Title of report: Concord Lodge Review				
Report author: Nikki Davey				
Anticipated date of key decision: 05.09.23				
<p>Summary of proposals: Concord lodge, a non-statutory service, is intended to operate as an assessment centre for adults with learning disabilities or complex needs; however, many of the residents have been in situ for far longer than the intended 12-24 weeks and as such the centre is unable to operate effectively as an assessment. Concord lodge is a seven-bed unit, all units are currently occupied. As of the date of this report, discharge dates for all occupants are unknown. All admissions have been paused and there are no plans for investment in the service or the building. The proposal is to cease Adult Social Care services at Concord Lodge and transfer the building to the Property Programme for consideration.</p>
