Re: Agenda item 11 – Goram Homes Land Disposal

Questions submitted by: Ollie Fortune

Question 1:

Why are you only aiming to build 2500 homes by 2025 when there are 13000 households waiting to be housed by Bristol city council?

Question 2:

It might surprise you to hear or read that I voted for you to be mayor of Bristol. Why should I believe that you will deliver 2500 homes and vote for you again to be mayor when you are on record as not having delivered 2000 homes as promised?
