

# Communities Scrutiny Commission

27<sup>th</sup> January 2020

**Title:** Work conducted in relation to the impact of student populations on Bristol Communities

Elected Members have raised an interest in the characteristics of the student population of Bristol, the impact that this population has on established Bristol communities, and queried what work is taking place locally to ensure these impacts are appropriately managed. The attached reports and extracts contain information related to issues around the impact of University Students on Bristol communities.
