

Scheme types and guidance

This guidance should be read alongside the addendum to the 2022-23 BCF Policy Framework and Planning Requirements.

The scheme types below are based on the BCF scheme types in main BCF plans, but have been amended to reflect the scope of the funding. Additional scheme types have been added that relate to activity to retain or recruit social care workforce. The most appropriate description should be chosen for each scheme. There is an option to select 'other' as a main scheme type. That option should only be used when none of the specific categories are appropriate.

The conditions for use of the funding (as set out in the addendum to the 2022-23 BCF Policy Framework and Planning Requirements) confirm expectations for use of this funding. Funding should be pooled into local BCF agreements as an addition to existing section 75 arrangements. Local areas should ensure that there is agreement between ICBs and local government on the planned spend.

The relevant Area of Spend (Social Care/Primary Care/Community Health/Mental Health/Acute Care) should be selected

The expenditure sheet can be used to indicate whether spending is commissioned by the local authority or the ICB.

This funding is being allocated via:

- a grant to local government - (40% of the fund)
- an allocation to ICBs - (60% of the fund)

Both elements of funding should be pooled into local BCF section 75 agreements.

Once the HWB is selected on the cover sheet, the local authority allocation will pre populate on the expenditure sheet. The names of all ICBs that contribute to the HWB's BCF pool will also appear on the expenditure sheet. The amount that each ICB will pool into each HWB's BCF must be specified. ICBs are required to submit a separate template that confirms the distribution of the funding across HWBs in their system. (Template to be circulated separately).

When completing the expenditure plan, the two elements of funding that is being used for each line of spend, should be selected. The funding will be paid in two tranches, with the second tranche dependent on an area submitting a spending plan 4 weeks after allocation of funding. The plan should cover expected use of both tranches of funding. Further reporting is also expected, and this should detail the actual spend over the duration of the fund. (An amended reporting template for fortnightly basis and end of year reporting, will be circulated separately)

Local areas may use up to 1% of their total allocation (LA and ICB) for reasonable administrative costs associated with distributing and reporting on this funding.

For the scheme types listed below, the number of people that will benefit from the increased capacity should be indicated - for example where additional domiciliary care is being purchased with part of the funding, it should be indicated how many more packages of care are expected to be purchased with this funding.

Assistive Technologies and Equipment
Home Care or Domiciliary Care
Bed Based Intermediate Care Services
Reablement in a Person's Own Home
Residential Placements

Scheme types/services	Sub type	Notes	home care?
Assistive Technologies and Equipment	<ol style="list-style-type: none"> 1. Telecare 2. Community based equipment 3. Other 	You should include an expected number of beneficiaries for expenditure under this category	Y
Home Care or Domiciliary Care	<ol style="list-style-type: none"> 1. Domiciliary care packages 2. Domiciliary care to support hospital discharge 3. Domiciliary care workforce development 4. Other 	You should include an expected number of beneficiaries for expenditure under this category	Y
Bed Based Intermediate Care Services	<ol style="list-style-type: none"> 1. Step down (discharge to assess pathway 2) 2. Other 	You should include an expected number of beneficiaries for expenditure under this category	N
Reablement in a Person's Own Home	<ol style="list-style-type: none"> 1. Reablement to support to discharge – step down 2. Reablement service accepting community and discharge 3. Other 	You should include an expected number of beneficiaries for expenditure under this category	Y
Residential Placements	<ol style="list-style-type: none"> 1. Care home 2. Nursing home 3. Discharge from hospital (with reablement) to long term care 4. Other 	You should include an expected number of beneficiaries for expenditure under this category	N
Increase hours worked by existing workforce	<ol style="list-style-type: none"> 1. Childcare costs 2. Overtime for existing staff. 	You should indicate whether spend for this category is supporting the workforce in: - Home care - Residential care - Both	Area to indicate setting
Improve retention of existing workforce	<ol style="list-style-type: none"> 1. Retention bonuses for existing care staff 2. Incentive payments 3. Wellbeing measures 4. Bringing forward planned pay increases 	You should indicate whether spend for this category is supporting the workforce in: - Home care - Residential care - Both	Area to indicate setting
Additional or redeployed capacity from current care workers	<ol style="list-style-type: none"> 1. Costs of agency staff 2. Local staff banks 3. Redeploy other local authority staff 	You should indicate whether spend for this category is supporting the workforce in: - Home care - Residential care - Both	Area to indicate setting
Local recruitment initiatives		You should indicate whether spend for this category is supporting the workforce in: - Home care - Residential care - Both	Area to indicate setting

Other		You should minimise spend under this category and use the standard scheme types wherever possible.	Area to indicate setting
Administration		Areas can use up to 1% of their spend to cover the costs of administering this funding. This must reflect actual costs and be no more than 1% of the total amount that is pooled in each HWB area	NA
