

**Statement: PS11.05**

**Cabinet – 8 February 2022**

**Re: Agenda item 11 - Leisure Facilities Investment and Procurement**

**Statement submitted by: Sophie Brown**

Please don't take the gym down it's so easily accessible and close to where I live and clearly loved and used by lots of people. It holds a very friendly environment and is smaller than most gyms which is great especially for people with anxiety who struggle going to large gyms with many people and bright lights. This makes it so user friendly and has meant people who would only be able to do home workouts out of fear, can now gym.
