

Covid 19 Update

Public Health

19 July 2021

People Directorate

Covid 19 Summer Plan

- Guidance rather than law – informed decision and dynamic risk assessment
- Reinforce Vaccination – uptake and booster programme
- Proportionate Test, Trace and enable – change of approach to contacts - under 18 and double vaccinated persons will not routinely need to isolate
- Manage borders and support global response
- Retain contingency plans – in event of unexpected circumstances

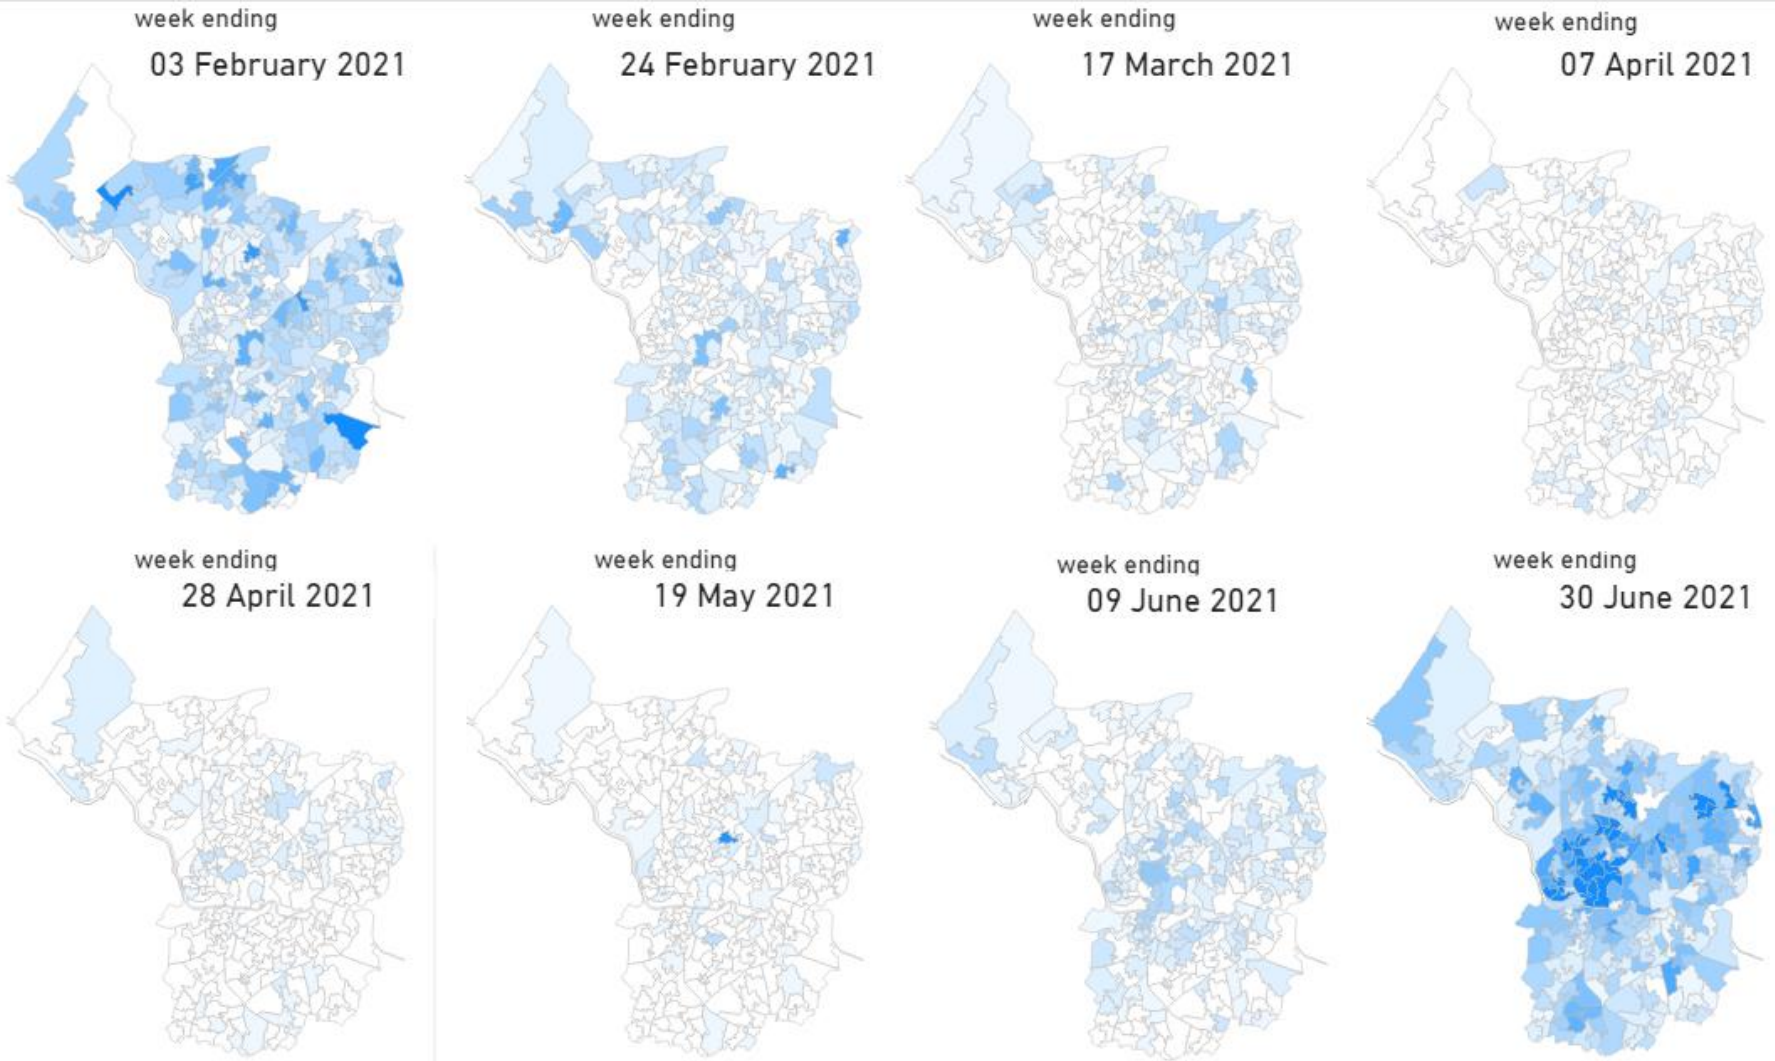

Context: Cases, hospitalisation & deaths rising and expected to continue to rise. Anticipate challenging winter with Covid +

Bristol Headlines – Covid 19

- Bristol's rate 625/100,000 population, higher than England (399/100,000 population)
