TITLE	Corporate Risk Management Report (CRR)		
Ward(s)	City Wide

Proposal origin: BCC Staff			
Decision maker: Cabinet Member			
Decision forum: Cabinet			
<p>Purpose of Report: Managing risks are an integral element to the achievement of the Bristol City Council's (BCC) Corporate Strategy (CS) deliverables. The report provides an update on work completed to improve risk management at BCC and sets out the council's current significant risks and summarises progress in managing the risks as at Quarter 3 2019-20. The Q3 Corporate Risk Management Report will be presented to Cabinet in January 2020.</p> <p>The Corporate Risk Report (CRR) is a key document in the council's approach to the management of risk; it captures strategic risks set out in the Corporate Strategy 2018-2023. It also provides a context through which Directorates construct their own high level risk assessments and is used to inform decision making about business planning, transformation and service delivery.</p> <p>The CRR provides assurance to management and Members that Bristol City Council's significant risks have been identified and arrangements are in place to manage those risks within the tolerance levels agreed. It should be noted that 'risk' by definition includes both threats and opportunities, which is reflected in the CRR.</p> <p>The CRR summary of risks is attached to this report at Appendix A is the latest formal iteration following a review by members of the council's Corporate Leadership Board (CLB) in January 2020.</p>			
<p>Evidence Base: The Accounts and Audit Regulations 2015 require the council to have in place effective arrangements for the management of risk. These arrangements are reviewed each year and reported as part of the Annual Governance Statement (AGS).</p> <p>Ensuring that the Service Risk Registers (SRR), Directorate Risk Reports and the Corporate Risk Reports (CRR) are soundly based will help the council to ensure it is anticipating and managing key risks to optimise the achievement of the council's objectives and prioritise actions for managing those risks.</p> <p>The registers and reports are a management tool. They need regular review to ensure that the occurrence of obstacles or events that may put individual's safety at harm, impact upon service delivery and the council's reputation are minimised, opportunities are maximised and when risks happen, they are managed and communicated to minimise the impact.</p>			
Cabinet Member Recommendations That Cabinet note the report and progress on embedding Risk Management arrangements within the Council.			
Corporate Strategy alignment: Managing risks are an integral element to the achievement of the BCC Corporate Strategy (CS) deliverables.			
City Benefits: Risk Management aims to maximise achievement of the council's aims and objectives by reducing the risks to those achievements and maximising possible opportunities that arise.			

Summary

1. Corporate Risk Report- Summary of Corporate Risks:

Members of the CLB reviewed the CRR in January 2020 and accept it as a working summary report of the critical and significant risks from the Service Risk Registers.

The CRR sets out the significant critical and high rated risks both threats and opportunities. All other business risks reside on the Service Risk Registers and reported in through the Directorate Risk Reports and the Corporate Risk Report.

The Corporate Risk Report (CRR) as December 2019 contains:

Threat Risks	Opportunity Risks	External / Contingency Risks
<ul style="list-style-type: none">• 0 critical threats• 14 high rated• 8 medium• 0 new risk• 4 improving• 0 deteriorating• 0 closed	<ul style="list-style-type: none">• 1 significant opportunity• 2 high• 1 medium• 0 improving• 0 deteriorating• 0 closed	<ul style="list-style-type: none">• 2 high threats• 1 improving• 0 deteriorating• 0 closed

A summary of the progress of improving risks for this reporting period are set out below.

There are 4 improving threat risks:

- CRR1: Long Term Commercial Investments and Major Projects Capital Investment. The risk rating being 2x7= (14) high risk. This risk is managed and monitored within the Growth and Regeneration Service Risk Registers.
- CRR22: Partnership Governance. The risk rating being 2x3= (6) medium risk. This risk is managed and monitored within the Resources Service Risk Registers.
- CRR27: Capital Transport Programme Delivery. The risk rating being 3x3= (9) medium risk. This risk is managed and monitored within the Growth and Regeneration Service Risk Registers.
- CRR30: Clean Air - Failure to deliver Bristol City Council's wider Clean Air Plan (excluding traffic clean air zone). Communication /engagement with stakeholders do not result in sufficient behavioural change. The risk rating being 2x5= (10) medium risk. This risk is managed and monitored within the Growth and Regeneration Service Risk Registers.

The risks BCCC2/OPP4 - Brexit is an unpredictable external threat and opportunity, and because of this the reporting for these entries may already be out of date. This is being managed within the Resources Service Risk Registers via a council-wide Brexit Project Board (for general preparedness) and Brexit Coordination Group (a tactical response group to manage any immediate issues presented in a 'no deal' scenario).

All risks on the CRR have management actions in place. The CRR will continue to be subject to a refresh during 2020.

As with all risks, it is not possible to eliminate the potential of failure entirely without significant financial and social costs. The challenge is to make every reasonable effort to mitigate and manage risks effectively, and where failure occurs, to learn and improve.

Further details are contained in Appendix A: The summary of the threat risks are set out on pages 1 to 12, opportunity risks pages 13 to 14, and external and civil contingency risks on page 15 all including controls and management actions. A summary of risk performance on pages 16 and 17 by level of risk, the risk matrix on page 18 and the risk scoring criteria on page 19. More detail is available on request.

2. Risk Management Framework

Risk management is the culture, process and structures that are directed towards effective management of potential opportunities and threats to the council achieving its priorities and objectives and a key element of the council's governance framework. The Annual Governance Statement (AGS) declaration for 2018-19 highlighted a number of opportunities to enhance Risk Management. Areas for improvement include:

- Increasing the level of engagement and ownership by Service Managers.
- Enhancing the engagement of Members in the risk management process.
- Refreshing the Corporate and Directorate Risk Reports.
- Risk Management training and awareness.
- Risk Management within Business Case approvals, Project Management and Procurement Frameworks.
- Maintaining the focus of the process on reducing risk against the council's Corporate Plan 2018-23.

The risk management process continues to be developed over the year. During this quarter we have:

- Integrated Risk Management into the Service Planning Process to aid decision making and will inform on the annual Budget Risk Register.
- Provided Risk Management drop in sessions.
- Recruited to the Risk and Insurance Team additional support.
- Refreshed the SharePoint to include Risk Reporting.
