<p>PDRR1: Safeguarding Vulnerable Children. The council fails to ensure that adequate safeguarding measures are in place, resulting in harm or death to a vulnerable child.</p> <p>Key potential causes are:</p> <ul style="list-style-type: none"> Failure to meet the requirements of the Children Act and associated legislation. Inadequate controls result in harm. Demand for services exceeds its capacity and capability. Increase in complex safeguarding risks, criminal exploitation, serious youth violence and gang affiliation. During Covid-19, in line with Govt guidelines tiers, lockdown and infection control, there may be a reduction in the frequency of face to face visits to families. Risk assessments are required to assess whether a face to face visit is required. This is kept under review with services operating as near normal as is possible within the guidelines. Placement failure due to COVID infection across children’s home or fostering household. An increase in demand of up to 5% is anticipated as a result of Covid and economic downturn, with some children more vulnerable to exploitation and abuse as a result of lost safe, stable and nurturing relationships. Increased destitution in families, impacting on mental ill health, managing increased infection within children and young people population and their parents. 	<p>The Keeping Bristol Safe Board provides independent scrutiny of children’s safeguarding arrangements in the city and holds BCC and partner agencies to account. This includes delivery of Safer Communities and the Prevent Duty.</p> <p>BCC works with partners to effectively identify victims and perpetrators of extra-familial abuse including Child Sexual exploitation, Criminal Exploitation and Serious Violence, taking action to disrupt and protect.</p> <p>Bristol’s published policies and procedures, comprehensive training and development and monthly professional supervision help ensure safe practice and adequate control of risks.</p> <p>Bristol has invested in an integrated localities and team around the school and family approach aimed at meeting the needs of children and families at the earliest point.</p> <p>Children and Families’ Services invests in its workforce and provides career progression opportunities.</p> <p>Bristol has established Violence Reduction Unit focussing on prevention, disruption and recovery from serious youth violence and is working with the University of Bedfordshire to develop its approach to contextual safeguarding in the city.</p> <p>Activity continues as planned with partner engagement.</p> <p>Children and Coronavirus Amendment Regulations are understood and will be invoked when needed. There is Senior Officer sign-off for their use.</p>	↓	4	7	28	<p>Information sharing and analysis to improve our ability to understand and respond to children at risk of criminal exploitation and going missing.</p> <p>In response to identified and increasing risk of serious youth violence and criminal exploitation a multiagency plan is in place and will be monitored by the Serious Violence Exec Group.</p> <p>Service Delivery Plans for 2020-21 have been reviewed and set out further actions to mitigate risks identified and deliver on our ambitions for children and families.</p> <p>Response is to run services as near to normal as possible flexing to accommodate increased demand and potential gaps in workforce due to COVID impacting services.</p> <p>Implementing testing for care staff and prioritising in vaccine programme.</p>	1	7	7

<p>PDRR2: Safeguarding Adults at Risk with Care and support needs.</p> <p>The council fails to ensure adequate safeguarding measures are in place, Adults at risk.</p> <p>Key potential causes are:</p> <ul style="list-style-type: none"> • Adequacy of controls. • Management and operational practices. • Demand for services exceeds capacity and capability. • Poor information sharing. • Lack of capacity or resources to deliver safe practice. • Failure to commission safe care for adults at risk. • Failure to meet the requirements of the 'Prevent Duty' placed on Local Authorities. • Increased destitution in families, impacting on mental ill health, managing increased infection within the population. (COVID19) • Increased isolation. (COVID19) • Carer strain / resilience. (COVID19) • Absence of building based services whilst we have reduced community solutions. (COVID19) 	<p>The Adults Safeguarding Board has been reconstituted into the Keeping Bristol Safe Partnership (KBSP), which also covers Children and Community Safety. The Board has senior executive representation and will ensure a strong focus on matters of strategic concern. The Partnership has oversight of adult safeguarding priorities.</p> <p>Safeguarding improvement plans are in place for Older People, Physical Disability and Disabled Children and the Capability framework for safeguarding and the Mental Capacity Act have been introduced.</p> <p>The Adult Social Care Transformation programme has been established to implement policy objectives of delivering financial sustainability and 'right positioning' care delivery in the Bristol health, care and wellbeing system. (See PDRR23)</p> <p>An active strategy in place to attract, recruit and retain social workers through a variety of routes with particular emphasis on experienced social workers. The Adult South West Recruitment and Retention Strategy has been drafted, the risks and costs identified. Regular strategies and campaigns support the recruitment and retention of high calibre social workers and managers, with competent agency social workers and managers used on temporary basis to fill vacancies.</p> <p>All key staff working with people directly at risk are trained in the essentials of safeguarding and BCC has an ongoing awareness-raising 'Prevent' training programme.</p> <p>Regular reporting on safeguarding is taking place quarterly for Directors and Cabinet Members, with an annual report for Elected Members to allow for scrutiny of progress. The quality assurance framework and performance framework is routinely monitored and reported on.</p> <p>Focused work is being undertaken to address the backlog in safeguarding referrals and good progress has been made in bringing the number outstanding down to more manageable numbers.</p> <p>The Adults Delivery Group is up and running and a new Transitions theme has also been instituted.</p> <p>Activity continues as planned.</p>	↔	3	7	21	<p>Social workers working with multi-agency partners supporting adults and older people to live safely within their families and communities.</p> <p>Commissioning capacity has increased this to lead on monitoring and assuring quality in the care sector.</p> <p>Review of the Safeguarding Pathway.</p> <p>Transforming the Safeguarding Adults Board.</p> <p>Considering transformational approaches to home care recommissioning that may offer a more flexible employment offer.</p> <p>Planning placed based approaches to include working with micro providers.</p> <p>The Adults Delivery Group is up and running and a new Transitions theme has also been instituted. Whilst the Covid-19 'lockdown' situation has changed the complexion of adult safeguarding, it is anticipated that the likelihood and impact of incidence will be similar.</p> <p>Work plan will be signed off by KBSP in coming months.</p> <p>Response is to run services as near to normal as possible with increased demand and potential gaps in workforce impacting. Hence elevated risk rating.</p>	1	7	7

<p>PDRR3: Adult and Social Care (ASC) Transformation Programme 2020/21-2021/22</p> <p>Failure to deliver the required outcomes and savings from the new 2020/21 ASC Transformation Programme.</p> <p>Key potential causes are:</p> <p>Wider factors impacting on demand</p> <ul style="list-style-type: none"> Rapid increased demand and complexity due to COVID-19. Increase of needs due to more health services being delivered in the community without appropriate funding following the patient. Increased complex needs that must be met under the Care Act. <p>Wider factors impacting on supply</p> <ul style="list-style-type: none"> Financial pressures on an already vulnerable provider market during sustained changes forced on provider during COVID-19. Threat Level	Opportunity Level	Level of Risk	Actions Required
1-4	1-4	Low	May not need any further action / monitor at the Service level.
5-12	5-12	Medium	Action required, manage and monitor at the Directorate level.
14-21	14-21	High	Must be addressed - if Directorate level consider escalating to the Corporate Risk Report, if Corporate consider escalating to the Cabinet Lead.
28	28	Critical / Significant	Action required - escalate if a Directorate level risk, escalate to the Corporate Level, if Corporate bring to the attention of the Cabinet Lead to confirm action to be taken.

Current and Tolerance risk ratings: The 'Current' risk rating for both threats and opportunities refer to the current level of risk taking into account any strategies to manage risk - management actions, controls and fall back plans already in place. The 'Tolerance' rating represents what is deemed to be a realistic level of risk to be achieved once additional actions have been put in place. On some occasions the aim will be to contain the level of the risk at the current level.

Positive Risks (Opportunities): Where the risk is an opportunity, a cost benefit analysis is required to determine whether the opportunity is worth pursuing, guided by the score for the matrix, e.g. an opportunity with a score of 28 would be pursued as it would offer considerable benefits for little risk.
