

## **Scrutiny Work Programme 20/21**

The Overview and Scrutiny Management Board is pleased to share the attached Scrutiny Work Programme for 20/21 with the Cabinet. The Work Programme has been prepared by Scrutiny Members following careful consideration, and with detailed input from senior officers and Cabinet Members. The focus is on topics where Scrutiny can provide influence and help to shape policy. Of particular note are the six Task Groups that have been established to help with the Council's response to the pandemic, and OSMB look forward to sharing the findings of these in-depth reviews in due course.

It is hoped that the Mayor and Cabinet will continue to work constructively with Scrutiny to deliver the Work Programme over the coming year to ensure the best outcomes for the residents of Bristol.

Councillor Geoff Gollop  
Chair of the Overview and Scrutiny Management Board
