

## **Extraordinary Council Meeting – 26<sup>th</sup> May 2020**

### **QUESTION CQ07**

**Subject: Bristol Energy**

**Submitted by Councillor Mark Weston**

Q1. The postponement of the originally scheduled EGM in March was agreed on the basis that all Members would have access to a further Ernst & Young report. The Administration accepted this condition. Can the Mayor tell me when or at what stage he decided to renege on this deal?

Q2. Can the Mayor explain why he has chosen to withhold such important information from Members – even if this means disclosure would have taken place prior to the next Cabinet on 2<sup>nd</sup> June - when this is critical for debate and forming an informed view on the future of this company?
