

## **Environmental Impact Assessment** [version 1.0]

•	
Proposal title: Finance Strategic Partner Contract	
Project stage and type: ☐ Initial Idea Mandate	☐ Outline Business Case ☐ Full Business Case
☐ Policy ☐ Strategy ☐ Function ☒ Service	☐ New ☐ Changing
☐ Other [please state]	☐ Already exists / review
Directorate: Resources	Lead Officer name: Sarah Chodkiewicz
Service Area: ARI	Lead Officer role: Head of Financial Management /
	Deputy s.151 Officer
Step 1: What do we want to do?	
The purpose of this Environmental Impact Assessment is compliant with the council's policies and supports the constrategy, the One City Ecological Emergency Strategy and This assessment should be started at the beginning of the knowledge of the project, the service area that will delive	ouncil's strategic objectives under the One City Climate d the latest Corporate Strategy.  The project proposal process by someone with a good
changes as needed.	
It is good practice to take a team approach to completing guidance on completing this document. Please email envand feedback.	g the Environmental Impact Assessment. See further vironmental.performance@bristol.gov.uk early for advice
1.1 What are the aims and objectives/purpose of the proposal and why it is acronyms.	
Extend the current strategic partnership contract to acc procure strategic partnership for finance moving forwa that is required by the council.	commodate live and urgent remaining activities. Re- rd reflecting the greater volume and complexity of support
1.2 Will the proposal have an environmental Could the proposal have either a positive or negative effexplain why you are sure there will be no environmental this form to <a href="mailto:environmental.performance@bristol.gov.uk">environmental.performance@bristol.gov.uk</a> If 'Yes' complete the rest of this assessment.      Yes   No   [please select]	ects for the environment now or in the future? If 'No' impact, then skip steps 2-3 and request review by sending
This is a contract for strategic finance partnership, then	e is no direct environmental impact

## 1.3 If the proposal is part of an options appraisal, has the environmental impact of each option been assessed and included in the recommendation-making process?

If 'Yes' please ensure that the details of the environmental impacts of each option are made clear in the pros and cons section of the <u>project management options appraisal document</u>.

☐ Yes	□ No	☑ Not applicable	[please select]			
If 'No' explai	n why environme	ental impacts have not been cor	nsidered as part of the options ap	praisal process.		
This proposal is not part of an options appraisal.						

## Step 2: What kinds of environmental impacts might the project have?

Analysis of impacts must be rigorous. Please demonstrate your analysis of any impacts of the proposal in this section, referring to evidence you have gathered. See detailed <u>guidance documents</u> for advice on identifying potential impacts.

## Does the proposal create any benefits for the environment, or have any adverse impacts?

Outline any potential benefits of the proposal and how they can be maximised. Identify how the proposal will support our corporate environmental objectives and the wider <a href="One City Climate and Ecological Emergency strategies">One City Climate and Ecological Emergency Strategies</a>.

Consider how the proposal creates environmental impacts in the following categories, both now and in the future. Reasonable efforts should be made to quantify stated benefit or adverse impacts wherever possible.

Where the proposal is likely to have a beneficial impact, consider what actions would enhance those impacts. Where the proposal is likely to have a harmful impact, consider whether actions would mitigate these impacts.

Enhancements or mitigation actions are only required when there is a likely impact identified. Remember that where enhancements or mitigation actions are listed, they should be assigned to staff and appropriately resourced.

<b>GENERAL COMMENTS</b> (highlight any potential issues that might impact all or many categories)					
ENV1 Carbon neutral:					
Emissions of climate					
changing gases					
3 3 3 3 3 3 3 3 3 3 3 3 3 3 3 3 3 3 3 3					
BCC has committed to	Benefits				
achieving net zero emissions					
for its direct activities by					
2025, and to support the city					
in achieving net zero by					
2030.
