

# Environmental Impact Assessment [version 1.0]

<b>Proposal title: Football Foundation Funding for Playzone – Ball courts</b>		
<b>Project stage and type:</b> <input type="checkbox"/> Initial Idea Mandate <input type="checkbox"/> Outline Business Case <input type="checkbox"/> Full Business Case		
<input type="checkbox"/> Policy <input type="checkbox"/> Strategy <input type="checkbox"/> Function <input type="checkbox"/> Service <input type="checkbox"/> Other [please state]	<input checked="" type="checkbox"/> New <input type="checkbox"/> Already exists / review	<input type="checkbox"/> Changing
<b>Directorate: Adults and Communities</b>	<b>Lead Officer name: Guy Fishbourne</b>	
<b>Service Area: Public Health</b>	<b>Lead Officer role: Sports and Physical Activity Manager</b>	

## Step 1: What do we want to do?

The purpose of this Environmental Impact Assessment is to help you develop your proposal in a way that is compliant with the council’s policies and supports the council’s strategic objectives under the [One City Climate Strategy](#), the [One City Ecological Emergency Strategy](#) and the latest [Corporate Strategy](#).

This assessment should be started at the beginning of the project proposal process by someone with a good knowledge of the project, the service area that will deliver it, and sufficient influence over the proposal to make changes as needed.

It is good practice to take a team approach to completing the Environmental Impact Assessment. See further [guidance](#) on completing this document. Please email [environmental.performance@bristol.gov.uk](mailto:environmental.performance@bristol.gov.uk) early for advice and feedback.

### 1.1 What are the aims and objectives/purpose of this proposal?

Briefly explain the purpose of the proposal and why it is needed. Please use plain English, avoiding jargon and acronyms.

<ol style="list-style-type: none"> <li>To outline a new Football Foundation funded initiative which provides opportunities for local councils to deliver new Playzones (ball courts). The funding is awarded on a 75:25 basis, with the authority providing 25% match funding.</li> <li>To seek delegated authority for the Executive Director, Adult and Communities, in consultation with the cabinet member for Finance, Governance and Performance to develop and submit a proposal to the Football Foundation, and subject to a successful funding application, approval to accept a grant</li> <li>To note the proposed use of Sports Section 106 monies as match funding.</li> </ol>
---

### 1.2 Will the proposal have an environmental impact?

Could the proposal have either a positive or negative effects for the environment now or in the future? If ‘No’ explain why you are sure there will be no environmental impact, then skip steps 2-3 and request review by sending this form to [environmental.performance@bristol.gov.uk](mailto:environmental.performance@bristol.gov.uk)

If ‘Yes’ complete the rest of this assessment.

<input checked="" type="checkbox"/> <b>Yes</b>	<input type="checkbox"/> <b>No</b>	[please select]
--	------------------------------------	-----------------

--

### 1.3 If the proposal is part of an options appraisal, has the environmental impact of each option been assessed and included in the recommendation-making process?

If 'Yes' please ensure that the details of the environmental impacts of each option are made clear in the pros and cons section of the [project management options appraisal document](#).

<input type="checkbox"/> Yes	<input type="checkbox"/> No	<input checked="" type="checkbox"/> Not applicable	[please select]
------------------------------	-----------------------------	--	-----------------

If 'No' explain why environmental impacts have not been considered as part of the options appraisal process.

## Step 2: What kinds of environmental impacts might the project have?

Analysis of impacts must be rigorous. Please demonstrate your analysis of any impacts of the proposal in this section, referring to evidence you have gathered. See detailed [guidance documents](#) for advice on identifying potential impacts.

### Does the proposal create any benefits for the environment, or have any adverse impacts?

Outline any potential benefits of the proposal and how they can be maximised. Identify how the proposal will support our corporate environmental objectives and the wider [One City Climate and Ecological Emergency strategies](#).

Consider how the proposal creates environmental impacts in the following categories, both now and in the future. **Reasonable efforts should be made to quantify stated benefit or adverse impacts wherever possible.**

Where the proposal is likely to have a beneficial impact, consider what actions would enhance those impacts. Where the proposal is likely to have a harmful impact, consider whether actions would mitigate these impacts.

Enhancements or mitigation actions are only required when there is a likely impact identified. Remember that where enhancements or mitigation actions are listed, they should be assigned to staff and appropriately resourced.

<b>GENERAL COMMENTS</b> (highlight any potential issues that might impact all or many categories)		
The project is in early stages, and as yet sites are yet to be identified for pitch installation, this Env IA forms a holding report with recommendation for picking sites, and report authors can return to the Environmental Performance Team for further advice if needed when sites are identified.		
<b>ENV1 Carbon neutral: Emissions of climate changing gases</b>  BCC has committed to achieving net zero emissions for its direct activities by 2025, and to support the city	<b>Benefits</b>	

<p>in achieving net zero by 2030.</p> <p>Will the proposal involve transport, or the use of energy in buildings? Will the proposal involve the purchase of goods or services? If the answer is yes to either of these questions, there will be a carbon impact.</p> <p>Consider the scale and timeframe of the impact, particularly if the proposal will lead to ongoing emissions beyond the 2025 and 2030 target dates.</p> <p><a href="#">Further guidance</a></p> <p><input type="checkbox"/> <b>No impact</b></p>	<p><b>Enhancing actions</b></p>	
	<p><b>Persistence of effects:</b>    <input type="checkbox"/> 1 year or less            <input type="checkbox"/> 1 – 5 years            <input type="checkbox"/> 5+ years</p>	
	<p><b>Adverse impacts</b></p>	<p>Travel of the public to playing pitches and travel of contractors.</p>
	<p><b>Mitigating actions</b></p>	<p>Through communications encourage sustainable travel to members of the public. Ideally look for sites with bicycle parking facilities.</p> <p>Through procurement look to procure local contractors to reduce travel distance.</p>
<p><b>Persistence of effects:</b>    <input type="checkbox"/> 1 year or less            <input type="checkbox"/> 1 – 5 years            <input checked="" type="checkbox"/> 5+ years</p>		
<p><b>ENV2 Ecological recovery: Wildlife and habitats</b></p> <p>BCC has committed to 30% of its land being managed for nature and to halve its use of pesticides by 2030.</p> <p>Consider how your proposal can support increased space for nature, reduced use of pesticides, reduce pollution to waterways, and reduce consumption of products that undermine ecosystems around the world.</p> <p>If your proposal will directly lead to a reduction in habitat within Bristol, then consider how your proposed mitigation can lead to a biodiversity net gain. Be sure to refer to quantifiable changes wherever possible.</p> <p><a href="#">Further guidance</a></p> <p><input type="checkbox"/> <b>No impact</b></p>	<p><b>Benefits</b></p>	
	<p><b>Enhancing actions</b></p>	
	<p><b>Persistence of effects:</b>    <input type="checkbox"/> 1 year or less            <input type="checkbox"/> 1 – 5 years            <input type="checkbox"/> 5+ years</p>	
	<p><b>Adverse impacts</b></p>	<p>Locations are TBC but consideration on location allocation needs to be made around the potential loss of existing green space. All consideration should be in line with the Parks and Green Spaces Strategy (When in parks) and the BCC Ecological Emergency Declaration and targets.</p> <p>Lighting pitches.</p>
<p><b>Mitigating actions</b></p>	<p>Avoid loss of habitat when choosing locations, if this does occur mitigation will need to be put in place. Consult with correct teams when identifying locations such as parks teams/ ecology officers (We can provide you contact details).</p> <p>Ensure lights are on a timer or controlled to only be on during operating hours and when needed, ensure light fittings are efficient fittings (LED).</p>	
<p><b>Persistence of effects:</b>    <input type="checkbox"/> 1 year or less            <input type="checkbox"/> 1 – 5 years            <input checked="" type="checkbox"/> 5+ years</p>		

<p><b>ENV3 A cleaner, low-waste city: Consumption of resources and generation of waste</b></p> <p>Consider what resources will be used as a result of the proposal, how they can be minimised or swapped for less impactful ones, where they will be sourced from, and what will happen to any waste generated</p> <p><a href="#">Further guidance</a></p> <p><input type="checkbox"/> <b>No impact</b></p>	Benefits	
	Enhancing actions	
	Persistence of effects: <input type="checkbox"/> 1 year or less <input type="checkbox"/> 1 – 5 years <input type="checkbox"/> 5+ years	
	Adverse impacts	Waste will be generated through installation and use.
	Mitigating actions	Contractors to have a waste management plan in place. Ensure bins are installed on site for users, ideally with segregated recycling available.
Persistence of effects: <input type="checkbox"/> 1 year or less <input type="checkbox"/> 1 – 5 years <input checked="" type="checkbox"/> 5+ years		
<p><b>ENV4 Climate resilience: Bristol's resilience to the effects of climate change</b></p> <p>Bristol's climate is already changing, and increasingly frequent instances of extreme weather will become more likely over time.</p> <p>Consider how the proposal will perform during periods of extreme weather (particularly heat and flooding).</p> <p>Consider if the proposal will reduce or increase risk to people and assets during extreme weather events.</p> <p><a href="#">Further guidance</a></p> <p><input type="checkbox"/> <b>No impact</b></p>	Benefits	
	Enhancing actions	
	Persistence of effects: <input type="checkbox"/> 1 year or less <input type="checkbox"/> 1 – 5 years <input type="checkbox"/> 5+ years	
	Adverse impacts	
	Mitigating actions	Ensure surfaces are permeable to reduce flooding risk. Assess possible sites for flood risk (Can be done via EA website).
Persistence of effects: <input type="checkbox"/> 1 year or less <input type="checkbox"/> 1 – 5 years <input checked="" type="checkbox"/> 5+ years		

<p><b>Statutory duty: Prevention of Pollution to air, water, or land</b></p> <p>Consider how the proposal will change the likelihood of pollution occurring to air, water, or land and what steps will be taken to prevent pollution occurring.</p> <p><a href="#">Further guidance</a></p> <p><input type="checkbox"/> <b>No impact</b></p>	<b>Benefits</b>	
	<b>Enhancing actions</b>	
	<b>Persistence of effects:</b> <input type="checkbox"/> <b>1 year or less</b> <input type="checkbox"/> <b>1 – 5 years</b> <input type="checkbox"/> <b>5+ years</b>	
	<b>Adverse impacts</b>	
	<b>Mitigating actions</b>	
<b>Persistence of effects:</b> <input type="checkbox"/> <b>1 year or less</b> <input type="checkbox"/> <b>1 – 5 years</b> <input type="checkbox"/> <b>5+ years</b>		

### Step 3: Action Plan

Use this section summarise and assign responsibility for any actions you have identified to improve data, enhance beneficial, or mitigate negative impacts. Actions identified in section two can be grouped together if named responsibility is under the same person.

This action plan should be updated at each stage of the project. Please be aware that the Sustainable City and Climate Change Service may use this action plan as an audit checklist during the project's implementation or operation.

<b>Enhancing / mitigating action required</b>	<b>Responsible Officer</b>	<b>Timescale</b>
Consult with correct teams when identifying locations for pitches such as parks teams/ ecology officers/ Environmental Performance (We can provide you contact details). And ensure to reference any relevant strategies, for example Parks and green spaces, Ecological emergency (Avoid loss of habitat when choosing location) etc.	Jacq Abraham	As locations are identified
Ensure surfaces are permeable to reduce flooding risk. Assess possible sites for flood risk (Can be done via EA website).	Jacq Abraham	As locations are identified
Contractors to have a waste management plan in place. Ensure bins are installed on site for users, ideally with segregated recycling available.	Jacq Abraham	As locations are identified
Ensure lights are on a timer or controlled to only be on during operating hours and when needed.	Jacq Abraham	As locations are identified
Through communications encourage sustainable travel to members of the public. Ideally look for sites with bicycle parking facilities. Through procurement look to procure local contractors to reduce travel distance.	Jacq Abraham	As locations are identified

## Step 4: Review

The Sustainable City and Climate Change Service need at least five working days to comment and feedback on your impact assessment. Assessments should only be marked as reviewed when they provide sufficient information for decision-makers on the environmental impact of the proposal.

Please seek feedback and review by emailing [environmental.performance@bristol.gov.uk](mailto:environmental.performance@bristol.gov.uk) before final submission of your decision pathway documentation<sup>1</sup>.

Where impacts identified in this assessment are deemed significant, they will be summarised here by the Sustainable City and Climate Change Service and must be included in the 'evidence base' section of the decision pathway cover sheet.

<b>Summary of significant beneficial impacts and opportunities to support the Climate, Ecological and Corporate Strategies (ENV1,2,3,4):</b>
<b>Summary of significant adverse impacts and how they can be mitigated:</b>
As this project is in early stages an assessment of impacts cannot be fully completed as sites are yet to be identified. If the action guidance as listed in this document is followed any adverse impacts will be mitigated.

<b>Environmental Performance Team Reviewer: Nicola Hares</b>	<b>Submitting author:</b> Jacq Abraham
<b>Date: 19/12/2023</b>	<b>Date: 20/12/2023</b>

---

<sup>1</sup> Review by the Sustainable City and Climate Change Service confirms there is sufficient analysis for decision makers to consider the likely environmental impacts at this stage. This is not an endorsement or approval of the proposal.
