

Eco Impact Checklist

Title of report: Hackney Carriage Fare Review				
Report author: Jonathan Martin				
Anticipated date of key decision 12th July 2022				
Summary of proposals: To invite Cabinet to approve a revised table of fares for Hackney Carriage Vehicles.				
Will the proposal impact on...	Yes/ No	+ive or -ive	If Yes...	
			Briefly describe impact	Briefly describe Mitigation measures
Emission of Climate Changing Gases?	Yes	+ive or -ive	Altering Hackney Carriage fares may affect the choices people make when deciding how to travel around Bristol, which will impact emissions. Since it is not possible to know whether or how much it will change this, or which alternative modes will be chosen, we cannot anticipate the impact, although it is likely to be very minor in comparison to the overall impact of transport in the city.	No mitigation measures are proposed.
Bristol's resilience to the effects of climate change?	No			
Consumption of non-renewable resources?	No			
Production, recycling or disposal of waste	No			
The appearance of the city?	No			
Pollution to land, water, or air?	Yes	+ive or -ive	Altering Hackney Carriage fares may affect the choices people make when deciding how to travel around Bristol, which will impact air quality. Since it is not	No mitigation measures are proposed.

			possible to know whether or how much it will change this, or which alternative modes will be chosen, we cannot anticipate the impact, although it is likely to be very minor in comparison to the overall impact of transport in the city.	
Wildlife and habitats?	No			
Consulted with:				
Summary of impacts and Mitigation - <u>to go into the main Cabinet/ Council Report</u>				
<p>The proposal may influence travel choices within Bristol and therefore impact greenhouse gas emissions and other pollutants. However, the impacts are likely to be minor and it is not possible to predict them with any accuracy. No mitigation measures are proposed as a result.</p> <p>The overall environmental impact of the proposal is uncertain, but likely to be very minor.</p>
