Summary of Equalities Impact of the Proposed Decision

Before making a decision, section 149 Equality Act 2010 requires that each decision-maker considers the need to promote equality for persons with the following “protected characteristics”: age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex, sexual orientation. Each decision-maker must, therefore, have due regard to the need to:

- i) Eliminate discrimination, harassment, victimisation and any other conduct prohibited under the Equality Act 2010.
- ii) Advance equality of opportunity between persons who share a relevant protected characteristic and those who do not share it. This involves having due regard, in particular, to the need to --

- remove or minimise disadvantage suffered by persons who share a relevant protected characteristic;
 - take steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of people who do not share it (in relation to disabled people, this includes, in particular, steps to take account of disabled persons' disabilities);
 - encourage persons who share a protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.
- iii) Foster good relations between persons who share a relevant protected characteristic and those who do not share it. This involves having due regard, in particular, to the need to –
- tackle prejudice; and
 - promote understanding.
- 8b) This report sets out the financial principles which will set out how the Council make financial decisions, including setting the annual budget. Any decision taken by the Council in line with these principles will be subject to the relevant process set out in the Council's constitution and scheme of delegation, including the requirement for completion of a relevance checks and Individual Equalities Impact Assessments (EQIAs) where decision may have an adverse impact on a particular group or individuals.

Legal and Resource Implications

Legal

The CIPFA Financial Management code requires authorities to have a rolling multi-year medium-term financial plan consistent with sustainable service plans.

It gives clear and understandable information to decision makers on the actions that are needed to ensure long-term financial sustainability and provides the framework against which the Council's annual budget should be formulated and set.

The CIPFA Prudential Code requires the Council to produce a Capital Strategy.

The strategy should cover capital expenditure, investments and liabilities and treasury management overall strategy, and governance. It should enable procedures and risk appetite to be fully understood by all elected Members and allow Members to understand how stewardship, value for money, prudence, sustainability and affordability will be secured.
