

Question: CQ11.03

Cabinet – 9 March 2021

Re: Agenda item 11 – Goram Homes Land Disposal

Questions submitted by: Cllr Anthony Negus

Is the mayor satisfied that his decision process is working adequately when only two of the reports listed in the Appendices are included in the papers presented for his Cabinet to make their own decision upon and, just because values have yet to be agreed, there is no estimate given of the potential asset transfer to this housing company that is to work with private companies, and this transfer decision is to be taken away from this councils Cabinet and delegated to an officer?
