

Eco Impact Checklist

Title of report: Property Decarbonisation Programme				
Report author: Helen Reed				
Anticipated date of key decision September 2023 (cabinet)				
Summary of proposals: Programme for decarbonisation of the Corporate Estate from 2023-2025.				
Will the proposal impact on...	Yes/No	+ive or -ive	If Yes...	
			Briefly describe impact	Briefly describe Mitigation measures
Emission of Climate Changing Gases?	Yes	+ive	There are two packages of decarbonisation measures (one to be funded through existing money and one to be funded through a PSDS bid, if successful). The precise carbon reductions will depend on funding availability, but the first spend-to-save package is expected to save around 180 tonnes of carbon per year.	The packages of measures have been prioritised according to the most carbon intensive council buildings, with some changes made to reflect overlapping capital projects and those currently facing service impact, for example.
Bristol's resilience to the effects of climate change?	Yes	+ive	Reducing energy demand improves the climate resilience of the city. Insulation and draughtproofing will improve the climate resilience of individual buildings.	None needed.
Consumption of non-renewable resources?	Yes or No	-ive	There is a possibility that some non-renewable materials may be included in products installed.	None needed.

Production, recycling or disposal of waste	Yes	-ive	The works will produce some waste.	Waste management plans will be implemented to minimise the amount of waste produced and ensure as much reuse or recycling as possible.
The appearance of the city?	No		Measures will mostly be 'hidden' plant room measures.	
Pollution to land, water, or air?	Yes	+ive -ive	Reducing gas use will reduce air pollution. There is likely to be some pollution associated with travel and works.	Pollution management plans will be implemented to reduce the risk or mitigate any unplanned pollution and minimise any unavoidable pollution.
Wildlife and habitats?	No		Measures will not affect green spaces.
