

A4 Public statement planning committee 21st December 2022.

We would like to object to this footbridge rebuilding scheme as it's not fully accessible to mothers and Fathers with buggies and wheelchairs users and Disabled people.

There does not appear to be a full equalities impact assessments on the scheme under the public equalities duty on Bristol city council as the Highway Authority or Planning Authority.

Or the west of England mayoral combined transport Authority.

We support the spending of a million pounds of Taxpayers money restoring the Bridge but not a scheme that not accessible for all over Kingweston lane .

Ian Beckey
