Step 1: What do we want to do?

The purpose of an Equality Impact Assessment is to assist decision makers in understanding the impact of proposals as part of their duties under the Equality Act 2010. Detailed guidance to support completion can be found here [Equality Impact Assessments \(EqIA\) \(sharepoint.com\)](#).

This assessment should be started at the beginning of the process by someone with a good knowledge of the proposal and service area, and sufficient influence over the proposal. It is good practice to take a team approach to completing the equality impact assessment. Please contact the [Equality and Inclusion Team](#) early for advice and feedback.

1.1 What are the aims and objectives/purpose of this proposal?

Briefly explain the purpose of the proposal and why it is needed. Describe who it is aimed at and the intended aims / outcomes. Where known also summarise the key actions you plan to undertake. Please use [plain English](#), avoiding jargon and acronyms. Equality Impact Assessments are viewed by a wide range of people including decision-makers and the wider public.

Budget context

Every year, the council must agree an annual budget which balances the money we spend with the money we are expecting to receive. Councils across the country are continuing to face financial challenges and based on our current forecasts, we face a funding gap over the next five years (to 2028/29) of up to £81.2 million dependent on the severity of factors such as inflation, funding changes, and unavoidable service pressures. This is in addition to the £17.7 million of savings and efficiencies proposals for 2024-2028 outlined in the 2023/24 budget and assumed delivery of 2023/24 savings in the current year.

The Council has defined statutory responsibilities, but deliver against a far broader agenda, providing universal services benefiting the whole community, and targeted services aimed at individuals, communities with particular needs, and businesses – administered by our workforce, city partners, stakeholder organisations and commissioned services.

To address these challenges we are looking across all of our services with a focus on:

- maximising our transformation programmes – where we are looking to improve services whilst achieving the best value for money
- income opportunities – where we are looking to improve our external income and most effectively apply that income
- targeted reviews – where we are looking at services that are comparatively high in cost compared to other councils to see where we can do things differently to reduce costs, be more efficient in how we do things and, in some cases, stop doing some things entirely.

This proposal: Bristol Bus Fund

This proposal is to replace existing general fund budget allocation for the West of England combined Authority (WECA) levy with net proceeds of the Clean Air Zone (CAZ) scheme. The WECA levy funds concessionary fares, Real Time Information, supported bus services and various other public transport related activities. This proposal related to the supported bus services element of the WECA levy. There would be no change to funding provision for supported buses but it would be funded by CAZ rather than the general fund. There will be additionality provided from CAZ funding to enable additional investment into bus services as part of the wider proposal that will be supplement this funding but this will be approved elsewhere.

1.2 Who will the proposal have the potential to affect?

<input type="checkbox"/> Bristol City Council workforce	<input type="checkbox"/> Service users	<input type="checkbox"/> The wider community
<input type="checkbox"/> Commissioned services	<input type="checkbox"/> City partners / Stakeholder organisations	
Additional comments: No impacts as no changes		

1.3 Will the proposal have an equality impact?

Yes No [please select]

Could the proposal affect access levels of representation or participation in a service, or does it have the potential to change e.g. quality of life: health, education, or standard of living etc.?

If 'No' explain why you are sure there will be no equality impact, then skip steps 2-4 and request review by Equality and Inclusion Team.

If 'Yes' complete the rest of this assessment, or if you plan to complete the assessment at a later stage please state this clearly here and request review by the Equality and Inclusion Team.

We have not identified any equality impact from the proposal at this stage, which is limited in scope as funding amount and activities remain the same, funds are just applied from different sources. This will not affect staff or service users.

4.3 How will the impact of your proposal and actions be measured?

How will you know if you have been successful? Once the activity has been implemented this equality impact assessment should be periodically reviewed to make sure your changes have been effective your approach is still appropriate.

EqlAs should only be marked as reviewed when they provide sufficient information for decision-makers on the equalities impact of the proposal. Please seek feedback and review from the [Equality and Inclusion Team](#) before requesting sign off from your Director¹.
