Neglect;
 - Ofsted Monitoring Inspections of every Children's Home.;
 - Governance review of Council owned companies;
 - LGA Budget Peer Review;
 - Peer Review of Internal Audit services compliance with Public Sector Standards; and
 - Future State Assessment of ICT provision.
- ✓ A review of corporate equalities practise has been initiated.

(The Corporate peer challenge that was scheduled for 2017 and postponed will now occur in Autumn 2018.)
- ✓ The work of the Urban Design and Place Shaping Teams is reviewed and challenged by external agencies such as Historic England, the Civic Society for consistency of advice and championing of good design and has been further enhanced by improving the regularity of scrutiny by the Bristol Urban Design Forum.

- ✓ A diagnostic of Children and Adult Services was undertaken which translated into improvement plans for the services, which has included promoting improvement through the benchmarking of regional services.
- ✓ Appointment of an Independent Chair for the Strengthening Families Transformation Board to drive challenge and support in the process of transformation.
- ✓ The Council was one of only 13 local authorities in the country to secure “Earned Autonomy” status in the management of the Troubled Families Programme. This will secure additional troubled families payments to spur faster service transformation and drive high quality support to families.
- ✓ BSI accreditation has been achieved in respect of complaints handling
- ✓ There have been improvements in financial monitoring arrangements that have enabled remedial action to be taken within the year.
- ✓ There has been an increased profile of Audit across the organisation achieved by attendance and Directorate Management teams and regular meeting with management and the Implementation of audit recommendation has also shown improvement.
- ✓ Following the identification of concerns in-year, the decision pathway was reviewed towards the end of the financial year.
- ✓ There has been improved monitoring of the performance of the companies by the Council’s Shareholder Group.

**Significant
Governance Issues**
(see key below for definition)

No systems of control can provide absolute assurance against material misstatement or loss. In concluding this review a number of issues have been identified that need to be addressed to ensure continuous improvement in the governance framework. Some of these, identified below, are significant and, where necessary, additional improvements have been identified in a separate internally monitored action plan.

In the 2016/17 Annual Governance Statement, 14 significant governance issues were identified for improvement. These were monitored by 22 key actions and reported regularly to the Audit Committee in 2017/18.

As at March 2018, it was reported to the Audit Committee that 23% of actions were complete and that 77% of actions were in progress.

The following represent the significant governance issues for 2017/18 and where a similar issue was reported in 2016/17, it is referred to accordingly.

| Issue No. | Issue Identified |
|-----------|---|
| 1 | The Local Government and Social Care Ombudsman report into the treatment of a homeless family identified a number of recommendations to be addressed. This report was considered by Cabinet in May 18 with a further detailed action plan to be considered at a future Cabinet meeting, date to be confirmed. |
| 2 | The Multi-Agency review following the death of Mr Bijan Ebrahimi identified recommendations for the Council which require ongoing monitoring. |
| 3 | There is a need to enhance the support of the integration of health and social care by ensuring effective governance is in place in relation to delayed transfers of care. |
| 4 | A detailed review is required and plan developed which supports schools to deliver a good or improved level of education within a reduced funding envelope. |
| 5 | The Future State Assessment of ICT within the Council has recognised the need to stabilise ICT and ensure it supports transformation going forward. This should include reviewing disaster recovery arrangements. |
| 6 | Having a strong business led digital vision and strategy for the organisation will support service change and drive the organisation to delivery to citizen expectations with regards to the digitisation of services. |
| 7 | Arrangements for the Council's approach to working in partnerships have been set up with varying levels of formality. Governance and risk management arrangements are inconsistent in the absence of clearly defined governing principles. (This was reported in the 2016/17 AGS). |
| 8 | Risk Management processes need to be consistently applied in order to embed risk management across the Council. (This was reported in the 2016/17 AGS). |

| | |
|----|---|
| 9 | There has been significant slippage in delivery of key capital projects in line with the agreed capital programme. (This was reported in the 2016/17 AGS) |
| 10 | Audit reviews and responses in the Assurance Statements identified weaknesses in the consistency of contract management arrangements and also the use of contract waivers continues to be high and reflects the need for improved contract planning have been identified by both. (This was reported in the 2016/17 AGS) |
| 11 | It has been identified that there is a need for the member development programme to focus on members' core skills, community leadership and decision making roles. (This was reported in the 2016/17 AGS). |
| 12 | Performance management of our employees has been inconsistent with only 42% having registered completed performance reviews. (This was reported in the 2016/17 AGS) |

Actions taken to address these Significant Governance Issues will be reported to the Audit Committee in 2018/19.

Key – Significant Governance Criteria:

The criteria for "significant governance" are issues/ areas which:

- Seriously prejudiced or prevented achievement of a principle objective;
- Resulted in the need to seek additional funding to allow it to be resolved;
- Required a significant diversion of resources;
- Had a material impact on the accounts;
- Resulted in significant public interest or has seriously damaged reputation;
- Resulted in formal actions being taken by the Chief Financial Officer or Monitoring Officer;
- Received significant adverse commentary in external inspection reports that has not been able to be addressed in a timely manner.

Statement of Commitment

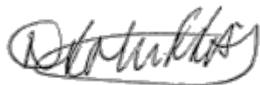

Good governance is about running things properly. It is the means by which the Council shows it is taking decisions for the good of the people of Bristol, in an inclusive and open way. It requires standards of behaviour that support good decision making, collective responsibility, individual integrity, openness and honesty. It is fundamental to showing public money is well spent and without good governance the Council will struggle to improve services.

From the review, self-assessments, work undertaken and on-going monitoring supported by the work of Internal Audit, we have reached the opinion that a number of key systems are not operating soundly and that there remains a need for improvement.

An action plan has been outlined in this report which takes steps to address the need for improvements that has been identified in our review of effectiveness. However as part of our commitment to further strengthen governance, local accountability and to explore how effectively we are delivering services, the Council will take part in a Corporate Peer Challenge in September 2018 organised by the Local Government Association.

This was originally scheduled for 2017 but was postponed due to the Grenfell Tower tragedy. This provides us with an invaluable opportunity to provide an external perspective and 'baseline' for the Council in terms of our current position. Furthermore, the challenge will explore how the Council can best achieve its strategic ambitions and plans for the future and use the organisational values as key references points to guide the teams work.

We are satisfied that these steps will address the need for improvements and strengthen the governance arrangements in place for identifying governance issues and taking mitigating action. We will monitor their implementation and operation over the coming year through the Corporate Risk Register, Directorate Service and operational plans as required and Statutory Policy Board. In addition during the year the Audit Committee will monitor progress against the issues identified in this statement.

Notes to the Accounts

1 Accounting Policies

i General Principles

The Statement of Accounts summarises the Council's transactions for the 2017/18 financial year and its position at the year-end of 31 March 2018. The Council is required to prepare an annual Statement of Accounts by the Accounts and Audit (England) Regulations 2015, which require the accounts to be prepared in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2017/18 (the Code) and the CIPFA Service Reporting Code of Practice (SeRCOP) for Local Authorities 2017/18, supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments. The Statement of Accounts has been prepared on a 'going concern' basis.

Prior Year Adjustment - Heritage Assets

During 2017/18 the City Council's insurance provider carried out an in-depth review of heritage assets held in the Council's museum collections. This has resulted in a significant increase in the valuation of these assets, in such instances where a reliable replacement cost could now be determined.

This results in an increase in value of £98m. It has been determined that this related to assets held by the Council prior to 1 April 2016. There were no further acquisitions or changes in value during 2016/17. During 2017/18 there were further revaluations to the collection resulting in a further increase in value of £2m.

These changes have been reflected in the accounts including a restatement of the balance sheet for 2016/17 and the inclusion of a restated balance sheet for 2015/16. Full details of these adjustments can be found in note 21 to the accounts.

ii Accruals of Income and Expenditure

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- Revenue from the sale of goods is recognised when the Council transfers the significant risks and rewards of ownership to the purchaser and it is probable that economic benefits or service potential associated with the transaction will flow to the Council.
- Revenue from the provision of services is recognised when the Council can measure reliably the percentage of completion of the transaction and it is probable that economic benefits or service potential associated with the transaction will flow to the Council.
- Supplies are recorded as expenditure when they are consumed - where there is a gap between the date supplies are received and their consumption; they are carried as inventories on the Balance Sheet.
- Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made.
- Interest receivable on investments and payable on borrowings is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.
- Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.

iii Cash and Cash Equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are investments that mature in three months or less from the date of acquisition and are readily convertible to known amounts of cash with low risk of change in value.

Cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Council's cash management strategy.

iv Charges to Revenue for Non-Current Assets

Services, support services and trading accounts are debited with the following amounts to record the cost of holding non-current assets during the year:

- Depreciation attributable to the assets used by the relevant service;
- Revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off;
- Amortisation of intangible fixed assets attributable to the service.

v Collection Fund and Local Taxation

Bristol City Council is a billing authority for local taxation and collects:

- Council Tax on behalf of the Avon and Somerset Police and Crime Commissioner, Avon Fire Authority and itself; and
- Non Domestic Rates on behalf of Avon Fire Authority, the West of England Combined Authority (WECA) and itself.

The Collection Fund Statement is an agent's statement which reflects the statutory obligation for billing authorities to maintain a separate Collection Fund which accounts for all local taxation collected and its re-distribution. The Council Tax income included in the Comprehensive Income and Expenditure Statement is the Council's own share of the Collections Fund's accrued income for the year.

Bristol City, Bath and North East Somerset, North Somerset and South Gloucestershire Councils participate in "City Region Deal", a Business Rates Retention Scheme introduced by the Government in April 2013. This scheme permits the participating local authorities to retain 100% of the growth in business rates collected across designated Enterprise Areas, this income is then used to fund approved economic development programmes. The Council applies the principals of International Public Sector Accounting Standard 23: Revenue from non-exchange transactions in accounting for the transactions and balances relating to City Region Deal.

vi Employee Benefits

Benefits Payable During Employment

Monetary benefits such as wages and salaries, paid leave and bonuses, and non-monetary benefits (e.g. cars) for current employees are recognised as an expense in the year in which employees render service to the Council. An accrual is made to represent the cost of holiday entitlement earned but not taken at each year end, to meet Code and IAS requirements.

Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Council to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy. When the Council is demonstrably committed to the termination of the employment of an officer or group of officers or making an offer to encourage voluntary redundancy, these costs are charged on an accruals basis in the Comprehensive Income and Expenditure Statement.

Where termination benefits involve the enhancement of pensions, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the Pension Fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the Pension Fund and pensioners and any such amounts payable but unpaid at the year-end.

Post Employment Benefits

Employees of the Council are members of three separate pension schemes:

- The Teachers' Pension Scheme, administered by Capita Teachers' Pensions on behalf of the Department for Education.
- The Local Government Pension Scheme, administered by Bath and North East Somerset Council.
- The NHS Pension Scheme, for Public Health employees, administered by NHS Pensions.

All of the above schemes provide defined benefits to members e.g. retirement lump sums and pensions, earned as employees working for the Council.

However, the arrangements for the Teachers' scheme and NHS Scheme mean that liabilities for these benefits cannot ordinarily be identified for the Council. These schemes are therefore accounted for as if they were defined contributions schemes and no liability for future payments of benefits is recognised in the Balance Sheet. The CIES is charged with the employer's contributions payable to Teachers pensions and NHS pensions in the year.

The Local Government Pension Scheme

The Local Government Pension Scheme is accounted for as a defined benefits scheme:

The liabilities of the Avon Pension Fund attributable to the Council are included in the Balance Sheet on an actuarial basis using the projected unit method - i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc, and projections of projected earnings for current employees. Liabilities are measured on an actuarial basis discounted to present value, using the projected unit method. The discount rate to be used is determined in reference to market yields at balance sheet date of high quality corporate bonds.

The assets of Avon Pension Fund attributable to the Council are included in the Balance Sheet at their fair value:

- Quoted securities - current bid price;
- Unquoted securities - professional estimate;
- Unitised securities - current bid price;
- Property - market value.

The change in the net pension liability of the Council is analysed into the following components:

- Current Service Cost - the increase in liabilities as a result of years of service earned this year - allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked.

- Past Service Cost - the increase in liabilities arising from current year decisions whose effect relates to years of service earned in earlier years - debited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement as part of Non Distributed Costs.
- Net interest on the net defined benefit liability/asset, i.e. net interest expense for the authority – the change during the period in the net defined benefit liability/asset that arises from the passage of time charged to the Financing and Investment Income and Expenditure line of the Comprehensive Income and Expenditure Statement. This is calculated by applying the discount rate used to measure the defined benefit obligation at the beginning of the period to the net defined benefit liability/asset at the beginning of the period, taking into account any changes in the net defined benefit liability/asset during the period as a result of contribution and benefit payments.
- Re-measurement of the return on plan assets – excluding amounts included in net interest on the net defined benefit liability/asset, charged to the Pensions Reserve as Other Comprehensive Income and Expenditure.
- Actuarial gains and losses - changes in the net pension's liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions. These changes are debited to the Pensions Reserve as Other Income and Expenditure.
- Contributions paid to the Avon Pension Fund - cash paid as employer's contributions to the Pension Fund in settlement of liabilities; not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the Pension Fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the Pension Fund and pensioners and any such amounts payable but unpaid at the year-end. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the General Fund of being required to account for retirement benefits on the basis of cash flows rather than as benefits earned by- employees.

Discretionary Benefits

The Council has restricted powers to provide discretionary post-employment benefits. Any such benefits are accrued for in the year of the decision to make the award and are charged to the Comprehensive Income and Expenditure Statement against the service in which the employees worked.

vii Events After The Reporting Period

Events after the balance sheet date are those events, both favourable and unfavourable, which occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- Those that provide evidence of conditions that existed at the end of the reporting period. In this instance, the Statement of Accounts is adjusted to reflect such events.
- Those relating to conditions that arose after the reporting period. In this instance, the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date when the Statement of Accounts is authorised for issue are not reflected in the Statement of Accounts.

viii Fair Value

The Council holds some of its assets, such as surplus property and assets held for sale, at fair value in accordance with IFRS 13 Fair Value Measurement, and the requirements of the Code. Fair value

is the highest or best price that can be obtained in the principal or most advantageous market, in an orderly transaction between knowledgeable participants acting in their economic best interest at the measurement date. When measuring fair value the characteristics of the asset or liability are taken into account such as the location or any restrictions on use. The Council uses appropriate valuation techniques for each asset, maximising the use of relevant known data and minimising the use of estimates or unknowns. Valuation techniques are categorised in accordance with the following three levels:

- Level 1 inputs – quoted prices (unadjusted) in active markets for identical assets that the Council can access at the measurement date;
- Level 2 inputs – inputs other than quoted prices that are observable for the asset, either directly or indirectly (for example an independent valuation based on the prices of similar but not identical assets);
- Level 3 inputs – unobservable inputs for the asset (for example discounted cash flow estimation).

Where fair value cannot be measured reliably, the instrument is carried at cost less any impairment losses.

ix Financial Instruments

Financial Liabilities

Financial liabilities are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value and are carried at their amortised cost. For the borrowings that the authority has, this means that the amount presented in the Balance Sheet is the outstanding principal repayable (plus accrued interest). As annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest payable are based on the carrying amount of the liability, multiplied by the effective rate of interest for the instrument, the effective interest rate is the rate that exactly discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised.

For most of the Council's borrowings this means that the amount presented in the Balance Sheet is the outstanding principal repayable (plus accrued interest). Interest charged to the Comprehensive Income and Expenditure Statement is the amount payable for the year according to the loan agreement.

Financial Assets

Financial assets are classified into two types:

- Loans and receivables - assets that have fixed or determinable payments but are not quoted in an active market;
- Available-for-sale assets - assets that have a quoted market price and/or do not have fixed or determinable payments.

The valuation applied to fixed term cash deposits is their carrying value, as these assets cannot be sold and hence there is no market valuation.

Loans and Receivables

Loans and receivables are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument. They are initially measured at fair value and are subsequently measured at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for that particular instrument. For most of the loans which the Council has made, the amount presented in the Balance Sheet is the outstanding principal receivable (plus accrued interest) and interest credited to the Comprehensive Income and Expenditure Statement in the year is the amount which the loan agreement identified as receivable.

Where assets are identified as impaired because of a past event and there is a likelihood that payments due under the contract will not be made, the asset is written down and a charge made to the relevant service (for receivables specific to that service) or the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The impairment loss is measured as the difference between the carrying amount and the present value of the revised future cash flows discounted at the asset's original effective interest rate.

Available-for-Sale Assets

Available-for-sale assets are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured and carried at fair value. Where the asset has fixed or determinable payments, annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the amortised cost of the asset multiplied by the effective rate of interest for the instrument. Where there are no fixed or determinable payments, income (e.g. dividends) is credited to the Comprehensive Income and Expenditure Statement when it becomes receivable by the Council.

Assets are maintained in the Balance Sheet at fair value. Values are based on the following principles:

- Instruments with quoted market prices – the market price;
- Other instruments with fixed and determinable payments – discounted cash flow analysis;
- Equity shares with no quoted market prices – the net worth of the company valued on a going concern basis.

Changes in fair value are balanced by an entry in the Available-for-Sale Reserve and the gain or loss is recognised in the Surplus or Deficit on Revaluation of Available-for-Sale Financial Assets. The exception is where impairment losses have been incurred – these are debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement, along with any net gain or loss for the asset accumulated in the Available-for-Sale Reserve.

Where assets are identified as impaired because of a likelihood arising from a past event that payments due under the contract will not be made (fixed or determinable payments) or fair value falls below cost, the asset is written down and a charge made to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. If the asset has fixed or determinable payments, the impairment loss is measured as the difference between the carrying amount and the present value of the revised future cash flows discounted at the asset's original effective interest rate. Otherwise, the impairment loss is measured as any shortfall of fair value against the acquisition cost of the instrument (net of any principal repayment and amortisation).

Any gains and losses that arise on the de-recognition of the asset are credited or debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement, along with any accumulated gains or losses previously recognised in the Available-for-Sale Reserve. Where fair value cannot be measured reliably, the instrument is carried at cost (less any impairment losses).

x Government Grants and Contributions

Whether paid on account, by instalments or in arrears, Government grants and third party contributions and donations are recognised as due to the Council when there is reasonable assurance that:

- The Council will comply with the conditions attached to the payments; and
- The grants or contributions will be received.

Amounts recognised as due to the Council are not credited to the Comprehensive Income and Expenditure Statement until conditions attached to the grant or contribution have been satisfied. Conditions are stipulations that specify that the future economic benefits or service potential embodied in the asset acquired using the grant or contribution are required to be consumed by the recipient as specified, or future economic benefits or service potential must be returned to the transferor.

xi Heritage Assets

The Council's Heritage Assets are predominantly on display in museum buildings and galleries in the city, held in storage or loaned out to other educational or cultural organisations. The Bristol museums and art galleries are home to a significant number of objects from all over the world which are held to support the primary objective of increasing the knowledge, understanding and appreciation of history and culture through the following:

- Art, Eastern art and applied art;
- Archaeology, Ethnography and foreign archaeology including Egyptology and Geology;
- Natural history, social history, industrial and maritime history.

These assets are all valued on a historic cost basis or an annual insurance valuation basis.

The Council holds numerous ancient monuments and statues which are not recognised on the Balance Sheet because of the diverse and often unique nature of the assets held and the lack of comparable market values.

There is no depreciation charge against heritage assets because it is estimated that the assets have an extended and indeterminate useful life such that any depreciation charge would be negligible. The carrying values of Heritage Assets are reviewed when there is evidence of impairments e.g. when an asset has suffered physical deterioration or breakage or where doubts arise as to its authenticity. Any reductions to the carrying value of the assets are recognised and measured in accordance with the Council's general policy on impairments.

xii Interests in Companies and Other Entities

(a) Subsidiaries

Subsidiaries are all entities over which the Council has control. The Council controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

The Council's material subsidiaries are Bristol Holding Limited (which is directly held) and Bristol Waste Company Limited and Bristol Energy and Technology Services (supply) Limited (which are both indirectly held). There are no non-controlling interests.

In the single entity accounts, the Council has opted to account for its investments in subsidiaries in accordance with Chapter 7 of the Code, Financial Instruments. The investments are accordingly classified as Available for Sale Financial Assets and are carried in the Balance Sheet at fair value. Changes in the fair value of the Council's investments in subsidiaries are recognised in Other Comprehensive Income. Impairments are recognised directly in the Surplus/Deficit on the Provision of Services.

In the group accounts, the subsidiaries are consolidated on a line by line basis with adjustments to eliminate intra-group transactions, balance and unrealised gains on transactions between the group entities. Where necessary, amounts reported by subsidiaries have been adjusted to conform to the Council's accounting policies.

b) Joint Arrangements

A Joint Arrangement is an arrangement of which two or more parties have joint control where the parties are bound by contractual arrangement and the contractual arrangement gives two or more of those parties joint control of the arrangement. Joint Arrangements are classified as Joint Ventures or Joint Operations.

The Council has no material Joint Ventures.

A Joint Operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement.

The Council has one Joint Operation being the West of England Local Enterprise Partnership. In respect of this, the Council accounts for:

- Its assets, including its share of any assets jointly held
- Its liabilities, including its share of any liabilities joint held
- Its revenue from the sale of its share of the output arising from the joint operation
- Its share of the revenue from the sale of the output by the joint operation
- Its expenses, including its share of any expenses incurred jointly.

xiii Investment Property

Investment properties are those that are used solely to earn rental income and/or for capital appreciation. The definition does not apply if the property is used in any way to facilitate the delivery of services or production of goods or is held for sale.

Investment properties are measured initially at cost and subsequently at fair value, based on "the highest or best price that can be obtained in the most advantageous market, in an arms' length transaction between knowledgeable participants at the measurement date". Investment Properties are not depreciated but are revalued annually according to market conditions at the year-end

Gains and losses on revaluation are posted to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The same treatment is applied to gains and losses on disposal.

Rental Income received in relation to investment properties is credited to the Financing and Investment Income line and result in a gain for the General Fund Balance. However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and, for sale proceeds, the Capital Receipts Reserve.

Leases are classified as finance leases where the terms of the lease transfer substantially all of the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases. Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification.

Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

The Council as Lessee

Finance Leases

Property, plant and equipment held under finance leases is recognised on the Balance Sheet at the commencement of the lease at its fair value measured at the lease's inception (or the present value of the minimum lease payments, if lower). The asset recognised is matched by a liability for the obligation to pay the lessor. Initial direct costs of the Council are added to the carrying amount of the asset. Premiums paid on entry into a lease are applied to writing down the lease liability. Contingent rents are charged as expenses in the periods in which they are incurred. Lease payments are apportioned between:

- a charge for the acquisition of the interest in the property, plant or equipment - applied to write down the lease liability; and
- a finance charge (debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

Property, Plant and Equipment recognised under finance leases is accounted for using the policies applied generally to such assets, subject to depreciation being charged over the lease term if this is shorter than the asset's estimated useful life (where ownership of the asset does not transfer to the Council at the end of the lease period).

The Council is not required to raise Council Tax to cover depreciation or revaluation and impairment losses arising on leased assets. Instead, a prudent annual contribution is made from revenue funds towards the deemed capital investment in accordance with statutory requirements. Depreciation and revaluation and impairment losses are therefore substituted by a revenue contribution in the General Fund Balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

Operating Leases

Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefitting from use of the leased property, plant or equipment. Charges are made on a straight-line basis over the life of the lease; even if this does not match the pattern of payments (e.g. if there is a rent-free period at the commencement of the lease).

The Council as Lessor

Finance Leases

To date the Council has not granted any Finance Leases.

Operating Leases

Where the Council grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Credits are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. if there is a premium paid at the commencement of the lease). Initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis as rental income.

xv Minimum Revenue Provision (MRP)

The Council is not required to use Council Tax to fund depreciation, revaluation and impairment losses or amortisation of non-current assets. However, it is required to make an annual contribution from revenue towards the reduction in its overall borrowing requirement equal to either an amount calculated on a prudent basis or as determined by the Council in accordance with statutory guidance. The basis for this provision was approved by Full Council in the 2017-18 budget report on the 21 February 2017.

xvi Overheads And Support Services

The Council operates and manages its support services within the Resources Directorate and this is how these services are reported to management. The costs of overheads and support services are therefore not re-apportioned (with the exception of ring fenced accounts such as the HRA, Public Health and Licencing).

xvii Prior Period Adjustments

Prior period adjustments arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are only accounted for prospectively i.e. in the current and future years which are affected by the changes, they do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices, or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Council's financial position or financial performance. Where a change in accounting policy is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances for the current year and comparative amounts for the prior period as if the new policy had always been applied.

Where material errors are discovered in prior period figures they are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

xviii Service Concessions

Service concessions are agreements to receive services, where the responsibility for making available the property, plant and equipment needed to provide the services passes to the contractor. As the Council is deemed to control the services that are provided under these schemes, and as ownership of the property, plant and equipment will pass to the Council at the end of the contracts for no additional charge, the Council carries the assets used under the contracts on its Balance Sheet as part of Property, Plant and Equipment.

The original recognition of these assets at fair value (based on the cost to purchase the property, plant and equipment) is balanced by the recognition of a liability for amounts due to the scheme operator to pay for the capital investment.

Non-current assets related to these contracts and recognised on the Balance Sheet are revalued and depreciated in the same way as property, plant and equipment owned by the Council.

The amounts payable to the contract operator are analysed into the following elements:

- Fair value of any services received during the year;
- Finance cost - an interest charge of the effective rate of interest on the outstanding Balance Sheet liability;
- Contingent rent payable under the agreement;
- Lifecycle replacement costs where applicable;
- Payment towards liability - applied to write down the Balance Sheet liability to the PFI operator (the profile of write-downs is calculated using the same principles as for a finance lease).

xix Property, Plant and Equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

Recognition

Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on an accruals basis, provided that it is probable that the future economic benefits or service potential associated with the item will flow to the Council and the cost of the item can be measured reliably. Capital schemes above £0.2m are subject to annual review and any expenditure incurred which has not enhanced the asset's value is charged as an expense in the financial year that it is incurred. Expenditure on capital assets totalling less than £20,000 in any single financial year is classed as de-minimis and therefore is not capitalised but charged as an expense.

Measurement

Assets are initially measured at cost, comprising:

- The purchase price;
- Any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

The Council does not capitalise borrowing costs incurred whilst assets are under construction.

The cost of assets acquired other than by purchase is deemed to be its fair value, unless the acquisition does not have commercial substance (i.e. it will not lead to a variation in the cash flows of the Council). In the latter case, where an asset is acquired via an exchange, the cost of the acquisition is the carrying amount of the asset given up by the Council.

Assets are then carried in the Balance Sheet using the following measurement bases:

- Infrastructure and community assets - depreciated historical cost;
- Assets under construction - historical cost;
- Dwellings - fair value, determined using the basis of existing use value for social housing (EUV-SH);
- Surplus assets – the current value measurement base is fair value, defined as “the highest or best price that can be obtained in the most advantageous market, in an arms’ length transaction between knowledgeable participants at the measurement date”;
- All other assets – current value, determined as the amount that would be paid for the asset in its existing use (existing use value – EUV).

Where there is no market-based evidence of fair value because of the specialist nature of an asset, depreciated replacement cost (DRC) is used as an estimate of fair value.

Where non-property assets that have short useful lives or low values (or both), depreciated historical cost basis is used as a proxy for fair value.

Appendix A

Assets included in the Balance Sheet at fair value are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their fair value at the year-end, but as a minimum every five years. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains. Exceptionally, gains might be credited to the Comprehensive Income and Expenditure Statement where they arise from the reversal of a loss previously charged to a service.

When decreases in value are identified, they are accounted for in the same way as an impairment.

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

Impairment

Assets are assessed at each year-end as to whether there is any indication that an asset may be impaired. Where indications exist and possible differences are estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where impairment losses are identified, they are accounted for as follows:

- Where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains).
- Where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line in the Comprehensive Income and Expenditure Statement.
- Where an impairment loss is subsequently reversed, the reversal is credited to the relevant service line in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for the depreciation that would have been charged if the loss had not been recognised.

Depreciation

Depreciation is provided for on all Property, Plant and Equipment assets by the systematic allocation of their depreciable amounts over their useful lives. An exception is made for assets without a determinable finite useful life (i.e. freehold land, car parks, quay walls and lock gates, some Community Assets) and assets that are not yet available for use (i.e. assets under construction).

Depreciation is calculated on the following bases:

- Council dwellings - are depreciated based upon component accounting basis. In the year of disposal a full year's depreciation is charged to the accounts and nothing in the year of acquisition;
- Other buildings - straight-line allocation over the useful life of the property as estimated by a qualified valuer;
- Vehicles, plant and equipment - a percentage of the value of each class of assets in the Balance Sheet;
- Infrastructure, (excluding quay walls and lock gates) - straight-line allocation over 25 years;
- infrastructure, quay walls and lock gates in city docks are not depreciated as their economic life is beyond 100 years.

The Council applies component accounting to all assets with a net book value in excess of £5m - where the item of Property, Plant and Equipment asset has major components whose cost is significant in relation to the total cost of the item, identified components are depreciated separately.

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

Disposals and Non-current Assets Held for Sale

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use, it is reclassified as an Asset Held for Sale. The asset is revalued immediately before reclassification and then carried at the lower of this amount and fair value less costs to sell. Where there is a subsequent decrease to fair value less costs to sell, the loss is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Gains in fair value are recognised only up to the amount of any previously losses recognised in the Surplus or Deficit on Provision of Services. Depreciation is not charged on Assets Held for Sale.

If assets no longer meet the criteria to be classified as Assets Held for Sale, they are reclassified back to non-current assets and valued at the lower of their carrying amount before they were classified as Held for Sale; adjusted for depreciation, amortisation or revaluations that would have been recognised had they not been classified as Held for Sale, and their recoverable amount at the date of the decision not to sell.

When an asset is disposed of or is decommissioned, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals (if any) are credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal). Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

Amounts received for a disposal in excess of £10k are categorised as capital receipts. A proportion of receipts relating to housing disposals is payable to the government. The balance of receipts is required to be credited to the Capital Receipts Reserve, and can then only be used for new capital investment or set aside to reduce the HRA's underlying need to borrow (the capital financing requirement). Receipts are appropriated to the Reserve from the General Fund Balance in the Movement in Reserves Statement

The written-off value of disposals is not a charge against Council Tax, as the cost of fixed assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

xx Provisions, Contingent Liabilities and Contingent Assets

Provisions

Provisions are made where an event has taken place whereby the Council has a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation. For instance, the Council may be involved in a court case that could eventually result in the making of a settlement or the payment of compensation.

Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year that the Council becomes aware of the obligation, and are

measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the relevant provision. Estimated settlements are reviewed at the end of each financial year, where it becomes less than probable that a transfer of economic benefits will now be required (or a lower settlement than anticipated is made); the provision is reversed and credited back to the relevant service.

Contingent Liabilities

A contingent liability arises where an event has taken place that gives the Council a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably. Contingent liabilities are not recognised in the Balance Sheet but are disclosed in a note to the accounts.

Contingent Assets

A contingent asset arises where an event has taken place that gives the Council a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council. Contingent assets are not recognised in the Balance Sheet but are disclosed in a note to the accounts.

xxi Reserves

The Council sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the General Fund Balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year to score against the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the General Fund Balance in the Movement in Reserves Statement so that there is no net charge against Council Tax for the expenditure.

The category of unusable reserves includes those reserves which are kept to manage the accounting processes for non-current assets, financial instruments, retirement and employee benefits and do not represent usable resources for the Council. These reserves are explained in the relevant notes.

xxii Revenue Expenditure Funded from Capital under Statute

Expenditure incurred during the year that may be capitalised under statutory provisions but that does not result in the creation of a non-current asset has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year. Where the Council has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer in the Movement in Reserves Statement from the General Fund Balance to the Capital Adjustment Account reverses out the amounts charged so that there is no impact on the level of council tax.

xxiii Schools

The Code of Practice on Local Authority Accounting in the United Kingdom 2017/18 confirms that the balance of control for local authority maintained schools (i.e. those categories of school identified in the School Standards and Framework Act 1998, as amended) lies with the local authority. The Code also stipulates that those schools' assets, liabilities, reserves and cash flows are recognised in the local authority financial statements (and not the Group Accounts). Therefore schools' transactions, cash flows and balances are recognised in each of the financial statements of the Council as if they were the transactions, cash flows and balances of the Council.

xxiv Value Added Tax

The Comprehensive Income and Expenditure Account excludes amounts relating to VAT and will be included as an expense only if it is not recoverable from Her Majesty's Revenue and Customs. VAT receivable is excluded from income within the Council's Income and Expenditure account.

xxv City Region Deal

The Council has applied the principles of IPSAS 23 'Revenue from non-Exchange transactions (Taxes and Transfers)' in accounting for the transactions and balances relating to the City Region Deal.

Growth paid to the accountable body (South Gloucestershire Council) for the Business Rates Pool (BRP) is recognised by the Council as a debtor until such point that the funds are paid out by the BRP or committed by the Economic Development Fund (EDF) to fund future EDF payments in respect of approved programmes.

- Income - Income receivable by the Council from the BRP is recognised as revenue in the year in which it occurs. The council recognises revenue and a debtor balance to the extent that future EDF disbursements are to be received, have been committed to by the EDF, and sufficient uncommitted cash remains in the BRP to fund future payments.
- Expenditure – Expenditure is recognised by the Council on the earlier of payments being made by the BRP or where future EDF payments are committed to. Expenditure is recognised in proportion to the degree that the Council has contributed to the BRP through its growth figure, and is capped at the limit of the Council's payment of growth to the BRP in this period, and any previous growth figures paid over which have not been previously paid or committed by the BRP.

2 Accounting Standards that have been Issued but have not yet been adopted

The Code of Practice on Local Council Accounting in the United Kingdom (the Code) requires the Council to disclose information relating to the impact of an accounting change that will be required by a new standard that has been issued but not yet adopted. There are three such standards, IFRS 9 relating to financial instruments, IFRS 15 relating to revenue from contracts with customers and IFRS 16 relating to the treatment of leases. There is no impact on the 2017/18 accounts. IFRS 9 and 15 will impact on the accounts for 2018/19. IFRS 16 will not impact until 2019/20 and adoption and adaptations by the public sector are not yet clear.

IFRS 9 – Financial Instruments. The main changes involve the classification and measurement of financial assets and the application of a new “expected credit loss” model for impairment. Although generally, the Council does not expect the reclassification changes to have a material impact on the financial statements, but we are currently carrying out an assessment as to how IFRS 9 will impact on existing accounting treatment. Impairment charges will be immaterial for its treasury management assets (e.g. bank deposits and bonds) and it already makes a provision for doubtful debts on its service assets, e.g. trade debtors.

IFRS 15 – Revenue from Contracts with Customers excludes council tax and business rates, and is not applicable where other standards apply, for example, in the case of leases, financial instruments or insurance contracts. The Council does not anticipate any material impact on the Council's single entity financial statements; however consideration will need to be given to the likely impact on our group accounts.

3 Critical Judgements in Applying Accounting Policies

In applying the accounting policies set out in Note 1, the Council has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Statement of Accounts are as follows:

- The Council has completed a school by school assessment across the different types of school it controls within the City. Judgements have been made to determine the arrangements in place and the accounting treatment of the non-current assets.

All community schools are owned by the Council and the land and buildings used by the schools are included on the Council's Balance Sheet.

Legal ownership of Voluntary Controlled (VC) and Voluntary Aided (VA) school land and buildings usually rests with a charity, normally by a religious body. Legal ownership of 10 VA schools rests with Clifton Diocese. Legal ownership of the remaining VA and VC schools rests with Bristol Diocese. We understand that the Diocese have granted a licence to the schools to use the land and buildings. Under this licence arrangement, the rights of use have not transferred to the schools and thus are not included on the Council's Balance Sheet.

There are three Foundation Trusts in Bristol - the South East Bristol Educational Trust, the South West Bristol Co-operative Learning Trust and Trust in Learning – who own 7 schools in the City. With regard to the South West Bristol Co-operative Learning Trust, the school governing body's can exercise control over the school premise's and must consent to any development, improvement, letting or disposal of the School's property. Accordingly the land and buildings are included in Council's Balance sheet. For the remaining Foundation Trust schools, no such control exists and so these assets are not included on the Council's Balance Sheet.

Academies are not considered to be maintained schools in the Councils control. The land and building assets are either, not owned by the Council, or let on a long term lease (125 years) by the Council and therefore not included on the Council's Balance Sheet.

- There is a high degree of uncertainty about future levels of funding for Local Government. However, the Council has determined that this uncertainty is not yet sufficient to provide an indication that the assets of the Council might be impaired as a result of a need to close facilities and reduce levels of service provision.
- In April 2017, the Council made a payment of £44.2m to the Avon Pension Fund in respect of the 2017/18, 2018/19 and 2019/20 pension deficit. This figure was provided by the Pension fund and included a saving to the Council for making the payment early. The payment to the pension fund has been accounted for as a balance sheet entry that reduces the net defined benefit liability (as reflected in the actuaries report). In accordance with regulatory requirements, the revenue account has been charged with the amount payable for the year, as a movement in reserves in the Movement in Reserves Statement (MiRS).
- The costs of the Schools Private Finance Initiative (PFI) Contracts exceed the income received from the Government Grant and School Contributions, leaving the Council with a liability under the PFI Contracts. All PFI Schools have now transferred to Academy status and these assets have been removed from the Council's balance sheet. Following a review of the costs and benefits, the Council considers the contract not to be onerous as the benefits significantly outweigh the costs.
- The Council's shareholding in Bristol Port Company Ltd is carried at cost of £2.5m and not at Fair Value which is the generally expected treatment for an equity investment. The Council has explored various valuation techniques including Market Approach, Income Approach, and Adjusted Net Asset Method but has been unable to calculate a reliable fair value which could be received on the sale of the asset in an orderly transaction between market participants at the measurement date.

- The Council has valued its interests in its subsidiaries in line with the 2017/18 Cipfa Accounting Code of Practice on Local Authority Accounting in the United Kingdom (the Code), namely the investments are accordingly classified as Available for Sale Financial Assets and are carried in the Balance Sheet at fair value. Changes in the fair value of the Council's investments in subsidiaries are recognised in Other Comprehensive Income. Impairments are recognised directly in the Surplus/Deficit on the Provision of Services.
- For inclusion in the Council accounts we have taken the view that it is appropriate to value the companies within the group using different methodologies, reflecting the diverse nature of those businesses. Bristol Holding Limited and Bristol Waste Company have been valued on a net asset basis as recorded in the company's individual balance sheets as at 31 March 2018. Bristol Energy has been valued at cost with an impairment to bring back to a fair value in the accounts. The fair value has been calculated using an estimated base price per customer should the company be sold on the open market.

4 Assumptions made about the Future and other Major Sources of Estimation Uncertainty

The Statement of Accounts contains estimated figures that are based on assumptions made by the Council about the future, or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the Council's Balance Sheet at 31 March 2018 for which there is a significant risk of material adjustment in the forthcoming financial year are as follows:

| Item | Uncertainties | Consequence if actual results differ from assumptions |
|---|---|--|
| Property, Plant and Equipment (excluding Council dwellings) | Asset valuations are based on market prices and are periodically re-valued using a 5-year rolling programme to ensure that the Council does not materially misstate its property, plant and equipment. If market prices change significantly, over time there will be a corresponding increase or reduction in the value of Council land and buildings. | A reduction in estimated valuations would result in reductions to the Revaluation Reserve and/or a loss recorded in the Comprehensive Income and Expenditure Statement. If the value of the Council's property, plant and equipment was to reduce by say 10%, this would result in a £96m change in cost value charged against the Revaluation Reserve and/or the Comprehensive Income and Expenditure Statement. A corresponding increase in estimated valuations would result in a combination of increases to the Revaluation Reserve and / or reversals of previous negative revaluations charged to the Comprehensive Income and Expenditure Statement. |

Appendix A

| Item | Uncertainties | Consequence if actual results differ from assumptions |
|------------------------------|---|--|
| Pensions Liability | <p>Estimation of the net liability to pay pensions depends on a number of complex judgements relating to: the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on Pension Fund investments. The Council has engaged Mercer Ltd, a firm of consulting actuaries, to provide expert advice about the assumptions to be applied.</p> | <p>Variations in the key assumptions will have the following impact on the net pension liability</p> <ul style="list-style-type: none"> • a 0.1% increase in the discount rate will reduce the net pension liability by £42m • a 0.1% increase in the assumed level of pension increases will increase the net pension liability by £5.5m • a 0.1% increase in the assumed level of pay inflation will increase the net pension liability by £43m • an increase of one year in longevity will increase the net pension liability by £47m |
| Business Rates | <p>Following the introduction on 1 April 2017 of 100% business rates pilots, the Council along with those of South Gloucestershire and B&NES formed the West of England pilot. This increases the effect of volatility, particularly in relation to business rates appeals. Under the pilot the Council is liable for successful appeals against business rates charged since 2010 rating list A provision has been recognised for this potential liability based on best available information, including Valuation Office (VOA) ratings appeals lists, and an analysis of successful appeals to date.</p> | <p>The Council's provision for rating appeals is £24m at the year end. Any understatement or overstatement of this liability would lead to a future adjustment charged to the Collection Fund in the year of recognition.</p> |
| Fair Value Estimation | <p>Asset valuations are based on either:</p> <ul style="list-style-type: none"> • market prices for investment property, surplus assets and non-current assets held for sale: or • the adjusted net worth of unquoted companies in which the Council has a controlling or significant interest. <p>If valuations change significantly there will be a corresponding increase or reduction in the Balance Sheet value of these assets.</p> | <p>If the value of the Council's investment property, surplus property and non-current assets held for sale, was to reduce by 10%, this would result in a £30m reduction to Property, Plant and Equipment and a corresponding reduction to Unusable Reserves in the Balance Sheet.</p> |
| Provision for doubtful debts | <p>As at 31 March 2018, the Council had an outstanding balance on short term debtors of £164m. A provision for bad and doubtful debts totalling £50m has been made against this amount following a review of the aged debt analysis and significant individual balances at the year end, taking account of the nature of the debt and previous success in collection.</p> | <p>An understatement of doubtful debts would lead to future adjustment and a corresponding impairment charged against the relevant service cost. Any significant deterioration in collection rates would lead the Council to review this calculation and increase its bad debt provision.</p> |

5 Material Items of Income and Expense

There are no material items of income and expenditure that are not disclosed elsewhere within the Statement of Accounts.

6 Events after the Balance Sheet Date

The Statement of Accounts was authorised for issue by the Section 151 Officer on xx October 2018. Events taking place after this date are not reflected in the financial statements or Notes. Where events taking place before this date provided information about conditions existing at 31 March 2018, the figures in the financial statements and Notes have been adjusted in all material respects to reflect the impact of this information.

7 Expenditure and Funding Analysis for the year ended 31 March 2018

The objective of the Expenditure and Funding Analysis is to demonstrate to council tax and rent payers how the funding available to the authority (ie government grants, rents, council tax and business rates) for the year has been used in providing services in comparison with those resources consumed or earned by authorities in accordance with generally accepted accounting practices. The Expenditure and Funding Analysis also shows how this expenditure is allocated for decision making purposes between the Council's directorates. Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the Comprehensive Income and Expenditure Statement.

EFA Note 1 – Adjustments

The reallocation of transactions to/from service areas below the net cost of services to Other Income and Expenditure for example interest receivable and interest payable from Corporate Funding and Expenditure to Other Income and Expenditure. The removal of transfers to/from reserves included in outturn in Corporate Funding & Expenditure as these are not shown on the face of the CIES.

EFA Note 2 - Adjustments for Capital Purposes

Adjustments for capital purposes - this column adds in depreciation, impairment and revaluation gains and losses in the services line for:

- Other Operating Expenditure - adjusts for capital disposals with a transfer of income on disposal of asset and the amounts written off for those assets.
- Financing and investment income and expenditure - the statutory charges for capital financing ie Minimum Revenue Provision and other revenue contributions are deducted from other income and expenditure as these are not chargeable under generally accepted accounting practices.
- Taxation and non-specific grant income and expenditure - capital grants are adjusted for income not chargeable under generally accepted accounting practices. Revenue grants are adjusted from those receivable in the year to those receivable without conditions or for which conditions were satisfied throughout the year. The taxation and Non Specific Grant Income and Expenditure line is credited with capital grants receivable in the year without conditions or for which conditions were satisfied in the year.

EFA Note 3 - Net change for Pension Adjustments

Net change for the removal of pension contributions and the addition of IAS 19 Employee Benefits pension related expenditure and income:

- For Services this represents the removal of the employer pension contributions made by the authority as allowed by statute and the replacement with current service costs and past service costs.
- For Financing and investment income and expenditure this is the net interest on the defined benefit liability is charged to the CIES

EFA Note 4 - Other Differences

Other differences between amounts debited/credited to the Comprehensive Income and Expenditure Statements and amounts payable/receivable to be recognised under statute:

- For Financing and investment income and expenditure the other differences column recognises adjustments to the General Fund for the timing differences for premiums and discounts.
- The charge under Taxation and non-specific grant income and expenditure represents the difference between what is chargeable under statutory regulations for council tax and NDR that was projected to be received at the start of the year and the income recognised under generally accepted accounting practices in the Code. This is a timing difference as any difference will be brought forward in future Surpluses or Deficits on the Collection Fund.

8 Expenditure & Income Analysed By Nature

| | 2017/18 | 2016/17 |
|--|--------------------|--------------------|
| | £'000 | £'000 |
| Expenditure & Income Analysed By Nature | | |
| Expenditure | | |
| Employee Benefits Expense | 345,990 | 373,988 |
| Depreciation, Amortisation & Impairment | 88,091 | (53,831) |

| Revenue support grant | - | (60,368) |
| Non-service related government grants | (12,101) | (16,829) |
| Capital grants and contributions | (35,534) | (57,275) |
| Total | (393,731) | (409,456) |

12 Pooled Budgets

Better Care Fund

The Better Care Fund was established by the Government to provide funds to local areas to support the integration of health and social care and to seek to achieve the National Conditions and Local Objectives. It is a requirement of the Better Care Fund that NHS Bristol Clinical Commissioning Group and Bristol City Council establish a pooled fund for this purpose which was achieved in 2017/18 through a jointly signed agreement under Section 75 of the National Health Service Act 2006. The formal governance of the Better Care Fund is through the Joint Commissioning Board and the Bristol Health and Well Being Board.

Under this Section 75 agreement there are five funds totalling £51.424m and administered by whichever body undertook the contracting arrangements.

Fund 1 is administered by Bristol Clinical Commissioning Group and totals £13.037m. The fund includes contributions from the CCG only, which have been paid to providers contracted to support the sub schemes Reduction in Hospitals Admissions, Frail and Complex, Falls Prevention and Reablement. The CCG controls this fund in its entirety and wholly owns any risk relating to this fund as per the Section 75 agreement.

Fund 2 is administered by Bristol City Council and totals £6.796m. The source of funding for this is a mixture of existing CCG expenditure streams with Bristol City Council and the former NHS England funding, previously transferred under Section 256 agreement in 2014/15, which now forms part of the CCGs allocation including funding allocated under Preparing for Better Care £1.06m.

Fund 3 is a joint arrangement hosted by Bristol City Council and totals £19.883m where both the CCG and Bristol City Council contribute towards the sources of funding to create a joint arrangement. The City Council is the Lead Commissioner for the services commissioned through this fund.

Fund 4 is hosted by Bristol City Council and totals £2.651m, which is wholly made up of the Disabled Facilities Grant and £9.055m for the improved Better Care Fund (iBCF). The fund includes contributions from the City Council only, which are paid directly to providers. The City Council controls this fund in its entirety and wholly owns any risk relating to this fund as per the Section 75 agreement.

Fund 5 is hosted by Bristol City Council and totals £9.056m, which is wholly made up of the improved Better Care Fund (iBCF). The fund includes contributions from the City Council only, which are paid directly to providers. The City Council controls this fund in its entirety and wholly owns any risk relating to this fund as per the Section 75 agreement.

Appendix A

| Better Care Fund | Fund 1 | Fund 2 | Fund 3 | Fund 4 | Fund 5 | Total |
|---|---------------|--------------|---------------|--------------|--------------|---------------|
| | £'000 | £'000 | £'000 | £'000 | £'000 | £'000 |
| Funding provided to the pooled budget: | | | | | | |
| Bristol CCG | 13,037 | 6,796 | 9,172 | - | - | 29,005 |
| Bristol City Council | - | - | 10,711 | 2,652 | 9,056 | 22,419 |
| Total funding into Pooled Budget | 13,037 | 6,796 | 19,883 | 2,652 | 9,056 | 51,424 |
| Expenditure met from Pooled Budget | | | | | | |
| Bristol CCG | 13,037 | - | - | - | - | 13,037 |
| Bristol City Council | - | 6,796 | 19,883 | 2,652 | 9,056 | 38,387 |
| Total expenditure from Pooled Budget | 13,037 | 6,796 | 19,883 | 2,652 | 9,056 | 51,424 |
| Net surplus/(deficit) on the pooled budget during the year | - | - | - | - | - | - |
| Bristol City Council's share of the net surplus/(deficit) arising on the pooled budget | - | - | - | - | - | - |

Drugs Action

The Council established a partnership agreement with the NHS Bristol, Working Links and other partners using powers under Section 31 of the Health Act 2006 to pool funds and create a single budget. The budget is used to commission Drug and Alcohol Treatment Services for Adults and Substance Misuse Services for Young People. Details of the contributions and expenditure in the year are set out below:

| | 2017/18 £'000 | 2016/17 £'000 |
|---|------------------|------------------|
| Funding provided to the pooled budget: | | |
| Balance Brought Forward | 1,986 | 2,536 |
| Bristol City Council General Fund | 1,611 | 1,430 |
| Bristol City Council Public Health | 7,456 | 7,720 |
| Other Bodies | 98 | 112 |
| | 11,151 | 11,798 |
| Expenditure met from the pooled budget | | |
| Drug and alcohol services for adults | 9,165 | 9,812 |
| Substance Misuse Services for Young People | - | - |
| | 9,165 | 9,812 |
| Net underspend carried forward | 1,986 | 1,986 |

The Council paid the following amounts to members of the Council during the year.

| | 2017/18 | 2016/17 |
|--------------------------------------|----------------|----------------|
| | £'000 | £'000 |
| Basic allowance | 880 | 807 |
| Special responsibility allowances | 356 | 311 |
| Travelling and subsistence allowance | 5 | 6 |
| Co-optees basic allowance | - | 2 |
| Total | 1,241 | 1,126 |

In addition to the above, the elected Mayor is paid an annual allowance amounting to £69,219.

The 2017/18 figure for Members allowance includes backdated payments relating to the period 1st January 2015 – 1st April 2017.

14 Officers' Remuneration & Exit Packages

Where a senior officer's annual salary is £50,000 or more, but less than £150,000, remuneration is disclosed individually by way of job title. For those senior officers whose salary is £150,000 or more, their name is also disclosed. The remuneration paid to the Council's City Director, Chief Executive, Strategic Directors for Resources, People, Neighbourhoods and Place Directorates, Chief Financial Officer and Monitoring Officer during the year was as follows:

(Interim)* The amounts disclosed in the table below in respect of these posts are the costs incurred by the Council to secure the individuals services on this basis and not the amounts these individuals actually received (which will have been lower).

| 2017/18 | | | | Salary, Fees and Allowances | Compensation for Loss of Office | Pension Contribution | Total |
|--|-----------------------|--------------|-------|-----------------------------------|---------------------------------------|-------------------------|----------------|
| Post Title | Post Term | Post Holder | Notes | £ | £ | £ | £ |

Notes

1. Post Deleted in Jan 18. Following a review of the remuneration paid to the Chief Executive, A Klonowski, we have re-categorised a proportion of her salary as compensation for loss of office. This has not resulted in any additional cost to the Council.
2. The services of the Director of Resources were secured on an interim basis.
3. The Head of Paid service post was covered by existing Strategic or Executive Directors as follows; 1 – 10 October 2017 the Strategic Director for People; 11 October 2017 – 21 January 2018 the Strategic Director of Resources; 22 January to 31 March 2018 the Executive Director for Care and Safeguarding. The Strategic Director for People and Care and the Executive Director for Safeguarding did not receive any additional remuneration while covering for this post.
4. Post title changed for Strategic Director to Executive Director of resources. D Murray acted into this position but retained S151 responsibilities.
5. Post title changed for Strategic Director to Executive Director and directorate changed from People to Care & Safeguarding.
6. Post title changed for Strategic Director to Executive Director and directorate changed from Neighbourhoods to Communities.
7. Post title changed for Strategic Director to Executive Director and directorate changed from Place to Growth & Regeneration.
8. S151 responsibilities were covered by Interim Acting Director of resources.
9. Business Change Directorate is now Resources

Appendix A

In addition to the remuneration of senior employees set out above, the number of the Authority's employees receiving more than £50,000 remuneration for the year (excluding employer's contributions) is set out in the table below:

| Remuneration band | 2017/18 Number of employees | | 2016/17 Number of employees | |
|---------------------|--------------------------------|-------------|--------------------------------|-------------|
| | Schools | Non-Schools | Schools | Non-Schools |
| £50,000 - £54,999 | 34 | 32 | 26 | 71 |
| £55,000 - £59,999 | 22 | 48 | 33 | 59 |
| £60,000 - £64,999 | 16 | 30 | 25 | 39 |
| £65,000 - £69,999 | 13 | 19 | 9 | 14 |
| £70,000 - £74,999 | 4 | 7 | 4 | 9 |
| £75,000 - £79,999 | 2 | 3 | 6 | 8 |
| £80,000 - £84,999 | 3 | 2 | 4 | 2 |
| £85,000 - 89,999 | - | 1 | 1 | 4 |
| £90,000 - £94,999 | - | 6 | 1 | 11 |
| £95,000 - £99,999 | - | 2 | - | 2 |
| £100,000 - £104,999 | - | 1 | - | 1 |
| £105,000 - £109,999 | - | - | - | 1 |
| £110,000 - £114,999 | - | 1 | - | - |
| £115,000 - £119,999 | - | 1 | - | - |
| £120,000 - £124,999 | - | 1 | - | 1 |
| Totals | 94 | 154 | 109 | 222 |

Exit Packages

The numbers of exit packages relating to council employees during 2017/18, with total cost per band and the total cost of compulsory and other redundancies are set out in the table below. The numbers and costs include packages agreed at the end of the year but not paid. Costs include the costs of early payment of pension in the cases of early retirement.

| Exit package cost band | Number of compulsory redundancies | | Number of other departures | | Total number of exit packages by cost band | | Total cost of exit packages in each band | |
|------------------------|-----------------------------------|----------------|----------------------------|----------------|--|----------------|--|------------------|
| | 2017/18 No. | 2016/17 No. | 2017/18 No. | 2016/17 No. | 2017/18 No. | 2016/17 No. | 2017/18 £'000 | 2016/17 £'000 |
| £0 - £20,000 | 31 | 19 | 24 | 178 | 55 | 197 | 423 | 1,906 |
| £20,001 - £40,000 | 6 | 12 | 11 | 102 | 17 | 114 | 504 | 3,204 |
| £40,001 - £60,000 | 4 | - | 8 | 31 | 12 | 31 | 577 | 1,521 |
| £60,001 - £80,000 | 2 | - | 1 | 21 | 3 | 21 | 203 | 1,428 |
| £80,001 - £100,000 | - | - | 1 | 14 | 1 | 14 | 82 | 1,245 |
| £100,001 - £150,000 | - | - | 1 | 19 | 1 | 19 | 103 | 2,262 |
| £150,001 - £200,000 | - | - | - | 2 | - | 2 | - | 310 |
| Total | 43 | 31 | 46 | 367 | 89 | 398 | 1,892 | 11,929 |

15 External Audit Costs

The Council has incurred the following costs in relation to the audit of the Statement of Accounts, certification of grant claims and statutory inspections and to non-audit services provided by the Council's external auditors BDO.

| | 2017/18 £'000 | 2016/17 £'000 |
|---|------------------|------------------|
| Fees payable to the External Auditor with regard to external audit services carried out by the appointed auditor for the year | 204 | 204 |
| Fees payable to the External Auditor for the certification of grant claims and returns for the year | 20 | 11 |
| Fees payable in respect of other services provided by the External Auditor during the year | 11 | 26 |
| Total | 235 | 241 |

16 Dedicated Schools Grant

The Council's expenditure on schools is funded primarily by grant monies provided by the Education Funding Agency (EFA), the Dedicated Schools Grant (DSG). Once allocated to a local authority an element is recouped by the EFA to fund academy schools in the council's area. The DSG is ring-fenced and can only be applied to meet expenditure properly included in the Schools Budget, as defined in the School Finance and Early Years (England) Regulations 2014. The Schools Budget includes elements for a range of educational services provided on a Council wide basis and for the Individual Schools Budget (ISB), which is divided into a budget share for each maintained school.

Details of the deployment of DSG receivable are shown in the following table:

| 2016/17 £'000 | | | 2017/18 £'000 | | | |
|------------------------|----------------|----------------|------------------|------------------------|----------------|----------------|
| Central Expenditure | ISB | Total | Notes | Central Expenditure | ISB | Total |
| | | 312,953 | | | | 329,526 |
| | | 137,730 | 1 | | | 151,849 |
| | | <u>175,223</u> | | | | <u>177,677</u> |
| | | 2,889 | 2 | | | (1,630) |
| | | 1,254 | | | | 0 |
| 27,250 | 149,608 | 176,858 | | 23,709 | 152,338 | 176,047 |
| - | 708 | 708 | 3 | - | 842 | 842 |
| 27,250 | 150,316 | 177,566 | | 23,709 | 153,180 | 176,889 |
| 30,009 | - | 30,009 | | 25,385 | - | 25,385 |
| - | 150,441 | 150,441 | | - | 152,520 | 152,520 |
| (2,759) | (125) | (2,884) | 4 | (1,676) | 660 | (1,016) |
| | | 1,254 | | | | 0 |
| | | (1,630) | | | | (1,016) |

1. The academy recoupment in 2016/17 comprised 61 academies open at the start of the year plus 2 new academy schools. The academy recoupment in 2017/18 comprised 63 academies open at the start of the year plus 8 that converted in year.
2. This is the brought forward figure from 2016/17.
3. The in-year adjustment is an estimate of the final early years block adjustment.
4. Included in the carry forward is £0.36m for underspends on de-delegated budgets, Early Help proposal funding of £0.2m and underspends in the Schools Block of £2.1m and Early Years £2m. However, there is an offsetting overspend carry forward of £5.7m on the High Needs block.

17 Grant Income

The Council credited the following grants and contributions to the Comprehensive Income and Expenditure Statement in 2017/18:

Credited to Taxation and Non Specific Grant Income:

| | 2017/18 £'000 | 2016/17 £'000 |
|--|------------------|------------------|
| Capital grants and contributions (Note 11 & see below) | 35,534 | 57,275 |
| Revenue support grant (Note 11) | - | 60,368 |
| Non service related government grants (Note 11) | 12,101 | 16,829 |
| Total | 47,635 | 134,472 |

Capital grants and contributions

| | 2017/18 £'000 | 2016/17 £'000 |
|--|------------------|------------------|
| Government grants applied: | | |
| Place | 30,518 | 46,032 |
| People | 2,207 | 8,123 |
| Neighbourhoods | 1,890 | 721 |
| Section 106 Contributions | 919 | 291 |
| Total Government Grants & Contributions applied | 35,534 | 55,167 |
| Government grants unapplied | - | 2,108 |
| Total grants credited to the CIES | 35,534 | 57,275 |

Credited to Services

The Council has received a number of grants, contributions and donations that have yet to be recognised as income as they have conditions attached to them that could require the monies or property to be returned to the giver. The balances at the year-end are as follows:

| | 31 Mar 2018 £'000 | 31 Mar 2017 £'000 |
|---|----------------------------------|----------------------------------|
| People | | |
| Adult Education | 1,649 | 1,676 |

18 Adjustments between Accounting Basis and Funding Basis under Regulations

This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Council in the year, in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Council to meet future capital and revenue expenditure.

Appendix A

| 2017/18 | General fund balance | Housing Revenue Account | Capital Receipts | Major Repairs Reserve | Capital Grants Unapplied | Total Movement Usable Reserves |
|---|-------------------------|-------------------------------|---------------------|-----------------------------|--------------------------------|---|
| | £'000 | £'000 | £'000 | £'000 | £'000 | £'000 |
| Adjustment involving the Capital Adjustment Account: | | | | | | |
| Reversal of items debited or credited to the Comprehensive Income and Expenditure Statement | | | | | | |
| Charges for depreciation and impairment of non-current assets | (56,584) | (26,917) | - | - | - | (83,501) |
| Movement in the market value of Investment Properties | 5,942 | 2,676 | - | - | - | 8,618 |
| Amortisation and impairment of Intangible Assets | (4,590) | - | - | - | - | (4,590) |
| Capital grants and distributions | 35,534 | - | - | - | - | 35,534 |
| Revenue and expenditure funded from capital under statute | (2,965) | - | - | - | - | (2,965) |
| Amount of non-current assets written off on disposal or sale as part of the (loss) on disposal to the Comprehensive Income and Expenditure Statement | (34,769) | (9,436) | - | - | - | (44,205) |
| Insertion of items not debited or credited to the Comprehensive Income and Expenditure Statement: | | | | | | |
| Statutory provision for the financing of capital investment | 7,544 | - | - | - | - | 7,544 |
| Capital expenditure charged against the General Fund and HRA balances | 10,421 | 5,948 | - | - | - | 16,369 |
| Adjustments involving the Capital Receipts Reserve: | | | | | | |
| Transfer of sale proceeds credited as part of the (loss) on disposal to the Comprehensive Income and Expenditure Statement | 13,771 | 16,708 | (30,479) | - | - | - |
| Administrative costs of non-current asset disposals | (407) | - | 407 | - | - | - |
| Use of the Capital Receipts Reserve to finance new capital expenditure | - | - | 6,254 | - | - | 6,254 |
| Contribution from the Capital Receipts Reserve to finance the payments to the Government capital receipts pool | (6,055) | - | 6,055 | - | - | - |
| Adjustment Involving the Major Repairs Reserve (MRR): | | | | | | |
| Excess depreciation transferred to the MRR | - | - | - | - | - | - |
| HRA depreciation credited to MRR | - | 25,526 | - | (25,526) | - | - |
| Use of the MRR to finance new capital expenditure | - | - | - | 24,301 | - | 24,301 |
| Adjustments involving the Capital Grants Unapplied Account: | | | | | | |
| Application of grants and contributions to capital financing | - | - | - | - | 336 | 336 |
| Adjustments involving the Financial Instruments Adjustment Account: | | | | | | |
| Amount by which finance costs charged to the Comprehensive Income and Expenditure Statement are different from finance costs chargeable in the year in accordance with statutory requirements | 177 | - | - | - | - | 177 |
| Adjustments involving the Pensions Reserve: | | | | | | |
| Reversal of items relating to retirement benefits debited or credited to the Comprehensive Income and Expenditure Statement (see Note 33) | (66,388) | (8,743) | - | - | - | (75,131) |
| Employer's pensions contributions and direct payments to pensioners payable in the year | 43,196 | 4,148 | - | - | - | 47,344 |
| Adjustments involving the Collection Fund Adjustment Account: | | | | | | |
| Amount by which council tax income credited to the Comprehensive Income and Expenditure Statement is different from council tax income calculated for the year in accordance with statutory requirements | (9,250) | - | - | - | - | (9,250) |
| Adjustment involving the Accumulating Compensated Absences Adjustment Account: | | | | | | |
| Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements | 2,379 | - | - | - | - | 2,379 |
| Other Reserve Movements | | | | | | |
| Total Adjustment | (62,044) | 9,910 | (17,763) | (1,225) | 336 | (70,786) |

| 2016/17 | General fund balance | Housing Revenue Account | Capital Receipts | Major Repairs Reserve | Capital Grants Unapplied | Total Movement Usable Reserves |
|---|-------------------------|-------------------------------|---------------------|-----------------------------|--------------------------------|---|
| | £'000 | £'000 | £'000 | £'000 | £'000 | £'000 |
| Adjustment involving the Capital Adjustment Account: | | | | | | |
| Reversal of items debited or credited to the Comprehensive Income and Expenditure Statement | | | | | | |
| Charges for depreciation and impairment of non-current assets | (45,513) | 101,183 | - | - | - | 55,670 |
| Movement in the market value of Investment Properties | 17,918 | 463 | - | - | - | 18,381 |
| Amortisation and impairment of Intangible Assets | (1,840) | - | - | - | - | (1,840) |
| Capital grants and distributions | 57,275 | - | - | - | - | 57,275 |
| Revenue and expenditure funded from capital under statute | (17,530) | - | 5,300 | - | - | (12,230) |
| Amount of non-current assets written off on disposal or sale as part of the (loss) on disposal to the Comprehensive Income and Expenditure Statement | (10,684) | (13,470) | - | - | - | (24,154) |
| Insertion of items not debited or credited to the Comprehensive Income and Expenditure Statement: | | | | | | |
| Statutory provision for the financing of capital investment | 12,005 | - | - | - | - | 12,005 |

| Amount by which council tax income credited to the Comprehensive Income and Expenditure Statement is different from council tax income calculated for the year in accordance with statutory requirements | 5,928 | - | - | - | - | 5,928 |
| Adjustment involving the Accumulating Compensated Absences Adjustment Account: | | | | | | |
| Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements | (1,476) | - | - | - | - | (1,476) |
| Other Reserve Movements | | | | | | |
| Total Adjustment | 22,142 | 138,317 | (5,911) | 1,822 | (2,108) | 154,262 |

19 Usable Reserves

Reserves represent the authority's net worth and show its spending power. Usable reserves result from the authority's activities and can be spent in the future. This note sets out the amounts set aside and posted back to Usable Reserves in 2017/18, they include:

- General Fund Strategic Reserve – to cushion the impact of unexpected events or emergencies
- Earmarked Reserves – to provide financing to meet known or predicted future General Fund expenditure plans
- School Balances/DSG – amounts required by statute to be set aside for future expenditure in schools
- Housing Revenue Account Reserves – amounts specifically required by statute to be set aside and ring-fenced for future investment in HRA
- Capital reserves – includes capital receipts and capital grants set aside to finance future capital spending plans

Details of the earmarked reserves are set out below:

| RESERVE | PURPOSE |
|----------------------------------|--|
| Capital Investment Reserve | The Balance at 31 March is maintained to provide funding for the Council's capital/commercial investments and growth in Enterprise areas as agreed in the budget. |
| Business Transformation Reserves | Invest to save funds set aside to deliver the Council's major Transformational Change Programme to improve services, improve productivity and to reduce costs. The reserve will be used to fund one-off costs and the required investment. |
| Risk Reserves | Funds set aside to mitigate risks not otherwise provided for including volatility in business rate income, uninsured risks and potential litigation/claims. |
| Statutory/Ring-fenced reserves | Amounts required by statute or accounting code of practice to be set aside and ring-fenced for specific purposes, e.g. Public Health Reserve, Business Rate growth in Enterprise Areas (pooled amount). |
| Technical/Financing Reserve | Includes PFI sinking fund, grant income (without conditions) carried forward in accordance with accounting regulations and resources set aside to match liabilities elsewhere on the Balance Sheet. |
| Service specific reserves | Amounts set aside to finance specific projects or to meet known expenditure plans, including: <ul style="list-style-type: none"> - GDPR (ICT Security) (£1m) to implement improved security to comply with new data protection regulations - Development Fund (£1.5m) to provide match funding to progress existing and proposed regeneration schemes - Transport (£1.9m) for sustainable transport and improvements to car parks |

20 Property, Plant and Equipment Movements in 2017/18

The valuations, excluding vehicles, plant, equipment, infrastructure assets and community assets are carried out by Richard Fear, MRICS, Property Investment Manager – Growth & Regeneration. The basis for the valuation of all assets is set out in the statement of accounting policies.

- Movement of assets held at historic cost to depreciated replacement cost
- Specialised assets are valued on a depreciated replacement cost basis and are subject to a number of varying factors such as build costs

Depreciation is provided for on all Property, Plant and Equipment assets by the systematic allocation of their depreciable amounts over their useful lives. The following useful lives and depreciation rates have been used:

- Council Dwellings 16–50 years
- Other Land and Buildings 5–60 years
- Vehicles, Plant, Furniture and Equipment 3–8 years
- Infrastructure – 25 years (quay walls and lock gates in City Docks not depreciated as useful life beyond 100 years)

Capital Commitments

At 31 March 2018 the Council had entered into a number of contracts for the construction or enhancement of Property, Plant and Equipment with outstanding contract commitments of £39.9m.

Significant contractual commitments outstanding at 31 March 2018 were as follows:

| | | £m |
|--|--------------------------------------|-------------|
| Schools Expansion Programme: Cotham School, St Bede's School and Briarwood Nexus | Bristol LEP Ltd | 8.3 |
| New Housing Provision | Kier Living Ltd | 7.4 |
| Priority Stock - New kitchens including rewiring | Lovells Construction Ltd | 4.9 |
| Transport Infrastructure - Temple Circus | Eurovia Infrastructure Ltd | 3.5 |
| Priority Stock - Install replacement Central Heating Systems | Glevum Heating & Plumbing Ltd | 3.2 |
| New Housing Provision | Halsall Construction Ltd | 2.1 |
| Ashton Vale to Temple Meads (Metrobus) - Contract 1 | Balfour Beatty Civil Engineering Ltd | 1.7 |
| Cattle Market Road - Demolition & Enabling works | Kier Construction Ltd | 1.6 |
| Transport Infrastructure - Temple Circus (Footbridge construction) | Andrew Scott Ltd | 1.3 |
| | | |
| | Total | 34.0 |

Bristol Arena

The council approved funding package for the Arena project on the Temple Island site of £124m, referenced in Council's Cabinet reports in January 2014, October 2015 and March 2016. Given emerging costs pressures and other social, economic changes a Value for Money review was agreed by Cabinet April 2017 to establish whether the project could be delivered in an affordable way, achieve an improved public / private sector ratio that is fair and demonstrates Value for Money to local taxpayers.

This was an important step for a project that is considered to be of strategic importance to the City. The position had changed over time with new opportunities coming to light and the scope of the Value for Money review was expanded to cover further opportunities.

The Arena Temple Island project remained very much a live project and a range of activities were progressed subsequent to 31 March 2018 to ensure the scheme remained shovel ready.

On the 11th of June 2018 Value for Money reports (based on information available to early May 2018) prepared independently by KPMG were presented to members of Overview and Scrutiny Management Board (OSMB). These reviewed the Bristol Arena and potential alternative propositions which included a mixed use scheme at Temple Island.

The Arena project team remained in place throughout this period and following the OSMB meetings worked in collaboration with the Contractor / Operator on a number of areas; examples as follows:

- Contractor revised Target Cost, including value engineering review and considerations of planning implications.
- Social Value measurements and disaggregation of the metrics within the submission double counted within the economic appraisals.
- Assessment and remodelling of the revised Operator financial offer
- Car parking reviews.

On 4 September 2018 the Council's Cabinet consider the resolved not to progress with the proposed Arena on Temple Island and take all steps necessary and incidental to the cessation of that project and the Council would continue to work with partners to develop an alternative mixed use scheme for the temple island site.

Expenditure has already been incurred on the Arena Island site of £12.8m to 31 March 2018 and £13.0m to date. These costs include scheme design and site preparation associated with delivery of the Arena scheme. Whilst a proportion of this will be transferable to an alternative scheme, some of the costs to date are likely to be deemed abortive. Further due diligence is required on any alternative proposition to enable the actual abortive costs to be determined.

It is important to note that abortive expenditure cannot be financed through capital resources and will require revenue reversion.

This alternative scheme will require restatement of the PPE note in next year's accounts to reflect the final abortive costs referred to above.

Revaluations

The Council carries out a rolling programme that ensures all Property, Plant and Equipment required to be measured at fair value is revalued at least every 5 years. All valuations were carried out internally. Valuations of land and buildings were carried out in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. Vehicles, Plant and Equipment are valued at historic cost, which is considered to be a suitable proxy for fair value.

The following table shows the effective valuation dates for all Property Plant and Equipment:

| | Council Dwellings | Other Land and Buildings | Vehicles, Plant, etc | Infrastructure | Community Assets | Assets Under Construction | Surplus Assets | Total Property, Plant and Equipment |
|-----------------------------------|-------------------|--------------------------|----------------------|----------------|------------------|---------------------------|----------------|-------------------------------------|
| | £'000 | £'000 | £'000 | £'000 | £'000 | £'000 | £'000 | £'000 |
| Carried at historical cost | - | 28,106 | 64,984 | 297,286 | 8,266 | 13,414 | 168 | 412,224 |
| 31 March 2018 | 1,664,774 | 95,315 | - | - | - | 615 | 41,580 | 1,802,284 |
| 31 March 2017 | - | 72,152 | - | - | - | - | - | 72,152 |
| 31 March 2015 | - | 330,951 | - | - | - | - | 150 | 331,101 |
| 31 March 2014 | - | 73,639 | - | - | - | - | - | 73,639 |
| 31 March 2013 | - | 33,273 | - | - | - | 7,055 | 143 | 40,471 |
| Total cost valuation | 1,664,774 | 633,436 | 64,984 | 297,286 | 8,266 | 21,084 | 42,041 | 2,731,871 |

In addition the Council has instructed its valuer's to undertake a review of the latest valuations to ensure that the carrying value of assets is not materially different at the balance sheet date. Whilst carrying out a review of the general effect of market indices within the property portfolio it was considered appropriate to increase the Land and Buildings valuation within Property Plant and Equipment by £44m

21 Heritage Assets

Reconciliation of the carrying value of Heritage Assets held by the Council.

| | Art Collection | Ethnography & Foreign Archaeology | Antiquarian Books | Other | Total |
|---------------------------------|-------------------|---|----------------------|---------------|----------------|
| | £'000 | £'000 | £'000 | £'000 | £'000 |
| Cost or valuation | | | | | |
| 1 April 2017 | 122,982 | 42,584 | 7,050 | 26,235 | 198,851 |
| Additions | - | - | - | - | - |
| Revaluations | 1,618 | - | 625 | - | 2,243 |
| 31 March 2018 | 124,600 | 42,584 | 7,675 | 26,235 | 201,094 |
| Cost or valuation | | | | | |
| 1 April 2016 (Restated) | 122,982 | 42,584 | 7,050 | 26,235 | 198,851 |
| Additions | - | - | - | - | - |
| Revaluations | - | - | - | - | - |
| 31 March 2017 (Restated) | 122,982 | 42,584 | 7,050 | 26,235 | 198,851 |

The above collection of Heritage Assets are predominantly valued on an insurance valuation basis, and some items classified as “other” are valued at historic cost.

Heritage Assets: Further Information on the Museum's collections

Loans

The Museum occasionally makes available loan items from its collection to regional and national museums and borrows collections for specific exhibitions. Collections not on display are held in secure storage but access is permitted on an appointment basis.

Revaluation

The restatement of the revaluation in 2015/16 relates to an in depth review carried out in 2017/18 by our insurance provider as part of their contract award. Items are now included in this valuation where a reliable cost to replace has now been ascertained, a key requirement for accounting purposes.

Preservation

The collections have been under the care of conservators since the 1940s. They specialise in antiquities, paintings, paper and photographs, and preventive conservation and are based at Bristol Museum and Art Gallery. Our conservators:

- prepare artefacts for display
- set conservation standards for the refurbishment of permanent exhibitions
- prepare artefacts for loan to other institutions
- check new acquisitions
- assess the condition of objects and work on the installation of temporary exhibitions
- work to improve collections storage
- maintain permanent displays - this includes training staff and cleaning objects.

22 Investment Properties

The following items of income and expense have been accounted for in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement:

| | 2017/18 | 2016/17 |
|--|----------------|----------------|
| | £'000 | £'000 |
| Rental income from Investment Property | 11,642 | 11,285 |
| Direct operating expenses arising from Investment Property | (651) | (489) |
| Net gain | 10,991 | 10,796 |

There are no restrictions on the Council's ability to realise the value inherent in its Investment Property or on the Council's right to the remittance of income and the proceeds of disposal. The Council has no contractual obligations to purchase, construct or develop Investment Property or to carry out repairs, maintenance or enhancement.

The following table summarises the movement in the fair value of Investment Properties over the year:

| | 2017/18 | 2016/17 |
|---|----------------|----------------|
| | £'000 | £'000 |
| Balance at start of the year | 253,976 | 240,328 |
| Additions – purchases | 142 | 745 |
| Disposals | (6,081) | (3,984) |
| Net gains/losses from fair value adjustments | 8,618 | 18,382 |
| Transfers to/from Property, Plant and Equipment | (1,240) | (1,495) |
| Balance at end of the year | 255,415 | 253,976 |

23 Financial Instruments & Borrowing

The borrowings and investments disclosed in the Balance Sheet are made up of the following categories of financial instruments:

| | Long-Term | | Current | |
|---|------------------|------------------|------------------|------------------------------|
| | 31 March 2018 | 31 March 2017 | 31 March 2018 | 31 March 2017 Restated |
| | £'000 | £'000 | £'000 | £'000 |
| Financial Liabilities | | | | |
| Financial Liabilities at amortised Cost | 579,187 | 585,553 | 87,435 | 109,898 |
| Total Financial Liabilities | 579,187 | 585,553 | 87,435 | 109,898 |
| Financial Assets | | | | |
| Available-for-sale financial assets | 19,960 | 12,108 | - | - |
| Unquoted equity investment at cost | 3,252 | 2,852 | - | - |
| Loans & Receivables at Amortised Cost | 3,973 | 10,272 | 118,135 | 139,624 |
| Total Financial Assets | 27,185 | 25,232 | 118,135 | 139,624 |

Movements

The decrease in financial assets, circa £20m, primarily related to the prudential borrowing element of the capital programme for which no external borrowing was undertaken. This was in accordance with the 2017/18 Treasury Strategy to reduce the net financing costs and counter party risk of the authority, while maintaining liquidity to meet the obligations of the authority.

Unquoted Equity Instruments Measured at Cost (where fair value cannot be reliably measured)

The majority of this investment relates to the Authority's shareholding in Bristol Port Company Ltd. The shares are carried at cost of £2.5m and have not been valued as a fair value because cannot be measured reliably as there are no established companies with similar aims in the Authority's area whose shares are traded which might provide comparable market data.

Borrowing

| | 31 March 2018 | 31 March 2017 |
|---|--------------------------|--------------------------|
| | £'000 | £'000 |
| Short-term borrowing | | |
| Deposit loans (repayable at notice - up to 7 days) | 101 | 101 |
| Other short term borrowing (repayable within 1 year): | | |
| - Public Works Loan Board | 3,737 | 3,408 |
| - Banks and other monetary sector | 1,138 | 4,239 |
| - Local bonds and property rent disposals | 11 | 11 |
| - Stocks | 10 | 10 |
| Total | 4,997 | 7,769 |

| | 31 March 2018 | 31 March 2017 |
|-------------------------------------|--------------------------|--------------------------|
| | £'000 | £'000 |
| Long-term borrowing | | |
| Public Works Loan Board | 310,439 | 310,439 |
| Market debt (of which £100m LOBO's) | 120,000 | 120,000 |
| Stocks | 50 | 50 |
| Total | 430,489 | 430,489 |

The authority as planned repaid a market loan (£3m) and did not undertake any new borrowing during year as set out in the Treasury Management Strategy to reduce the net financing costs and counter party risk of the authority.

Allowance for Credit Losses

The Council has not incurred any losses during the period.

Income, Expense, Gains or Losses

The gains and losses recognised in the Comprehensive Income and Expenditure Statement for financial instruments are as follows:

Financial Instruments Gains and Losses 2017/18

| | Financial Liabilities | Financial Assets | | Total |
|---|----------------------------|-----------------------|---------------------------|-----------------|
| | Measured at amortised cost | Loans and receivables | Available-for-sale assets | |
| | £'000 | £'000 | £'000 | |
| Interest expense & Impairment Losses | (35,364) | - | (12,102) | (47,466) |
| Total expense in Surplus or Deficit on the Provision of Services | (35,364) | - | (12,102) | (47,466) |
| Interest Income | - | 7,265 | - | 7,265 |
| Dividend Income | - | - | 2,589 | 2,589 |
| Total income in Surplus or Deficit on the Provision of Services | (35,364) | 7,265 | (9,513) | (37,612) |
| Deficit arising on revaluation of financial assets in Other Comprehensive Income and Expenditure | - | - | 7,994 | 7,994 |
| Net gain/(loss) for the year | (35,364) | 7,265 | (1,519) | (29,618) |

Financial Instruments Gains and Losses 2016/17

| | Financial Liabilities | Financial Assets | | Total |
|---|----------------------------|-----------------------|---------------------------|-----------------|
| | Measured at amortised cost | Loans and receivables | Available-for-sale assets | |
| | £,000s | £,000s | £,000s | |
| Interest expense | (35,258) | - | - | (35,258) |
| Total expense in Surplus or Deficit on the Provision of Services | (35,258) | - | - | (35,258) |
| Interest Income | - | 6,103 | - | 6,103 |
| Dividend Income | - | - | 2,658 | 2,658 |
| Total income in Surplus or Deficit on the Provision of Services | (35,258) | 6,103 | 2,658 | (26,497) |
| Surplus arising on revaluation of financial assets in Other Comprehensive Income and Expenditure | - | - | (4,281) | (4,281) |
| Net gain/(loss) for the year | (35,258) | 6,103 | (1,623) | (30,778) |

Fair Value of Financial Assets and Property Assets

Some of the authority's financial assets are measured in the Balance Sheet at fair value on a recurring basis and are described in the following table, including the valuation techniques used to measure them.

| Descriptions | Fair value measurements at 31 March 2018 using: | | | Fair value measurements at 31 March 2017 using: | | |
|--|---|-------------------|---------------------|---|-------------------|---------------------|
| | Quoted prices in active markets | Observable inputs | Unobservable inputs | Quoted prices in active markets | Observable inputs | Unobservable inputs |
| | Level 1 £000 | Level 2 £000 | Level 3 £000 | Level 1 £000 | Level 2 £000 | Level 3 £000 |
| Recurring fair value measurements | | | | | | |
| Non-traded securities: | | | | | | |
| Unquoted private companies | - | - | 11,210 | - | - | 7,208 |
| Pooled property fund | - | - | 9,150 | - | - | 4,900 |
| Total Non-traded securities: | - | - | 20,360 | - | - | 12,108 |
| Investment properties | - | 255,415 | - | - | 253,976 | - |
| Surplus properties | - | 41,782 | - | - | 47,320 | - |
| Total recurring fair value measurements | - | 297,197 | 20,360 | - | 301,296 | 12,108 |
| Non-recurring fair value measurements | | | | | | |
| Assets held for sale | - | 1,539 | - | - | - | - |
| Total non-recurring fair value measurements | - | 1,539 | - | - | - | - |

| Description of asset | Valuation hierarchy | Basis of Valuation | Observable and Unobservable inputs | Key sensitivities affecting the valuations provided |
|-----------------------------------|---------------------|---|--|--|
| Surplus assets | Level 2 | All surplus assets have been valued by RICS qualified valuers to Fair Value less costs to sell, reflecting highest and best use. | Evidence of title, floor area, siting and site conditions, type/age and current use of the property have been taken into account together with general market conditions and advertised value of similar properties currently up for sale. | Not all assets are physically inspected every year. Latent defects, repair and maintenance backlogs, general changes in the market and other impairments could have a significant impact on the values provided. |
| Investment Properties | Level 2 | All investment properties have been valued by the Council's in-house valuers (all RICS qualified) on an investment income basis which we are satisfied represents highest and best use overall. | All valued on an investment income basis, using existing lease terms and current yields | Changes to market conditions, lease terms, covenant strength and occupancy levels could all affect the asset valuations provided. |
| Investments in unquoted companies | Level 3 | These investments have been valued at the Council's share of each company's net assets. | Calculations for unquoted companies (wholly owned Council subsidiaries) have been based on their unaudited accounts and adjusted for customer base valuation as at 31 March 2018. | Valuations could be affected by the different accounting or valuation methods. |

| Description of asset | Valuation hierarchy | Basis of Valuation | Observable and Unobservable inputs | Key sensitivities affecting the valuations provided |
|-------------------------------------|---------------------|---|---|--|
| Investments in Pooled Property Fund | Level 3 | These investments have been valued at the Council's share within the pooled fund. | The valuation for Pooled Property Funds have been based on the latest quarterly financial report (31st March 2018). | Changes to housing market conditions could affect the valuation of the pooled property fund. |

Transfers between levels of the fair value hierarchy

There were no transfers between levels 1 and 2 during the year.

Changes in valuation technique

There has been no change in valuation techniques used during the year.

| Description | 31 March 2018 | 31 March 2017 |
|--|-----------------------|-----------------------|
| | Non-traded securities | Non-traded securities |
| | £000 | £000 |
| Opening balance | 12,108 | 2,456 |
| Transfers into level 3 | - | - |
| Transfers out of level 3 | - | - |
| included in the surplus/(deficit) on the Provision of Services | (12,102) | |
| included in Other Comprehensive Income and Expenditure | 7,994 | |
| Total gains/(losses) for the period: | (4,108) | (4,281) |
| Additions | 12,360 | 13,932 |
| Disposals | - | - |
| Closing balance | 20,360 | 12,108 |

The Gains and losses included in the surplus/(deficit) on the Provision of Services relate to the Impairment for Bristol Holdings and has been recognised based on the difference between the carrying value of the Council's investment in its subsidiaries and the fair value of such investments based on available market data. The impairment reflects information based on transactions arising in the past financial year for companies operating in the same markets sector. Based on this data a prudent estimate of the valuation results in an impairment in the current financial year.

The Fair Values of Financial Assets and Financial Liabilities that are not Measured at Fair Value

Except for the financial assets carried at fair value (described in the table above), all other financial liabilities and financial assets represented by loans and receivables and long term debtors and creditors are carried on the balance sheet at amortised cost. Their fair value can be assessed by calculating the present value of the cash flows that take place over the remaining life of the instruments, using the following assumptions:

- The fair values for financial liabilities for PWLB debt has been determined by reference to the Public Works Loans Board (PWLB) redemption rules and prevailing PWLB current¹ rates as at each Balance Sheet date, and include accrued interest, representing the transfer cost of these debt instruments. The fair values for non-PWLB debt have also been calculated using the same procedures as limited market activity exists to provide suitable estimates.
- For loans and receivables prevailing benchmark market rates have been used to provide the fair value;
- No early repayment or impairment is recognised;
- Where an instrument has a maturity of less than 12 months or is a trade or other receivable the fair value is taken to be the carrying amount or the billed amount;

| Financial Liabilities | 31 March 2018 | | 31 March 2017 | |
|--------------------------|-----------------|----------------|-----------------|----------------|
| | Carrying amount | Fair value | Carrying amount | Fair value |
| | £000 | £000 | £000 | £000 |
| Total Liabilities | 666,621 | 967,600 | 695,450 | 994,611 |

1) If the PWLB "repayment" rates were applied as at balance sheet date, the fair value of liabilities would increase by £156m to £1.124bn

The fair value of the liabilities is higher than the carrying amount because the Authority's portfolio of loans includes a number of fixed rate loans where the interest rate payable is higher than the prevailing rates at the Balance Sheet date. This shows a notional future loss (based on economic conditions at 31 March 2018) arising from a commitment to pay interest to lenders above current market rates.

| Financial Assets | 31 March 2018 | | 31 March 2017 | |
|---|-----------------|----------------|-----------------|----------------|
| | Carrying amount | Fair value | Carrying amount | Fair value |
| | Restate | Restated | Restate | Restated |
| | £000 | £000 | £000 | £000 |
| Loans & Receivables | | | | |
| Short term investments | 25,132 | 25,132 | 33,180 | 33,180 |
| Cash and Cash Equivalents | 25,263 | 25,263 | 29,142 | 29,142 |
| Long term investments | 23,212 | 23,212 | 14,960 | 14,960 |
| Debtors qualifying as loans and receivables | 67,740 | 67,740 | 77,302 | 77,302 |
| Total loans and receivables | 141,347 | 141,347 | 154,583 | 154,583 |
| Long term debtors | 3,973 | 4,891 | 10,272 | 11,812 |
| Total Financial Assets | 145,320 | 146,238 | 164,856 | 166,395 |

The fair value of the assets is marginally higher than the carrying amount because the Council's portfolio of loans includes a number of fixed rate loans where the interest rate payable is higher than the rates available for similar loans in the market at the balance sheet date. This shows a notional future gain (based on economic conditions at 31 March 2018) arising from a commitment to pay interest to lenders below current market rates.

The Authority's activities expose it to a variety of financial risks:

- Credit risk – the possibility that other parties might fail to pay amounts due to the Authority.
- Liquidity risk – the possibility that the Authority might not have funds available to meet its commitments to make payments.
- Re-financing risk – the possibility that the Authority might be requiring to renew a financial instrument on maturity at disadvantageous interest rates or terms.
- Market risk – the possibility that financial loss might arise for the Authority as a result of changes in such measures as interest rates and money market movements.

The Council's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the resources available to fund services. Risk management is carried out by a central treasury team, under policies approved by the Council in the annual treasury management strategy, and compliance with the CIPFA Prudential Code of Practice, the CIPFA Treasury Management Code of Practice, and Investment Guidance that is issued under the Local Government Act 2003. The Council provides written principles for overall risk management, as well as written policies covering specific areas, such as interest rate risk, credit risk, and the investment of surplus cash. These are required to be reported and approved at or before the Council's annual Council Tax setting budget or before the start of the year to which they relate. These items are reported with the annual treasury management strategy that outlines the detailed approach to managing risk in relation to the Council's financial instrument exposure. Actual performance is also reported annually to Members.

The annual treasury management strategy which incorporates the prudential indicators was approved by Council on 21 February 2017 and is available on the Council website.

Credit risk

Credit risk arises from deposits with banks and financial institutions, as well as credit exposures to the Council's customers.

This risk is minimised through the Annual Investment Strategy, which requires that deposits are not made with financial institutions unless they meet identified minimum credit criteria, in accordance with Fitch, Standard and Poor's and Moody's Credit Ratings Services. The Annual Investment Strategy also imposes a maximum sum to be invested with a financial institution located within each category.

Details of the Investment Strategy can be found on the Council's website. The key areas of the Investment Strategy are that the minimum criteria for investment counterparties include:

- Credit ratings of Short Term of F1, Long Term A-, with the lowest available rating being applied to the criteria;
- UK institutions provided with support from the UK Government;

The Council's maximum exposure to credit risk in relation to its investments in banks and building societies will vary according to credit ratings assigned by the three main credit rating agencies and cannot be assessed generally as the risk of any institution failing to make interest payments or repay the principal sum will be specific to each individual institution.

The following analysis summarises the Council's potential maximum exposure to credit risk on financial assets, based on experience of default and un-collectability over the last five financial years, adjusted to reflect current market conditions.

Appendix A

| | Amount | Historical experience of default | Adjustment for market conditions | Estimated maximum exposure to default | Estimated maximum exposure to default |
|---|-----------------------|--|--|--|--|
| | £000 | % | % | £000 | £000 |

| Long-term debtors | <u>3,973</u> | | | - | - |
| Total Financial assets | <u>145,320</u> | | | <u>22</u> | <u>35</u> |

No credit limits were exceeded during the reporting period and the Council does not expect any losses from non-performance by any of its counterparties in relation to deposits.

The Council does not generally allow credit for its trade debtors, including amounts due from government departments and other Local Authorities.

Appendix A

| Debtor analysis | Gross debtor at | Bad Debt provision at | Net debtor at | Net debtor at |
|---|-----------------|-----------------------|-----------------|-----------------------|
| | 31-Mar-18 | 31-Mar-18 | 31-Mar-18 | 31-Mar-17 Restated |
| | £'000 | £'000 | £'000 | £'000 |
| Local tax payers | 17,413 | (7,998) | 9,415 | 6,633 |
| Housing rents | 10,768 | (8,679) | 2,089 | 2,337 |
| Other - sundry debtors | 82,516 | (33,134) | 49,382 | 56,558 |
| Total Other Entities and Individuals | 110,697 | (49,811) | 60,886 | 65,528 |
| Central Government bodies | 35,056 | - | 35,056 | 24,958 |
| Other local authorities | 13,905 | - | 13,905 | 14,653 |
| NHS bodies | 4,139 | - | 4,139 | 5,603 |
| Public corporations and trading funds | - | - | - | - |
| Total debtors | 163,797 | (49,811) | 113,986 | 110,742 |
| Balance sheet debtors | 163,797 | (49,811) | 113,986 | 110,742 |
| Adjust for statutory debtors | | | | |
| Ex Avon Debt | (1,775) | | (1,775) | (1,849) |
| Local taxpayers | (17,413) | 7,998 | (9,415) | (6,633) |
| Central Government bodies | (35,056) | - | (35,056) | (24,958) |
| Total statutory debtors (not qualifying as loans and receivables under IFRS) | (52,244) | 7,998 | (46,246) | (33,440) |
| Debtors qualifying as loans and receivables | 109,553 | (41,813) | 67,740 | 77,302 |

The following table analyses the Gross debt that is now past due over varying periods. This overdue debt is covered by a provision for bad debt.

| | 31 March 2018 | 31 March 2017 Restated |
|-------------------------|------------------|------------------------------|
| | £'000 | £'000 |
| Less than three months | 12,429 | 17,501 |
| Three to four months | 635 | 1,090 |
| Four months to one year | 8,218 | 8,927 |
| More than one year | 39,962 | 38,778 |
| Total | 61,246 | 66,296 |

Liquidity risk

The Council has a comprehensive cash flow management system that seeks to ensure that cash is available as needed. If unexpected movements happen, the Council has ready access to borrowings from the money markets to cover day-to-day cash flow need and the Public Works Loans Board and capital markets for access to longer term funds. The Council is also required to provide a balanced budget through the Local Government Finance Act 1992, which ensures sufficient monies are raised to cover annual expenditure. Therefore, there is no significant risk that it will be unable to raise finance to meet its commitments under financial instruments.

The maturity analysis of financial assets, excluding sums due from customers, is as follows:

| | 31 March 2018 | 31 March 2017 Restated |
|-----------------------|--------------------------|---------------------------------------|
| | £'000 | £'000 |
| Less than 1 year | 118,135 | 139,624 |
| Between 1 and 2 years | 151 | 3,000 |
| Between 2 and 3 years | - | - |
| More than 3 years | 27,035 | 22,232 |
| Total | 145,320 | 164,856 |

The maturity analysis of financial liabilities is as follows:

| | 31 March 2018 | 31 March 2017 |
|-----------------------|--------------------------|--------------------------|
| | £'000 | £'000 |
| Less than 1 year | 93,183 | 115,775 |
| Between 1 and 2 years | 14,630 | 6,237 |
| Between 2 and 3 years | 16,771 | 14,630 |
| More than 3 years | 542,037 | 558,808 |
| Total | 666,621 | 695,450 |

Refinancing and Maturity risk

The Council maintains a significant debt and investment portfolio. Whilst the cash flow procedures above are considered against the refinancing risk procedures, longer-term risk to the Council relates to the exposure to replacing financial instruments as they mature. This risk relates to both the maturing of longer-term financial liabilities and longer-term financial assets.

The approved treasury indicator limits for the maturity structure of debt and the limits on investments placed for greater than one year in duration are the key parameters used to address this risk. The Council approved treasury and investment strategies address the main risks and the central treasury team address the operational risks within the approved parameters. This includes:

- Monitoring the maturity profile of financial liabilities and amending the profile through either new borrowing or the rescheduling of the existing debt; and
- Monitoring the maturity profile of investments to ensure sufficient liquidity is available for the Council's day-to-day cash flow needs, and monitoring the spread of longer-term investments provides stability of maturities and returns in relation to the longer-term cash flow needs.

Appendix A

| | Approved minimum limits | % | Approved maximum limits | % | Actual 31 March 2018 £'000 | % | Actual 31 March 2017 £'000 | % |
|---------------------------|-------------------------------|---|-------------------------------|---|-------------------------------------|-------------|-------------------------------------|-------------|
| Less than 1 year | - | | 30 | | 4,997 | 1% | 7,769 | 2% |
| Between 1 and 2 years | - | | 40 | | - | 0% | - | 0% |
| Between 2 and 5 years | - | | 40 | | 15,000 | 3% | 10,000 | 2% |
| Between 5 and 10 years | - | | 50 | | 49,000 | 11% | 37,000 | 8% |
| More Than 10 Years | 25 | | 100 | | 366,489 | 85% | 383,489 | 88% |
| Total | | | | | 435,486 | 100% | 438,258 | 100% |

Market risk

The Council is exposed to interest rate movements on its borrowings and investments. Movements in interest rates have a complex impact on the Council. For instance, a rise in variable and fixed interest rates would have the following effects:

- Borrowings at variable rates – the interest expense charged to the Comprehensive Income and Expenditure Statement will rise;
- Borrowings at fixed rates – the fair value of the borrowing will fall (no impact on revenue balances);
- Investments at variable rates – the interest income credited to the Comprehensive Income and Expenditure Statement will rise; and
- Investments at fixed rates – the fair value of the assets will fall (no impact on revenue balances).

Borrowings are not carried at fair value on the balance sheet, so nominal gains and losses on fixed rate borrowings would not impact on the Surplus or Deficit on the Provision of Services or Other Comprehensive Income and Expenditure. However, changes in interest payable and receivable on variable rate borrowings and investments will be posted to the Surplus or Deficit on the Provision of Services and affect the General Fund Balance. Movements in the fair value of fixed rate investments that have a quoted market price will be reflected in the Other Comprehensive Income and Expenditure Statement.

The Council has a number of strategies for managing interest rate risk. The Annual Treasury Management Strategy draws together the Council's expected treasury operations, including an expectation of interest rate movements. From this Strategy a treasury indicator is set which provides maximum limits for fixed and variable interest rate exposure. The central treasury team will monitor market and forecast interest rates within the year to adjust exposures appropriately. For instance during periods of falling interest rates, and where economic circumstances make it favourable, fixed rate investments may be taken for longer periods to secure better long term returns, similarly the drawing of longer term fixed rates borrowing would be postponed

At 31 March 2018, if interest rates had been 1% higher with all other variables held constant, the financial effect would be:

| | 31 March 2018 £'000 |
|--|---------------------------|
| Increase in interest receivable on variable rate investments | 857 |
| Impact on Surplus or Deficit on the Provision of Services | 857 |
| Share of overall impact debited to the HRA | 1,048 |
| Decrease in fair value of fixed rate borrowings liabilities (no impact on the Surplus or Deficit on the Provision of Services or Other Comprehensive Income and Expenditure) | 111,400 |

The approximate impact of a 1% fall in interest rates would be as above but with the movements being reversed.

Price risk

The Council does not generally invest in equity shares but does have long term investments in unquoted companies amounting to £13m primarily for the Bristol Port Company, and Bristol Holdings, the latter a wholly owned subsidiary. Whilst this holding is generally illiquid, the Council is exposed to losses arising from movements in the prices of these shares.

As the shareholding has arisen in the acquisition of specific interests, the Council is not in a position to limit its exposure to price movements by diversifying its portfolio. Instead it only acquires shareholdings in return for “open book” arrangements with the company concerned so that the Council can monitor factors that might cause a fall in the value of specific holdings.

These shares are classified as Available for Sale.

Foreign exchange risk

During 2017/18 the Council received monies denominated in Euro's relating to the receipt of European grant. The authority also made payments in a variety of currencies for the supply of goods and services. Payments and receipts are converted to Sterling at the earliest opportunity.

25 Capital Expenditure and Capital Financing

The total amount of capital expenditure incurred in the year is shown in the table below (including the value of assets acquired under finance leases and PFI/PP contracts), together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Council, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the Council that has yet to be financed. Movements on the CFR are also analysed below.

| | 2017/18 £'000 | 2016/17 £'000 |
|---|------------------|------------------|
| Opening Capital Financing Requirement | 787,378 | 733,663 |
| Capital investment | | |
| Property, Plant and Equipment | 106,396 | 158,553 |
| Investment Properties | 142 | 745 |
| Intangible Assets | 4,810 | 2,561 |
| Long Term Investments | 12,810 | 14,583 |
| Revenue Expenditure Funded from Capital under Statute | 2,965 | 17,530 |
| Long Term Investment repaid | (1,650) | (1,000) |
| Sources of finance | | |
| Capital receipts | (6,254) | (20,776) |
| Government grants and other contributions | (35,870) | (55,167) |
| Sums set aside from revenue: | | |
| • Direct revenue contributions | (16,367) | (15,553) |
| • MRR | (24,301) | (35,756) |
| • MRP – City Council Debt | (7,544) | (12,005) |
| Closing Capital Financing Requirement | 822,515 | 787,378 |
| Explanation of movements in year | | |
| Less Minimum Revenue Provision | (7,544) | (12,005) |
| Use of capital receipt for repayment of debt | (1,650) | (1,000) |
| Increase in underlying need to borrowing (unsupported by government financial assistance) | 44,331 | 66,720 |
| Increase in Capital Financing Requirement | 35,137 | 53,715 |

26 Leases

Council as Lessor

Operating Leases

The Council leases out property within the commercial trading estate under operating leases for the following purposes:

- for the provision of community services, such as sports facilities, tourism services and community centres
- for economic development purposes to provide suitable affordable accommodation for local businesses

The future minimum lease payments due under non-cancellable leases in future years are:

| | 31 March 2018 £'000 | 31 March 2017 £'000 |
|---|------------------------------------|------------------------------------|
| Not later than one year | 11,849 | 11,434 |
| Later than one year and not later than five years | 41,552 | 38,629 |
| Later than five years | 849,542 | 775,196 |
| | 902,943 | 825,259 |

The minimum lease payments receivable at 31 March 2018 and 2017 are based on the current rents receivable at the respective Balance Sheet dates. They do not include estimates of future rents reviews or contingent rents.

27 Service Concessions

Schools PFI Phase 1A

On 31st March 2004 the Council entered into a Private Finance Initiative (PFI) contract with Bristol Schools Limited. The contract provided for the design, construction and financing of four new secondary schools, Bedminster Down, Henbury School, Orchard School and Oasis Brightstowe Academy. All four schools were constructed and are operational. Bristol Schools Limited will maintain and operate the facilities for twenty-six years from the date the first school became operational.

A capital contribution of £5.346m was made to the first phase of the project by way of a cash payment. This was in respect of the provision of leisure facilities and of the retention of part of the site of Henbury School by the Council, for subsequent disposal.

Schools PFI Phase 1B and 1C, Building Schools for the Future

During 2006/07 the Council entered into a PFI contract with Bristol PFI Limited to design, build, finance and operate four additional schools in Bristol. A Local Education Partnership (LEP) was also created to manage the supply chain and deliver the four schools. The partnership is between Skanska Education Partnerships (80%), Partnership for Schools (10%) and Bristol City Council (10%). The schools are Brislington Enterprise College, Bristol Brunel Academy, Bristol Metropolitan Academy and Bridge Learning Campus. Bristol PFI Limited will maintain and operate the facilities for twenty-seven years from the date the first school became operational.

A capital contribution of £9.569m was made to the project by way of a cash payment. This was used towards the cost of the Bridge Learning Campus and provision of leisure facilities at Bristol Brunel Academy.

Hengrove Leisure Centre

In April 2010 the Council entered into a PFI contract with Bristol Active Limited to design, build, finance and operate a new leisure centre, and associated car park, in Hengrove. The centre opened in February 2012 and Bristol Active Limited will operate and maintain the facility until 2037.

The assets and associated liability have been included on the Council's Balance Sheet in accordance with IFRS.

A capital contribution of £7.161m was made to the project by way of a cash payment. This was used to fund the capital works for the Car Park and as a contribution towards the capital works of the Leisure Centre.

Bristol City Council gave Bristol Active Limited approval as set out in the Cabinet Report dated 9th January 2018 to refinance its senior debt on the 19th January 2018. In line with the provisions of the PFI contract, the Council was entitled to a share of the benefit and received a one-off payment of £2.3m. The Council have earmarked these funds to support the revenue position of the authority and to meet anticipated future Hengrove PFI costs. No other aspects of the Council's accounting treatment of the PFI contract are affected.

Property, Plant and Equipment

The PFI assets, and related liabilities, have been recognised on the Council's balance sheet when made available for use. Movements in their value over the year are detailed in the analysis of the movements on the Property, Plant and Equipment balance in Note 20. The assets will be transferred back to the Council at the end of the contracts for nil consideration.

Locally managed schools transferring to Academy status are granted a 125 year peppercorn lease and, in response to CIPFA guidance, are de-recognised from the Council's accounts as control of these assets is transferred to the Academy.

Payments are made to the PFI contractors as monthly "unitary payments". The estimated payments the Council will make under the contracts are shown below.

These payments are commitments and can vary subject to indexation, reductions for performance and availability failures, and possible future variations to the scheme.

The funding of the unitary payment for the School PFI schemes will come from the individual schools budget, the overall schools budget and a special government grant. The Hengrove Leisure unitary payment will be funded by the special government grant, with the balance provided from Sports Services budgets. PFI payments are accounted for in the year in which the service was provided and are allocated to repayment of the liability, finance cost, service charge and other costs (lifecycle cost and contingent rents).

Schools PFI Phase 1A

As at 31st March 2018 cumulative payments totalling £161m (£143m in 2016/17) have been made to the PFI contractor. The future estimated payments the Council will make under the contract are as follows:

| Year | Payment for Services £'000 | Repayment of Liability £'000 | Interest £'000 | Other £'000 | Total £'000 |
|--------------------|----------------------------------|------------------------------------|-------------------|----------------|----------------|
| 2018/19 | 2,995 | 1,682 | 4,764 | 11 | 9,452 |
| 2019/20 to 2022/23 | 12,746 | 8,286 | 16,905 | 726 | 38,663 |
| 2023/24 to 2027/28 | 17,809 | 15,372 | 14,667 | 668 | 48,516 |
| 2028/29 to 2031/32 | 13,347 | 15,163 | 4,108 | (641) | 31,977 |
| Total | 46,896 | 40,503 | 40,444 | 764 | 128,607 |

Over the life of the PFI project, the Council is scheduled to receive £134.8m.

As at 31st March 2018 cumulative payments totalling £161m (£143m in 2016/17) have been made to the PFI contractor. The future estimated payments the Council will make under this contract are as follows:

| Year | Payment for Services £'000 | Repayment of Liability £'000 | Interest £'000 | Other £'000 | Total £'000 |
|--------------------|-------------------------------------|------------------------------------|-------------------|----------------|----------------|
| 2018/19 | 5,061 | 3,288 | 6,512 | 3,542 | 18,403 |
| 2019/20 to 2022/23 | 21,748 | 15,546 | 23,288 | 14,910 | 75,492 |
| 2023/24 to 2027/28 | 30,918 | 21,815 | 22,102 | 23,842 | 98,677 |
| 2028/29 to 2032/33 | 35,680 | 32,565 | 12,352 | 23,010 | 103,607 |
| 2033/34 to 2034/35 | 10,799 | 11,351 | 1,086 | 6,532 | 29,768 |
| Total | 104,206 | 84,565 | 65,340 | 71,836 | 325,947 |

Over the life of the PFI project, the Council is scheduled to receive £326.3m.

Hengrove Leisure PFI

As at 31 March 2018 payments totalling £21m (£17m at 31 March 2017) have been made to the PFI Contractor. The future estimated payments the Council will have to make under the Contract are as follows:

| Year | Payment for Services £'000 | Repayment of Liability £'000 | Interest £'000 | Other £'000 | Total £'000 |
|--------------------|-------------------------------------|------------------------------------|-------------------|----------------|----------------|
| 2018/19 | 331 | 779 | 1,564 | 814 | 3,488 |
| 2019/20 to 2022/23 | 1,410 | 2,665 | 5,465 | 4,586 | 14,126 |
| 2023/24 to 2027/28 | 1,970 | 2,836 | 5,525 | 7,749 | 18,080 |
| 2028/29 to 2032/33 | 2,189 | 4,132 | 3,702 | 8,585 | 18,608 |
| 2033/34 to 2036/37 | 1,879 | 4,651 | 1,218 | 7,293 | 15,041 |
| Total | 7,779 | 15,063 | 17,474 | 29,027 | 69,343 |

Over the life of the PFI project, the Council is scheduled to receive £69.6m.

The unitary payments have been calculated to compensate the contractor for the fair value of the services they provide, the capital expenditure incurred, and the interest payable on financing the capital expenditure. The Hengrove Leisure PFI contains a significant amount of third party income, this is income received directly by the PFI Contractor from the users of the facility. The payment for services has been shown net of this estimated income, as the unitary payments have been reduced to reflect the operator's right to this income. The outstanding liability due to the contractor for reimbursement of capital expenditure is as follows:

Appendix A

| | Schools | | Hengrove Leisure | |
|--|----------------|----------------|------------------|---------------|
| | 2017/18 | 2016/17 | 2017/18 | 2016/17 |
| | £'000 | £'000 | £'000 | £'000 |
| Balance outstanding at the start of year | 129,556 | 133,781 | 15,721 | 16,380 |
| Movement in year | (4,487) | (4,224) | (659) | (659) |
| Balance outstanding at year end | 125,069 | 129,557 | 15,062 | 15,721 |

The above listed commitments are affected by past inflation – previous price rises will be built into future payments. They are also affected by future inflation, which gives rise to uncertainty.

Bristol Waste Contract

In August 2015 the Council entered into a service contract with Bristol Waste Company to provide recycling and waste services. The assets and associated liability have been included on the Council's Balance Sheet as a service concession in accordance with the code and IFRIC 12. In 2014/15 these services were provided by an external contractor and the assets accounted for as a finance lease in accordance with IFRIC 4.

The future estimated payments the Council will make under the contract are as follows:

| Year | Payment for Services | Repayment of Liability | Interest | Total |
|--------------|----------------------------|---------------------------|-----------|---------------|
| | £'000 | £'000 | £'000 | £'000 |
| 2018/19 | 11,753 | 488 | 59 | 12,300 |
| Total | 11,753 | 488 | 59 | 12,300 |

Total Balance Outstanding on all Service Concessions is shown in the table below:

| | Schools | | Hengrove Leisure | | Bristol Waste Contract | | Total | |
|--|----------------|----------------|------------------|---------------|------------------------|--------------|----------------|----------------|
| | 2017/18 | 2016/17 | 2017/18 | 2016/17 | 2017/18 | 2016/17 | 2017/18 | 2016/17 |
| | £'000 | £'000 | £,000 | £'000 | £,000 | £'000 | £,000 | £'000 |
| Balance outstanding at the start of year | 129,556 | 133,780 | 15,721 | 16,380 | 1,220 | 1,952 | 146,497 | 152,112 |
| Movement in year | (4,487) | (4,224) | (659) | (659) | (244) | (732) | (5,390) | (5,615) |
| Balance outstanding at year end | 125,069 | 129,556 | 15,062 | 15,721 | 976 | 1,220 | 141,107 | 146,497 |

28 Debtors

| | 31 March 2018 £'000 | 31 March 2017 £'000 |
|--------------------------------|---------------------------|---------------------------|
| i Current debtors | | |
| Central government bodies | 35,056 | 24,958 |
| Other local authorities | 13,905 | 14,653 |
| NHS bodies | 4,139 | 5,603 |
| Other entities and individuals | 60,886 | 65,528 |
| Total | 113,986 | 110,742 |

Details of amounts provided as bad debt provisions are included in Note 24.

| | 31 March 2018 £'000 | 31 March 2017 £'000 |
|------------------------------------|---------------------------|---------------------------|
| ii Long-term debtors | | |
| Mortgages | 196 | 206 |
| Capital loans (Probation/Fire/LEP) | 3,342 | 4,603 |
| South Gloucestershire Council | 436 | 463 |
| Former county council debt | 42,599 | 44,374 |
| Contractual Commitments | - | 3,000 |
| Local Authority Mortgage Scheme | - | 2,000 |
| Total | 46,573 | 54,646 |

29 Cash and Cash Equivalents

The balance of Cash and Cash Equivalents is made up of the following elements:

| | 31 March 2018 £'000 | 31 March 2017 £'000 |
|---|---------------------------|---------------------------|
| Cash held by the Council | 266 | 307 |
| Bank current accounts | (13,940) | (6,526) |
| Short-term deposits with banks / building societies | 38,937 | 35,361 |
| Total Cash and Cash Equivalents | 25,263 | 29,142 |

| | 31 March 2018 £'000 | 31 March 2017 £'000 |
|---|---------------------------|---------------------------|
| Current liabilities | | |
| Service Concession contract liabilities (see Note 27) | 976 | - |
| Central government bodies | 44,748 | 51,489 |
| Other local authorities | 9,399 | 10,928 |
| NHS bodies | 1,192 | 2,748 |
| Other entities and individuals | 73,484 | 79,920 |
| Total | 129,799 | 145,085 |
| | | |
| | 31 March 2018 £'000 | 31 March 2017 £'000 |
| Other long-term liabilities | | |
| Service Concession contract liabilities (see Note 27) | 140,131 | 146,497 |
| Retirement benefit obligations (see Note 33) | 832,352 | 921,012 |
| Deferred liabilities | 52,866 | 54,715 |
| Deferred capital receipts | 119 | 129 |
| Rent Deposits | 76 | 75 |
| Total | 1,025,544 | 1,122,428 |

Deferred liabilities are amounts which, by arrangement, are payable beyond the next year, at some point in the future or are to be paid off by an annual sum over a period. As at the 31 March 2018 the liability in the Council's Balance Sheet of £52.9m (2017: £54.7m) comprised of former county council loan debt of £44.4m (2018: £46.2m), £8.5m (2017: £8.5m) in respect of a loan for the Hengrove Park development.

Deferred capital receipts are amounts derived from sales of assets, which will be received in instalments over agreed periods of time. They arise from mortgages on the sale of council houses, which form part of mortgages under long term debtors.

31 Provisions

| | Balance at 1 April 2017 £'000 | Additional provisions made in 2017/18 £'000 | Amounts used in 2017/18 £'000 | Balance at 31 March 2018 £'000 | Due < 1 year £'000 | Due > 1 year £'000 |
|---------------------------|-------------------------------------|---|--|---|--------------------------|--------------------------|
| Business Transformation | (150) | (389) | - | (539) | (539) | - |
| Insurance fund | (2,612) | - | 80 | (2,532) | (1,813) | (719) |
| NDR Provision for appeals | (11,117) | (18,483) | 5,884 | (23,716) | - | (23,716) |
| Legal | - | (1,166) | - | (1,166) | (1,166) | - |
| Waste | - | (670) | - | (670) | (670) | - |
| Other | (549) | (25) | 372 | (202) | - | (202) |

| | | | | | | |
| Due < 1 year | (2,384) | | | (4,188) | | |
| Due > 1 year | (12,044) | | | (24,637) | | |
| | (14,428) | | | (28,825) | | |

Details of the provisions are shown in the table below:

Appendix A

| Provision | Purpose |
|---------------------------|---|
| Business Transformation | Covers future exit costs arising from the Council's restructure proposals |
| Insurance fund | Covers certain risks arising from fire, employer's liability and public liability, supplementing the Council's arrangement with external insurers, together with other risks. |
| NDR Provision for appeals | Covers the cost of future appeals |
| Legal | Created to cover the costs of outstanding legal cases within Adult Social Care |
| Waste | Created to cover the costs of for disputed inflationary charges of Waste Disposal |
| Other | Other provisions are individually not material |

32 Unusable Reserves

| | 31 March 2018 £'000 | 31 March 2017 Restated £'000 |
|--|---------------------------|---------------------------------------|
| Revaluation Reserve | (800,696) | (589,316) |
| Capital Adjustment Account | (1,490,937) | (1,504,981) |
| Available for Sale Financial Instruments | 850 | 8,844 |
| Financial Instruments Adjustment Account | 7,432 | 7,609 |
| Pensions Reserve | 861,256 | 921,012 |
| Collection Fund Adjustment Account | 5,705 | (3,545) |
| Accumulated Absences Account | 4,522 | 6,901 |
| | (1,411,868) | (1,153,476) |

Revaluation Reserve

The Revaluation Reserve contains the gains made by the Council arising from increases in the value of its Property, Plant and Equipment. The balance is reduced when assets with accumulated gains are:

- revalued downwards or impaired and the gains are lost
- used in the provision of services and the gains are consumed through depreciation, or
- disposed of and the gains are realised.

The Reserve contains only revaluation gains accumulated since 1 April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

| | 2017/18 £'000 | 2017/18 £'000 | 2016/17 £'000 | 2016/17 Restated £'000 |
|--|------------------|------------------|------------------|------------------------------|
| Balance at 1 April | | (589,316) | | (367,252) |
| Upward revaluation of assets | (248,040) | | (239,449) | |
| Downward revaluation of assets and impairment losses not charged to the Surplus/Deficit on the Provision of Services | 14,399 | | 11,864 | |
| Surplus or deficit on revaluation of non-current assets not posted to the Surplus/Deficit on the Provision of Services | | (233,641) | | (227,585) |
| Amount written off to the Capital Adjustment Account | | 22,261 | | 5,521 |
| Balance at 31 March | | (800,696) | | (589,316) |

Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisation are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the Council as finance for the costs of acquisition, construction and enhancement.

The account contains accumulated gains and losses on Investment Properties and gains recognised on donated assets that have yet to be consumed by the Council. The account also contains revaluation gains accumulated on Property, Plant and Equipment before 1 April 2007, the date that the Revaluation Reserve was created to hold such gains.

Note 25 provides details of the source of all the transactions posted to the Account, apart from those involving the Revaluation Reserve.

| | 2017/18 | 2016/17 |
|--|--------------------|--------------------|
| | £'000 | £'000 |
| Balance at 1 April | (1,504,981) | (1,329,448) |
| Reversal of items relating to capital expenditure debited or credited to the Comprehensive Income and Expenditure Statement: | | |
| Charges for depreciation and impairment of non-current assets | 67,609 | 51,836 |
| Revaluation losses on Property, Plant and Equipment | 15,892 | (107,507) |
| Amortisation of Intangible Assets | 4,590 | 1,840 |
| Revenue Expenditure Funded from Capital Under Statute | 2,965 | 17,530 |
| Amounts of non-current assets written off on disposal or sale as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Statement | 44,205 | 23,927 |
| | (1,369,720) | (1,341,822) |
| Adjusting amounts written out of the Revaluation Reserve | (22,261) | (5,521) |
| Net written out amount of the cost of non-current assets consumed in the year | (1,391,981) | (1,347,343) |
| Capital financing applied in the year: | | |
| Use of the Capital Receipts Reserve to finance new capital expenditure | (6,254) | (20,776) |
| Use of the Major Repairs Reserve to finance new capital expenditure | (24,301) | (33,576) |
| Capital grants and contributions credited to the Comprehensive Income and Expenditure Statement that have been applied to capital financing | (35,870) | (55,167) |
| Statutory provision for the financing of capital investment charged against the General Fund and HRA balances | (7,544) | (12,005) |
| Use of the Capital Receipts Reserve for repayment of Long Term Investments financed by borrowing | (1,650) | (1,000) |
| Long Term Capital Investment repaid | 1,650 | 1,000 |
| Reduction in Finance Lease Liability following changes to Waste Service Concession contract | - | - |
| Capital expenditure charged against the General Fund and HRA balances | (16,369) | (17,733) |
| | (1,482,319) | (1,486,600) |
| Movements in the market value of Investment Properties debited or credited to the Comprehensive Income and Expenditure Statement | (8,618) | (18,381) |
| Balance at 31 March | (1,490,937) | (1,504,981) |

Available for Sale Financial Instruments Reserve

The Available for Sale Financial Instruments Reserve contains the gains made by the Authority arising from increases in the value of its investments that have quoted market prices or otherwise do not have fixed or determinable payments. The balance is reduced when investments with accumulated gains are:

- revalued downwards or impaired and the gains are lost
- disposed of and the gains are realised.

| | 31 March 2018 | 31 March 2017 |
|---|------------------|------------------|
| | £'000 | £'000 |
| Balance at 1 April | 8,844 | 4,563 |
| Revaluation of investments not charged to the Surplus/Deficit on the Provision of Services | 750 | 4,281 |
| Accumulated gains on assets sold and maturing assets written out to the Comprehensive Income and Expenditure Statement as part of Other Investment Income | (8,744) | - |
| Balance at 31 March | 850 | 8,844 |

Financial Instruments Adjustment Account

The Financial Instruments Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for income and expenses relating to certain financial instruments and for bearing losses or benefiting from gains per statutory provisions. The Authority uses the Account to manage premiums paid on the early redemption of loans.

Premiums are debited to the Comprehensive Income and Expenditure Statement when they are incurred, but reversed out of the General Fund Balance to the Account in the Movement in Reserves Statement. Over time, the expense is posted back to the General Fund Balance in accordance with statutory arrangements for spreading the burden on council tax. In the Authority's case, this period is the unexpired term that was outstanding on the loans when they were redeemed. As a result, the balance on the Account at 31 March 2018 will be charged to the General Fund over the next 42 years.

| | 2017/18 | 2017/18 | 2016/17 | 2016/17 |
|---|---------|--------------|---------|--------------|
| | £'000 | £'000 | £'000 | £'000 |
| Balance at 1 April | | 7,609 | | 7,927 |
| Premiums incurred in the year and charged to the Comprehensive Income and Expenditure Statement | | | | |
| Proportion of premiums incurred in previous financial years to be charged against the General Fund Balance in accordance with statutory requirements | (177) | | (318) | |
| Amount by which finance costs charged to the Comprehensive Income and Expenditure Statement are different from finance costs chargeable in the year in accordance with statutory requirements | | (177) | | (318) |
| Balance at 31 March | | 7,432 | | 7,609 |

Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions. The Council accounts for post-employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Council makes employer's contributions to the pension fund or eventually pays any pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Council has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

| | 2017/18 | 2016/17 |
|--|----------------|----------------|
| | £'000 | £'000 |
| Balance at 1 April | 921,012 | 708,587 |
| Remeasurements on pensions assets and liabilities | (87,543) | 191,904 |
| Reversal of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement | 75,131 | 72,291 |
| Employer's pensions contributions and direct payments to pensioners payable in the year | (47,344) | (51,770) |
| Balance at 31 March | 861,256 | 921,012 |

Collection Fund Adjustment Account

The Collection Fund Adjustment Account manages the differences arising from the recognition of council tax and non-domestic rates income in the Comprehensive Income and Expenditure Statement as it falls due from council taxpayers and business rate payers, compared with the statutory arrangements for paying across amounts to the General Fund from the Collection Fund.

| | 2017/18 | 2016/17 |
|---|----------------|----------------|
| | £'000 | £'000 |
| Balance at 1 April | (3,545) | 2,383 |
| Amount by which council tax and non-domestic rates income credited to the Comprehensive Income and Expenditure Statement is different from council tax income calculated for the year in accordance with statutory requirements | 9,250 | (5,928) |
| Balance at 31 March | 5,705 | (3,545) |

Accumulated Absences Account

The Accumulating Compensated Absences Adjustment Account absorbs the differences that would otherwise arise on the General Fund balance from accruing for compensated absences earned but not taken in the year e.g. annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the General Fund balance be neutralised by transfers to or from the account.

| | 2017/18 | 2017/18 | 2016/17 | 2016/17 |
|---|---------|--------------|---------|--------------|
| | £'000 | £'000 | £'000 | £'000 |
| Balance at 1 April | | 6,901 | | 5,425 |
| Settlement or cancellation of accrual made at the end of the preceding year | (6,901) | | (5,425) | |
| Amounts accrued at the end of the current year | 4,522 | | 6,901 | |
| Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements | | (2,379) | | 1,476 |
| Balance at 31 March | | 4,522 | | 6,901 |

33 Pensions

a Participation in Pension Schemes

As part of the terms and conditions of employment of its officers, the Council makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the Council has a commitment to make the payments (for those benefits) and to disclose them at the time that employees earn their future entitlement.

The Council participates in three pension schemes:

The Local Government Pension Scheme - all staff, with the exception of teachers, are eligible to join the Local Government Pension Scheme (LGPS). The scheme is administered by Bath and North East Somerset Council and is called the Avon Pension Fund. The Fund provides members with benefits related to length of service and final salary. It is a 'defined benefit' scheme. In 2017/18 the Council paid an employer's contribution rate of 22.5% (22.3% in 2016/17), resulting in total payments of service deficit, as assessed by the Fund Actuary. The Actuary carries out a full valuation of the Fund every three years in accordance with government regulations. The last valuation of the Fund was undertaken at 31 March 2016, the next full valuation is therefore due at March 2019. If the valuation indicates that there are insufficient assets to meet future liabilities, employer contribution rates are increased to make up the shortfall. As indicated above, the Council paid a contribution rate of 22.5% from 1 April 2017, representing 14.5% in respect of future service and 8% to meet the deficit recovery element.

The Teachers' Pension Scheme - The rate of contribution for 2017/18 was 22.3%, resulting in a total payment of £8.198m (£8.980m in 2016/17) to the Teachers' Pension Agency. In addition, the Council made payments totalling £2.36m (£2.36m in 2016/17) in respect of pensions and added years where the early retirement of teachers was agreed. The Council also met its share of the residual liability for former Avon County Council employees, amounting to £1.814m (£1.855m in 2016/17). The estimated liability for unfunded payments has been calculated by the actuary and is included in the Balance Sheet.

The National Health Service Pension Scheme - In 2017/18 a total payment of £0.51m (£0.51m in 2016/17) was made to the NHS Pension Scheme, following the transfer of public health responsibilities from primary care trusts.

b Accounting Transactions relating to retirement benefits

Employer contributions paid in the year have been charged to service revenue accounts, prior to the adjustments required under the accounting standard, IAS19. The adjustments included in the Comprehensive Income and Expenditure Account to comply with IAS19 are offset by appropriations from the Pensions Reserve to the General Fund in the Movement in Reserves Statement, so that there is no effect on the overall amount met from government grant and local tax payers.

The principal assessments made by the Fund actuary, in so far as these affect the Income and Expenditure Account are set out in the following table:

| | Local Government Pension Scheme | | Teachers' Unfunded Pensions | |
|--|---------------------------------|------------------|-----------------------------|------------------|
| | 2017/18 £'000 | 2016/17 £'000 | 2017/18 £'000 | 2016/17 £'000 |
| Income and Expenditure Account | | | | |
| Net cost of services | | | | |
| Current service cost | 61,116 | 43,989 | - | - |
| Past service gains/curtailment costs/Settlements | (8,225) | 3,821 | - | - |
| Administration expense | 866 | 929 | - | - |
| Financing and Investment Income | | | | |
| Expenditure | | | | |
| Net interest cost | 19,621 | 21,341 | 1,753 | 2,211 |
| Total post-employment benefits charged to the Surplus or Deficit on the Provision of Services | 73,378 | 70,080 | 1,753 | 2,211 |
| Other Post-employment Benefits charged to the Comprehensive Income and Expenditure Statement | | | | |
| Remeasurements (assets/liabilities) | 89,127 | 184,799 | (1,584) | 7,105 |
| Movement in Reserves Statement | | | | |
| Reversal of net charges made for retirement benefits in accordance with IAS19 | (73,378) | (70,080) | (1,753) | (2,211) |
| Actual amount charged against the General Fund Balance for pensions in the year: | | | | |
| Employer's contributions payable to scheme | 43,196 | 47,552 | 4,178 | 4,218 |

The Housing Revenue Account (HRA) Income and Expenditure Account has also been adjusted in 2017/18 to reflect the current service cost and an appropriate share of the net interest cost. The latter item has been apportioned to the HRA on the basis of pensionable pay.

c Assets and Liabilities in relation to Retirement Benefits

| | Funded liabilities: | | Unfunded liabilities: | | Unfunded liabilities: | | Total Liability | |
|--|---------------------------------|--------------------|---------------------------------|-----------------|-----------------------------|-----------------|--------------------------------------|--------------------|
| | Local Government Pension Scheme | | Local Government Pension Scheme | | Teachers' Unfunded Pensions | | Local Government & Teachers Pensions | |
| | 2017/18 | 2016/17 | 2017/18 | 2016/17 | 2017/18 | 2016/17 | 2017/18 | 2016/17 |
| | £'000 | £'000 | £'000 | £'000 | £'000 | £'000 | £'000 | £'000 |
| 01-Apr | (2,431,890) | (2,015,831) | (44,625) | (40,808) | (72,225) | (67,128) | (2,548,740) | (2,123,767) |
| Current service cost | (61,116) | (43,989) | - | - | - | - | (61,116) | (43,989) |
| Interest on pension liabilities | (59,895) | (69,590) | (1,080) | (1,377) | (1,753) | (2,211) | (62,728) | (73,178) |
| Contributions by scheme participants | (11,273) | (12,121) | - | - | - | - | (11,273) | (12,121) |
| Remeasurement (liabilities) | | | | | | | | |
| Experience (gain)/loss | - | 106,155 | - | 763 | - | 1,225 | - | 108,143 |
| (Gain)/loss on financial assumptions | 94,817 | (469,653) | 961 | (6,218) | 1,584 | (9,125) | 97,362 | (484,996) |
| (Gain)/loss on demographic assumptions | - | 8,069 | - | 124 | - | 796 | - | 8,989 |
| Benefits paid | 67,427 | 66,223 | 2,831 | 2,891 | 4,178 | 4,218 | 74,436 | 73,332 |
| Past service grants, curtailment costs and settlements | 10,948 | (1,153) | - | - | - | - | 10,948 | (1,153) |
| 31-Mar | (2,390,982) | (2,431,890) | (41,913) | (44,625) | (68,216) | (72,225) | (2,501,111) | (2,584,740) |

| | 2017/18 £'000 | 2016/17 £'000 |
|--------------------------------------|------------------|------------------|
| 1 April | 1,627,833 | 1,430,637 |
| Interest on plan assets | 41,354 | 49,626 |
| Remeasurement (assets) | (9,819) | 175,960 |
| Administration expense | (866) | (929) |
| Settlements | (2,723) | (2,668) |
| Employer contributions | 72,070 | 32,200 |
| Contributions by scheme participants | 11,273 | 12,121 |
| Benefits paid | (70,258) | (69,114) |
| 31 March | 1,668,864 | 1,627,833 |

The expected return on scheme assets is determined by considering the expected returns available on the assets underlying the current investment policy. Expected yields on fixed interest investments are based on gross redemption yields as at the Balance Sheet date. Expected returns on equity investments reflect long-term rates of return experienced in the respective markets.

The actual return on plan assets in the year was £(31.5m) (2016/17: £(246.7m)).

Scheme History – Pension Assets and Liabilities Recognised in the Balance Sheet:

| | 2017/18 £'000 | 2016/17 £'000 | 2015/16 £'000 | 2014/15 £'000 |
|--|------------------|------------------|------------------|------------------|
| Present value of liabilities: | | | | |
| Local Government Pension Scheme | (2,432,895) | (2,476,515) | (2,056,639) | (2,108,890) |
| Teachers' unfunded liabilities | (68,216) | (72,225) | (67,128) | (71,257) |
| Fair value of assets in the Local Government Pension Scheme | 1,668,864 | 1,627,833 | 1,430,637 | 1,475,150 |
| Surplus/(deficit) in the scheme: | | | | |
| Local Government Pension Scheme | (764,031) | (848,682) | (626,002) | (633,740) |
| Teachers' unfunded liabilities | (68,216) | (72,225) | (67,128) | (71,257) |
| Total | (832,247) | (920,907) | (693,130) | (704,997) |

The total liabilities shown in the Balance Sheet comprise the above (£832,247k) together with a small amount in respect of pre-1974 liabilities (£105k) totalling (£832,352k).

The liabilities show the underlying commitments that the Council has in the long run to pay retirement benefits. The total liability of £832m (2016/17 £921m) impacts on the net worth of the Council as recorded in the Balance Sheet (£1,625m).

Statutory arrangements for funding the deficit limit the adverse impact on the Council's financial position: the purpose of the triennial valuation of the fund by the scheme actuary is to determine the increase in employer contributions necessary to make good any deficit over the remaining working life of employees. Notwithstanding this, the scale of pension fund deficits being reported by Local Authorities is likely to result in a further review of the Local Government Pension Scheme with the aim of making this more affordable in the future and thus reducing the burden on taxpayers.

Finance is only required to be raised to cover the unfunded teachers' pensions when the pensions are actually paid.

Appendix A

The total contributions expected to be made to the Local Government Pension Scheme by the Council in the year to 31 March 2019 are £33m.

d Basis for Estimating Assets and Liabilities

Liabilities have been assessed on an actuarial basis using the projected unit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels, etc. The Local Government Pension Scheme liabilities have been assessed by William M. Mercer the independent actuary to the Avon Fund, estimates being based on the latest full valuation of the scheme as at 31 March 2016.

The main financial assumptions used in the calculations are:

| | Local Government Pension Scheme | | Teachers | |
|---|---------------------------------|---------|----------|---------|
| | 2017/18 | 2016/17 | 2017/18 | 2016/17 |
| Mortality assumptions: | | | | |
| Longevity at 65 for current pensioners: | | | | |
| Men | 23.6 | 23.5 | 23.6 | 23.5 |
| Women | 26.1 | 26 | 26.1 | 26 |
| Longevity at 75 for current pensioners: | | | | |
| Men | - | - | 14.5 | 14.4 |
| Women | - | - | 16.6 | 16.5 |
| Longevity at 65 for future pensioners: | | | | |
| Men | 26.2 | 26 | - | - |
| Women | 28.8 | 28.7 | - | - |
| | % | % | % | % |
| Rate for discounting scheme liabilities | 2.6 | 2.5 | 2.5 | 2.5 |
| Rate of inflation - CPI | 2.1 | 2.3 | 2.3 | 2.3 |
| Rate of increase in salaries | 3.6 | 3.8 | - | - |
| Rate of increase in pensions | 2.2 | 2.3 | 2.3 | 2.3 |

The actuary has provided a sensitivity analysis for each significant actuarial assumption as at the end of the reporting period. The table below shows how the defined benefit obligation would have been affected by changes in the relevant actuarial assumption that were reasonably possible at the 31 March 2018.

| Local Government Pension Scheme | Central | Sensitivity 1 +0.1% p.a discount rate | Sensitivity 2 +0.1% p.a inflation | Sensitivity 3 +0.1% p.a pay growth | Sensitivity 4 1 year increase in life expectancy |
|---|-------------|--|---|--|---|
| | £'000 | £'000 | £'000 | £'000 | £'000 |
| Liabilities | 2,432,895 | 2,391,020 | 2,475,504 | 2,438,422 | 2,480,138 |
| Assets | (1,668,864) | (1,668,864) | (1,668,864) | (1,668,864) | (1,668,864) |

Governance and Risk Management

The liability associated with the Council's pension arrangements is material to the Council, as is the cash funding required. The details in relation to each arrangement and the relevant provisions for governance and risk management, are set out below.

Avon Pension Fund:

Nature of Fund

The Fund targets a pension paid throughout life. The amount of pension depends on how long employees are active members of the scheme and their salary when they leave the scheme (a "final salary" scheme) for service up to 31 March 2013 and on a revalued average salary (a "career average" scheme) for service from 1 April 2014 onwards.

Governance

As administering authority, Bath and North East Somerset Council (B&NES), has legal responsibility for the pension fund as set out in the Local Government Pension Scheme Regulations. B&NES delegates its responsibility for administering the Fund to the Avon Pension Fund Committee, which is the formal decision making body for the Fund. The Avon Pension Fund Committee is responsible for the investment, funding, administration and communication strategies. It also monitors the performance of the fund, and approves and monitors compliance of statutory statements and policies required under the Regulations. The Committee is supported by an Investment Panel which considers the investment strategy and investment performance in greater depth.

Funding the liabilities

Regulations governing the Fund require actuarial valuations to be carried out every three years. Contributions for each employer are set having regard to their individual circumstances. The Regulations require the contributions to be set with a view to targeting the Fund's solvency, and the detailed provisions are set out in the Fund's Funding Strategy Statement. The most recent valuation was carried out as at 31 March 2016, which showed a shortfall of assets against liabilities of £597m as at that date, equivalent to a funding level of 86%. The fund's employers are paying additional contributions over a period of up to 17 years in order to meet the shortfall.

The weighted average duration of the Council's defined benefit obligation is 17 years, measured on the actuarial assumptions used for IAS19 purposes.

Risks and Investment strategy

The Avon Pension Fund does not have an explicit asset and liability matching strategy. The primary objective of its investment strategy is to generate positive real investment return above the rate of inflation for a given level of risk to meet the liabilities as they fall due over time. When setting the investment strategy, the expected volatility of the assets relative to the value placed on the liabilities was measured and taken into account. The aim of the strategy and management structure is to minimise the risk of a reduction in the value of the assets and maximise the opportunity for asset gains across the Fund.

To achieve its investment objective the Fund invests across a diverse range of assets such as equities, bonds, property and other alternative investments, and uses a number of investment managers. The risk management process identifies and mitigates the risks arising from the Fund's investment strategy and policies which are reviewed regularly to reflect changes in market conditions.

As a result of its investment strategy, the Fund is exposed to a variety of financial risks including market risk (market price, interest rate and currency risk), credit risk and liquidity risk.

Market Price / Interest rate / Currency risk

Market risk is the risk of loss from fluctuations in market prices, interest rates or currencies, to which the Fund is exposed across its investments portfolio. The objective of the investment strategy is to manage and control market risk within acceptable parameters, while optimising the return. Volatility in market risk is managed through diversification across asset class and investment managers.

The Fund has a high allocation to equities and therefore the fluctuation in equity prices is the largest market risk within the portfolio. The maturity profile of the Fund and the long underlying covenant underpins the allocation to equities which are expected to deliver higher returns over the long term.

Credit risk

Credit risk is the risk that the counterparty to a financial instrument or transaction will fail to meet an obligation and cause the Fund to incur a financial loss. As the market values of investments reflect an assessment of creditworthiness in their pricing, the risk of loss is implicitly provided for in the carrying value of the assets and liabilities.

Liquidity risk

Liquidity risk is the risk that the Fund will not be able to meet its financial obligations as they fall due. The investment strategy and cash management policy ensure that the pension fund has adequate cash to meet its working requirements. The Fund has immediate access to its cash holdings and a substantial portion of the Fund's investments consist of readily realisable securities, in particular equities and fixed income investments. The main liabilities of the Fund are the benefits payable as they fall due over a long period and the investment strategy reflects the long term nature of these liabilities.

Other risks

Actions taken by the Government, or changes to European legislation, could result in stronger local funding standards, which could materially affect the Council's cash flow.

There is a risk that changes in the assumptions (e.g. life expectancy, price inflation, discount rate) could increase the defined benefit obligation and/or the liabilities for actuarial valuation purposes. Other assumptions used to value the defined benefit obligation are also uncertain, although their effect is less material. The sensitivity analysis above indicates the change in the defined benefit obligation for changes in the key assumptions.

Amendments, curtailments and settlements

The provisions of the Fund were amended with effect from 1 April 2014. As explained above, for service up to 31 March 2014, benefits were based on salaries when members leave the scheme, whereas for service after that date, benefits are based on career average salary. Further details of the changes are available from the Council.

Curtailments shown in the accounting figures relate to the cost of providing retirement benefits for members who retire early, to the extent that provision has not already been made for the relevant defined benefit obligations.

Settlements shown in the accounting figures relate to the admission of new employers into the Fund, and who take on part of the authority's assets and liabilities as a result of employing members who have accrued benefits with the authority.

Schemes for Teachers and Public Health Workers:

Nature of Funds

The Funds target a pension paid throughout life. The amount of pension depends on how long employees are active members of the scheme and their salary when they leave the scheme (a “final salary” scheme) for service up to 31 March 2014 and on a revalued average salary (a “career average” scheme) for service from 1 April 2015 onwards.

Governance

These arrangements are managed centrally by government departments/agencies, and there is no material involvement for the Council.

Funding the liabilities

Contributions to the arrangements are set by the Government, having taken advice from the Government Actuary. Again, the Council has no material involvement in this process. The exception to this is the additional pensions to retired teachers which were awarded at the point of retirement, and for which the Council is responsible. The weighted average duration of these particular liabilities is 11 years, measured on the actuarial assumptions used for IAS19 purposes.

Investment Risks

There are no investment risks in relation to these arrangements, given their unfunded nature. The greatest single risk is that the government could change the funding standards relating to them, which could increase the Council’s contributions to them.

Other risks

There is a risk that changes in the assumptions (e.g. life expectancy, price inflation, discount rate) could increase the defined benefit obligation. Other assumptions used to value the defined benefit obligation are also uncertain, although their effect is less material. The sensitivity analysis above indicates the change in the defined benefit obligation for changes in the key assumptions.

The methods used to carry out the sensitivity analyses presented above for the material assumptions are the same as those the authority has used previously. The calculations alter the relevant assumption by the amount specified, whilst assuming that all other variables remain the same. This approach is not necessarily realistic, since some assumptions are related: for example, if the scenario is to show the effect if inflation is higher than expected, it might be reasonable to expect that nominal yields on corporate bonds will increase also. However, it enables the reader to isolate one effect from another.

e History of experience gains and losses

The approach to calculating the IAS19 figures in between full actuarial valuations every three years is approximate in nature. At each valuation, the position is re-assessed, with the assets and liabilities being fully recalculated. Following each full actuarial valuation an adjustment is made to the assets and liabilities to bring the previously estimated IAS19 figures into line with the more accurately calculated ones. Examples of events which this would cover are mortality and other demographic experience being different from the IAS19 assumptions. The experience gains/(losses) on assets and liabilities is shown as part of Remeasurements.

34 Cash Flow Statement

The cash flows for operating activities include the following significant items:

| | 2017/18 £'000 | 2016/17 £'000 |
|--------------------|------------------|------------------|
| Interest received | 7,313 | 6,099 |
| Interest paid | (42,902) | (35,337) |
| Dividends received | 2,589 | 2,662 |

The deficit on the provision of services has been adjusted for the following non-cash movements:

| | 2017/18 £'000 | 2016/17 £'000 |
|--|------------------|------------------|
| Depreciation, impairment and downward revaluations | 83,501 | (55,675) |
| Amortisation | 4,590 | 1,840 |
| Increase/(decrease) in impairment for bad debt | 1,400 | - |
| (Decrease)/increase in creditors | (2,786) | 5,933 |
| (Increase)/decrease in debtors | (5,904) | (1,499) |
| (Increase)/decrease in inventories | 16 | (367) |
| Movement in pension liability | (1,117) | 20,521 |
| Contributions to/(from) Provisions | 14,396 | 603 |
| Carrying amount of non-current assets and non-current assets held for sale, sold or derecognised | 44,205 | 23,927 |
| Other non-cash items charged to the net surplus or deficit On the provision of services | (18,269) | (18,381) |
| Net cash flows from non-cash movements | 120,032 | (23,097) |

Adjust for items included in the net surplus or deficit on the provision of services that are investing or financing activities:

| | 2017/18 £'000 | 2016/17 £'000 |
|--|------------------|------------------|
| Capital grants credited to surplus or deficit on the provision of services | (44,705) | (57,275) |
| Proceeds from the sale of Property Plant and Equipment, Investment Property and Intangible Assets | (30,479) | (29,296) |
| | (75,184) | (86,571) |

35 Cash Flow Statement - Investing Activities

| | 2017/18 £'000 | 2016/17 £'000 |
|--|------------------|------------------|
| Purchase of Property, Plant and Equipment, Investment Property and Intangible Assets | (111,348) | (161,859) |
| Purchase of short-term and long-term investments | (48,903) | (43,195) |
| Other receipts/(payments) for investing activities | 2,536 | (250) |
| Proceeds from the sale of Property, Plant and Equipment, Investment Property and Intangible Assets | 28,326 | 29,109 |
| Proceeds from short-term and long-term investments | 56,903 | 114,488 |
| Capital Grants Received | 60,736 | 35,134 |
| Other receipts from investing activities | 4,523 | 8,358 |
| Net cash flows from investing activities | (7,227) | (18,215) |

36 Cash flow Statement - Financing Activities

| | 2017/18 £'000 | 2016/17 £'000 |
|--|------------------|------------------|
| Cash receipts of short- and long-term borrowing | - | 19,200 |
| Cash payments for the reduction of outstanding liabilities relating to finance leases and on-Balance-Sheet PFI contracts | (6,367) | (5,615) |
| Repayments of short- and long-term borrowing | (3,000) | (2,235) |
| Council Tax and NNDR adjustments | (18,863) | 9,373 |
| Net cash flows from financing activities | (28,230) | 20,723 |

37 Related Parties

The Council is required to disclose material transactions with related parties – bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council.

Council members and Executive Directors have been asked to provide information regarding related party transactions. From the information received, it is believed that there have not been any significant transactions involving these counterparties during the year.

Central Government has significant influence over the general operations of the Council - it is responsible for providing the statutory framework within which the Council operates. It provides the majority of its funding in the form of grants, which are disclosed in Note 17.

The Council has interests in a number of companies over which it has significant influence or control as set out below.

Appendix A

| Name | Nature of Council relationship | Net assets/ (liabilities) | Transactions with the Council | Nature of transactions | Balances owed to / (from) the Council as at 31 3 2018 | Future financial support expected in 2018/19 | Key risks identified |
|---|---|--|--|---|---|---|---|
| Bristol Waste Company | 100% subsidiary of Bristol Holding Limited The City Council has three Director posts on the Board. | £3.9m per draft accounts as at 31 March 2018 | £27.9m payments by Council to company £1.6m recharges from Company to Council | Contract for waste collection and recycling services Recharges | £2.88m owed by the Council. £335k owed to the Council | Nil – payments are made for work done in line with contract terms | Low risk – company is trading profitably and delivering services as agreed |
| Bristol Holdings Limited | 100% subsidiary The City Council has two Director posts on the Board. | (£432k) per draft accounts as at 31 March 2018 | £7m payments by Council to company | Purchase of shares | £1.4m owed to the Council for preference share interest | See below | See below |
| Bristol Energy Limited (formally Bristol Energy & Technology Services (Supply) Limited) | 100% subsidiary of Bristol Holdings Limited The City Council has two Director posts on the Board. | (£446k) per draft accounts as at 31 March 2018 | £578k recharges from the Council £2.4m sales of energy to the Council | Recharges and the sale of energy | £6.95m of guarantees issued by the Council with a total in year exposure of £4.5m | Further funding may be required until the company reaches breakeven point | Key risk is the company's ability to attract and retain customers in a competitive market |

Appendix A

| Name | Nature of Council relationship | Net assets/ (liabilities) | Transactions with the Council | Nature of transactions | Balances owed to / (from) the Council as at 31 3 2018 | Future financial support expected in 2018/19 | Key risks identified |
|---|---|---|----------------------------------|---|--|--|--|
| Bristol Energy & Technology Services (Supply) Limited (formally Bristol Energy Ltd) | 100% subsidiary of Bristol Holdings Limited The City Council has two Director posts on the Board. The company is currently dormant. | £1 | None | N/A | Nil | Nil | None |
| Bristol is Open Limited | 50/50 joint venture with Bristol University The City Council has two Director posts on the Board. | (£79k) per March 2018 management accounts | £None | N/A | Nil | Further funding may be required if the company continues to trade at a deficit | Low risk – sums involved are not significant in the context of the Council's overall net budget. |
| Bristol Local Education Partnership (LEP) Ltd | Joint venture with BCC holding 10%, Building Schools for the Future Investments (Bristol) Ltd 10% and Skanska Infrastructure Development UK Limited 80% | £249k per December 2017 audited accounts | £17.199m payments to the company | Provision of ICT and construction services to schools in Bristol. | £850k owed by the Council £185k owed to the Council | Nil – payments are made for work done in line with contract terms | Low risk – company is trading profitably and delivering services as agreed |

Four unitary authorities - Bath & North East Somerset Council, Bristol City Council, North Somerset Council and South Gloucestershire Council - continue to work together and co-ordinate high level planning to improve the quality of life of their residents and provide for a growing population. This joint work focuses on activities that are better planned at the West of England level, rather than at the level of the individual council areas.

The partnership is not a partnership in law, nor a formal decision making body, and does not have the power to bind the four unitaries. The partnership's activity is integrated into the West of England Local Enterprise Partnership (LEP), which promotes economic growth and prosperity through its key themes of Place, People and Business

38 Transfer of Functions

As part of the West of England devolution deal, South Gloucestershire, Bristol and Bath & North East Somerset Councils agreed to the establishment of the West of England Combined Authority to support economic growth and development across the region. Under the devolution deal certain functions were transferred from the constituent authorities to the WECA from 1st April 2017. These included concessionary fares, community transport, key route network development and bus service information. WECA has commissioned South Gloucestershire Council to provide concessionary fares on its behalf during 2017/18.

WECA levies the constituent authorities for the cost of the services for which it is now responsible. In 2016/17, the cost for the year would be shown in the CIES as a Net Cost of Service against the Place line. In 2017/18, it is shown under Other Operating Expenditure. The value of the levy in 2017/18 is £8.475m. There has been no change to the council's assets or liabilities arising from the transfer of functions to WECA.

39 Contingent Liabilities

The City Council has received five separate applications from NHS bodies and trusts for mandatory charitable business rate (NNDR) relief. The applications are for 80% mandatory charitable relief backdated to 2010. The Council has sought legal guidance and, as a result, has declined all applications. A number of NHS bodies have begun legal action against local authorities. The City Council is not involved in any of these cases.

Bristol North Swimming Baths: A former contractor (in administration) may bring claims (as yet unparticularised) in respect of this project following termination of a contract in December 2015. The Council does not accept any liability in this regard and will defend any legal claims arising.

The Council has provided operational guarantees on behalf of one of its wholly owned subsidiaries (see Note 38). The guarantees limit the Council's financial exposure to £4.5m. To date none of the conditions or events which would lead to a liability arising from either of these guarantees has occurred.

The Council has 59 tower blocks in total, of which 34 blocks are cladded and a further 3 blocks are currently in the process of being cladded. Following the Grenfell Tower tragedy the Council has, in addition to its own safety checks, began commissioning independent checks of our entire high rise cladding systems and materials to evidence that our blocks are safe. The materials used is different and of different design to that employed at Grenfell and there is no evidence to suggest that we will need to remove any cladding at this point in time. We have earmarked funds in our HRA Business Plan for general tower block maintenance and improvements and will continue to monitor its sufficiency as findings from our own independent checks are concluded.

In addition to the above an independent Public enquiry has been commissioned by the Government into the Grenfell tower tragedy and there is a risk that new regulations or measures emerge that will need to be implemented to ensure people living in high rise buildings are safe. These may not be fully funded from central government leaving a residual liability to the Council.

40 Trust Funds

| 2016/17 | | | | 2017/18 | | |
|---|------------|------------|--|------------|------------|------------|
| Income | Exp | Assets | Name | Income | Exp | Assets |
| £000 | £000 | £000 | | £000 | £000 | £000 |
| Trust funds for which the Council is custodian trustee | | | | | | |
| 219 | 244 | 132 | Bristol Museums Development Trust | 218 | 234 | 117 |
| Other funds managed by the Council | | | | | | |
| - | 39 | - | Funds invested on behalf of Bristol Adult Care | - | - | - |
| - | - | 26 | Funds invested on behalf of Bristol CYPS | - | - | 19 |
| 219 | 283 | 158 | | 218 | 234 | 136 |

Bristol Museums Development Trust raises funds to assist the Council with exhibitions and projects taking place at libraries, art galleries and museums. The Council provides financial, administrative and other support services to the Trust and manages the bank account on its behalf.

The Council administered funds on behalf of Bristol Care & Support (Adults). These were a mixture of bequests and sums held in trust for vulnerable adults. The balances on these Trust Funds were historic and a decision was taken not to roll the balance forward into 2017/18 and so it was declared as underspend in 2017/18.

The Council administers funds on behalf of Bristol Children & Families, Care & Support. The funds are held in trust for young people in care. Surplus funds are invested with the Council at 0.21% rate of interest.

The HRA reflects a statutory obligation to account separately for council housing provision. The HRA Income and Expenditure Statement shows the major elements of HRA expenditure and how they are met from rents, service charges and other income. The account does not reflect all of the transactions required by statute to be charged or credited to the HRA for the year. The movement on the HRA Statement gives details of the additional transactions, which are required by statute.

| | Note | 2017/18 Net £'000 | 2016/17 Net £'000 |

| Total Bungalows | 1,070 | 1,055 |
| Flats | | |
| 1 Bedroom | 6,493 | 6,500 |
| 2 Bedrooms | 7,633 | 7,673 |
| 3 Bedrooms | 425 | 430 |
| 4 or more Bedrooms | 17 | 19 |
| Total Flats | 14,568 | 14,622 |
| Total Dwellings held at 31 March 2018 | 27,038 | 27,198 |

2 Rent and Rent Arrears

The total value of dwelling rents in 2017/18, less rent attributable to empty properties (voids), is £112m (£113m in 2016/17). The amount of rent arrears, including recoverable housing benefit, water charges, defect charges, etc:

| As at 31 March | 2018 | 2017 |
|--------------------------------|---------------|---------------|
| | £'000 | £'000 |
| Former tenants | 2,697 | 2,774 |
| Current tenants | 8,071 | 8,025 |
| | 10,768 | 10,799 |
| Balance Sheet Provision | | |
| Former tenants | 2,505 | 2,591 |
| Current tenants | 6,174 | 5,871 |
| | 8,679 | 8,462 |

Vacant Possession

The vacant possession value of dwellings as at 1st April 2018 was £4.732bn. The value of dwellings in the balance sheet (excluding dwellings leased to Registered Social Landlords) was £1.656bn, a difference of £3.076bn. This difference reflects the economic cost of providing council housing at less than market rent. This cost is determined by applying the Government prescribed discount rate of 35% of the Market Value to the vacant possession value.

3 Sums Directed by the Secretary of State to be Debited or Credited to the HRA

In 2017/18 there were no sums approved by the Secretary of State to be debited to the HRA in relation to the transfer of rent rebates from the HRA to the General Fund.

| 4 Depreciation and impairment | 2017/18 | 2016/17 |
|--|---------------|------------------|
| | £'000 | £'000 |
| Depreciation | | |
| Operation - Dwellings | 24,928 | 24,718 |
| - Other, including leased | 598 | 699 |
| Total depreciation | 25,526 | 25,417 |
| Revaluation losses | 1,391 | - |
| Reversal of impairment losses | - | (126,600) |
| Total depreciation and impairment | 26,917 | (101,183) |

Impairment

There was a loss on revaluation of £1.391m charged to the surplus on provision of Services (2016/17: (£126m) reversal of an impairment loss)

5 HRA Share of Contributions to/from Pension Reserve

For 2017/18 the HRA has been attributed with a share of the interest cost, net of the expected return on pension assets, as calculated by the actuary to the pension fund £2.266k (2016/17 £2,293k). This share has been calculated using the proportion of HRA pensionable pay to the total of that for the council. The net cost of services shown in the HRA statement also includes the current service cost as required by IAS19 of (£8,743k) (2016/17 (£6,575k)). This is excluded from the HRA Balance for the year and replaced with Employers Contributions payable £4,148k (2016/17 (£5,040k)) with the net movement on the Pension reserves of £4,596k (2016/17 £1,535k). Further information regarding the accounting for pensions is included in the notes to the consolidated revenue account and balance sheet, see note 33.

6 Capital Expenditure and financing

Total expenditure during the year and its financing was as follows:

| Expenditure | 2017/18 | 2016/17 |
|----------------------------------|---------------|---------------|
| | £'000 | £'000 |
| Dwellings | 31,409 | 48,768 |
| Other Assets | 969 | - |
| | 32,378 | 48,768 |
| Financing | 2017/18 | 2016/17 |
| | £'000 | £'000 |
| Usable capital receipts | 2,129 | 15,115 |
| Revenue contributions to capital | 5,948 | 77 |
| Major Repairs Reserve | 24,301 | 33,576 |
| | 32,378 | 48,768 |

7 Capital Receipts

Capital receipts received during the year from disposals of land, houses and other property within the HRA was £16.7m (£19.6m in 2016/17). The receipts are summarised as follows:

| | 2017/18 £'000 | 2016/17 £'000 |
|--|------------------|------------------|
| Receipts unapplied brought forward - 1 April | 41,969 | 39,798 |
| Right to Buy sales | 16,108 | 14,627 |
| Mortgage repayments | 10 | 14 |
| Disposal of Land and Buildings | 590 | 5,027 |
| | 58,677 | 59,466 |
| Allowable reductions | | |
| Repaid to MHCLG | (6,055) | (2,381) |
| Capital receipts applied | (2,129) | |
| Capital receipts applied to GF | (1,500) | (15,116) |
| Capital receipts unapplied carried forward - 31 March | 48,993 | 41,969 |

8 Major Repairs Reserve

| | 2017/18 £'000 | 2016/17 £'000 |
|--|------------------|------------------|
| Balance brought forward - 1 April | - | (1,822) |
| Capital expenditure (dwellings) | 24,301 | 33,576 |
| Major Repairs Allowance set aside in year | (25,526) | (24,718) |
| Excess depreciation credited to Statement of Movement on HRA Balance | - | (7,036) |
| Balance carried forward - 31 March | (1,225) | - |

Depreciation has been calculated in accordance with our accounting policies for all HRA assets. We have used the Keystone component accounting information for Dwelling as a proxy for component accounting and Corporate Asset Management system for Non-Dwelling.

The MRA was £25.5m for 2016/17 (2016/17 - £31.7m). £24.3m was used to finance appropriate Housing Revenue Account capital expenditure.

9 Balance Sheet Value of Land and Houses, etc

| | 2017/18 £'000 | 2016/17 £'000 |
|--------------|------------------|------------------|
| Dwellings | 1,656,465 | 1,477,193 |
| Land | 16,179 | 17,942 |
| Other assets | 21,694 | 24,487 |
| | 1,694,338 | 1,519,622 |

10 Asset Split

| | 2017/18 | 2016/17 |
|--|------------------|------------------|
| | £'000 | £'000 |
| Operational - dwellings | 1,656,465 | 1,477,193 |
| Operational - other land and buildings | 30,496 | 37,411 |
| Non-operational | 7,377 | 5,018 |
| Intangible | 969 | - |
| Other | 6 | 16 |
| | 1,695,313 | 1,519,638 |

11 Reserves

The details of reserves and provisions held within the HRA (excluding those already shown in Note 20 above) are summarised as follows:

| | 2017/18 | 2016/17 |
|---------------------------------|---------------|---------------|
| | £'000 | £'000 |
| Reserves | | |
| HRA balance | 71,269 | 54,237 |
| Other reserves | | |
| Furniture Packs | 1,091 | 1,103 |
| CCTV | 255 | 392 |
| Energy efficiency | 3,198 | 2,988 |
| Improving Tenants Experience | 1,184 | 2,691 |
| Other | 1,616 | 1,616 |
| Sub-total other reserves | 7,344 | 8,790 |
| Total reserves | 78,613 | 63,027 |

Notes to the Collection Fund Income and Expenditure Account

1 General

The Collection Fund is an agent's statement that reflects the statutory obligation for billing authorities to maintain a separate Collection Fund. The statement shows the transactions of the billing authority in relation to the collection from taxpayers and distribution to local authorities and the Government of council tax and non-domestic rates. Only the elements attributable to the City Council are recognised with the Council's other accounts.

2 Council Tax

Council tax income derives from charges raised according to the value of residential properties, which have been classified into 8 valuation bands based upon 1 April 1991 values for this specific purpose. Individual charges are calculated by estimating the amount of income required to be taken from the Collection Fund by the City Council, the Avon and Somerset Police and Crime Commissioner and the Avon Fire Authority for the forthcoming year and dividing this by the council tax base of 124,083 for 2017/18 (120,946 for 2016/17). This represents the total number of properties in each band adjusted by a proportion to convert the number to a Band D equivalent and adjusted for discounts and the estimated collection rate. This basic amount of Council Tax for a Band D property of £1,799.75 for 2017/18 (£1,721.25 for 2016/17) is multiplied by the proportion specified for the particular band to give an individual amount due.

Calculation of the Council Tax Base used in setting the 2017/18 Council Tax:

| | BANDS | | | | | | | | | Total | |
|---|-------------------------------|---------|---------|---------|---------|---------|-------|-------|-------|----------------|--------|
| | A Entitled to Disabled Relief | A | B | C | D | E | F | G | H | | |
| No of Properties | - | 50,718 | 72,502 | 38,487 | 17,843 | 9,512 | 4,730 | 2,839 | 335 | 196,966 | |
| Exemptions and disabled relief | 29 | - 1,870 | - 1,368 | - 1,364 | - 1,135 | -1,002 | - 148 | - 40 | - 41 | 6,939 | |
| Less Discounts | - | 2 | - 5,582 | - 5,400 | - 2,530 | - 1,006 | - 455 | - 182 | - 107 | - 18 | 15,282 |
| Total Equivalent Dwellings | 27 | 43,266 | 65,734 | 34,593 | 15,702 | 8,055 | 4,400 | 2,692 | 276 | 174,745 | |

3. Collection Fund balance sheet items have been apportioned as shown in the table below.

| Council Tax | Total | Bristol City Council | Police Debtor | Fire Debtor |
|---------------------------------|--------------|-----------------------------|----------------------|--------------------|
| | £'000 | £'000 | £'000 | £'000 |
| Debtors | 13,679 | 12,009 | 1,221 | 449 |
| Bad Debt Allowance | (6,584) | (5,661) | (675) | (248) |
| Prepayments & Overpayments | (2,917) | (2,506) | (300) | (111) |
| Surplus / (Deficit) at 31 March | 1,772 | 1,524 | 182 | 66 |

| Business Rates | Total | Bristol City Council | West of England Combined Authority | Fire Creditor | Central Government |
|---------------------------------|--------------|-----------------------------|---|----------------------|---------------------------|
| | £'000 | £'000 | £'000 | £'000 | £'000 |
| Debtors | 5,785 | 5,438 | 289 | 58 | |
| Bad Debt Allowance | (2,486) | (2,336) | (124) | (26) | |
| Prepayments & Overpayments | (2,993) | (2,814) | (150) | (29) | |
| Appeals Provision | (25,229) | (23,716) | (1,261) | (252) | |
| Surplus / (Deficit) at 31 March | (13,725) | (6,826) | (11) | (138) | (6,750) |

4. National Non-Domestic Rates (NNDR)

The Council collects NNDR for its area based on rateable values as determined by the Valuation Office Agency and reviewed on a 5 yearly basis. The last revaluation date was on 1 April 2017. The next revaluation is expected to be 1 April 2020, with valuations being effective from 1 April 2022.

Each year the Government specifies an amount known as the non-domestic rating multiplier and (subject to the effects of transitional arrangements) local businesses pay rates calculated by multiplying their rateable value by that multiplier. A second multiplier known as the small business non-domestic rating multiplier was introduced from 1 April 2005 and this multiplier is applicable to those businesses that qualify for small business relief.

In 2017/18 the non-domestic rating multiplier was 47.9p (49.7p in 2016/17) and the small business non-domestic rating multiplier was 46.6p (48.4p in 2016/17).

As part of the governments West of England devolution deal Bristol, Bath and North West Somerset and South Gloucestershire Councils agreed to the establishment of the West of England Combined Authority (WECA) to support economic growth and development across the region. This also enabled the three Council's to take part in a 100% business rates retention pilot. As a result Bristol City Council is now responsible not only for collection of rates due from the ratepayers in its area but also for redistribution of the sums paid according to the following percentages: Bristol City Council: 94%, West of England Combined Authority 5% and Avon Fire Authority: 1%.

The NNDR income after reliefs and provisions was £213.069m for 2017/18 (£213.259m for 2016/17). The total rateable value at 31 March 2018 was £558.772m (£537.296m at 31 March 2017).

5. City Region Deal Growth Disregard

From 2015/16, the Council is allowed to retain 100% of the growth in Business Rates in its Enterprise area and Enterprise Zone. The growth is transferred to the Council's General Fund before being pooled with other participating authorities.

City Region Deal

Background

Under the City Region Deal, Bristol City, Bath & North East Somerset, North Somerset and South Gloucestershire Councils ("the Authorities") are part of a Business Rates Retention Scheme, introduced by the Government in April 2013, allowing Authorities to retain a proportion of the business rates collected locally. The Authorities are allowed to retain 100% of the growth in business rates raised in the City Regions network of Enterprise Areas over a 25 year period ending on 31/3/2039 to create an Economic Development Fund for the West of England and to manage local demographic and service pressures arising from economic growth.

A 'baseline' level of rates for each Authority has been agreed with the government for the areas designated within the Non-Domestic Rating (Designated Areas) Regulations 2015. Rates collected up to this figure (the baseline) are subject to the national rates retention system. Rates collected in excess of this figure (the 'growth figure') are retained by the Authorities under the Non-Domestic Rates Designated Area Regulations 2013 and 2014 in a pooling arrangement. The governance of the distribution of retained pooled funds will occur through a Business Rates Pooling Board constituted under the Business Rates Pooling Principles Agreement (BRPPA) signed by the four Authorities.

Transactions

Each participating authority pays an annual growth figure to South Gloucestershire Council, as the Accountable Body for the BRP, representing business rates collected in the Enterprise Areas in excess of an agreed baseline figure. Retained funds will be distributed or invested annually in accordance with the 2014 Regulations and the BRPPA as:

- Tier 1: to ensure that no individual Authority is any worse off than it would have been under the national local government finance system,
- Tier 2: to an Economic Development Fund (EDF) for reinvestment within the designated areas through approved programmes,
- Tier 3: for the relief of demographic and service pressures associated with growth.

Cash receivable and disbursements payable by the BRP and the Council's share of these are reflected under "Cash Transactions" in the table below. Expenditure and revenue recognised in the Council's CIES is also disclosed.

| | CASH TRANSACTIONS | | REVENUE AND EXPENDITURE | |
|--|------------------------------------|---------------------------------------|----------------------------|--------------------|
| | Business Rates Pool Total | of which the Council's share | Council Expenditure | Council Revenue |
| | £'000 | £'000 | £'000 | £'000 |
| Funds held by BRP at 1 April | (13,623) | (4,173) | - | - |
| Receipts into the Pool in-year | | | | |
| - Growth sums payable by councils to BRP in-year | (16,084) | (4,444) | 4,444 | - |
| Distributions out of the Pool in-year | | | | |
| -Tier 1 no worse off | 5,949 | 2,131 | | (2,131) |
| -BRP management fee | 37 | 9 | | - |
| -EDF management fee | 64 | 16 | | - |
| -Tier 2 EDF Funding | 1,705 | 386 | | (1,437) |
| -Tier 3 demographic and service pressures | 1,624 | 393 | - | (516) |
| Funds held by BRP at 31 March | (20,328) | 5,682 | | |
| Analysed between: | | | | |
| Uncommitted cash (Tier 2 inc contingency) | (16,731) | (4,660) | (1,559) | n/a |
| Committed cash (Tier 3) | (3,597) | (1,022) | n/a | n/a |
| | (20,328) | (5,682) | | |
| Expenditure / (Revenue) recognised | | | 2,885 | (4,084) |

As stated under the accounting policies, growth paid over to the BRP is recognised as expenditure by each council to the extent that the use of the funds by the BRP has been committed. Uncommitted cash is recognised by each council as a debtor.

The uncommitted cash of £4.660m contributed by the council and held by the BRP is recognised by the council as a debtor and is held in a new earmarked reserve to smooth the impact of City Region Deal transactions, and match the release of revenue support and charges for projects. The BRP has made one payment of £1.437m to Bristol City Council on behalf of the EDF in 2017/18 (2016/17 £1m.)

The Council itself has recognised revenue income of £4.084m (2016/17 £5.063m) from the BRP and expenditure of £2.885m (2016/17 £3.774m) to the BRP for the year.

Group Accounts

Introduction

The Code of Practice on Local Authority Accounting in the United Kingdom 2017/18 (The Code) requires local authorities with interests in subsidiaries, associates and/or joint ventures to prepare group accounts in addition to their own single entity financial statements, unless their interest is not considered material. The aim of the Group Accounts is to provide the reader with an overall view of the material economic activities of the Council.

The Council has interests in a number of companies that are classified as a subsidiary or joint venture, all of which have been considered for consolidation. Three of these, Bristol Holding Limited, Bristol Waste Company Limited and Bristol Energy Limited (formally Bristol Energy and Technology Services (Supply) Limited) are considered to be material to the financial statements. Details of the companies considered for consolidation are shown below.

The Group Accounts contain the core statements similar in presentation to the Council's single entity accounts but consolidating the figures of the Council with, Bristol Holding Limited, Bristol Waste Company Limited and Bristol Energy Limited. Copies of the individual audited accounts are available from Companies House.

The purpose of each of the core statements is explained in the relevant sections of the single entity accounts. No amendments have been necessary to the accounts of the group entities as a result of material differences arising from the variation in accounting policies.

The following pages include:

- Group Comprehensive Income and Expenditure Statement
- Group Balance Sheet
- Group Movement in Reserves Statement
- Group Cash Flow Statement
- Associated Notes to the Accounts

Group Financial Statements

The Group Comprehensive Income and Expenditure Account as at 31 March 2018

This statement shows the accounting cost in the year of providing the Group's services in accordance with generally accepted accounting practices.

| 32,876 | | 40,239 |
| 40,239 | Cash and Cash Equivalents at the end of the reporting period | 29,990 |

Accounting Policies

Generally, the accounting policies for the group accounts are the same as those applied to the single entity financial statements, except for the following policies which are specific to the group accounts:

Basis of Identification of the Group Boundary

Group accounts are prepared by aggregating the transactions and balances of the Council and all its material subsidiaries, associates and joint arrangements. In its preparation of these Group Accounts, the Council has considered its relationship with entities that fall into the following categories:

- Subsidiaries – where the Council exercises control and gains benefits or has exposures to risks arising from this control. These entities are included in the group.
- Joint Arrangements (Joint Operations and Joint Ventures) – where the Council exercises joint control with one or more organisations. Where these are material they are included in the group.
- Associates – where the Council is an investor and has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee (stopping short of control or joint control.) It is presumed that holding 20% of the voting power of an investee (either directly or indirectly) brings significant influence but this presumption can be rebutted.
- No group relationship – where the body is not an entity in its own right or the Council has an insufficient interest in the entity to justify inclusion in the group financial statements. These entities are not included in the group.

In accordance with this requirement, the Council has determined its Group relationships as follows:

| | | |
|--|---------------|--------------------------------|
| Bristol Holding Ltd | Subsidiary | Consolidated |
| Bristol Waste Company Ltd | Subsidiary | Consolidated |
| Bristol Energy Ltd (formally Bristol Energy and Technology Services (Supply) Ltd | Subsidiary | Consolidated |
| Bristol Energy and Technology Services (supply) Ltd | Subsidiary | Not Material – Dormant company |
| Local Education Partnership | Joint Venture | Not Material |
| Bristol is Open Ltd | Joint Venture | Not Material |

The grounds for exclusion from consolidation of certain entities are not material to the true and fair view of the financial statements or to the understanding of the users.

Basis of Consolidation – Group Accounts

The Group Accounts have been prepared using the group accounts requirements of the Code. Companies or other reporting entities that are under the ultimate control of the Council have been included in the Council's group accounts to the extent that they are material to users of the financial statements in relation to their ability to see the complete economic activities of the Council and its exposure to risk through interests in other entities and participation in their activities.

Subsidiaries have been consolidated on a line by line basis, subject to the elimination of intra-group transactions from the statements, in accordance with the Code. Accounting policies have been aligned where applicable.

Bristol Holding Limited

Bristol Holding is a wholly owned subsidiary of the City Council, incorporated on 12 March 2015. The principal activity of the company is that of a holding company and the activities of the group are the provision of waste services and a gas and electric supply business in the UK with particular focus on residential customers.

On the 13 July 2015 the company acquired Bristol Energy and Technology Services (Supply) Limited for £100,000 and on 31 March 2016, the company acquired Bristol Waste Limited from Bristol City Council.

As at the 31 March 2018 the Council has invested £22.911m in Bristol Holding Limited. This was made up of £5.668m ordinary shares and £17.243 cumulative redeemable preference shares.

Bristol Waste Company Limited

Bristol Waste Company Limited is a wholly owned subsidiary of Bristol Holding Limited. The company was incorporated on 5 March 2015. From the 8 August 2015 the company has been providing waste collection, street cleaning and other maintenance services in Bristol.

Bristol Energy Limited (formally Bristol Energy and Technology Services (Supply) Limited)

Bristol Energy is a wholly owned subsidiary of Bristol Holding Limited incorporated on 17 July 2014. The company commenced trading on 23 November 2015 and launched its product offering to customers in February 2016. On 14 February 2018 a resolution was passed to authorise the Company to change its name to Bristol Energy Limited.

Bristol Energy and Technology Services (Supply) Limited (formally Bristol Energy Limited)

Bristol Energy and Technology Services (Supply) Limited is a wholly owned subsidiary of Bristol Holding Limited incorporated on 14 March 2016. The company is currently dormant. On 14 February 2018 a resolution was passed to authorise the Company to change its name to Bristol Energy and Technology Services (supply) Limited.

None of the other entities in which the City Council has an interest are considered material enough to merit consolidation into the Council's Group Accounts. Details of these can be found within the Related Parties note in the Council's single entity accounts (Note 37)

Group financial position

The closing net deficit balance of the group is £19.156m which takes into account previous years losses carried forward. This is in-line with the expectations set out in the company's business plan.

Notes to the Group Accounts

Where there are no material changes to the statements the notes are as per the Council's single entity accounts. Where consolidation has resulted in material changes additional notes are set out below.

G1 Net Cost of Services

The Net cost of Services in the consolidated CIES includes gross income of £50.7m and gross expenditure of £60.9m associated with Bristol Energy trading outside of the group boundary. Similarly the net cost of services includes gross income of £11.9m and gross expenditure of £11m associated with Bristol Waste trading outside of the group boundary.

G2 Financing and Investment Income and Expenditure

| | 2017/18 | 2016/17 |
|---|---------------|---------------|
| | £'000 | £'000 |
| Interest payable and similar charges | 36,608 | 35,258 |
| Pensions net interest cost | 21,374 | 23,551 |
| Interest receivable and similar income | (9,859) | (8,761) |
| Income and expenditure in relation to Investment Properties | (10,991) | (10,796) |
| Changes in fair value of Investment Properties | (8,618) | (18,381) |
| Total | 28,514 | 20,871 |

G3 Current Debtors

| | 31 March 2018 | 31 March 2017 |
|--------------------------------|----------------|----------------|
| | £'000 | £'000 |
| Current debtors | | |
| Central government bodies | 35,415 | 25,210 |
| Other local authorities | 12,186 | 14,653 |
| NHS bodies | 4,139 | 5,603 |
| Other entities and individuals | 74,410 | 70,658 |
| Total | 126,150 | 116,124 |

| | 31 March 2018 | 31 March 2017 |
|---|----------------|----------------|
| | £'000 | £'000 |
| Current liabilities | | |
| Service Concession contract liabilities (see Note 27) | - | - |
| Central government bodies | 45,239 | 51,637 |
| Other local authorities | 6,982 | 10,928 |
| NHS bodies | 1,192 | 2,748 |
| Other entities and individuals | 89,941 | 89,984 |
| Total | 143,354 | 155,297 |

G5 Unusable Reserves

| | 31 March 2018 | 31 March 2017 |
|--|--------------------|--------------------|
| | £'000 | Restated £'000 |
| Revaluation Reserve | (800,696) | (589,316) |
| Capital Adjustment Account | (1,480,127) | (1,504,981) |
| Available for Sale Financial Instruments | 850 | 101 |
| Financial Instruments Adjustment Account | 7,432 | 7,609 |
| Pensions Reserve | 859,706 | 921,012 |
| Collection Fund Adjustment Account | 5,705 | (3,545) |
| Accumulated Absences Account | 4,522 | 6,901 |
| | (1,402,608) | (1,162,219) |

G6 Cash Flow Statement

The cash flows for operating activities include the following significant items:

| | 2017/18 | 2016/17 |
|--------------------|----------|----------|
| | £'000 | £'000 |
| Interest received | 7,318 | 6,117 |
| Interest paid | (44,146) | (35,342) |
| Dividends received | 2,589 | 2,662 |

The deficit on the provision of services has been adjusted for the following non-cash movements:

| | 2017/18 | 2016/17 |
|---|----------------|-----------------|
| | £'000 | £'000 |
| Depreciation, impairment and downward revaluations | 72,388 | (54,219) |
| Amortisation | 5,705 | 1,090 |
| Increase/(decrease) in impairment for bad debt | 1,400 | - |
| (Decrease)/increase in creditors | (1,442) | 8,865 |
| (Increase)/decrease in debtors | (13,251) | (9,433) |
| (Increase)/decrease in inventories | (523) | (557) |
| Movement in pension liability | (1,866) | 21,993 |
| Contributions to/(from) provisions | 14,396 | 603 |
| Carrying amount of non-current assets held for sale, sold or derecognised | 44,205 | 23,927 |
| Other non-cash items charged to the net surplus or deficit | (18,419) | (18,529) |
| On the provision of services | - | - |
| Net cash flows from non-cash movements | 102,593 | (26,260) |

Appendix A

Adjust for items included in the net surplus or deficit on the provision of services that are investing or financing activities:

| | 2017/18 £'000 | 2016/17 £'000 |
|---|------------------|------------------|
| Capital grants credited to surplus or deficit on the provision of services | (44,705) | (57,275) |
| Net adjustment from the sale of short and long term investments | - | - |
| Premiums or discounts on the repayment of financial liabilities | - | - |
| Proceeds from the sale of Property Plant and Equipment, Investment Property and Intangible Assets | (30,479) | (29,322) |
| | (75,184) | (86,597) |

G7 Cash Flow Statement - Investing Activities

| | 2017/18 £'000 | 2016/17 £'000 |
|--|------------------|------------------|
| Purchase of Property, Plant and Equipment, Investment Property and Intangible Assets | (112,028) | (162,527) |
| Purchase of short-term and long-term investments | (48,903) | (43,295) |
| Other (payments)/receipts for investing activities | 2,536 | (250) |
| Proceeds from the sale of Property, Plant and Equipment, Investment Property and Intangible Assets | 28,326 | 29,119 |
| Proceeds from short-term and long-term investments | 56,903 | 114,488 |
| Capital Grants Received | 60,736 | 35,134 |
| Other receipts from investing activities | 4,523 | 8,358 |
| Net cash flows from investing activities | (7,907) | (18,973) |

G8 Cash flow Statement - Financing Activities

| | 2017/18 £'000 | 2016/17 £'000 |
|--|------------------|------------------|
| Cash receipts of short- and long-term borrowing | - | 19,200 |
| Cash payments for the reduction of outstanding liabilities relating to Finance leases and on-Balance Sheet PFI contracts | (6,367) | (5,615) |
| Repayments of short and long-term borrowing | (3,000) | (2,235) |
| Council Tax and NNDR adjustments | (18,863) | 9,373 |
| Other payments/(receipts) in respect of financing activities | 10,060 | 12,876 |
| Net cash flows from financing activities | (18,170) | 33,599 |

G9 Financial Instruments & Borrowing

The borrowings and investments disclosed in the Balance Sheet are made up of the following categories of financial instruments:

| | Long-Term | | Current | |
|--|------------------|------------------|------------------|------------------------------|
| | 31 March 2018 | 31 March 2017 | 31 March 2018 | 31 March 2017 Restated |
| | £'000 | £'000 | £'000 | £'000 |
| Financial Liabilities | | | | |
| Financial Liabilities at amortised Cost | 579,187 | 584,333 | 100,990 | 120,110 |
| Total Financial Liabilities | 579,187 | 584,333 | 100,990 | 120,110 |
| Financial Assets | | | | |
| Available-for-sale financial assets | 9,249 | 5,000 | - | - |
| Unquoted equity investment at cost | 3,252 | 2,852 | - | - |
| Loans & Receivables at Amortised Cost | 4,272 | 10,272 | 135,026 | 156,103 |
| Total Financial Assets | 16,773 | 18,124 | 135,026 | 156,103 |

Movements

The decrease in financial assets, circa £22m, primarily related to the prudential borrowing element of the capital programme for which no external borrowing was undertaken. This was in accordance with the 2017/18 Treasury Strategy to reduce the net financing costs and counter party risk of the Group, while maintaining liquidity to meet the obligations of the Group.

Unquoted Equity Instruments Measured at Cost (where fair value cannot be reliably measured) **Appendix A**

The majority of this investment relates to the Group's shareholding in Bristol Port Company Ltd. The shares are carried at cost of £2.5m and have not been valued as a fair value because cannot be measured reliably as there are no established companies with similar aims in the Group's area whose shares are traded which might provide comparable market data.

Borrowing

| | 31 March 2018 | 31 March 2017 |
|---|--------------------------|--------------------------|
| | £'000 | £'000 |
| Short-term borrowing | | |
| Deposit loans (repayable at notice - up to 7 days) | 101 | 101 |
| Other short term borrowing (repayable within 1 year): | | |
| - Public Works Loan Board | 3,737 | 3,408 |
| - Banks and other monetary sector | 1,138 | 4,239 |
| - Local bonds and property rent disposals | 11 | 11 |
| - Stocks | 10 | 10 |
| Total | 4,997 | 7,769 |

| | 31 March 2018 | 31 March 2017 |
|-------------------------------------|--------------------------|--------------------------|
| | £'000 | £'000 |
| Long-term borrowing | | |
| Public Works Loan Board | 310,439 | 310,439 |
| Market debt (of which £100m LOBO's) | 120,000 | 120,000 |
| Stocks | 50 | 50 |
| Total | 430,489 | 430,489 |

The Group as planned repaid a market loan (£3m) and did not undertake any new borrowing during year as set out in the Treasury Management Strategy to reduce the net financing costs and counter party risk of the Group.

Allowance for Credit Losses

The Group has not incurred any losses during the period.

The gains and losses recognised in the Comprehensive Income and Expenditure Statement for financial instruments are as follows:

Financial Instruments Gains and Losses 2017/18

| | Financial Liabilities | | Financial Assets | |
|---|----------------------------|-----------------------|---------------------------|-----------------|
| | Measured at amortised cost | Loans and receivables | Available-for-sale assets | Total |
| | £'000 | £'000 | £'000 | £'000 |
| Interest expense & Impairment Losses | (35,364) | - | - | (35,364) |
| Total expense in Surplus or Deficit on the Provision of Services | (35,364) | - | - | (35,364) |
| Interest Income | - | 7,265 | - | 7,265 |
| Dividend Income | - | - | 2,589 | 2,589 |

Fair Value of Financial Assets and Property Assets

Some of the Group's financial assets are measured in the Balance Sheet at fair value on a recurring basis and are described in the following table, including the valuation techniques used to measure them.

| Descriptions | Fair value measurements at 31 March 2018 using: | | | Fair value measurements at 31 March 2017 using: | | |
|--|---|-------------------|---------------------|---|-------------------|---------------------|
| | Quoted prices in active markets | Observable inputs | Unobservable inputs | Quoted prices in active markets | Observable inputs | Unobservable inputs |
| | Level 1 £000 | Level 2 £000 | Level 3 £000 | Level 1 £000 | Level 2 £000 | Level 3 £000 |
| Recurring fair value measurements | | | | | | |
| Non-traded securities: | | | | | | |
| Unquoted private companies | - | - | 500 | - | - | 100 |
| Pooled property fund | - | - | 9,150 | - | - | 4,900 |
| Total Non-traded securities: | - | - | 9,650 | - | - | 5,000 |
| Investment properties | - | 255,415 | - | - | 253,976 | - |
| Surplus properties | - | 41,782 | - | - | 47,320 | - |

| Non-recurring fair value measurements | | | | | | |
| Assets held for sale | - | 1,539 | - | - | - | - |
| Total non-recurring fair value measurements | - | 1,539 | - | - | - | - |

| Description of asset | Valuation hierarchy | Basis of Valuation | Observable and Unobservable inputs | Key sensitivities affecting the valuations provided |
|-----------------------------------|---------------------|---|--|--|
| Surplus assets | Level 2 | All surplus assets have been valued by RICS qualified valuers to Fair Value less costs to sell, reflecting highest and best use. | Evidence of title, floor area, siting and site conditions, type/age and current use of the property have been taken into account together with general market conditions and advertised value of similar properties currently up for sale. | Not all assets are physically inspected every year. Latent defects, repair and maintenance backlogs, general changes in the market and other impairments could have a significant impact on the values provided. |
| Investment Properties | Level 2 | All investment properties have been valued by the Group's in-house valuers (all RICS qualified) on an investment income basis which we are satisfied represents highest and best use overall. | All valued on an investment income basis, using existing lease terms and current yields | Changes to market conditions, lease terms, covenant strength and occupancy levels could all affect the asset valuations provided. |
| Investments in unquoted companies | Level 3 | These investments have been valued at the Group's share of each company's net assets. | Calculations for unquoted companies have been based on their unaudited accounts. | Valuations could be affected by the different accounting or valuation methods. |

Appendix A

| Description of asset | Valuation hierarchy | Basis of Valuation | Observable and Unobservable inputs | Key sensitivities affecting the valuations provided |
|-------------------------------------|---------------------|---|---|--|
| Investments in Pooled Property Fund | Level 3 | These investments have been valued at the Group's share within the pooled fund. | The valuation for Pooled Property Funds have been based on the latest quarterly financial report (31st March 2018). | Changes to housing market conditions could affect the valuation of the pooled property fund. |

Transfers between levels of the fair value hierarchy

There were no transfers between levels 1 and 2 during the year.

Changes in valuation technique

There has been no change in valuation techniques used during the year.

| Description | 31 March | 31 March |
|---|-----------------------|-----------------------|
| | 2018 | 2017 |
| | Non-traded securities | Non-traded securities |
| | £000 | £000 |
| Opening balance | 5,000 | 802 |
| Losses included in Other Comprehensive Income and Expenditure | (750) | (302) |
| Additions | 5,400 | 4,500 |
| Closing balance | 9,650 | 5,000 |

The losses identified above primarily relate to the expected downward revaluation of the Homelessness Property Fund due to the upfront costs incurred when entering into such a fund.

The Fair Values of Financial Assets and Financial Liabilities that are not Measured at Fair Value

Except for the financial assets carried at fair value (described in the table above), all other financial liabilities and financial assets represented by loans and receivables and long term debtors and creditors are carried on the balance sheet at amortised cost. Their fair value can be assessed by calculating the present value of the cash flows that take place over the remaining life of the instruments, using the following assumptions:

- The fair values for financial liabilities for PWLB debt has been determined by reference to the Public Works Loans Board (PWLB) redemption rules and prevailing PWLB current¹ rates as at each Balance Sheet date, and include accrued interest, representing the transfer cost of these debt instruments. The fair values for non-PWLB debt have also been calculated using the same procedures as limited market activity exists to provide suitable estimates.
- For loans and receivables prevailing benchmark market rates have been used to provide the fair value;
- No early repayment or impairment is recognised;
- Where an instrument has a maturity of less than 12 months or is a trade or other receivable the fair value is taken to be the carrying amount or the billed amount;

| Financial Liabilities | 31 March 2018 | | 31 March 2017 | |
|--------------------------|-----------------|----------------|-----------------|------------------|
| | Carrying amount | Fair value | Carrying amount | Fair value |
| | £000 | £000 | £000 | £000 |
| Total Liabilities | 680,177 | 981,155 | 704,443 | 1,003,603 |

1) If the PWLB "repayment" rates were applied as at balance sheet date, the fair value of liabilities would increase by £156m to £1.137bn

The fair value of the liabilities is higher than the carrying amount because the Group's portfolio of loans includes a number of fixed rate loans where the interest rate payable is higher than the prevailing rates at the Balance Sheet date. This shows a notional future loss (based on economic conditions at 31 March 2018) arising from a commitment to pay interest to lenders above current market rates.

| Financial Assets | 31 March 2018 | | 31 March 2017 | |
|---|-----------------|----------------|-----------------|----------------|
| | Carrying amount | Fair value | Carrying amount | Fair value |
| | Restate | Restated | Restate | Restated |
| | £000 | £000 | £000 | £000 |
| Loans & Receivables | | | | |
| Short term investments | 25,132 | 25,132 | 33,180 | 33,180 |
| Cash and Cash Equivalents | 29,990 | 29,990 | 40,239 | 40,239 |
| Long term investments | 12,501 | 12,501 | 7,852 | 7,852 |
| Debtors qualifying as loans and receivables | 79,904 | 79,904 | 82,684 | 82,684 |
| Total loans and receivables | 147,527 | 147,527 | 163,955 | 163,955 |
| Long term debtors | 4,272 | 5,190 | 10,272 | 11,812 |
| Total Financial Assets | 151,799 | 152,717 | 174,227 | 175,767 |

The fair value of the assets is marginally higher than the carrying amount because the Group's portfolio of loans includes a number of fixed rate loans where the interest rate payable is higher than the rates available for similar loans in the market at the balance sheet date. This shows a notional future gain (based on economic conditions at 31 March 2018) arising from a commitment to pay interest to lenders below current market rates.

The Group's activities expose it to a variety of financial risks:

- Credit risk – the possibility that other parties might fail to pay amounts due to the Group.
- Liquidity risk – the possibility that the Group might not have funds available to meet its commitments to make payments.
- Re-financing risk – the possibility that the Group might be requiring to renew a financial instrument on maturity at disadvantageous interest rates or terms.
- Market risk – the possibility that financial loss might arise for the Group as a result of changes in such measures as interest rates, money market movements and commodity price movements.

The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the resources available to fund services. Risk management is carried out by a central treasury team, under policies approved by the Group in the annual treasury management strategy, and compliance with the CIPFA Prudential Code of Practice, the CIPFA Treasury Management Code of Practice, and Investment Guidance that is issued under the Local Government Act 2003. The Group provides written principles for overall risk management, as well as written policies covering specific areas, such as interest rate risk, credit risk, and the investment of surplus cash. These are required to be reported and approved at or before the Group's annual Group Tax setting budget or before the start of the year to which they relate. These items are reported with the annual treasury management strategy that outlines the detailed approach to managing risk in relation to the Group's financial instrument exposure. Actual performance is also reported annually to Members.

The annual treasury management strategy which incorporates the prudential indicators was approved by Council on 21 February 2017 and is available on the Council website.

Credit risk

Credit risk arises from deposits with banks and financial institutions, as well as credit exposures to the Group's customers.

This risk is minimised through the Annual Investment Strategy, which requires that deposits are not made with financial institutions unless they meet identified minimum credit criteria, in accordance with Fitch, Standard and Poor's and Moody's Credit Ratings Services. The Annual Investment Strategy also imposes a maximum sum to be invested with a financial institution located within each category.

Details of the Investment Strategy can be found on the Council's website. The key areas of the Investment Strategy are that the minimum criteria for investment counterparties include:

- Credit ratings of Short Term of F1, Long Term A-, with the lowest available rating being applied to the criteria;
- UK institutions provided with support from the UK Government;

The Group's maximum exposure to credit risk in relation to its investments in banks and building societies will vary according to credit ratings assigned by the three main credit rating agencies and cannot be assessed generally as the risk of any institution failing to make interest payments or repay the principal sum will be specific to each individual institution.

The following analysis summarises the Group's potential maximum exposure to credit risk on financial assets, based on experience of default and un-collectability over the last five financial years, adjusted to reflect current market conditions.

Appendix A

| | Amount | Historical experience of default | Adjustment for market conditions | Estimated maximum exposure to default | Estimated maximum exposure to default |
|---|----------------|--|--|--|--|
| | £000 | % | % | £000 | £000 |
| | A | B | C | (A*C) | |
| | 31-Mar-18 | 31-Mar-18 | 31-Mar-18 | 31-Mar-18 | 31-Mar-17 |
| Long Term Investments: | | | | | |
| Non-traded securities | 12,501 | 0.00% | 0.00% | - | - |
| Sub-total | 12,501 | | | - | - |
| Short Term Investments: | | | | | |
| AA rated counterparties | 10,014 | 0.02% | 0.02% | 2 | 8 |
| A rated counterparties | 15,044 | 0.06% | 0.06% | 9 | 6 |
| BBB rated counterparties | 74 | 0.16% | 0.16% | - | 13 |
| Sub-total | 25,132 | | | 11 | 27 |
| Cash & cash equivalent: | | | | | |
| AAA rated counterparties | 15,197 | 0.04% | 0.04% | 6 | - |
| AA rated counterparties | 9 | 0.02% | 0.02% | - | 1 |
| A rated counterparties | 14,700 | 0.05% | 0.05% | 7 | 7 |
| BBB+ rated counterparties | 84 | 0.16% | 0.13% | - | - |
| Sub-total | 29,990 | - | - | 13 | 8 |
| Trade debtors (classed as loans and receivables) | 79,904 | | | - | - |
| Long-term debtors | 4,272 | | | - | - |
| Total Financial assets | 151,799 | | | 24 | 35 |

No credit limits were exceeded during the reporting period and the Group does not expect any losses from non-performance by any of its counterparties in relation to deposits.

The Group does not generally allow credit for its trade debtors, including amounts due from government departments and other Local Authorities.

Appendix A

| Debtor analysis | Gross debtor at 31-Mar-18 | Bad Debt provision at 31-Mar-18 | Net debtor at 31-Mar-18 | Net debtor at 31-Mar-17 Restated |
|---|------------------------------|--|-------------------------------|---|
| | £'000 | £'000 | £'000 | £'000 |
| Local tax payers | 17,413 | (7,998) | 9,415 | 6,633 |
| Housing rents | 10,768 | (8,679) | 2,089 | 2,337 |
| Other - sundry debtors | 95,688 | (34,142) | 61,546 | 61,940 |
| Total Other Entities and Individuals | 123,869 | (50,819) | 73,050 | 70,910 |
| Central Government bodies | 35,056 | - | 35,056 | 24,958 |
| Other local authorities | 13,905 | - | 13,905 | 14,653 |
| NHS bodies | 4,139 | - | 4,139 | 5,603 |
| Public corporations and trading funds | - | - | - | - |
| Total debtors | 176,969 | (50,819) | 126,150 | 116,124 |
| Balance sheet debtors | 176,969 | (50,819) | 126,150 | 116,124 |
| Adjust for statutory debtors | | | | |
| Ex Avon Debt | (1,775) | | (1,775) | (1,849) |
| Local taxpayers | (17,413) | 7,998 | (9,415) | (6,633) |
| Central Government bodies | (35,056) | - | (35,056) | (24,958) |
| Total statutory debtors (not qualifying as loans and receivables under IFRS) | (54,244) | 7,998 | (46,246) | (33,440) |
| Debtors qualifying as loans and receivables | 122,725 | (42,821) | 79,904 | 82,684 |

The following table analyses the Gross debt that is now past due over varying periods. This overdue debt is covered by a provision for bad debt.

| | 31 March 2018 | 31 March 2017 Restated |
|-------------------------|------------------|------------------------------|
| | £'000 | £'000 |
| Less than three months | 15,603 | 18,005 |
| Three to four months | 1,382 | 1,117 |
| Four months to one year | 8,218 | 8,927 |
| More than one year | 39,962 | 38,778 |
| Total | 65,165 | 66,827 |

The Group has a comprehensive cash flow management system that seeks to ensure that cash is available as needed. If unexpected movements happen, the Group has ready access to borrowings from the money markets to cover day-to-day cash flow need and the Public Works Loans Board and capital markets for access to longer term funds. The Council is also required to provide a balanced budget through the Local Government Finance Act 1992, which ensures sufficient monies are raised to cover annual expenditure. Therefore, there is no significant risk that it will be unable to raise finance to meet its commitments under financial instruments.

The maturity analysis of financial assets, excluding sums due from customers, is as follows:

| | 31 March 2018 | 31 March 2017 |
|-----------------------|--------------------------|--------------------------|
| | | Restated |
| | £'000 | £'000 |
| Less than 1 year | 135,026 | 156,103 |
| Between 1 and 2 years | 150 | 3,000 |
| Between 2 and 3 years | - | - |
| More than 3 years | 16,623 | 15,124 |
| Total | 151,799 | 174,227 |

The maturity analysis of financial liabilities is as follows:

| | 31 March 2018 | 31 March 2017 |
|-----------------------|--------------------------|--------------------------|
| | £'000 | £'000 |
| Less than 1 year | 106,739 | 125,988 |
| Between 1 and 2 years | 14,630 | 5,017 |
| Between 2 and 3 years | 16,771 | 14,630 |
| More than 3 years | 542,037 | 558,808 |
| Total | 680,177 | 704,443 |

Refinancing and Maturity risk

The Group maintains a significant debt and investment portfolio. Whilst the cash flow procedures above are considered against the refinancing risk procedures, longer-term risk to the Group relates to the exposure to replacing financial instruments as they mature. This risk relates to both the maturing of longer-term financial liabilities and longer-term financial assets.

The approved treasury indicator limits for the maturity structure of debt and the limits on investments placed for greater than one year in duration are the key parameters used to address this risk. The Group approved treasury and investment strategies address the main risks and the central treasury team address the operational risks within the approved parameters. This includes:

- Monitoring the maturity profile of financial liabilities and amending the profile through either new borrowing or the rescheduling of the existing debt; and
- Monitoring the maturity profile of investments to ensure sufficient liquidity is available for the Group's day-to-day cash flow needs, and monitoring the spread of longer-term investments provides stability of maturities and returns in relation to the longer-term cash flow needs.

Appendix A

| | Approved minimum limits | % | Approved maximum limits | % | Actual 31 March 2018 £'000 | % | Actual 31 March 2017 £'000 | % |
|---------------------------|-------------------------------|---|-------------------------------|---|-------------------------------------|-------------|-------------------------------------|-------------|
| Less than 1 year | - | | 30 | | 4,997 | 1% | 7,769 | 2% |
| Between 1 and 2 years | - | | 40 | | - | 0% | - | 0% |
| Between 2 and 5 years | - | | 40 | | 15,000 | 3% | 10,000 | 2% |
| Between 5 and 10 years | - | | 50 | | 49,000 | 11% | 37,000 | 8% |
| More Than 10 Years | 25 | | 100 | | 366,489 | 85% | 383,489 | 88% |
| Total | | | | | 435,486 | 100% | 438,258 | 100% |

Market risk

The Group is exposed to interest rate movements on its borrowings and investments. Movements in interest rates have a complex impact on the Group. For instance, a rise in variable and fixed interest rates would have the following effects:

- Borrowings at variable rates – the interest expense charged to the Comprehensive Income and Expenditure Statement will rise;
- Borrowings at fixed rates – the fair value of the borrowing will fall (no impact on revenue balances);
- Investments at variable rates – the interest income credited to the Comprehensive Income and Expenditure Statement will rise; and
- Investments at fixed rates – the fair value of the assets will fall (no impact on revenue balances).

Borrowings are not carried at fair value on the balance sheet, so nominal gains and losses on fixed rate borrowings would not impact on the Surplus or Deficit on the Provision of Services or Other Comprehensive Income and Expenditure. However, changes in interest payable and receivable on variable rate borrowings and investments will be posted to the Surplus or Deficit on the Provision of Services and affect the General Fund Balance. Movements in the fair value of fixed rate investments that have a quoted market price will be reflected in the Other Comprehensive Income and Expenditure Statement.

The Group has a number of strategies for managing interest rate risk. The Annual Treasury Management Strategy draws together the Group's expected treasury operations, including an expectation of interest rate movements. From this Strategy a treasury indicator is set which provides maximum limits for fixed and variable interest rate exposure. The central treasury team will monitor market and forecast interest rates within the year to adjust exposures appropriately. For instance during periods of falling interest rates, and where economic circumstances make it favourable, fixed rate investments may be taken for longer periods to secure better long term returns, similarly the drawing of longer term fixed rates borrowing would be postponed

At 31 March 2018, if interest rates had been 1% higher with all other variables held constant, the financial effect would be:

Appendix A

| | 31 March 2018 £'000 |
|--|---------------------------|
| Increase in interest receivable on variable rate investments | 857 |
| Impact on Surplus or Deficit on the Provision of Services | 857 |
| Share of overall impact debited to the HRA | 1,048 |
| Decrease in fair value of fixed rate borrowings liabilities (no impact on the Surplus or Deficit on the Provision of Services or Other Comprehensive Income and Expenditure) | 111,400 |

The approximate impact of a 1% fall in interest rates would be as above but with the movements being reversed.

The Group is also exposed to commodity risk with regards to price movements in the wholesale energy markets. The Group manages this risk through its wholly owned subsidiary, Bristol Energy Limited, by entering into forward energy procurement contracts.

Price risk

The Group does not generally invest in equity shares but does have long term investments in unquoted companies amounting to £3m primarily for the Bristol Port Company. Whilst this holding is generally illiquid, the Group is exposed to losses arising from movements in the prices of these shares.

As the shareholding has arisen in the acquisition of specific interests, the Group is not in a position to limit its exposure to price movements by diversifying its portfolio.

These shares are classified as Available for Sale.

Foreign exchange risk

During 2017/18 the Group received monies denominated in Euro's relating to the receipt of European grant. The Group also made payments in a variety of currencies for the supply of goods and services. Payments and receipts are converted to Sterling at the earliest opportunity.

ACCOUNTING PERIOD - This is the length of time covered by the accounts. This is normally a period of twelve months commencing on 1 April. The end of the accounting period is the Balance Sheet date.

ACCOUNTING POLICIES – The rules and practices adopted by the Council that determine how the transactions and events are reflected in the accounts.

ACCRUALS - The concept that income and expenditure are recognised as they are earned or incurred, not as money is received or paid.

ACTUARY - An independent consultant who advises on the financial position of the Pension Fund.

ACTUARIAL GAINS AND LOSSES - For a defined benefit pensions scheme, the changes in actuarial deficits or surpluses that arise because:
Events have not coincided with the actuarial assumptions made for the last valuation; or
The actuarial assumptions have changed

ACTUARIAL VALUATION - Every 3 years a review is carried out by the actuary on the Pension Fund's assets and liabilities reporting to the Council on the Fund's financial position and recommended employers' contribution rates.

AMORTISATION - The writing off of a loan balance or intangible asset over a period of time to revenue.

ANNUAL GOVERNANCE STATEMENT – The annual governance statement is a statutory document that explains the processes and procedures in place to enable the Council to carry out its functions effectively.

ASSET - An asset is something that the Council owns that has a monetary value. Assets are either current or long term.

- A current asset is one that will be used by the end of the next financial year (e.g. stock, debtors)
- A long term (fixed) asset provides the Council with benefits for a period of more than one year (e.g. property, plant and equipment).

BAD DEBT PROVISION - An amount set aside to cover money owed to the Council where it is considered doubtful payment will be received.

BALANCE SHEET - The Balance Sheet is a financial statement summarising the overall financial position of the Council at the end of the financial year.

BILLING AUTHORITY - The billing authority is responsible for levying and collecting the Council Tax in its area, both on its own behalf and that of its precepting authorities.

BUDGET - The budget represents a statement of the Council's planned expenditure and income.

CAPITAL ADJUSTMENT ACCOUNT - This is the money set aside in the Council's accounts for capital spending and to repay loans.

CAPITAL CHARGES - This is a charge made to the Council's service revenue accounts to reflect the cost of utilising property, plant & equipment in the provision of services.

CAPITAL EXPENDITURE - Expenditure on acquisition of a non-current asset or expenditure that adds to and not merely maintains the value of an existing asset.

CAPITAL FINANCING - This describes the various sources of money used to pay for capital expenditure. Capital expenditure can be funded from external sources, such as borrowing, capital grants and by contributions from the internal sources, such as capital receipts and reserves.

CAPITAL RECEIPT - A capital receipt is the income that results from the sale of land, buildings and other capital assets. A specified portion of this may be used to fund new capital expenditure. The balance must be set-aside and may only be used for paying off debt, not for funding new revenue services.

CARRYING AMOUNT/ CARRYING VALUE - These terms refer to the capitalised cost of a non current asset, less accumulated depreciation and impairment.

CASH AND CASH EQUIVALENTS - Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are short-term, highly liquid investments that are readily convertible to cash; e.g. bank call accounts.

CODE - The Code of Practice on Local Authority Accounting in the United Kingdom 2017/18.

COLLECTION FUND - A fund operated by the billing authority into which all receipts of Council Tax and National Non-Domestic Rates are paid. Payments are made from the fund to support the Council's general fund services and to the precepting authorities and the NNDR pool. The fund must be maintained separately from the Council's General Fund.

COMMUNITY ASSETS - Assets that the Council intends to hold in perpetuity that have no determinable useful life and that may have restrictions on their disposal, such as parks and historic buildings.

COMPONENTISATION - The recognition of distinct parts of an asset (components) as separate assets for depreciation purposes.

COMPREHENSIVE INCOME AND EXPENDITURE ACCOUNT - A statement which details the total income received and the expenditure incurred by the Council during a year in line with IFRS reporting as required by the Code.

CONSUMER PRICE INDEX (CPI) - The measure of inflation used for the indexation of benefits, tax credits and public service pensions. The CPI is an internationally comparable measure of inflation and is used to compare inflation across the European Union.

CONTINGENT ASSET - A possible asset that arises from past events and whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Council.

CONTINGENT LIABILITIES - Sums of money that the Council will be liable to pay in certain circumstance, e.g. as a result of losing a court case.

COUNCIL TAX - A system of local taxation, which is set by both the billing and precepting authorities at a level determined by the revenue expenditure requirement for each authority, divided by the Council Tax Base for its area.

COUNCIL TAX BASE - An amount calculated by the billing authority, by applying the band proportions to the total properties in each band in order to ascertain the number of band D equivalent properties in the authority's area. The tax base is also used by the precepting and some levying bodies in determining their charge to the area.

CREDITORS - Amounts of money owed by the Council for goods or services received.

CURRENT ASSETS - Items that can be readily converted into cash.

DEBTORS - Amounts of money owed to the Council for goods or services provided.

DEDICATED SCHOOLS GRANT (DSG) - A ring-fenced grant from the Department for Education paid to Local Education Authorities for the Education of Children and Young Adults up to the age of 25.

DEPRECIATION - A provision made in the accounts to reflect the cost of consuming assets during the year, e.g. a vehicle purchased for £30,000 with a life of five years would depreciate on a straight-line basis at the rate of £6,000 per annum. Depreciation forms part of the 'capital charges' made to service revenue accounts and is covered by International Accounting Standard (IAS) 16.

DIRECT REVENUE FINANCING - Funding of capital expenditure directly from revenue budgets.

EARMARKED RESERVES - Amounts set aside for a specific purpose to meet future commitments or potential liabilities, for which it is not appropriate to establish a provision.

EXIT PACKAGES - The cost to the Council of early termination of staff employment before normal retirement age.

EVENTS AFTER THE BALANCE SHEET DATE (POST BALANCE SHEET EVENTS) - Events after the Balance Sheet date are those events, favourable or unfavourable, that occur between the Balance Sheet date and the date when the Statement of Accounts is authorised for issue.

EXTERNAL AUDITOR - The auditor appointed by the Audit Commission to carry out an audit of the Council's accounts. The current auditor is BDO.

FAIR VALUE - Fair Value is defined as the amount for which an asset could be exchanged or a liability settled, assuming that the transaction was negotiated between parties knowledgeable about the market in which they are dealing and willing to buy/sell at an appropriate price, with no motive in their negotiations other than to secure a fair price.

FINANCE LEASE - A contractual agreement for the use of an asset, where in substance the risks and rewards associated with ownership reside with the user of the asset (lessee) rather than the owner (lessor).

FINANCIAL YEAR - The local authority financial year starts on 1 April and ends on the following 31 March.

GENERAL FUND - This is the main revenue account of the Council. It includes the cost of all services provided which are paid from Government grants, generated income, NNDR retention and the City Council's share of Council Tax. It excludes the Housing Revenue Account. By law, it includes the cost of services provided by other bodies who charge a levy to the Council.

GOVERNMENT GRANTS - Grants made by the Government towards either revenue or capital expenditure to help with the cost of providing services and capital projects. Some of these grants have restrictions on how they may be used whilst others are general purpose.

GROUP ACCOUNTS – Where a Council has a material interest in another organisation (e.g. a subsidiary organisation) group accounts have to be produced. These accounts report the financial position of the Council and all organisations in which it has an interest.

HERITAGE ASSET - Assets held and maintained principally for their contribution to knowledge and culture. Examples of Heritage Assets are historical buildings, civic regalia and museum and gallery collections.

HOUSING REVENUE ACCOUNT (HRA) - The HRA includes expenditure and income arising from the provision of rented dwellings. It is, in effect, a landlord account. Statute provides for this account to be separate from the General Fund and any surplus or deficit must be retained within the HRA.

IMPAIRMENT - This is where the value of an asset falls below the carrying value in the accounts and so to reflect the commercial reality of the situation a charge is made in the running costs.

INFRASTRUCTURE ASSETS - Non-current assets that are unable to be readily disposed of, the expenditure on which is recoverable only by continued use of the asset created. Examples are highways and footpaths.

INTANGIBLE ASSETS - Assets which do not have a physical form but provide an economic benefit for a period of more than one year; e.g. software licences.

INTERNATIONAL FINANCIAL REPORTING STANDARDS (IFRS) - Since 1 April 2010, local authorities are required to adopt a code of practice based on an internationally agreed set of financial rules, referred to as International Financial Reporting Standards (IFRS). These dictate a greater level of analysis and disclosure than previous requirements to allow readers of the Statement of Accounts to gain a clearer understanding of the Council's financial position and activities.

LEASING - Method of financing the acquisition of capital assets, usually in the form of operating or financing leases.

LIABILITIES - Amounts the Council either owes or anticipates owing to others, whether they are due for immediate payment or not.

MAJOR REPAIRS RESERVE (MRR) - This reserve is for capital expenditure on HRA assets.

MINIMUM REVENUE PROVISION (MRP) - A statutory amount, that has to be charged to revenue, to provide for the redemption of debt.

MOVEMENT IN RESERVES STATEMENT - This financial statement presents the movement in usable and unusable reserves (the Council's total reserve balances).

NATIONAL NON-DOMESTIC RATE (NNDR) - More commonly known as 'business rates', these are collected by billing authorities from all non-residential buildings. Since 1 April 1990 the poundage level has been set by the Treasury. Amounts payable are based on rateable values multiplied by this poundage level.

NET BOOK VALUE - The amount at which fixed assets are included in the balance sheet, i.e. their historical cost or current value, less the cumulative amounts provided for depreciation.

NON-CURRENT ASSETS - Assets which yield a benefit to the Council for a period of more than one year.

NON-OPERATIONAL ASSETS - Fixed assets held by a Council, but not directly occupied, used or consumed in the delivery of services; for example, investment properties and assets surplus to requirements held pending sale or redevelopment.

OPERATING LEASE - This is a lease where the effective ownership of the asset remains with the lessor.

OPERATIONAL ASSETS - Fixed assets held and occupied, used or consumed by the Council in the direct delivery of those services for which it has either a statutory or a discretionary responsibility.

OUTTURN - This is the actual level of expenditure and income for the financial year.

PENSION FUNDS - For the Local Government Pension Scheme, the funds that invest employers' and employees' pension contributions in order to provide pensions for employees on their retirement and pensions for employees' dependants in the event of death of an employee.

PENSION STRAIN - The cost to the Council of reimbursing the Pension Fund should it agree to employees aged 55 and over drawing their pension before normal retirement age.

PRECEPT - This is the method by which a precepting authority (Avon and Somerset Police & Crime Commissioner, Avon Fire Authority) obtains income from the billing authority to cover its net expenditure. This is calculated after deducting its own Revenue Support Grant. The precept levied by the precepting authority is incorporated within the Council Tax charge. The Council pays the amount demanded over an agreed time scale.

PRIOR YEAR ADJUSTMENT - A material adjustment applicable to prior years arising from changes in accounting policies or from the correction of fundamental errors.

PRIVATE FINANCE INITIATIVE (PFI) - PFI started in 1997/98 and offers a form of Public-Private Partnership in which local authorities do not buy assets but rather pay for the use of assets held by the private sector.

PROPERTY, PLANT AND EQUIPMENT (PPE) - Covers all tangible (physical) assets used in the delivery of services, for rental to others, or for administrative purposes, that are used for more than one year.

PROVISIONS - Amounts set aside to meet liabilities or losses which are likely or certain to be incurred but where the amount due or the timing of the payment remains uncertain.

PRUDENTIAL CODE - The Prudential Code frees authorities to set their own borrowing limits having regard to affordability. In order to demonstrate this has been done, and enable adherence to be monitored, authorities are required to adopt a number of appropriate 'Prudential Indicators'.

PUBLIC WORKS LOAN BOARD (PWLb) - A body, part of the Debt Management Office (a government agency) which lends money to public bodies for capital purposes. At present nearly all borrowers are local authorities. Monies are drawn from the national Loans Fund and rates of interest are determined by the Treasury.

RATEABLE VALUE - The Valuation Office Agency (part of HM Revenue and Customs) assesses the rateable value of nondomestic properties. Business rate bills are set by multiplying the rateable value by the year's NNDR poundage (which is set by the Government). Domestic properties no longer have rateable values; instead they are assigned to one of the eight council tax valuation bands.

RELATED PARTIES - Two or more parties are related parties when at any time during the financial period:

- one party has direct or indirect control of the other party
- the parties are subject to common control from the same source
- one party has influence over the financial and operational policies of the other party to the extent that the other party might be inhibited from pursuing its own interests; or
- the parties, in entering a transaction, are subject to influence from the same source to such an extent that one of the parties to the transaction has subordinated its own interests. Examples of related parties include central government, other local authorities and other bodies' precepting or levying demands on the Council Tax, its members and its chief officers.

RESERVES - An amount set aside for a specific purpose in one financial year and carried forward to meet expenditure in future years. A distinction is drawn between reserves and provisions (see above), which are set up to meet known liabilities.

RETAIL PRICE INDEX (RPI) - The measure of inflation used prior to the adoption of CPI by the Government.

REVALUATION - Recognises increases or decreases in the value of non-current assets that are not matched by expenditure on the asset; gains or losses are accounted for through the revaluation reserve.

REVENUE EXPENDITURE - The regular day to day running costs of items including salaries and wages and other running costs incurred to provide services.

REVENUE EXPENDITURE FUNDED FROM CAPITAL UNDER STATUTE (REFFCUS) - Expenditure which is legitimately financed from capital resources, but which does not result in, or remain matched with tangible assets.

REVENUE SUPPORT GRANT (RSG) - The main grant paid to a local authority by Central Government to help fund the cost of its services.

SURPLUS ASSETS - Assets not being used in the delivery of services that do not qualify as being 'held for sale' under accounting guidance.

SOFT LOANS - Funds received and advanced at less than market rates.

TRUST FUNDS - Funds administered by the Authority for such purposes as prizes, charities and specific projects.

UNSUPPORTED BORROWING - Local authorities can set their own borrowing levels based upon their capital need and their ability to pay for the borrowing, costs are not supported by the Government so services need to ensure they can fund the repayment costs. The borrowing may also be referred to as Prudential Borrowing.

USABLE CAPITAL RECEIPTS - This represents the amount of capital receipts available to finance capital expenditure in future years, or to provide for the repayment of debt.

Our ref

Date 26th March 2019

Dear Sirs,

**Financial statements of Bristol City Council and the Group for the year ended
 31 March 2018**

We confirm that the following representations given to you in connection with your audit of the Council's financial statements and the Group financial statements for the year ended 31 March 2018 are made to the best of our knowledge and belief, and after having made appropriate enquiries of other officers and members of the Council.

The Director of Finance has fulfilled her responsibilities for the preparation and presentation of the financial statements as set out in the Accounts and Audit Regulations 2015 and Statement of Responsibilities of Auditors and Audited Bodies within Chapter 2 of the Code of Audit Practice published by the National Audit Office in April 2015, and in particular that the financial statements give a true and fair view of the financial position of the Council as of 31 March 2016 and of its income and expenditure and cash flows for the year then ended in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

We have fulfilled our responsibilities on behalf of the Council, as set out in the Accounts and Audit Regulations 2015, to make arrangements for the proper administration of the Council's financial affairs, to conduct a review at least once in a year of the effectiveness of the system of internal control and approve the Annual Governance Statement, to approve the Statement of Accounts (which include the financial statements), and for making accurate representations to you.

We have provided you with unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence. In addition, all the accounting records have been made available to you for the purpose of your audit and all the transactions undertaken by the Council have been properly reflected and recorded in the accounting records. All other

records and related information, including minutes of all management and other meetings have been made available to you.

In relation to those laws and regulations which provide the legal framework within which the Council's business is conducted and which are central to our ability to conduct our business, we have disclosed to you all instances of possible non-compliance of which we are aware and all actual or contingent consequences arising from such instances of non-compliance.

There have been no events since the balance sheet date which either require changes to be made to the figures included in the financial statements or to be disclosed by way of a note. Should any material events of this type occur, we will advise you accordingly.

We are responsible for adopting sound accounting policies, designing, implementing and maintaining internal control, to, among other things, help assure the preparation of the financial statements in conformity with generally accepted accounting principles and preventing and detecting fraud and error.

We have considered the risk that the financial statements may be materially misstated due to fraud and have identified no significant risks.

To the best of our knowledge we are not aware of any fraud or suspected fraud involving management or employees. Additionally, we are not aware of any fraud or suspected fraud involving any other party that could materially affect the financial statements.

To the best of our knowledge we are not aware of any allegations of fraud or suspected fraud affecting the financial statements that have been communicated by employees, former employees, analysts, regulators or any other party.

We attach a schedule showing accounting adjustments that you have proposed, which we acknowledge that you request we correct, together with the reasons why we have not recorded these proposed adjustments in the financial statements. In our opinion, the effects of not recording such identified financial statement misstatements are, both individually and in the aggregate, immaterial to the financial statements.

We have disclosed to you the identity of all related parties and all the related party relationships and transactions of which we are aware. We have appropriately accounted for and disclosed such relationships and transactions in accordance with the applicable financial reporting framework.

We have no plans or intentions that may materially affect the carrying value and where relevant, the fair value measurement, or classification of assets or liabilities reflected in the financial statements.

We have disclosed all known actual or possible litigation and claims whose effects should be considered when preparing the financial statements and these have been disclosed in accordance with the requirements of accounting standards.

We confirm that the significant assumptions used in making accounting estimates, including those measured at fair value, are reasonable:

(a) Pension Fund

We confirm that the actuarial assumptions underlying the valuation of the Local Government Pension Scheme (LGPS) scheme liabilities, as applied by the scheme actuary, are reasonable and consistent with our knowledge of the business. These assumptions include:

Resources

Director of Finance
(S151 Officer)

Website

www.bristol.gov.uk

- CPI increase: 2.1%
- Salary increase: 3.6%
- Pension increase: 2.2%
- Discount rate: 2.6%
- Mortality: male current 26.2 years, female current 28.8 years, male retired 23.6 years and female retired 26.1 years

We consider these assumptions to be appropriate for the purposes of estimating the pension liability in accordance with the Code and IAS 19.

(b) Valuation of other land and buildings and investment properties

We are satisfied that the useful economic lives of the other land and buildings, and their constituent components, used in the valuation of the other land and buildings, and the calculation of the depreciation charge for the year, are reasonable. We confirm that the valuations, including desktop valuations, applied in the year, as provided by the valuer and accounted for in the financial statements, are reasonable and consistent with our knowledge of the business and are not materially misstated at year end. In particular, we are satisfied that:

- Specialised operational land and buildings where there is no market based evidence of current value are based on rebuild index prices
- Non-specialised operational land and buildings are based on existing use prices.

We are satisfied that investment properties have been appropriately valued at fair value, based on highest and best use

(c) Allowance for non-collection of receivables

We are satisfied that the impairment allowances for council tax receivables, business rates receivables and housing benefit overpayments are reasonable, based on write-off rates or collection rate data.

(d) NDR Provision

We are satisfied that the provision for NDR is reasonable.

We confirm that the above representations are made on the basis of enquiries of management and staff with relevant knowledge and experience (and, where appropriate, of inspection of supporting documentation) sufficient to satisfy ourselves that we can properly make each of the above representations to you.

We confirm that the financial statements are free of material misstatements, including omissions.

We acknowledge our legal responsibilities regarding disclosure of information to you as auditors and confirm that, so far as we are aware, there is no relevant audit information needed by you in connection with preparing your audit report of which you are unaware. Each director and member has taken all the steps that they ought to have taken as a director or member to make themselves aware of any relevant audit information and to establish that you are aware of that information.
