

"Old Market Community Association appreciates having our proposals for St Matthias and the Dings parks improvements, AC423P21 and AC423P23, being awarded the highest priority by councillors, and encourage the area committee to progress these proposals to the Full Project Proposal stage. We would appreciate guidance and advice from the transport department if they are progressed. Improving the Dings park and pedestrianising St Matthias Park will greatly benefit and protect vulnerable residents by providing residents with improved play equipment, repairing community assets, protecting vulnerable road users and providing shaded public space."

Thanks for all your help Allison.

Kind regards,

Harry Simpson (he/they)
