Monday 12th December 2016

Title: Zion Community Arts Space

Report of: Jessica Wright

Recommendation:

Please welcome Jess this evening who will talk about all that goes on at Zion.

Overview

Zion, a Community Cafe and Event Space in Bedminster Down. Zion offers a creative event space incorporating a cafe for the local community and beyond! We showcase local artwork and run a programme of events throughout the year. We aim to create a safe space for all ages to use and bring the Zion church back as a community focus.

As a Neighbourhood Partnership we have supported Zion with several of their streams of work, equipment and other groups using the space. Zion have received wellbeing funds as well as organizing the Diversity work for the Partnership area.

After the interesting talk given by Campus Skate it was felt that the Partnership would benefit from hearing from more of our local groups and organisations who work tirelessly in our community helping to progress the priorities in our Neighbourhood plan.

Please visit the website <http://zionbristol.co.uk/> or pop in when you are passing.
