

Question: CQ15.01

Cabinet – 3 March 2022

Re: Agenda item 15 – Metrobus upgrade package

Question submitted by: Councillor David Wilcox

I support the proposed changes in Hengrove at Bamfield – an extra bus stop is pragmatic and useful, and the changes to Stoke Lane to make the junction safer and to give buses priority to pull out.

Question: If the gap between stops of 1.5km along Bamfield is deemed too big, then can the 5.6km gap between Bond Street and Begbrooke stops on the M1 & M3 route be improved by installing a Metrobus stop at Eastville Junction 2?
