### 2. Justification

- 2.1. The Children & Education budgets have experienced significant cost pressures in Children and Family Services and Educational Improvement as follows:
- 2.2. There has been a significant increase in the number of ESA placements this year as represented in the chart below. This cost of ESA provision is estimated to be £12m this year, a 38% increase on last year.

## External Supported Accommodation

|  |        |        |        |        |        |        |        |        |        |        |
|--|--------|--------|--------|--------|--------|--------|--------|--------|--------|--------|
| External supported accommodation - average no. of placements | 16     | 14     | 28     | 54     | 59     | 67     | 75     | 105    | 113    | 116    |
| External supported accommodation - average net weekly cost   | £1,912 | £2,988 | £1,945 | £1,460 | £2,184 | £2,153 | £2,271 | £2,273 | £2,132 | £2,215 |

2.3. The Home to School Travel service saw a 50% increase in the number of routes to schools outside the local area in April 2023, compared to the same period last year.

### 3. In-Year Controls

3.1. Savings and recovery actions are being implemented across the Children & Education Directorate in terms of scrutinising all areas of spend and increased levels of management oversight and sign off. For example, in Children detailed work is ongoing to ensure that, where it is safe and appropriate to do so, placements are stepped down to the most cost effective level.

#### 4. Impact Description

| Costs  | Funding Source   |
|--|--|
| £111.5m Revenue  | Earmarked Reserve: Recovery mitigations held in abeyance |
| Impact if not Approved   |  |
| If the supplementary estimate is not approved, then the service will overspend and will not be able to maintain statutory service provision. |  |

#### 5. Learning Points

- 5.1. Lack of local sufficiency in provision is pushing an increasing number of children with EHCPs and other social care placements to provision further away from the city resulting in increasing need for transport out of the city and reliance on independent provision at a higher cost.
- 5.2. Further planning around local provision and better linking with the ECHP process, together with the ongoing work on the transformation programme, including changes to the travel policy and offering should help manage these pressures in the future.
- 5.3. When setting the budget before the start of each year, the council considers the robustness of the estimates and assumptions, as well as plans and strategies that could be used to deliver a balanced budget should unexpected pressures or events materialise. This has been a particularly challenging financial year in terms of inflationary and other cost pressures, some of which could not have been predicted. Improved service planning to forecast future levels of capacity and demand and how that can be commissioned within a finite budget envelope will continue to be an area of focus.

#### 6. Previously Approved Supplementary Estimates

- 6.1. None in 2023/24
