Directorate: Private Housing and Accessible Homes	Lead Officer name: Ian Bowen
Service Area: Gypsy Roma Traveller	Lead Officer role: GRT Service Coordinator

Step 1: What do we want to do?

The purpose of an Equality Impact Assessment is to assist decision makers in understanding the impact of proposals as part of their duties under the Equality Act 2010. Detailed guidance to support completion can be found here [Equality Impact Assessments \(EqIA\) \(sharepoint.com\)](#).

This assessment should be started at the beginning of the process by someone with a good knowledge of the proposal and service area, and sufficient influence over the proposal. It is good practice to take a team approach to completing the equality impact assessment. Please contact the [Equality and Inclusion Team](#) early for advice and feedback.

1.1 What are the aims and objectives/purpose of this proposal?

Briefly explain the purpose of the proposal and why it is needed. Describe who it is aimed at and the intended aims / outcomes. Where known also summarise the key actions you plan to undertake. Please use plain English, avoiding jargon and acronyms. Equality Impact Assessments are viewed by a wide range of people including decision-makers and the wider public.

The aim of this report is to present information which informs the City of Bristol of the vehicle dweller community, to be used as reference in future decision-making processes.

Supporting evidence for this report has been collated in the appendix document Vehicle Dwellers – The Bristol Model’.

This document formally covers:

- Background on people living in vehicles in Bristol
- Demographics of people living in vehicles
- Available powers in respect of the movement of vehicles
- Problems and issues associated with living in vehicles.
- Health and wellbeing
- Vulnerability
- Encampments
- Lack of identification and postal address
- The increasing vulnerability of vehicle dwellers.
- How the Council are working with vehicle dwellers
- Suggested ways of improving our work as a city with people living in vehicles

The Council are currently working with Vehicle Dwellers through the employment of a Partnership Manager for Vehicle Dwellers, by providing support on ‘meanwhile sites’, by providing support to encampments through the Neighbourhood Enforcement Team and the Gypsy Roma Traveller Team.

A decision pathway report has been prepared at the request of the Mayor’s Office to provide information that can be used for further discussion at Cabinet. The paper is centred around vehicle dwellers in Bristol and looks to explore the current challenge as well as discussing our current response to it in order for Cabinet to discuss methods of moving forwards.

Areas within the report include: Background, demographics of people living in vehicles, Available powers in respect of the movement of vehicles, Problems and issues associated with living in vehicles and Suggested ways of improving our work as a city with people living in vehicles.

1.2 Who will the proposal have the potential to affect?

<input checked="" type="checkbox"/> Bristol City Council workforce	<input checked="" type="checkbox"/> Service users	<input checked="" type="checkbox"/> The wider community
<input checked="" type="checkbox"/> Commissioned services	<input checked="" type="checkbox"/> City partners / Stakeholder organisations	
Additional comments: The report contains no proposal, but subsequent discussions may affect all		

1.3 Will the proposal have an equality impact?

Could the proposal affect access levels of representation or participation in a service, or does it have the potential to change e.g. quality of life: health, education, or standard of living etc.?

If 'No' explain why you are sure there will be no equality impact, then skip steps 2-4 and request review by Equality and Inclusion Team.

If 'Yes' complete the rest of this assessment, or if you plan to complete the assessment at a later stage please state this clearly here and request review by the Equality and Inclusion Team.

<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No	[please select]
------------------------------	--	-----------------

The report contains no proposal, it only contains information that may form a basis for future discussion.

Step 2: What information do we have?

2.1 What data or evidence is there which tells us who is, or could be affected?

Please use this section to demonstrate an understanding of who could be affected by the proposal. Include general population data where appropriate, and information about people who will be affected with particular reference to protected and other relevant characteristics: [How we measure equality and diversity \(bristol.gov.uk\)](http://bristol.gov.uk)

Use one row for each evidence source and say which characteristic(s) it relates to. You can include a mix of qualitative and quantitative data e.g. from national or local research, available data or previous consultations and engagement activities.

Outline whether there is any over or under representation of equality groups within relevant services - don't forget to benchmark to the local population where appropriate. Links to available data and reports are here [Data, statistics and intelligence \(sharepoint.com\)](#). See also: [Bristol Open Data \(Quality of Life, Census etc.\)](#); [Joint Strategic Needs Assessment \(JSNA\)](#); [Ward Statistical Profiles](#).

For workforce / management of change proposals you will need to look at the diversity of the affected teams using available evidence such as [HR Analytics: Power BI Reports \(sharepoint.com\)](#) which shows the diversity profile of council teams and service areas. Identify any over or under-representation compared with Bristol economically active citizens for different characteristics. Additional sources of useful workforce evidence include the [Employee Staff Survey Report](#) and [Stress Risk Assessment](#)

Data / Evidence Source [Include a reference where known]	Summary of what this tells us

Additional comments:	

2.2 Do you currently monitor relevant activity by the following protected characteristics?

<input type="checkbox"/> Age	<input type="checkbox"/> Disability	<input type="checkbox"/> Gender Reassignment
<input type="checkbox"/> Marriage and Civil Partnership	<input type="checkbox"/> Pregnancy/Maternity	<input type="checkbox"/> Race
<input type="checkbox"/> Religion or Belief	<input type="checkbox"/> Sex	<input type="checkbox"/> Sexual Orientation

2.3 Are there any gaps in the evidence base?

Where there are gaps in the evidence, or you don't have enough information about some equality groups, include an equality action to find out in section 4.2 below. This doesn't mean that you can't complete the assessment without the information, but you need to follow up the action and if necessary, review the assessment later. If you are unable to fill in the gaps, then state this clearly with a justification.

For workforce related proposals all relevant characteristics may not be included in HR diversity reporting (e.g. pregnancy/maternity). For smaller teams diversity data may be redacted. A high proportion of not known/not disclosed may require an action to address under-reporting.

2.4 How have you involved communities and groups that could be affected?

You will nearly always need to involve and consult with internal and external stakeholders during your assessment. The extent of the engagement will depend on the nature of the proposal or change. This should usually include individuals and groups representing different relevant protected characteristics. Please include details of any completed engagement and consultation and how representative this had been of Bristol's diverse communities.

Include the main findings of any engagement and consultation in Section 2.1 above.

If you are managing a workforce change process or restructure please refer to [Managing a change process or restructure \(sharepoint.com\)](#) for advice on consulting with employees etc. Relevant stakeholders for engagement about workforce changes may include e.g. staff-led groups and trades unions as well as affected staff.

2.5 How will engagement with stakeholders continue?

Explain how you will continue to engage with stakeholders throughout the course of planning and delivery. Please describe where more engagement and consultation is required and set out how you intend to undertake it. Include any targeted work to seek the views of under-represented groups. If you do not intend to undertake it, please set out your justification. You can ask the Equality and Inclusion Team for help in targeting particular groups.

Step 3: Who might the proposal impact?

Analysis of impacts must be rigorous. Please demonstrate your analysis of any impacts of the proposal in this section, referring to evidence you have gathered above and the characteristics protected by the Equality Act 2010. Also include details of existing issues for particular groups that you are aware of and are seeking to address or mitigate through this proposal. See detailed guidance documents for advice on identifying potential impacts etc. [Equality Impact Assessments \(EqIA\) \(sharepoint.com\)](#)

3.1 Does the proposal have any potentially adverse impacts on people based on their protected or other relevant characteristics?

Consider sub-categories and how people with combined characteristics (e.g. young women) might have particular needs or experience particular kinds of disadvantage.

Where mitigations indicate a follow-on action, include this in the 'Action Plan' Section 4.2 below.

3.2 Does the proposal create any benefits for people based on their protected or other relevant characteristics?

Outline any potential benefits of the proposal and how they can be maximised. Identify how the proposal will support our [Public Sector Equality Duty](#) to:

- ✓ Eliminate unlawful discrimination for a protected group
- ✓ Advance equality of opportunity between people who share a protected characteristic and those who don't
- ✓ Foster good relations between people who share a protected characteristic and those who don't

Step 4: Impact

4.1 How has the equality impact assessment informed or changed the proposal?

What are the main conclusions of this assessment? Use this section to provide an overview of your findings. This summary can be included in decision pathway reports etc.

If you have identified any significant negative impacts which cannot be mitigated, provide a justification showing how the proposal is proportionate, necessary, and appropriate despite this.

4.2 Action Plan

Use this section to set out any actions you have identified to improve data, mitigate issues, or maximise opportunities etc. If an action is to meet the needs of a particular protected group please specify this.

4.3 How will the impact of your proposal and actions be measured?

How will you know if you have been successful? Once the activity has been implemented this equality impact assessment should be periodically reviewed to make sure your changes have been effective your approach is still appropriate.

Step 5: Review

The Equality and Inclusion Team need at least five working days to comment and feedback on your EqIA. EqIAs should only be marked as reviewed when they provide sufficient information for decision-makers on the equalities impact of the proposal. Please seek feedback and review from the [Equality and Inclusion Team](#) before requesting sign off from your Director¹.

Equality and Inclusion Team Review: Discussed with Grace Biddulph	Director Sign-Off: John Smith
Date: 23 Nov 2023	Date: 23/02/2024

¹ Review by the Equality and Inclusion Team confirms there is sufficient analysis for decision makers to consider the likely equality impacts at this stage. This is not an endorsement or approval of the proposal.
