

Question: CQ14.01 & CQ14.02

Cabinet – 24th January 2023

Re: Agenda item 14 - Local Area SEND Re-inspection October 2022

Question submitted by: Councillor Tim Kent

Question 1: The report talks about the area where reasonable improvement was not demonstrated, the fractured relationship between parents and the Local Authority but no where does it mention the SEND Social Media monitoring nor the external investigation - please provide an update on the investigation called for by both People Scrutiny Commission and Full Council.

Question 2: As mayor are you confident that the EqlA for this report is adequate? I note that the report claims there are no equality impacts which seems very unlikely.
