ONE CITY**

Strategic context

National

- Government's statutory fuel poverty target for England (2014)
- Public Health England Local action on health inequalities: Fuel poverty and cold home-related health problems (2014)
- NICE Guideline recommendations for excess winter deaths and illness and the health risks associated with cold homes (2015)

Local

- Corporate Plan, One City Plan & One City Climate Strategy all refer to Fuel Poverty
- JSNA chapter on Fuel Poverty includes key recommendations for Bristol

Fuel Poverty Action Plan

- Developing a strategic plan to support those in fuel poverty using the One City approach
- Want to ensure a just energy transition alongside the One City Climate Strategy
- Governed by the Health & Wellbeing Board with endorsement from Environmental Sustainability and Bristol Homes and Communities Boards
- Currently seeking feedback/input from organisations across the city

Offer

- Engaging with the relevant organisations across Bristol to obtain input to the Fuel Poverty Action Plan
- Complete action plan following feedback from various One City boards
- Speak to your organisations about the current support available to support those in fuel poverty

Ask

- Feedback & input on the draft of the action plan
- Provide information on any current actions your organisation is doing around fuel poverty/energy efficiency improvements
- Consider any actions your organisation can take to prevent or alleviate fuel poverty
