**Re: Agenda item 17 – Bristol Energy**

**Statement submitted by: Councillor Jerome Thomas**

I am concerned that when I requested details of Bristol Energy's forecast financial figures (Sales and profit or losses) for the financial year ended 31 March 20 that this was designated a question that could not be addressed in a public session of the extraordinary full council meeting on Tuesday 26 June.

The answer that the Mayor gave me in the closed session was not the latest forecast financial figures which could simply be taken out of Bristol Energy's management accounts but budgeted figures already in the public domain. This is indicative of the challenges that councillors face in trying to secure access to meaningful financial figures in council owned companies.

Please could the Mayor provide me with the Bristol Energy figures I previously requested.
